

# San Francisco Public Works: **FYI**

## Dolores Street

Water Main Installation, Sewer Main Replacement  
and Roadway Pavement Project

The work will be performed on stretches of Dolores Street from Market Street to Cesar Chavez Street.

**What's happening:** Construction work will be performed on stretches of Dolores Street from Market Street to Cesar Chavez Street. Construction work will include sewer main replacement, water main installation, traffic signal work, ADA curb-ramp installations and roadway resurfacing.

**Project benefits:** The sewer main and water main construction work increases reliability and minimizes potential flooding in the area.

**Schedule:** December 2014 through February 2015

**Funded by:** the voter-approved 2011 Road Repaving and Street Safety Bond.
