Street trees provide a range of benefits to our neighborhoods and commercial districts that are vital to San Francisco's quality of life. Therefore, a tree-planting permit is required to ensure that street trees are properly planted to maximize tree benefits, protect public safety, and limit conflicts with infrastructure.

PERMIT APPLICATION MATERIALS

Submit the following materials by mail to:

City and County of San Francisco
1155 Market Street, 3rd Floor
San Francisco, CA 94103

- Completed application form
- If the planting is related to new construction or other requirements of Public Works Code Article 16 Section 806 d, include the approved site plans (see the item 2 below)

PLANTING PROCESS

1. After submission of the completed application, call 415-554-6700 to schedule an inspection to evaluate the proposed tree locations and species.
You may also email urbanforestry@sfdpw.org
2. **Final verification of street tree species and planting sites requires a pre-site inspection** to locate infrastructure and traffic elements that have a bearing on street tree planting per Department of Public Works Order No. 187246 (summarized on reverse side), Americans with Disabilities Act Accessibility Guidelines, California Building Code Title 24 and other relevant regulatory codes and guidelines. **A MINIMUM TWO (2) WEEK NOTICE IS REQUIRED FOR A PRE- INSPECTION BEFORE CONSTRUCTING SIDEWALK BASINS. ONE (1) WEEK FOR A SCHEDULED APPOINTMENT FOR FINAL INSPECTION PRIOR TO SIGN OFF ON A JOB CARD.**
3. Call Underground Service Alert at 800-227-2600 to check for the location of your underground utilities. If underground utilities are closer than the required minimum distance or if you have questions, call the Department at 415-554-6700.

FURTHER RECOMMENDATIONS

- Contact the nonprofit San Francisco Friends of the Urban Forest at 561-6890 for information about their neighborhood tree planting and maintenance projects.
