**NOTICE OF INTENT TO SUBMIT APPLICATION FOR
SURFACE-MOUNTED FACILITY SITE PERMIT
IMPORTANT NOTICE CONCERNING YOUR RIGHTS**

Application No.: 15SMF-0057
Applicant: Pacific Gas and Electric Company
Applicant Contact: Francisco Ybarra
Telephone Number: 650-730-7057
Email Address: FX4@PGE.COM

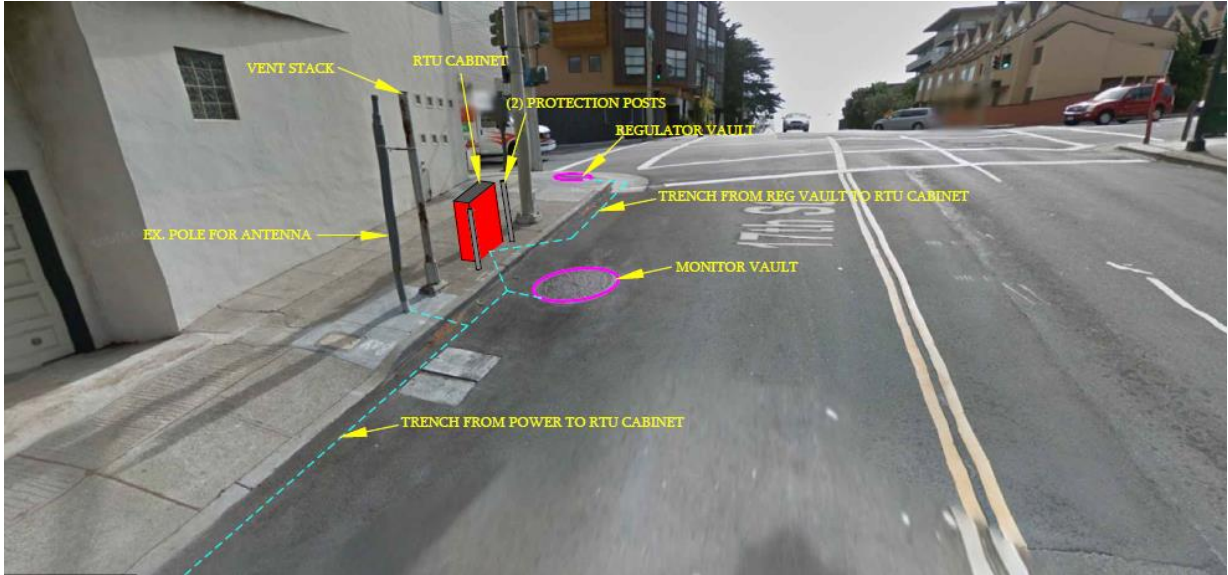

PLEASE TAKE NOTICE that Pacific Gas and Electric intends to file an application with the Department of Public Works ("DPW") for a permit to install a Surface-Mounted Facility at the following preferred location: **17th St & Clayton St, San Francisco, CA**. The Department has not yet issued a permit and could decide to deny the permit.

PLEASE TAKE FURTHER NOTICE you have the opportunity to participate in the permitting process by protesting one or more of the Applicant's preferred locations. You must submit a protest within 10 days of the date of this notice. The instructions for submitting a protest can be found below. If you submit a protest, DPW will convene a hearing to determine: (i) whether DPW should issue a permit at one of the preferred locations; and (ii) if so, whether DPW should add any conditions to the permit. DPW will notify you of the hearing date, which will be within 20 days of the receipt of your protest. Should you choose to attend the hearing you will have the opportunity to express your concerns about the proposed Surface-Mounted Facility.

PLEASE TAKE FURTHER NOTICE, that a photo-simulation of the proposed Surface-Mounted Facility at the preferred location is attached hereto.

Applicant intends to submit an application for a Surface-Mounted Facility Site Permit in front of the following preferred location **17th St & Clayton St, San Francisco, CA**:

If the application is approved, Applicant will install the following Surface-Mounted Facility at the preferred location: **17th St & Clayton St, San Francisco, CA**

Applicant intends to use the proposed Surface-Mounted Facility to: monitor gas distribution pressure, vault/manhole water level monitoring, future control (emergency remote shut-off).

Applicant's preferred location is:

17th St & Clayton St, San Francisco, CA

Applicant has informed DPW that its ability to choose a location for the proposed Surface-Mounted Facility is limited by the following technical constraints:

- PG&E's SCADA Cabinet cannot be installed at a location across the street (apartment building at 1201 Clayton St) and the adjacent building (4614 17th St), because these locations exceed the maximum allowed 50ft instrumentation line distance (between the regulator station and the SCADA cabinet). Also, if a SCADA cabinet is installed at other locations, the amount of bends allowed (in degrees) will be exceeded (the paragraph below explains the reasoning behind the amount of bends allowed).
- Each Reg. Station vault has four walls, while fielding the job; our engineers have to determine which of the four walls can be penetrated to install the required equipment and infrastructure. The wall that is penetrated, determines the location of the RTU cabinet. In addition to determining which wall of the vault will be penetrated, the engineers also have to consider the number of bends our conduits will have (which is limited to a certain amount of degrees). As a result, based on wall penetrations, and the number of bends in degrees allowed, the proposed location by PG&E is the only location that the RTU cabinet can be placed.

The Applicant intends to allow the installation of a mural on its Surface-Mounted Facility. Anyone interested in installing a mural on the proposed Surface-Mounted Facility after DPW issues Surface-Mounted Facility Site Permit should contact the Applicant and the Department at the addresses set forth below.

PLEASE TAKE NOTICE that, pursuant to San Francisco Public Works Code § 2714, any person may protest the Applicant's preferred locations by submitting a written protest to DPW within 10 days from the date of this notice **02/28/16** either online or by mail at the address below:

Through DPW's website:

<http://sfdpw.org/SMF>

Entering Application No. **15SMF-0057**

By mail to:

Department of Public Works Bureau
of Street-use and Mapping 1155
Market Street, 3rd Floor
San Francisco, CA 94103
Attn: Surface-Mounted Facility Protest
Application No. **15SMF-0057**

PLEASE TAKE FURTHER NOTICE that DPW will not accept a protest unless it is received either online or through the mail by the required date. You must include the application number in your protest.

If you require additional information concerning submitting a protest or want to submit comments on the Application, you can contact the Department of Public Works by calling 415-554-5810 or through the Department's website: <http://sfdpw.org/SMF>.

If you require additional information concerning this Notice of Intent and the technical requirements for Applicant's proposed Surface-Mounted Facility, you can contact the Applicant at:

Applicant: Pacific Gas and Electric Company
Applicant Contact: Francisco Ybarra
Telephone Number: 650-730-7057
Email Address: FX4@PGE.COM

Sincerely,

Stephanie Isaacson
San Francisco Division Senior Manager
