

10 Day Notice of Construction

July 15, 2016

Alta Engineering Group shall perform contract work for San Francisco Public Works, under Contract 2438J [San Marcos & Santa Rita Avenue Roadway Improvements](#). This notice has been sent to you as the upcoming work may affect you or your property within the project limits. The work includes traffic routing, removing and replacing sewer, concrete work including curb and gutter, sidewalk, and asphalt paving; and other incidental work.

The anticipated work in your immediate area will commence on or about July 25 2016. The regular work hours shall be Monday thru Friday, 8:00am to 5:00pm. We anticipate that work in your area will last 4 – 6 weeks. Please expect impacts including but not limited to road closures, minor traffic delays, parking restrictions, traffic routing, and pedestrian routing, etc.

Locations of Work: **301 San Marcos Avenue to 121 San Marcos Ave.**

“No Parking / Tow Away” signs will be posted 72 hours in advance with the project work-hours and parking restrictions.

Please note that in your areas, street removal and replacement is occurring and there will be at least one day where vehicular access to your home will be restricted. Specific information will be provided when this phase comes to your area.

For further information, please kindly contact any of the following relevant parties:
