

RATE BOOK

UNIFORM COMMERCIAL RATES

EFFECTIVE July 1, 2014

The San Francisco Rate Board has approved a commercial rate structure designed to promote recycling and composting. The specific monthly fees incurred by each customer are based on the approved rates, diversion services and any premium services. The gross charges per container are shown in the attached tables. Actual charges are adjusted for diversion discounts and any premium services.

Commercial rates include the following components:

- Base charge (fixed) equals 10% of volumetric charges
- Discount equals volumetric diversion rate ($[\text{Recycling} + \text{Composting}] / \text{Total Volume}$) less 10% (75% Diversion - 10% = 65% Discount)
- Maximum diversion discount is 75%
- Base charge and charges for premium services, such as key, distance and elevation charges are not subject to discounts
