Outstanding Leadership Award

Carla Short

Superintendent of the Bureau of Urban Forestry

Carla stepped up to the plate as acting Deputy Director for Operations and executed her duties with skill, grace and patience. During her 7-month temporary assignment, Carla displayed outstanding leadership skills as she kept all five bureaus at our Operations Yard running smoothly. She tapped into her well of knowledge with grace, humor and a devotion to public service and our workforce to help usher our department through unprecedented challenges. Now, back as Superintendent of the Bureau of Urban Forestry, Carla has regained her role as Queen of Trees.

Career Achievement Award

Nancy George

Health and Safety Manager

This summer, Nancy will be retiring from the City and County of San Francisco after 32 years of dedicated service. Throughout her career, Nancy has shown an unparalleled passion and commitment to workplace safety and the well-being of her colleagues at Public Works and the City Administrator's Office. Nancy's dedication to supporting and promoting initiatives to keep our workforce healthy, safe and fit has benefited thousands of employees and serves as an enduring legacy.

Outstanding Project Team of the Year

Ben Washington III

Carmen Ynami

Jin Zhao

A year and a half and \$27 million after first closing the historic Lefty O'Doul Bridge to navigation, the span was put back in service for maritime access as of May 1, 2020. The newly refurbished drawbridge now lifts more than 1 million pounds quickly to allow boats to pass through Mission Creek. Vehicles, bicycles and pedestrians safely travel across the bridge, which has been given a new life for many decades through the rehabilitation project.

Outstanding Employee of the Year

Deshawn Stallworth

Operations | Bureau of Street Environmental Services

Deshawn has earned a reputation of being a strong and hardworking member of our workforce since Day One. After serving as a Pit Stop attendant, Deshawn joined Public Works' Apprenticeship Program and was named Apprentice of the Year. Soon after, he was brought on as an as-needed laborer and hired as a permanent employee with the special projects team in spring 2019. Deshawn never says no to an assignment and has a contagious positive outlook on everything he does. In recent months, Deshawn was instrumental in the City's response to the COVID-19 pandemic, helping move the expanded Emergency Operations Center across town to Moscone Center. Deshawn has demonstrated his versatility as a public servant and will continue to impress his peers with his outstanding performance.
