Subject: Architectural and Engineering Team led by an Executive Architect for a New Fire Training Facility, Contract ID 1000020844 - Contract Modification No.2

Director's Recommendation: Approve Modification No. 2 to Architectural and Engineering Team led by an Executive Architect for a New Fire Training Facility, under Contract ID 1000020844 with DLR Group, Inc. to increase the contract amount by \$83,769 for a new contract sum of \$12,954,198 and extend contract term by 14 calendar days.

Contract Background: Public Works awarded contract Public Works Order 206,986 dated August 31, 2022 to RossDrulisCusenbery Architecture, Inc. (RDC) Contract ID 1000026403 to serve as the executive architect to lead an architectural and engineering team for professional services in connection with design and construction of a fire training facility for the San Francisco Fire Department. The original agreement was executed, and a Notice to Proceed was issued on October 31, 2023.

Subsequently, RDC was acquired by DLR Group in January 2024 and on October 1, 2024, an Assignment and Assumption Agreement was fully executed under new Contract ID 1000020844, assigning the contract from RDC to DLR Group, Inc.

Reason for Modification: Data from a new geotechnical report necessitated redesigning structural systems for one of the major buildings, which requires an additional two weeks (14 calendar days) to complete the Design Development phase. This modification also includes changes in strategy for LEED Certification documentation and Project Specifications, and the need for photometric readings of existing streetlights. These scope changes require additional time and funding to complete the necessary work.

ASSIGNMENT AND ASSUMPTION AGREEMENT
Executive Architect for a New Fire Training Facility

THIS ASSIGNMENT AND ASSUMPTION AGREEMENT (“Assignment”) is made as of May 28, 2024, in San Francisco, California, by and between RossDrulisCusenbery Architecture, Inc., a corporation duly organized and existing under the laws of California with its principal office in Sonoma (“Assignor”), DLR Group, Inc., a California Corporation, with its principal office in San Francisco (“Assignee”), and City and County of San Francisco, a municipal corporation (“City”).

Recitals

WHEREAS, Assignor is a party to the Agreement (as defined below); and

WHEREAS, Assignor desires to transfer the Agreement, and Assignee desires to assume the Agreement, each on the terms and conditions set forth herein; and

WHEREAS, Assignor warrants that Assignee is able to fully perform all obligations that may exist under the Agreement, and

WHEREAS, Assignee warrants that it is able to fully perform all obligations that may exist under the Agreement, and

WHEREAS, It is consistent with the City’s interest to recognize the Assignee as the successor party to the Agreement, and

WHEREAS, the City consents to the transfer of the Agreement based on Assignor’s warranties stated herein and under the terms below.

NOW, THEREFORE, in consideration of the promises and the mutual covenants contained in this Assignment, and for other good and valuable consideration, the receipt and adequacy of which are hereby acknowledged, Assignor and Assignee agree as follows:

Article 1 Definitions

The following definitions apply to this Assignment:

1.1 “Agreement” means the agreement dated October 5, 2023, between Assignor and City and County of San Francisco, a municipal corporation. The Agreement and any amendments or modifications are attached to this Assignment as Appendix A and Assignee confirms that terms of the Agreement, including pricing, will remain unchanged.

1.2 “Effective Date” means February 1, 2024.

1.3 **San Francisco Labor and Employment Code.** As of January 4, 2024, San Francisco Administrative Code Chapters 21C (Miscellaneous Prevailing Wage Requirements), 12B (Nondiscrimination in Contracts), 12C (Nondiscrimination in Property Contracts), 12K (Salary History), 12P (Minimum Compensation), 12Q (Health Care Accountability), 12T (City Contractor/Subcontractor Consideration of Criminal History in Hiring and Employment Decisions), and 12U (Sweatfree Contracting) are redesignated as Articles 102 (Miscellaneous Prevailing Wage Requirements), 131 (Nondiscrimination in Contracts), 132 (Nondiscrimination in Property Contracts), 141 (Salary History), 111 (Minimum Compensation), 121 (Health Care Accountability), 142 (City Contractor/Subcontractor Consideration of Criminal History in Hiring and Employment Decisions), and 151 (Sweatfree Contracting) of the San Francisco Labor and Employment Code, respectively. Wherever this Agreement refers to San Francisco Administrative Code Chapters 21C, 12B, 12C, 12K, 12P, 12Q, 12T, and 12U, it shall be construed to mean San Francisco Labor and Employment Code Articles 102, 131, 132, 141, 111, 121, 142, and 151, respectively.

1.4 Other terms used and not defined in this Assignment shall have the meanings assigned to such terms in the Agreement.

Article 2 Transfer of Agreement

2.1 **Transfer.** Assignor hereby assigns, transfers and conveys to Assignee all of Assignor's rights, title, and interest in and to the Agreement and all of Assignor's duties and obligations thereunder that will arise on or after the Effective Date.

2.2 **Acceptance.** Assignee hereby accepts the transfer and conveyance set forth in Article 2.1 and agrees to perform all of Assignor's duties and obligations under the Agreement that will arise on or after the Effective Date.

2.3 **Rights to Enforce.** Subject to the terms of the Agreement, this Assignment shall be binding upon, and inure to the benefit of, the parties hereto and their successors and transferees. Nothing in this Assignment, whether express or implied, shall be construed to give any person or entity (other than City and the parties hereto and their respective successors and Assignees) any legal or equitable right, remedy or claim under or in respect of this Assignment or any covenants, conditions or provisions contained herein.

2.4 **Consent of City.** Assignor and Assignee acknowledge that the prior written consent of City to this Assignment is required under the terms of the Agreement. The City consents to the transfer described in this Article 2 based on the evidence provided below, which indicates that Assignee is able to fully perform all obligations that may and will exist under the Agreement. All the evidence is attached to this Assignment as Appendix B.

2.4.1 An authenticated copy of instrument effecting the transaction between the Assignor and Assignee, together with attorney opinion letters with a statement that the transaction was properly affected under the applicable state law.

2.4.2 A signed and authenticated document or excerpts of a document describing the proposed transaction, which precisely describes the specifics of the transactional relationship, including the description of all the transfers of the assets used to perform the Agreement, between the Transferor and Transferee;

2.4.3 Certified copies of Board Resolutions and Stockholders Meetings Minutes authorizing and approving transfer of assets, both for the Transferor and Transferee.

2.4.4 An authenticated copy of the Transferee's certificate and articles of incorporation.

2.5 **Successor.** The City recognizes the Assignee as the Assignor's successor in interest in and to the Agreement. The Assignee by this Assignment becomes liable for all responsibilities and entitled to all rights, titles, and interests of the Assignor in and to the Agreement that will arise on or after the Effective Date. The City will treat the Assignee as if the Assignee were the original party to the Agreement. Following the Effective Date of this Assignment, the term "Contractor," as used in the Agreement, shall refer to the Assignee. The Agreement shall remain in full force and effect, except as modified by this Assignment. Each party has executed this Assignment as of the day and year first above written.

2.6 **Further Assurances.** From and after the date of this Assignment, Assignor and Assignee agree to do such things, perform such acts, and make, execute, acknowledge and deliver such documents as may be reasonably necessary or proper and usual to complete the conveyance contemplated by this Assignment or as may be required by City.

Article 3 Obligations and Liabilities

3.1 **Transfer, Waiver, and Assumption.** The Assignor confirms the transfer to the Assignee, and waives any claims and rights against the City that it now has or may have in the future in connection with the Agreement. The Assignee agrees to be bound by and to perform the Agreement in accordance with the conditions contained therein. The Assignee also assumes all obligations and liabilities of, and all claims against, the Assignor under the Agreement as if the Assignee were the original party to the Agreement. The Assignee ratifies all previous actions taken by the Assignor with respect to the Agreement, with the same force and effect as if the action has been taken by the Assignee. Except as expressly provided in this Assignment, nothing in it shall be construed as a waiver of any rights of the City against the Assignor.

3.2 **Past Payments.** All payments and reimbursements previously made by City to the Assignor, and all other previous actions taken by City under the Agreement, shall be considered to have discharged those parts of City's obligations thereunder. All payments and reimbursements made by City after the date of this Assignment in the name of or to the Assignor shall have the same force and effect as if made to the Assignee, and shall constitute a complete discharge of City's obligations under the Agreement, to the extent of the amounts paid or reimbursed. The Assignor and the Assignee agree and confirm that City is not obligated to pay or reimburse either of them for, or otherwise give effect to, any costs, taxes, or other expenses, or any related increases, directly or indirectly arising out of or resulting from the transfer of this Assignment, other than those that City in the absence of this transfer would have been obligated to pay or reimburse under the terms of the Agreement.

3.3 **Future Obligations.** The Assignor guarantees payment of all liabilities and the performance of all obligations that the Assignee: (i) assumes under this Assignment; or (ii) may undertake in the future should this Assignment be modified pursuant to the Contract's terms and conditions. The Assignor waives notice of, and consents to, any such future modifications.

Further transfers of the liabilities under the Agreement done by the Assignee and agreed upon by City do not release the Assignor from its guarantee.

3.4 No Release of Assignor. Neither this Assignment, nor the consent of City, shall release Assignor in whole or in part from any of its obligations or duties under the Agreement if Assignee fails to perform or observe any such obligation or duty. Assignor has entered into this Assignment and obtained such consent of City based solely upon Assignor's independent investigation of Assignee's financial condition and ability to perform under the Agreement, and Assignor assumes full responsibility for obtaining and sharing with City any further information with respect to Assignee or the conduct of its business after the date of this Assignment. Assignor waives any right to require City to (i) proceed against any person or entity including Assignee, (ii) proceed against or exhaust any security now or hereafter held in connection with the Contract, or (iii) pursue any other remedy in City's power. Assignor waives any defense arising by reason of any disability or other defense of Assignee or any other person, or by reason of the cessation from any cause whatsoever of the liability of Assignee or any other person. Assignor shall not have and hereby waives any right of subrogation to any of the rights of City against Assignee or any other person and Assignor waives any right to enforce any remedy of Assignor against Assignee or against any other person unless and until all obligations to City under the Agreement and this Assignment have been paid and satisfied in full. Assignor waives any benefit of any right to participate in any collateral or security whatsoever now or hereafter held by City with respect to the obligations under the Agreement.

Article 4 Insurance and Indemnification

4.1 Insurance Certificates. For this Assignment to be effective, Assignee shall provide to City insurance certificates and endorsements for the identical type and amount of coverage currently required under the Agreement.

4.2 City. Assignor and Assignee shall, to the fullest extent permitted by law, indemnify, defend and protect City, and hold City harmless from and against any and all liabilities, losses, damages, claims, costs or expenses (including attorneys' fees) arising out of Assignor and/or Assignee's failure to comply with any term or obligation of this Assignment or the Agreement. Defense obligations under this Section 4.2 shall be provided immediately following a tender of defense.

4.3 Assignor. Assignor shall indemnify, defend and protect Assignee, and hold Assignee harmless from and against, any and all liabilities, losses, damages, claims, costs or expenses (including attorneys' fees) arising out of (i) any failure of Assignor to convey its interest pursuant to Article 2, free and clear of all third-party liens, claims or encumbrances or (ii) any breach by Assignor of the Agreement or any other failure to perform or observe any of the duties or obligations of Assignor thereunder, to the extent such breach or failure arises prior to the Effective Date.

4.4 Assignee. Assignee shall indemnify, defend and protect Assignor, and hold Assignor harmless from and against, any and all liabilities, losses, damages, claims, costs or expenses (including attorneys' fees) arising out of any breach by Assignee of the Agreement or any other failure to perform or observe any of the duties or obligations thereunder assumed by Assignee pursuant to this Assignment.

Article 5 General Provisions

5.1 **Governing Law.** This Assignment shall be governed by the laws of the State of California, without regard to its conflict of laws principles.

5.2 **Headings.** All Section headings and captions contained in this Assignment are for reference only and shall not be considered in construing this Assignment.

5.3 **Notices.** All notices, consents, directions, approvals, instructions, requests and other communications regarding this Assignment or the Agreement shall be in writing, shall be addressed to the person and address set forth below and shall be (i) deposited in the U.S. mail, first class, certified with return receipt requested and with appropriate postage, (ii) hand delivered or (iii) sent via email with a return receipt. All communications sent in accordance with this Section shall become effective on the date of receipt. From time-to-time Assignor, Assignee or City may designate a new address for purposes of this Section by notice to the other signatories to this Assignment.

This Agreement is made this 5th day of October 2023, in the City and County of San Francisco (“City”), State of California, by and between RossDrulisCusenbery Architecture, Inc. [RDC] (“ARCHITECT”) and City.

Recitals

WHEREAS the **San Francisco Public Works** (“Department”) wishes to render professional services in connection with design and construction of a fire training facility from Consultant; and

WHEREAS Consultant represents that it is qualified to perform the Services required by City as set forth under this Agreement; and

WHEREAS Consultant was competitively selected pursuant to Sourcing Event ID 0000005905 as required by San Francisco Administrative Code Chapter 6.40 through a Request for Qualifications (“RFQ”) issued on August 6, 2021; and

WHEREAS the Department issued an award of contract Public Works Order **206,986** dated effective **August 31, 2022**; and

WHEREAS this is a contract for Services and there is a **20%** Local Business Entity (“LBE”) subcontracting participation requirement with respect to the Services, as defined further herein; and

WHEREAS approval for the Agreement was obtained on March 20, 2023, from the Civil Service Commission under PSC number 47357-22/23; and

WHEREAS the City’s Board of Supervisors approved this Agreement by Resolution Number 444-23 on September 26, 2023.

Now, THEREFORE, the parties agree as follows:

Article 1 Definitions

The following definitions apply to this Agreement:

1.1 “Additional Services” means those services that the City, in writing, authorizes the Architect to perform that are in addition to the Basic Services.

1.2 “Advise” means “make recommendations to”

1.3 “Agreement” means this contract document, including all attached appendices, and all applicable City Ordinances and Mandatory City Requirements specifically incorporated into this Agreement by reference as provided herein.

1.4 “Appropriate Authorities” refers to any local, state, regional or federal authority or entity having jurisdiction of any kind over the Project. Appropriate Authorities include those agencies and entities that may require information or the filing of plans, specifications and the like, whether on a voluntary or involuntary basis, in connection with the design and/or construction of the Project, including but not limited to, the San Francisco Art Commission and related committees (including the Civic Design Review Committee and the Visual Arts Committee), San Francisco Department of Building Inspection, San Francisco Fire Department, State Fire Marshal, the San Francisco Department of Public Works, the San Francisco Redevelopment Agency (currently known as Office Community Investment and Infrastructure (OCII)), and other entities as The City may designate.

1.5 “Authorization” means the direction of The City properly executed by The City's Program Director or Project Manager and, if involving the expenditure of funds, certified by The City.

1.6 “Basic Services” means the services described in Appendix A that the Consultant is required to provide in return for the Compensation set forth in Appendix B below.

1.7 “BIM” means a Building Information Model (BIM) that is a digital representation of physical and functional characteristics of a facility. As such it serves as a shared knowledge resource for information about a facility forming a reliable basis for decisions during its life cycle from inception onward.

1.7.1 Design BIM means a Building Information Model developed and maintained by the Consultant for the purpose of developing the design.

1.7.2 CM BIM means a Building Information Model developed and maintained by the CM/GC as a tool to support collaboration and construction management.

1.7.3 As-Planned BIM means a Building Information Model that is continuously updated to reflect changes in the design.

1.7.4 As-Designed BIM means a Building Information Model that reflects the Project design at the end of Construction Document phase.

1.7.5 As-Built BIM means a Building Information Model that reflects the Project as constructed.

1.8 “BOA” means Bureau of Architecture means San Francisco Public Works, Building Design & Construction Division for the City and County of San Francisco.

1.9 “BOLA” means Bureau of Landscape Architecture means San Francisco Public Works, Building & Design Construction Division for the City and County of San Francisco.

1.10 “City” or “the City” means the City and County of San Francisco, a municipal corporation, acting by and through its San Francisco Public Works.

1.11 “CMD” means the Contract Monitoring Division of the City.

1.12 “Confidential Information” means confidential City information including, but not limited to, personally-identifiable information (“PII”), protected health information (“PHI”), or individual financial information (collectively, “Proprietary or Confidential Information”) that is subject to local, state or federal laws restricting the use and disclosure of such information, including, but not limited to, Article 1, Section 1 of the California Constitution; the California Information Practices Act (Civil Code § 1798 et seq.); the California Confidentiality of Medical Information Act (Civil Code § 56 et seq.); the federal Gramm-Leach-Bliley Act (15 U.S.C. §§ 6801(b) and 6805(b)(2)); the privacy and information security aspects of the Administrative Simplification provisions of the federal Health Insurance Portability and Accountability Act (45 CFR Part 160 and Subparts A, C, and E of part 164); and San Francisco Administrative Code Chapter 12M (Chapter 12M).

1.13 “Contract Documents” include the Agreement between the City and the CM/GC, and all items identified therein as construction documents, the Construction Documents, working drawings, specifications, addenda, change orders, notices to proceed, general conditions, and special and/or supplementary general conditions.

1.14 “Contractor” or “Consultant” means **RossDrulisCusenbery Architecture, Inc. (RDC), the Architect under this agreement with The City to provide architectural, engineering, or other professional design services; 18294 Sonoma Highway, Sonoma, CA 95476.**

1.15 “Construction Documents” include plans and drawings, specifications, general conditions and special and/or supplementary general conditions, information for bidders, accepted bid proposals, accepted value engineering proposals, addenda, and any other documents developed to set forth in detail all aspects of the design, function and construction of the Project sufficient for a Consultant to price and build the Project.

1.16 “Construction Manager/General Contractor (CM/GC)” refers to the CM/GC selected by the City under separate contract with the City to provide a complete and fully functional Project constructed in accordance with the Contract Documents and the Construction Documents. The CM/GC and its Subconsultants will, among other things, perform pre-construction and construction phase services including design assistance and review. The City retains the CM/GC solely for the City’s benefit. The services rendered by the CM/GC will not operate to change or reduce the Consultant’s responsibilities under its Agreement with the City. The Consultant may communicate directly with the CM/GC, but the Consultant shall promptly copy the City on all written communications between the two and promptly confirm in writing to the City the substance of all material, oral communications between the two. In no event shall the Consultant issue any communication directing changes that impact time, cost or quality (including, but not limited to substitutions) for the Project without express written authorization from the City. This mode of contracting is also described in §6.68 of the San Francisco Administrative Code.

1.17 “Controller” means the City’s Controller’s Office, as applicable.

1.18 “Deliverables” means Consultant’s work product resulting from the Services provided by Consultant to City during the course of Consultant’s performance of the Agreement, including without limitation, the work product described in the “Scope of Services” attached as Appendix A.

1.19 “Drawing Set” means the design and/or construction documents that the Consultant is required to submit to the City, including the following:

1.19.1 Program Validation Documents, 100% Conceptual Design Documents,

1.19.2 50% and 100% Schematic Design Documents

1.19.3 Design Development Phase: 50%, 100% (final submittals): Drawing set, BIM files, specifications with sufficient detail for cost estimating purposes, reports, schedules and other written documents.

1.19.4 Construction Documents Phase: 50%, 95% and final submittals: Drawing set, BIM files, specifications, reports, schedules, and other written documents.

1.19.5 Construction Bid Phase: Drawing set, BIM files, specifications, reports, schedules, accepted Value Engineering proposal integrated into design documents and other written documents.

1.19.6 Construction Administration Phase: All documents including RFIs’ substitution requests, submittals, shop drawings and other documents.

1.19.7 CAD drawings shall be provided in AutoCAD 2020 and Building Information Modeling on Autodesk Revit Building Suite 2023, or other software approved by the City.

1.19.8 Written documents, spreadsheets, and cost estimates on Microsoft Office Suite 2010 (Word and Excel).

1.19.9 Drawing sets in PDF and DWG format; Revit Project files in RVT format.

1.19.10 Schedules in Microsoft Project 2016.

1.19.11 Audiovisual presentations in Microsoft PowerPoint.

1.19.12 Image files in JPG, GIF, PICA, TIFF, and BMP formats. These images shall be made available in any storage format selected by the City.

1.19.13 Presentation Boards: mounted on foam board, gator board, or eco-friendly rigid display board as requested by the City.

1.19.14 Models: In Plexiglas, wood or other material requested by the City, painted and mounted on wooden base with Plexiglas cover

1.20 “Effective Date” means the date upon which the City’s Controller certifies the availability of funds for this Agreement as provided in Article 3.1.

1.21 “Executive Architect” means, RossDrulisCusenbery Architecture, Inc. (RDC). The role of the Executive Architect is to holistically and collaboratively produce the design and contract documents for the scope specifically assigned to Consultant and coordinate and

incorporate the architecture and engineering services produced by the CM/GC, BOA and BOLA into the Contract Documents.

1.22 “FTF” refers to San Francisco Fire Department Fire Training Facility.

1.23 “FFE” means Furniture, Fixtures, and Equipment that have no permanent connection and/or integration into the structure or building.

1.24 “Mandatory City Requirements” means those City laws set forth in the San Francisco Municipal Code, including the duly authorized rules, regulations, and guidelines implementing such laws that impose specific duties and obligations upon Consultant.

1.25 “Party” and “Parties” means the City and Consultant either collectively or individually.

1.26 “Program Director (PD)” and “Project Manager (PM)” refers to the persons who the City has designated, in writing, as the persons with authority to act on behalf of the City with respect to this Agreement and the Project.

1.27 “Project Manager (PM)” refers to the person designated in writing by the Consultant and accepted by the City to make decisions on behalf of the Consultant, to commit the resources of the Consultant and all its sub consultants, and to direct, coordinate and control the Consultant and its entire team in providing all the services required under this Agreement.

1.28 “Proposal” means the Consultant's response to the City's Request for Qualifications for design professional services for the Project.

1.29 “Quality Assurance/Quality Control (QA/QC)” means the Quality Assurance/Quality Control Plan to be used throughout the design process for the Project. The QA/QC Plan is developed to facilitate delivery of Project documents that are technically sound, complete, and coordinated to accurately communicate the design intent and scope of the Project.

1.30 “Request for Qualifications” means the City's request for qualifications (RFQ) for professional design services for this Project and the Consultant's proposal to provide such services. All requirements of the RFQ and the representations made in the Consultant's Proposal that are not in conflict with provisions of this contract are hereby incorporated by reference and made an integral part of this Agreement as though fully set forth herein. With respect to any conflict or ambiguity between this Agreement and the RFQ or the proposal, this Agreement shall control except where the RFQ or the proposal refers to services not otherwise mentioned in this Agreement, in which case and to such extent the RFQ or proposal shall control.

1.31 Scope Categories refers to the engineering, construction documentation and design responsibilities described in Appendix A, Scope of Services of the Agreement.

1.31.1 “Scope A” refers to a specific portion of the Project further defined in Appendix A of the Agreement. BOA, as Architect of Record (AOR) is solely responsible for providing design, engineering, construction documentation, bidding and construction phases for Scope A elements.

1.31.2 “Scope B” refers to the Consultant’s sole responsibility for the design, engineering, construction documentation and specification of the requirements of the Fire Apparatus Building, Inservice Building, Maintenance Shops, site design and civil engineering

and live fire and simulation training structures. Consultants provided for this work are listed in Appendix A of this Agreement.

1.31.3 “Scope C” refers to BOLA’s sole responsibility for the design, engineering, construction documentation and specification of the requirements for the FTF landscape as further defined in Appendix A of the Agreement.

1.32 “Services” means the work performed by Consultant under this Agreement as specifically described in the “Scope of Services” attached as Appendix A, including all services, labor, supervision, materials, equipment, actions and other requirements to be performed and furnished by Consultant under this Agreement.

Article 2 Term of the Agreement

2.1 The term of this Agreement shall commence on the issuance date of the Notice to Proceed and expire after 1825 calendar days, unless earlier terminated as otherwise provided herein.

2.2 The City has options to renew the Agreement for up to additional two years. The City may extend this Agreement beyond the expiration date by exercising an option at the City’s sole and absolute discretion and by modifying this Agreement as provided in Section 11.5, “Modification of this Agreement.”

Article 3 Financial Matters

3.1 **Certification of Funds; Budget and Fiscal Provisions; Termination in the Event of Non-Appropriation.** This Agreement is subject to the budget and fiscal provisions of the City’s Charter. Charges will accrue only after prior written authorization certified by the Controller, and the amount of City’s obligation hereunder shall not at any time exceed the amount certified for the purpose and period stated in such advance authorization. This Agreement will terminate without penalty, liability or expense of any kind to City at the end of any fiscal year if funds are not appropriated for the next succeeding fiscal year. If funds are appropriated for a portion of the fiscal year, this Agreement will terminate, without penalty, liability or expense of any kind at the end of the term for which funds are appropriated. City has no obligation to make appropriations for this Agreement in lieu of appropriations for new or other agreements. City budget decisions are subject to the discretion of the Mayor and the Board of Supervisors. Consultant’s assumption of risk of possible non-appropriation is part of the consideration for this Agreement.

THIS SECTION CONTROLS AGAINST ANY AND ALL OTHER PROVISIONS OF THIS AGREEMENT.

3.2 **Guaranteed Maximum Costs.** The City’s payment obligation to Consultant cannot at any time exceed the amount certified by City’s Controller for the purpose and period stated in such certification. Absent an authorized Emergency per the City Charter or applicable Code, no City representative is authorized to offer or promise, nor is the City required to honor, any offered or promised payments to Consultant under this Agreement in excess of the certified maximum amount without the Controller having first certified the additional promised amount and the Parties having modified this Agreement as provided in Section 11.5, “Modification of this Agreement.”

3.3 Compensation.

3.3.1 **Calculation of Charges.** Consultant shall provide an invoice to the City on a monthly basis for Services completed in the immediate preceding month, unless a different schedule is set out in Appendix B, "Calculation of Charges." Compensation shall be made for Services identified in the invoice that the Director of Public Works, in his or her sole, concludes has been satisfactorily performed. In no event shall the amount of this Agreement exceed **\$12,147,579 (TWELVE MILLION, ONE HUNDRED FORTY-SEVEN THOUSAND, FIVE HUNDRED SEVENTY-NINE DOLLARS)**. The breakdown of charges associated with this Agreement appears in Appendix B, "Calculation of Charges." attached hereto and incorporated by reference as in no event shall City be liable for interest or late charges for any late payments except as set forth in Administrative Code Section 6.22 (j).

3.3.2 **Payment Limited to Satisfactory Services.** Consultant is not entitled to any payments from City until Public Works approves the Services, including any furnished Deliverables, as satisfying all of the requirements of this Agreement. Payments to Consultant by City shall not excuse Consultant from its obligation to replace unsatisfactory Deliverables, including Services even if the unsatisfactory character may not have been apparent or detected at the time such payment was made. Services that do not conform to the requirements of this Agreement may be rejected by City and in such case must be replaced by Consultant without delay at no cost to the City.

3.3.3 **Withhold Payments.** If Consultant fails to provide Services in accordance with Consultant's obligations under this Agreement, the City may withhold any and all payments due Consultant until such failure to perform is cured, and Consultant shall not stop work as a result of City's withholding of payments as provided herein unless otherwise authorized in this Agreement.

3.3.4 **Invoice Format.** Invoices furnished by Consultant under this Agreement must be in a form acceptable to the Controller and City and must include a unique invoice number and a specific invoice date. Payment shall be made by City as specified in Section 11.1, "Notices to the Parties," or in such alternate manner as the Parties have mutually agreed upon in writing. All invoices must show the PeopleSoft Purchase Order ID Number, PeopleSoft Supplier Name and ID, Item numbers (if applicable), complete description of Services performed, sales/use tax (if applicable), contract payment terms and contract price. Invoices that do not include all required information or contain inaccurate information will not be processed for payment.

3.3.5 **LBE Payment and Utilization Tracking System.** If LBE Subcontracting Participation Requirements apply to a Contract awarded pursuant to this Solicitation, the Awarded Consultant shall: (a) Within three (3) business days of City's payment of any invoice to Consultant, pay LBE subconsultants as provided under Chapter 14B.7(H)(9); and (b) Within ten (10) business days of City's payment of any invoice to Consultant, confirm its payment to subconsultants using the City's Supplier Portal Payment Module, unless instructed otherwise by CMD. The Controller is not authorized to pay invoices submitted by Consultant prior to Consultant's submission of all required CMD payment information. Failure to submit all required payment information to the City's Supplier Portal Payment Module with each payment request may result in the withholding 20% of subsequent payments due. Self-Service Training is located at this link: <https://sfcitypartnersfgov.org/pages/training.aspx>.

3.3.6 Getting paid by the City for Services.

(a) The City and County of San Francisco utilizes the Paymode-X[®] service offered by Bank of America Merrill Lynch to pay City Consultants. Consultant must sign up to receive electronic payments to be paid under this Agreement. To sign up for electronic payments, visit http://portal.paymode.com/city_countyofsanfrancisco.

(b) At the option of the City, Consultant may be required to submit invoices directly in the City's financial and procurement system (PeopleSoft) via eSettlement. Refer to <https://sfcitypartner.sfgov.org/pages/training.aspx> for more information on eSettlement. For access to PeopleSoft eSettlement, submit a request through sfemployeeportalsupport@sfgov.org.

3.3.7 Reserved. (Grant Funded Contracts)

3.3.8 **Subcontractor Prompt Payment.** Except as otherwise required by Chapter 14B of the Administrative Code, and consistent with the provisions of Section 6.42(f) of the Administrative Code, Contractor shall pay its subconsultant within seven calendar days after receipt of each progress payment from the City, unless otherwise agreed to in writing by both Contractor and the subcontractor. In the event that there is a good faith dispute over all or any portion of the amount due on a progress payment from Contractor to a subcontractor, the Contractor may withhold the disputed amount, but shall pay the undisputed amount. If Contractor violates the provisions of Section 6.42(f), then Contractor shall pay to the subcontractor directly the penalty specified in Section 6.42(f). This provision does not create a private right of action against the City.

3.3.9 Payment Terms.

(a) **Payment Due Date:** Unless City notifies the Consultant that a dispute exists, Payment shall be made within **30** calendar days, measured from (1) the rendering of services or (2) the date of receipt of the invoice, whichever is later. Payment is deemed to be made on the date on which City has issued a check to Consultant or, if Consultant has agreed to electronic payment, the date on which City has posted electronic payment to Consultant.

(b) Reserved. (Payment Discount Terms)

3.4 **Audit and Inspection of Records.** Consultant agrees to maintain and make available to the City, during regular business hours, accurate books and accounting records relating to its Services. Consultant will permit City to audit, examine and make excerpts and transcripts from such books and records, and to make audits of all invoices, materials, payrolls, records or personnel and other data related to all other matters covered by this Agreement, whether funded in whole or in part under this Agreement. Consultant shall maintain such data and records in an accessible location and condition for a period of not less than five years after final payment under this Agreement or until after final audit has been resolved, whichever is later. The State of California or any Federal agency having an interest in the subject matter of this Agreement shall have the same rights as conferred upon City by this Section. Consultant shall include the same audit and inspection rights and record retention requirements in all subcontracts.

3.5 **Submitting False Claims.** Pursuant to Article V of Chapter 6 of the Administrative Code, any Consultant, subconsultant, supplier, consultant or subconsultant who submits a false claim may be subject to monetary penalties, investigation and prosecution and

may be declared an irresponsible bidder or an unqualified consultant and debarred as set forth in that Article. A Consultant, subconsultant, supplier, consultant or sub consultant will be deemed to have submitted a false claim to the City if the Consultant, subconsultant, supplier, consultant or subconsultant: (a) knowingly presents or causes to be presented to an officer or employee of the City a false claim or request for payment or approval; (b) knowingly makes, uses, or causes to be made or used a false record or statement to get a false claim paid or approved by the City; (c) conspires to defraud the City by getting a false claim allowed or paid by the City; (d) knowingly makes, uses, or causes to be made or used a false record or statement to conceal, avoid, or decrease an obligation to pay or transmit money or property to the City; or (e) is a beneficiary of an inadvertent submission of a false claim to the City, subsequently discovers the falsity of the claim, and fails to disclose the false claim to the City within a reasonable time after discovery of the false claim.

3.6 **Reserved (Payment of Prevailing Wages)**

Article 4 Services and Resources

4.1 **Services Consultant Agrees to Perform.** Consultant agrees to perform the Services stated in Appendix A, "Scope of Services." Officers and employees of the City are not authorized to request, and the City is not required to reimburse the Consultant for, Services beyond the Scope of Services listed in Appendix A, unless Appendix A is modified as provided in Section 11.5, "Modification of this Agreement."

4.2 **Personnel**

4.2.1 **Qualified Personnel.** Consultant shall utilize only competent personnel under the supervision of, and in the employment of, Consultant (or Consultant's authorized subconsultants) to perform the Services. Consultant will comply with City's reasonable requests regarding assignment and/or removal of personnel, but all personnel, including those assigned at City's request, must be supervised by Consultant. Consultant shall commit adequate resources to allow timely completion within the project schedule specified in this Agreement.

4.3 **Subcontracting.**

4.3.1 Consultant may subcontract portions of the Services only upon prior written approval of City, which approval shall not be unreasonably withheld. Consultant is responsible for its subconsultants throughout the course of the work required to perform the Services. All Subcontracts must incorporate the terms of Article 10 "Additional Requirements Incorporated by Reference" of this Agreement, unless inapplicable. Neither Party shall, on the basis of this Agreement, contract on behalf of, or in the name of, the other Party. Any agreement made in violation of this provision shall be null and void.

4.3.2 City's execution of this Agreement constitutes its approval of the subconsultants listed in **Attachment 3, Key Personnel and Subconsultants.**

4.4 **Independent Consultant; Payment of Employment Taxes and Other Expenses.**

4.4.1 **Independent Consultant.** For the purposes of this Section 4.4, "Consultant" shall be deemed to include not only Consultant, but also any agent or employee of Consultant. Consultant acknowledges and agrees that at all times, Consultant or any agent or

employee of Consultant shall be deemed at all times to be an independent Consultant and is wholly responsible for the manner in which it performs the services and work requested by City under this Agreement. Consultant, its agents, and employees will not represent or hold themselves out to be employees of the City at any time. Consultant or any agent or employee of Consultant shall not have employee status with City, nor be entitled to participate in any plans, arrangements, or distributions by City pertaining to or in connection with any retirement, health or other benefits that City may offer its employees. Consultant or any agent or employee of Consultant is liable for the acts and omissions of itself, its employees and its agents. Consultant shall be responsible for all obligations and payments, whether imposed by federal, state or local law, including, but not limited to, FICA, income tax withholdings, unemployment compensation, insurance, and other similar responsibilities related to Consultant's performing services and work, or any agent or employee of Consultant providing same. Nothing in this Agreement shall be construed as creating an employment or agency relationship between City and Consultant or any agent or employee of Consultant. Any terms in this Agreement referring to direction from City shall be construed as providing for direction as to policy and the result of Consultant's work only, and not as to the means by which such a result is obtained. City does not retain the right to control the means or the method by which Consultant performs work under this Agreement. Consultant agrees to maintain and make available to City, upon request and during regular business hours, accurate books and accounting records demonstrating Consultant's compliance with this Section. Should City determine that Consultant, or any agent or employee of Consultant, is not performing in accordance with the requirements of this Agreement, City shall provide Consultant with written notice of such failure. Within five (5) business days of Consultant's receipt of such notice, and in accordance with Consultant policy and procedure, Consultant shall remedy the deficiency. Notwithstanding, if City believes that an action of Consultant, or any agent or employee of Consultant, warrants immediate remedial action by Consultant, City shall contact Consultant and provide Consultant in writing with the reason for requesting such immediate action.

4.4.2 Payment of Employment Taxes and Other Expenses. Should City, in its discretion, or a relevant taxing authority such as the Internal Revenue Service or the State Employment Development Division, or both, determine that Consultant is an employee for purposes of collection of any employment taxes, the amounts payable under this Agreement shall be reduced by amounts equal to both the employee and employer portions of the tax due (and offsetting any credits for amounts already paid by Consultant which can be applied against this liability). City shall then forward those amounts to the relevant taxing authority. Should a relevant taxing authority determine a liability for past services performed by Consultant for City, upon notification of such fact by City, Consultant shall promptly remit such amount due or arrange with City to have the amount due withheld from future payments to Consultant under this Agreement (again, offsetting any amounts already paid by Consultant which can be applied as a credit against such liability). A determination of employment status pursuant to this Section 4.4 shall be solely limited to the purposes of the particular tax in question, and for all other purposes of this Agreement, Consultant shall not be considered an employee of City. Notwithstanding the foregoing, Consultant agrees to indemnify and save harmless City and its officers, agents and employees from, and, if requested, shall defend them against any and all claims, losses, costs, damages, and expenses, including attorneys' fees, arising from this Section.

4.5 Assignment. The Services to be performed by Consultant are personal in character. Neither this Agreement, nor any duties or obligations hereunder, may be directly or

indirectly assigned, novated, hypothecated, transferred, or delegated by Consultant, or, where the Consultant is a joint venture, a joint venture partner, (collectively referred to as an “Assignment”) unless first approved by City by written instrument executed and approved in the same manner as this Agreement in accordance with the Administrative Code. The City’s approval of any such Assignment is subject to the Consultant demonstrating to City’s reasonable satisfaction that the proposed transferee is: (i) reputable and capable, financially and otherwise, of performing each of Consultant’s obligations under this Agreement and any other documents to be assigned, (ii) not forbidden by applicable law from transacting business or entering into contracts with City; and (iii) subject to the jurisdiction of the courts of the State of California. A change of ownership or control of Consultant or a sale or transfer of substantially all of the assets of Consultant shall be deemed an Assignment for purposes of this Agreement. Consultant shall immediately notify City about any Assignment. Any purported Assignment made in violation of this provision shall be null and void.

4.6 **Reserved. (Warranty)**

4.7 **Reserved. (Liquidated Damages)**

Article 5 Insurance and Indemnity

5.1 Insurance.

5.1.1 **Required Coverages.** Without in any way limiting Consultant’s liability pursuant to the “Indemnification” section of this Agreement, Consultant must maintain in force, during the full term of the Agreement, insurance in the following amounts and coverages:

(a) Commercial General Liability Insurance with limits not less than **\$1,000,000** each occurrence and **\$2,000,000** general aggregate for Bodily Injury and Property Damage, including Contractual Liability, Personal Injury, Products and Completed Operations.

(b) Commercial Automobile Liability Insurance with limits not less than **\$1,000,000** each occurrence, “Combined Single Limit” for Bodily Injury and Property Damage, including Owned, Non-Owned and Hired auto coverage, as applicable.

(c) Workers’ Compensation, in statutory amounts, with Employers’ Liability Limits not less than **\$1,000,000** each accident, injury, or illness.

(d) Professional Liability Insurance, applicable to Consultant’s profession, with limits not less than **\$10,000,000** for each claim excepting for sub consultants whose minimum professional liability coverage shall be with respect to negligent acts, errors or omissions in connection with the Services.

(e) **Reserved. (Technology Errors and Omissions Coverage)**

(f) **Reserved. (Cyber and Privacy Insurance)**

(g) **Reserved. (Pollution Liability Insurance)**

5.1.2 Additional Insured Endorsements

(a) The Commercial General Liability policy must be endorsed to name as Additional Insured the City and County of San Francisco, its Officers, Agents, and Employees.

(b) The Commercial Automobile Liability Insurance policy must be endorsed to name as Additional Insured the City and County of San Francisco, its Officers, Agents, and Employees.

(c) **Reserved. (Pollution Auto Liability Insurance Additional Insured Endorsement)**

5.1.3 Waiver of Subrogation Endorsements

(a) The Workers' Compensation policy(ies) shall be endorsed with a waiver of subrogation in favor of the City for all work performed by the Consultant, its employees, agents and subconsultants.

5.1.4 Primary Insurance Endorsements

(a) The Commercial General Liability policy shall provide that such policies are primary insurance to any other insurance available to the Additional Insureds, with respect to any claims arising out of this Agreement, and that the insurance applies separately to each insured against whom claim is made or suit is brought.

(b) The Commercial Automobile Liability Insurance policy shall provide that such policies are primary insurance to any other insurance available to the Additional Insureds, with respect to any claims arising out of this Agreement, and that the insurance applies separately to each insured against whom claim is made or suit is brought.

(c) The Pollution Liability Insurance policy shall provide that such policies are primary insurance to any other insurance available to the Additional Insureds, with respect to any claims arising out of this Agreement, and that the insurance applies separately to each insured against whom claim is made or suit is brought.

5.1.5 Other Insurance Requirements

(a) Thirty (30) days' advance written notice shall be provided to the City of cancellation, intended non-renewal, or reduction in coverages, except for non-payment for which no less than ten (10) days' notice shall be provided to City. Notices shall be sent to the City address set forth in Section 11.1 entitled "Notices to the Parties."

(b) Should any of the required insurance be provided under a claims-made form, Consultant shall maintain such coverage continuously throughout the term of this Agreement and, without lapse, for a period of three years beyond the expiration of this Agreement, to the effect that, should occurrences during the Agreement term give rise to claims made after expiration of the Agreement, such claims shall be covered by such claims-made policies.

(c) Should any of the required insurance be provided under a form of coverage that includes a general annual aggregate limit or provides that claims investigation or legal defense costs be included in such general annual aggregate limit, such general annual aggregate limit shall be double the occurrence or claims limits specified above.

(d) Should any required insurance lapse during the term of this Agreement, requests for payments originating after such lapse shall not be processed until the City receives satisfactory evidence of reinstated coverage as required by this Agreement,

effective as of the lapse date. If insurance is not reinstated, the City may, at its sole option, terminate this Agreement effective on the date of such lapse of insurance.

(e) Before commencing any Services, Consultant shall furnish to City certificates of insurance and additional insured policy endorsements with insurers with ratings comparable to A-, VIII or higher, that are authorized to do business in the State of California, and that are satisfactory to City, in form evidencing all coverages set forth above. Approval of the insurance by City shall not relieve or decrease Consultant's liability hereunder.

(f) If Consultant will use any subconsultant (s) to provide Services, Consultant shall require the subconsultant (s) to provide all necessary insurance, including Professional Liability Insurance for any of its subconsultants who perform architectural or engineering work. For insurance other than professional liability or workers compensation, the Consultant shall require its subconsultants to name the City and County of San Francisco, its officers, agents and employees and the Consultant as additional insureds.

5.2 Indemnification and Defense Obligations For Design Professionals.

5.2.1 **Defense Obligations.** To the fullest extent permitted by law, Consultant shall, following a tender of defense from City, assume the immediate defense of (with legal counsel subject to approval of the City), the City, its boards, commissions, officers, and employees (collectively "Indemnitees"), from and against any and all claims, losses, costs, damages, expenses and liabilities of every kind, nature, and description including, without limitation, injury to or death of any person(s) and incidental and consequential damages (collectively "Damages"), court costs, attorneys' fees, litigation expenses, fees of expert consultants or witnesses in litigation, and costs of investigation (collectively "Litigation Expenses"), that arise out of, pertain to, or relate to, directly or indirectly, in whole or in part, the alleged negligence, recklessness, or willful misconduct of Consultant, any subconsultant, anyone directly or indirectly employed by them, or anyone that they control (collectively, "Liabilities"). City will reimburse Consultant for the proportionate percentage of defense costs exceeding Consultant's proportionate percentage of fault as determined by a Court of competent jurisdiction.

5.2.2 **Indemnity Obligations.** To the fullest extent permitted by law, Consultant shall indemnify and hold harmless Indemnitees from and against any and all Liabilities, including but not limited to those for Damages or Litigation Expenses specified in Section 5.2.1.

5.2.3 **Copyright Infringement.** Consultant shall also indemnify, defend and hold harmless all Indemnitees from all suits or claims for infringement of the patent rights, copyright, trade secret, trade name, trademark, service mark, or any other proprietary right of any person or persons in consequence of the use by the City, or any of its boards, commissions, officers, or employees of articles, work or deliverables supplied in the performance of Services. Infringement of patent rights, copyrights, or other proprietary rights in the performance of this Agreement, if not the basis for indemnification under the law, shall nevertheless be considered a material breach of contract.

5.2.4 **Severability Clause Specific to Indemnification and/or Defense Obligations.** To the extent any Court of competent jurisdiction or law invalidates any word, clause, phrase, or sentence herein that word, clause, phrase, or sentence, and no other portion,

shall be deemed removed from this Section. All other words, clauses, phrases and/or sentences remain enforceable to the fullest extent permitted by law.

Article 6 Liability of the Parties

6.1 Liability of City. CITY'S PAYMENT OBLIGATIONS UNDER THIS AGREEMENT SHALL BE LIMITED TO THE PAYMENT OF THE COMPENSATION PROVIDED FOR IN SECTION 3.3.1, "PAYMENT," OF THIS AGREEMENT. NOTWITHSTANDING ANY OTHER PROVISION OF THIS AGREEMENT, IN NO EVENT SHALL CITY BE LIABLE, REGARDLESS OF WHETHER ANY CLAIM IS BASED ON CONTRACT OR TORT, FOR ANY SPECIAL, CONSEQUENTIAL, INDIRECT OR INCIDENTAL DAMAGES, INCLUDING, BUT NOT LIMITED TO, LOST PROFITS, ARISING OUT OF OR IN CONNECTION WITH THIS AGREEMENT OR THE SERVICES PERFORMED IN CONNECTION WITH THIS AGREEMENT.

6.2 Liability for Use of Equipment. City shall not be liable for any damage to persons or property as a result of the use, misuse or failure of any equipment used by Consultant, or any of its subconsultants, or by any of their employees, even though such equipment is furnished, rented or loaned by City.

Article 7 Payment of Taxes

7.1 Consultant to Pay All Taxes. Except for any applicable California sales and use taxes charged by Consultant to City, Consultant shall pay all taxes, including possessory interest taxes levied upon or as a result of this Agreement, or the Services delivered pursuant hereto. Consultant shall remit to the State of California any sales or use taxes paid by City to Consultant under this Agreement. Consultant agrees to promptly provide information requested by the City to verify Consultant's compliance with any State requirements for reporting sales and use tax paid by City under this Agreement.

7.2 Possessory Interest Taxes. Consultant acknowledges that this Agreement may create a "possessory interest" for property tax purposes. Generally, such a possessory interest is not created unless the Agreement entitles the Consultant to possession, occupancy, or use of City property for private gain. If such a possessory interest is created, then the following shall apply:

7.2.1 Consultant, on behalf of itself and any permitted successors and assigns, recognizes and understands that Consultant, and any permitted successors and assigns, may be subject to real property tax assessments on the possessory interest.

7.2.2 Consultant, on behalf of itself and any permitted successors and assigns, recognizes and understands that the creation, extension, renewal, or assignment of this Agreement may result in a "change in ownership" for purposes of real property taxes, and therefore may result in a revaluation of any possessory interest created by this Agreement. Consultant accordingly agrees on behalf of itself and its permitted successors and assigns to report on behalf of the City to the County Assessor the information required by Revenue and Taxation Code Section 480.5, as amended from time to time, and any successor provision.

7.2.3 Consultant, on behalf of itself and any permitted successors and assigns, recognizes and understands that other events also may cause a change of ownership of the possessory interest and result in the revaluation of the possessory interest. (see, e.g., Rev. & Tax.

Code Section 64, as amended from time to time). Consultant accordingly agrees on behalf of itself and its permitted successors and assigns to report any change in ownership to the County Assessor, the State Board of Equalization or other public agency as required by law.

7.2.4 Consultant further agrees to provide such other information as may be requested by the City to enable the City to comply with any reporting requirements for possessory interests that are imposed by applicable law.

7.3 **Withholding.** Consultant agrees that it is obligated to pay all amounts due to the City under the San Francisco Business and Tax Regulations Code during the term of this Agreement. Pursuant to Section 6.10-2 of the San Francisco Business and Tax Regulations Code, Consultant further acknowledges and agrees that City may withhold any payments due to Consultant under this Agreement if Consultant is delinquent in the payment of any amount required to be paid to the City under the San Francisco Business and Tax Regulations Code. Any payments withheld under this paragraph shall be made to Consultant, without interest, upon Consultant coming back into compliance with its obligations.

Article 8 Termination and Default

8.1 Termination for Convenience

8.1.1 City shall have the option, in its sole discretion, to terminate this Agreement, at any time during the term hereof, for convenience and without cause. City shall exercise this option by giving Consultant written notice of termination. The notice shall specify the date on which termination shall become effective.

8.1.2 Upon receipt of the notice of termination, Consultant shall commence and perform, with diligence, all actions necessary on the part of Consultant to affect the termination of this Agreement on the date specified by City and to minimize the liability of Consultant and City to third parties as a result of termination. All such actions shall be subject to the prior approval of City. Such actions may include any or all of the following, without limitation:

(a) Halting the performance of all Services under this Agreement on the date(s) and in the manner specified by City.

(b) Terminating all existing orders and subcontracts, and not placing any further orders or subcontracts for materials, Services, equipment or other items.

(c) At City's direction, assigning to City any or all of Consultant's right, title, and interest under the orders and subcontracts terminated. Upon such assignment, City shall have the right, in its sole discretion, to settle or pay any or all claims arising out of the termination of such orders and subcontracts.

(d) Subject to City's approval, settling all outstanding liabilities and all claims arising out of the termination of orders and subcontracts.

(e) Completing performance of any Services that City designates to be completed prior to the date of termination specified by City.

(f) Taking such action as may be necessary, or as the City may direct, for the protection and preservation of any property related to this Agreement which is in the possession of Consultant and in which City has or may acquire an interest.

8.1.3 Within 30 days after the specified termination date, Consultant shall submit to City an invoice, which shall set forth each of the following as a separate line item:

(a) The reasonable cost to Consultant, for all Services prior to the specified termination date, for which Services City has not already tendered payment.

(b) A reasonable allowance for profit on the cost of the Services described in the immediately preceding subsection (a), provided that Consultant can establish, to the satisfaction of City, that Consultant would have made a profit had all Services under this Agreement been completed.

(c) The reasonable cost to Consultant of handling material or equipment returned to the vendor, delivered to the City or otherwise disposed of as directed by the City.

(d) A deduction for the cost of materials to be retained by Consultant, amounts realized from the sale of materials and not otherwise recovered by or credited to City, and any other appropriate credits to City against the cost of the Services or other work.

8.1.4 In no event shall City be liable for costs incurred by Consultant or any of its subconsultants after the termination date specified by City, except for those costs specifically listed in Section 8.1.3. Such non-recoverable costs include, but are not limited to, anticipated profits on the Services under this Agreement, post-termination employee salaries, post-termination administrative expenses, post-termination overhead or unabsorbed overhead, attorneys’ fees or other costs relating to the prosecution of a claim or lawsuit, prejudgment interest, or any other expense which is not reasonable or authorized under Section 8.1.3.

8.1.5 In arriving at the amount due to Consultant under this Section, City may deduct: (i) all payments previously made by City for Services covered by Consultant’s final invoice; (ii) any claim which City may have against Consultant in connection with this Agreement; (iii) any invoiced costs or expenses excluded pursuant to the immediately preceding subsection 8.1.4; and (iv) in instances in which, in the opinion of the City, the cost of any Service performed under this Agreement is excessively high due to costs incurred to remedy or replace defective or rejected Services, the difference between the invoiced amount and City’s estimate of the reasonable cost of performing the invoiced Services in compliance with the requirements of this Agreement.

8.1.6 City’s payment obligation under this Section shall survive termination of this Agreement.

8.2 Termination for Default; Remedies.

8.2.1 Each of the following shall constitute an immediate event of default (“Event of Default”) under this Agreement:

(a) Consultant fails or refuses to perform or observe any term, covenant or condition contained in any of the following Sections of this Agreement:

3.5	Submitting False Claims.	10.10	Alcohol and Drug-Free Workplace
4.5	Assignment	10.13	Reserved (Working with Minors)
Article 5	Insurance and Indemnity	11.10	Compliance with Laws
Article 7	Payment of Taxes	Article 13	Data and Security

(b) Consultant materially fails or refuses to perform or observe any other term, covenant or condition contained in this Agreement, including any obligation imposed by ordinance or statute and incorporated by reference herein, and such default is not cured within ten days after written notice thereof from City to Consultant. If Consultant defaults a second time in the same manner as a prior default cured by Consultant, City may in its sole discretion immediately terminate the Agreement for default or grant an additional period not to exceed five days for Consultant to cure the default.

(c) Consultant (i) is generally not paying its debts as they become due; (ii) files, or consents by answer or otherwise to the filing against it of a petition for relief or reorganization or arrangement or any other petition in bankruptcy or for liquidation or to take advantage of any bankruptcy, insolvency or other debtors' relief law of any jurisdiction; (iii) makes an assignment for the benefit of its creditors; (iv) consents to the appointment of a custodian, receiver, trustee or other officer with similar powers of Consultant or of any substantial part of Consultant's property; or (v) takes action for the purpose of any of the foregoing.

(d) A court or government authority enters an order (i) appointing a custodian, receiver, trustee or other officer with similar powers with respect to Consultant or with respect to any substantial part of Consultant's property, (ii) constituting an order for relief or approving a petition for relief or reorganization or arrangement or any other petition in bankruptcy or for liquidation or to take advantage of any bankruptcy, insolvency or other debtors' relief law of any jurisdiction or (iii) ordering the dissolution, winding-up or liquidation of Consultant.

8.2.2 On and after any Event of Default, City shall have the right to exercise its legal and equitable remedies, including, without limitation, the right to terminate this Agreement or to seek specific performance of all or any part of this Agreement. In addition, where applicable, City shall have the right (but no obligation) to cure (or cause to be cured) on behalf of Consultant any Event of Default; Consultant shall pay to City on demand all costs and expenses incurred by City in effecting such cure, with interest thereon from the date of incurrence at the maximum rate then permitted by law. City shall have the right to offset from any amounts due to Consultant under this Agreement or any other agreement between City and Consultant: (i) all damages, losses, costs or expenses incurred by City as a result of an Event of Default; and (ii) any liquidated damages levied upon Consultant pursuant to the terms of this Agreement; and (iii), any damages imposed by any ordinance or statute that is incorporated into this Agreement by reference, or into any other agreement with the City. This Section 8.2.2 shall survive termination of this Agreement.

8.2.3 All remedies provided for in this Agreement may be exercised individually or in combination with any other remedy available hereunder or under applicable laws, rules and regulations. The exercise of any remedy shall not preclude or in any way be deemed to waive any other remedy. Nothing in this Agreement shall constitute a waiver or limitation of any rights that City may have under applicable law.

8.2.4 Any notice of default must be sent by registered mail to the address set forth in Article 11.

8.3 **Non-Waiver of Rights.** The omission by either Party at any time to enforce any default or right reserved to it, or to require performance of any of the terms, covenants, or provisions hereof by the other Party at the time designated, shall not be a waiver of any such default or right to which the Party is entitled, nor shall it in any way affect the right of the Party to enforce such provisions thereafter.

8.4 **Rights and Duties upon Termination or Expiration.**

8.4.1 This Section and the following Sections of this Agreement listed below, shall survive termination or expiration of this Agreement:

3.3.2	Payment Limited to Satisfactory Services	9.2	Works for Hire
3.3.7(a)	Reserved. (Grant Funded Contracts – Disallowance)	11.6	Dispute Resolution Procedure
3.4	Audit and Inspection of Records	11.7	Agreement Made in California; Venue
3.5	Submitting False Claims	11.8	Construction
Article 5	Insurance and Indemnity	11.9	Entire Agreement
6.1	Liability of City	11.10	Compliance with Laws
Article 7	Payment of Taxes	11.11	Severability
8.1.6	Payment Obligation	Article 13	Data and Security
9.1	Ownership of Results	9.2	Works for Hire

8.4.2 Subject to the survival of the Sections identified in Section 8.4.1, above, if this Agreement is terminated prior to expiration of the term specified in Article 2, this Agreement shall be of no further force or effect. Consultant shall transfer title to City, and deliver in the manner, at the times, and to the extent, if any, directed by City, any work in progress, completed work, supplies, equipment, and other materials produced as a part of, or acquired in connection with the performance of this Agreement, and any completed or partially completed work which, if this Agreement had been completed, would have been required to be furnished to City, subject to City’s obligation to pay Consultant all amounts owed to Consultant.

Article 9 Rights In Deliverables

9.1 **Ownership of Results.** Any interest of Consultant or its subconsultants, in the Deliverables, including any drawings, plans, specifications, blueprints, studies, reports, memoranda, computation sheets, computer files and media or other documents prepared by Consultant or its subconsultants for the purposes of this Agreement, shall become the property of and will be transmitted to City. However, unless expressly prohibited elsewhere in this Agreement, Consultant may retain and use copies for reference and as documentation of its experience and capabilities.

9.1.1 As part of Basic Services, the Consultant shall provide the City with one licensed copy of software, paid for by the City that will allow the City to view the electronic BIM/Revit CADD files prepared by the Consultant or its subconsultants. Additionally, the Consultant shall provide technical specifications for any computer hardware required to use the provided software and files.

9.1.2 All presentation drawings, models, films and videos, simulations or other presentation materials shall be and remain the property of the City.

9.1.3 Should the City or any other person, firm or legal entity under the authority and control of the City, without the Consultant's participation, use, reuse, or modify the Consultant's drawings, specifications, or other documents prepared under this Agreement, the City agrees to notify the Consultant of the intended use. The Consultant shall not be responsible for any loss, costs, or expenses incurred by any party arising out of such use, reuse, or modification of the consultant's drawings, specifications, and other documents.

9.1.4 **Use by the City.** The City may reproduce, distribute, and make any use of the Deliverables, whether or not the Project is executed, without further notice or compensation to the Consultant or subconsultants, provided that such Deliverables shall not be used on other unrelated projects. If the Consultant is not terminated for fault, the Consultant and the subconsultants shall not be liable for any claim to the extent arising out of the use by or through the City of the Deliverables, without the Consultant's professional involvement.

9.1.5 **Use by the Consultant or the Subconsultants.** The Consultant and the subconsultants may retain copies of their Deliverables, such copies made at their expense. The Consultant and the subconsultants may use the Deliverables of their own marketing purposes without the express written consent of the City if the marketing materials have been previously approved by the City and they have not been altered in any way since approval other than minor changes in format, organization or wording. The Consultant and its subconsultants may use the Deliverables for their own marketing purposes without the express written consent of the City for the following uses: consultant website use, responses to Requests for Qualifications (RFQ) or Proposals (RFP), project descriptions, resumes, applications for design awards, and publications in trade journals or websites. Any other publication or use shall require the prior written approval of the City. The Consultant and the subconsultants may use architectural/engineering details contained in the Deliverables for other projects without the express written consent of the City only to the extent such use would not infringe on the City's copyright in the overall form of the Project as well as the arrangement and composition of spaces and elements in the design, as expressed in the Deliverables or any of them.

9.2 **Works for Hire.** If, in connection with Services, Consultant or its subconsultants creates Deliverables including, without limitation, artwork, copy, posters, billboards, photographs, videotapes, audiotapes, systems designs, software, reports, diagrams, surveys, blueprints, source codes, or any other original works of authorship, whether in digital or any other format, such works of authorship shall be works for hire as defined under Title 17 of the United States Code, and all copyrights in such works shall be the property of the City. If any Deliverables created by Consultant or its subconsultant (s) under this Agreement are ever determined not to be works for hire under U.S. law, Consultant hereby assigns all Consultant's copyrights to such Deliverables to the City, agrees to provide any material and execute any documents necessary to effectuate such assignment, and agrees to include a clause in every subcontract imposing the same duties upon subconsultant (s). With City's prior written approval, Consultant and its subconsultant (s) may retain and use copies of such works for reference and as documentation of their respective experience and capabilities.

9.3 **Covenant Not to Sell.** The City promises and agrees to refrain from selling, donating, or exchanging the Deliverables for use on any project or building. However, the City

may sell, assign or otherwise appropriate any right, title or interest in the Deliverables for any purpose relative to this Project without notice to the Consultant or the subconsultants. In such event, the City shall make a good faith effort to include this covenant as a term of any such transaction.

9.4 City Ownership of Equipment. Any equipment, vehicles, computer programs, software licenses, and the like, purchased by the Consultant or its subconsultants in connection with services to be performed under this Agreement and reimbursed by the City, shall become property of and will be transmitted to the City at the conclusion of the Consultant's services under the Agreement.

Article 10 Additional Requirements Incorporated by Reference

10.1 Laws Incorporated by Reference. The full text of the laws listed in this Article 10, including enforcement and penalty provisions, are incorporated by reference into this Agreement. The full text of the San Francisco Municipal Code provisions incorporated by reference in this Article and elsewhere in the Agreement (“Mandatory City Requirements”) are available at http://www.amlegal.com/codes/client/san-francisco_ca/ .

10.2 Conflict of Interest. By executing this Agreement, Consultant certifies that it does not know of any fact which constitutes a violation of Section 15.103 of the City’s Charter; Article III, Chapter 2 of City’s Campaign and Governmental Conduct Code; Title 9, Chapter 7 of the California Government Code (Section 87100 *et seq.*), or Title 1, Division 4, Chapter 1, Article 4 of the California Government Code (Section 1090 *et seq.*), and further agrees promptly to notify the City if it becomes aware of any such fact during the term of this Agreement.

10.3 Prohibition on Use of Public Funds for Political Activity. In performing the Services, Consultant shall comply with San Francisco Administrative Code Chapter 12G, which prohibits funds appropriated by the City for this Agreement from being expended to participate in, support, or attempt to influence any political campaign for a candidate or for a ballot measure. Consultant is subject to the enforcement and penalty provisions in Chapter 12G.

10.4 Consideration of Salary History. Consultant shall comply with San Francisco Administrative Code Chapter 12K, the Consideration of Salary History Ordinance or “Pay Parity Act.” Consultant is prohibited from considering current or past salary of an applicant in determining whether to hire the applicant or what salary to offer the applicant to the extent that such applicant is applying for employment to be performed on this Agreement or in furtherance of this Agreement, and whose application, in whole or part, will be solicited, received, processed or considered, whether or not through an interview, in the City or on City property. The ordinance also prohibits employers from (1) asking such applicants about their current or past salary or (2) disclosing a current or former employee’s salary history without that employee’s authorization unless the salary history is publicly available. Consultant is subject to the enforcement and penalty provisions in Chapter 12K. Information about and the text of Chapter 12K is available on the web at <https://sfgov.org/olse/consideration-salary-history>. Consultant is required to comply with all of the applicable provisions of 12K, irrespective of the listing of obligations in this Section.

10.5 Nondiscrimination Requirements

10.5.1 Nondiscrimination in Contracts. Consultant shall comply with the provisions of Chapters 12B and 12C of the San Francisco Administrative Code. Consultant shall incorporate by reference in all subcontracts the provisions of Sections 12B.2(a), 12B.2(c)-(k), and 12C.3 of the San Francisco Administrative Code and shall require all subconsultants to comply with such provisions. Consultant is subject to the enforcement and penalty provisions in Chapters 12B and 12C.

10.5.2 Nondiscrimination in the Provision of Employee Benefits. San Francisco Administrative Code 12B.2. Consultant does not as of the date of this Agreement, and will not during the term of this Agreement, in any of its operations in San Francisco, on real property owned by San Francisco, or where work is being performed for the City elsewhere in the United States, discriminate in the provision of employee benefits between employees with domestic partners and employees with spouses and/or between the domestic partners and spouses of such employees, subject to the conditions set forth in San Francisco Administrative Code Section 12B.2.

10.5.3 Local Business Enterprise and Non-Discrimination in Contracting Ordinance. Consultant shall comply with all applicable provisions of Chapter 14B (“LBE Ordinance”). Consultant is subject to the enforcement and penalty provisions in Chapter 14B. Contractor shall utilize LBE Subconsultants for at least **20%** of the Services except as otherwise authorized in writing by the Director of CMD. Contractor shall incorporate the requirements of the LBE Ordinance in each subcontract made in the fulfillment of Contractor’s LBE subcontracting commitments.

10.6 Minimum Compensation Ordinance. If Administrative Code Chapter 12P applies to this contract, Consultant shall pay covered employees no less than the minimum compensation required by San Francisco Administrative Code Chapter 12P, including a minimum hourly gross compensation, compensated time off, and uncompensated time off. Consultant is subject to the enforcement and penalty provisions in Chapter 12P. Information about and the text of the Chapter 12P is available on the web at <http://sfgov.org/olse/mco>. Consultant is required to comply with all of the applicable provisions of 12P, irrespective of the listing of obligations in this Section. By signing and executing this Agreement, Consultant certifies that it complies with Chapter 12P.

10.7 Health Care Accountability Ordinance. If Administrative Code Chapter 12Q applies to this contract, Consultant shall comply with the requirements of Chapter 12Q. For each Covered Employee, Consultant shall provide the appropriate health benefit set forth in Section 12Q.3 of the HCAO. If Consultant chooses to offer the health plan option, such health plan shall meet the minimum standards set forth by the San Francisco Health Commission. Information about and the text of the Chapter 12Q, as well as the Health Commission’s minimum standards, is available on the web at <http://sfgov.org/olse/hcao>. Consultant is subject to the enforcement and penalty provisions in Chapter 12Q. Any Subcontract entered into by Consultant shall require any Subconsultant with 20 or more employees to comply with the requirements of the HCAO and shall contain contractual obligations substantially the same as those set forth in this Section.

10.8 First Source Hiring Program. Consultant must comply with all of the provisions of the First Source Hiring Program, Chapter 83 of the San Francisco Administrative Code, that apply to this Agreement, and Consultant is subject to the enforcement and penalty provisions in Chapter 83.

10.9 Alcohol and Drug-Free Workplace. City reserves the right to deny access to, or require Consultant to remove from, City facilities personnel of any Consultant or subconsultant who City has reasonable grounds to believe has engaged in alcohol abuse or illegal drug activity which in any way impairs City's ability to maintain safe work facilities or to protect the health and well-being of City employees and the general public. City shall have the right of final approval for the entry or re-entry of any such person previously denied access to, or removed from, City facilities. Illegal drug activity means possessing, furnishing, selling, offering, purchasing, using or being under the influence of illegal drugs or other controlled substances for which the individual lacks a valid prescription. Alcohol abuse means possessing, furnishing, selling, offering, or using alcoholic beverages, or being under the influence of alcohol.

10.10 Limitations on Contributions. By executing this Agreement, Consultant acknowledges its obligations under Section 1.126 of the City's Campaign and Governmental Conduct Code, which prohibits any person who contracts with, or is seeking a contract with, any department of the City for the rendition of personal services, for the furnishing of any material, supplies or equipment, for the sale or lease of any land or building, for a grant, loan or loan guarantee, or for a development agreement, from making any campaign contribution to (i) a City elected official if the contract must be approved by that official, a board on which that official serves, or the board of a state agency on which an appointee of that official serves, (ii) a candidate for that City elective office, or (iii) a committee controlled by such elected official or a candidate for that office, at any time from the submission of a proposal for the contract until the later of either the termination of negotiations for such contract or twelve months after the date the City approves the contract. The prohibition on contributions applies to each prospective party to the contract; each member of Consultant's board of directors; Consultant's chairperson, chief executive officer, chief financial officer and chief operating officer; any person with an ownership interest of more than 10% in Consultant; any subconsultant listed in the bid or contract; and any committee that is sponsored or controlled by Consultant. Consultant certifies that it has informed each such person of the limitation on contributions imposed by Section 1.126 by the time it submitted a proposal for the contract, and has provided the names of the persons required to be informed to the City department with whom it is contracting.

10.11 Reserved. (Slavery Era Disclosure)

10.12 Reserved. (Working with Minors)

10.13 Consideration of Criminal History in Hiring and Employment Decisions.

10.13.1 Consultant agrees to comply fully with and be bound by all of the provisions of Chapter 12T, "City Consultant/Subconsultant Consideration of Criminal History in Hiring and Employment Decisions," of the San Francisco Administrative Code ("Chapter 12T"), including the remedies provided, and implementing regulations, as may be amended from time to time. The provisions of Chapter 12T are incorporated by reference and made a part of this Agreement as though fully set forth herein. The text of Chapter 12T is available on the web at <http://sfgov.org/olse/fco>. Consultant is required to comply with all of the applicable provisions of 12T, irrespective of the listing of obligations in this Section. Capitalized terms used in this Section and not defined in this Agreement shall have the meanings assigned to such terms in Chapter 12T.

10.13.2 The requirements of Chapter 12T shall only apply to a Consultant's or Subconsultant's operations to the extent those operations are in furtherance of the performance

of this Agreement, shall apply only to applicants and employees who would be or are performing work in furtherance of this Agreement, and shall apply when the physical location of the employment or prospective employment of an individual is wholly or substantially within the City of San Francisco. Chapter 12T shall not apply when the application in a particular context would conflict with federal or state law or with a requirement of a government agency implementing federal or state law.

10.14 Reserved. (Public Access to Nonprofit Records and Meetings)

10.15 Food Service Waste Reduction Requirements. Consultant shall comply with the Food Service Waste Reduction Ordinance, as set forth in San Francisco Environment Code Chapter 16, including but not limited to the remedies for noncompliance provided therein.

10.16 Reserved. (Distribution of Beverages and Water)

10.17 Tropical Hardwood and Virgin Redwood Ban. Pursuant to San Francisco Environment Code Section 804(b), the City urges Consultant not to import, purchase, obtain, or use for any purpose, any tropical hardwood, tropical hardwood wood product, virgin redwood or virgin redwood wood product.

10.18 Preservative Treated Wood Products. Consultant shall comply with the provisions of San Francisco Environment Code Chapter 13, which requires that each Consultant purchasing preservative-treated wood products on behalf of the City, shall only purchase such products from the list of alternatives adopted by the Department of the Environment pursuant to Section 1302 of Chapter 13, unless otherwise granted an exemption by the terms of that Chapter.

Article 11 General Provisions

11.1 Notices to the Parties. Unless otherwise indicated in this Agreement, all written communications sent by the Parties may be by U.S. mail or e-mail, and shall be addressed as follows:

To City: **Scott Moran**
SF Public Works
49 South Van Ness, 10th Floor
San Francisco, CA 94103
Scott.Moran@sfdpw.org

To Consultant: **Michael B. Ross, AIA**
RossDrulisCusenbery Architecture, Inc.
18294 Sonoma Highway
Sonoma, CA 95476
mross@rdcarchitecture.com

Any notice of default must be sent by registered mail or other trackable overnight mail. Either Party may change the address to which notice is to be sent by giving written notice thereof to the other Party. If email notification is used, the sender must specify a receipt notice.

11.2 Compliance with Americans with Disabilities Act. Consultant shall **exercise the Standard of Care** to provide the Services in a manner that complies with the Americans

with Disabilities Act (ADA), including but not limited to Title II's program access requirements, and all other applicable federal, state and local disability rights legislation.

11.3 Incorporation of Recitals. The matters recited above are hereby incorporated into and made part of this Agreement.

11.4 Sunshine Ordinance. Consultant acknowledges that this Agreement and all records related to its formation, Consultant's performance of Services, and City's payment are subject to the California Public Records Act, (California Government Code §6250 et. seq.), and the San Francisco Sunshine Ordinance, (San Francisco Administrative Code Chapter 67). Such records are subject to public inspection and copying unless exempt from disclosure under federal, state or local law.

11.5 Modification of this Agreement. This Agreement may not be modified, nor may compliance with any of its terms be waived, except as noted in Section 11.1, "Notices to Parties," regarding change in personnel or place, and except by written instrument executed and approved in the same manner as this Agreement. Consultant shall cooperate with Department to submit to the Director of CMD any amendment, modification, supplement or change order that would result in a cumulative increase of the original amount of this Agreement by more than 20% (CMD Contract Modification Form).

11.6 Dispute Resolution Procedure.

11.6.1 Negotiation; Alternative Dispute Resolution. The Parties will attempt in good faith to resolve any dispute or controversy arising out of or relating to the performance of services under this Agreement. If the Parties are unable to resolve the dispute, then, pursuant to San Francisco Administrative Code Section 21.35, Consultant may submit to the Contracting Officer a written request for administrative review and documentation of the Consultant's claim(s). Upon such request, the Contracting Officer shall promptly issue an administrative decision in writing, stating the reasons for the action taken and informing the Consultant of its right to judicial review. If agreed by both Parties in writing, disputes may be resolved by a mutually agreed-upon alternative dispute resolution process. If the parties do not mutually agree to an alternative dispute resolution process or such efforts do not resolve the dispute, then either Party may pursue any remedy available under California law. The status of any dispute or controversy notwithstanding, Consultant shall proceed diligently with the performance of its obligations under this Agreement in accordance with the Agreement and the written directions of the City. Neither Party will be entitled to legal fees or costs for matters resolved under this section.

11.6.2 Government Code Claim Requirement. No suit for money or damages may be brought against the City until a written claim therefor has been presented to and rejected by the City in conformity with the provisions of San Francisco Administrative Code Chapter 10 and California Government Code Section 900, et seq. Nothing set forth in this Agreement shall operate to toll, waive or excuse Consultant's compliance with the California Government Code Claim requirements set forth in San Francisco Administrative Code Chapter 10 and California Government Code Section 900, et seq.

11.7 Agreement Made in California; Venue. The formation, interpretation and performance of this Agreement shall be governed by the laws of the State of California. Venue

for all litigation relative to the formation, interpretation and performance of this Agreement shall be in San Francisco.

11.8 **Construction.** All paragraph captions are for reference only and shall not be considered in construing this Agreement.

11.9 **Entire Agreement.** This contract sets forth the entire Agreement between the Parties, and supersedes all other oral or written provisions. This Agreement may be modified only as provided in Section 11.5, "Modification of this Agreement."

11.10 **Compliance with Laws. In accordance with the professional Standard of Care,** Consultant shall keep itself fully informed of the City's Charter, codes, ordinances and duly adopted rules and regulations of the City and of all state, and federal laws in any manner affecting the performance of **and applicable to** this Agreement, and must at all times exercise **the Standard of Care** to comply with such local codes, ordinances, and regulations and all applicable laws as they may be amended from time to time.

11.11 **Severability.** Should the application of any provision of this Agreement to any particular facts or circumstances be found by a court of competent jurisdiction to be invalid or unenforceable, then (i) the validity of other provisions of this Agreement shall not be affected or impaired thereby, and (ii) such provision shall be enforced to the maximum extent possible so as to effect the intent of the Parties and shall be reformed without further action by the Parties to the extent necessary to make such provision valid and enforceable.

11.12 **Cooperative Drafting.** This Agreement has been drafted through a cooperative effort of City and Consultant, and both Parties have had an opportunity to have the Agreement reviewed and revised by legal counsel. No Party shall be considered the drafter of this Agreement, and no presumption or rule that an ambiguity shall be construed against the Party drafting the clause shall apply to the interpretation or enforcement of this Agreement.

11.13 **Order of Precedence.** Consultant agrees to perform the services described below in accordance with the terms and conditions of this Agreement, implementing task orders, the RFQ, and Consultant's proposal dated **July 19, 2023**. The RFQ and Consultant's proposal are incorporated by reference (EXHIBIT 1) as though fully set forth herein. Should there be a conflict of terms or conditions, this Agreement and any implementing task orders shall control over the RFQ and the Consultant's proposal. If the Appendices to this Agreement include any standard printed terms from the Consultant, Consultant agrees that in the event of discrepancy, inconsistency, gap, ambiguity, or conflicting language between the City's terms and Consultant's printed terms attached, the City's terms shall take precedence, followed by the procurement issued by the department, Consultant's proposal, and Consultant's printed terms, respectively.

11.14 **Notification of Legal Requests.** Consultant shall immediately notify City upon receipt of any subpoenas, service of process, litigation holds, discovery requests and other legal requests ("Legal Requests") related to all data given to Consultant by City in the performance of this Agreement ("City Data" or "Data"), or which in any way might reasonably require access to City's Data, and in no event later than 24 hours after it receives the request. Consultant shall not respond to Legal Requests related to City without first notifying City other than to notify the requestor that the information sought is potentially covered under a non-disclosure agreement. Consultant shall retain and preserve City Data in accordance with the City's instruction and

requests, including, without limitation, any retention schedules and/or litigation hold orders provided by the City to Consultant, independent of where the City Data is stored.

Article 12 Department Specific Terms

12.1 **Appendices and Attachments.** The following are hereby attached and incorporated into this Agreement as though fully set forth herein and together form the complete Agreement between the City and Contractor:

Appendix A: Scope of Services

Appendix B: Calculation of Charges

Attachment 1 – Schedule of Services

Attachment 2 – Fee Schedule

Attachment 3 – Key Personnel and Subconsultants

Attachment 4 – BIM Management Plan & Delivery Matrix

Attachment 5 – Quality Assurance/Quality Control Plan

Attachment 6 – Compensation of Services

12.2 **Consultant Obligations and Limitations.**

12.2.1 **LEED Statement.** The LEED Green Building Rating System or similar environmental guidelines (“LEED” utilizes certain design, construction and usage criteria in order to promote environmentally friendly buildings. In addressing LEED, the Consultant shall perform its services in a manner consistent with that degree of skill and care ordinarily exercised by design professionals performing similar services in the same locality, and under the same or similar circumstances and conditions. The LEED Gold Boundary Area for this Project shall be limited to occupied buildings, including Admin/Classroom Building, Fire Apparatus, Inservice Building and Shop Building, and all sitework not directly associated with fire training props and/or structure.

12.2.2 **Limitations of Consultant's Responsibilities for Design Changes and Environmental/Energy Issues.** The Consultant shall not be responsible for any changes to the design made by the City without the direct participation and written approval of the Consultant. Likewise, the Consultant shall not be responsible for any environmental or energy issues arising out of the failure of the City's use and operation of the completed Project as designed.

12.2.3 **Limitation of Benefits.** Nothing in the foregoing shall create any contractual relationship between the City and any consultants employed by the Consultant under the terms of this Agreement. The Consultant is as responsible for the performance of its consultants as it would be if it had rendered these services itself. The Consultant's services are intended for the sole benefit of the City and are not intended to create any rights or benefits to third parties.

12.2.4 **Standard of Care (Performance).** The Consultant or Architect's obligation is to perform all its services in accordance with generally accepted standards of professional practice in the design and construction administration of the Project as ordinarily observed by firms performing projects of similar size and complexity in the San Francisco Bay Area under the same or similar circumstances (the "Standard of Care"). This standard shall apply to and define all professional obligations under this Agreement. Consultant expressly disclaims all express or implied warranties and guarantees with respect to the performance of professional services.

12.2.5 **Code Compliance.** In accordance with the Standard of Care, the Consultant shall comply with requirements of all applicable federal, state, and local codes, regulations, and current written interpretation thereof published and in effect at the time of submission of the building permit. In the event of changes in such codes, regulations or interpretations during the Project that were not and should not have been reasonably anticipated by the Consultant and which result in a substantive change to the construction documents, the Consultant shall not be held responsible for the resulting additional costs, fees or time, and shall be entitled to reasonable additional compensation for the time and expense of responding to such changes. The Consultant shall be responsible, however, to identify, analyze and report to the City pending changes to codes and regulations that would reasonably be expected to affect the design of the Project, including pending changes to the California Building Codes and San Francisco Building Code.

12.2.6 **Compliance with Americans with Disabilities.** Consultant acknowledges that pursuant to the Americans Disabilities Act (ADA), programs, services and other activities provided by a public entity to the public, whether directly or through a contractor, must be accessible to the disabled public. Consultant shall exercise the Standard of Care to provide the services specified in this Agreement in a manner that complies with the ADA and any and all other applicable federal, state, and local disability rights legislation. Consultant agrees not to discriminate against disabled persons in the provision of services, benefits or activities provided under this Agreement and further agrees that any violation of this prohibition on the part of Consultant, its employees, agents, or assigns will constitute a material breach of this Agreement.

Article 13 Data and Security

13.1 Nondisclosure of Private, Proprietary or Confidential Information.

13.1.1 **Protection of Private Information.** If this Agreement requires City to disclose "Private Information" to Consultant within the meaning of San Francisco Administrative Code Chapter 12M, Consultant and subconsultant shall use such information only in accordance with the restrictions stated in Chapter 12M and in this Agreement and only as necessary in performing the Services. Consultant is subject to the enforcement and penalty provisions in Chapter 12M.

13.1.2 **Confidential Information.** In the performance of Services, Contractor may have access to City's proprietary or Confidential Information, the disclosure of which to third parties may damage City. If City discloses proprietary or Confidential Information to Contractor, such information must be held by Contractor in confidence and used only in performing the Agreement. Contractors shall exercise the same standard of care to protect such

information as a reasonably prudent contractor would use to protect its own proprietary or Confidential Information.

13.2 Reserved. (Payment Card Industry (“PCI”) Requirements)

13.3 Reserved. (Business Associate Agreement)

13.4 Management of City Data and Confidential Information

13.4.1 Use of City Data and Confidential Information. Consultant agrees to hold City’s Data received from, or collected on behalf of, the City, in strictest confidence. Consultant shall not use or disclose City’s Data except as permitted or required by the Agreement or as otherwise authorized in writing by the City. Any work using, or sharing or storage of, City’s Data outside the United States is subject to prior written authorization by the City. Access to City’s Data must be strictly controlled and limited to Consultant’s staff assigned to this project on a need-to-know basis only. Consultant is provided a limited non-exclusive license to use the City Data solely for performing its obligations under the Agreement and not for Consultant’s own purposes or later use. Nothing herein shall be construed to confer any license or right to the City Data or Confidential Information, by implication, estoppel or otherwise, under copyright or other intellectual property rights, to any third-party. Unauthorized use of City Data by Consultant, subconsultants or other third-parties is prohibited. For purpose of this requirement, the phrase “unauthorized use” means the data mining or processing of data, stored, or transmitted by the service, for commercial purposes, advertising or advertising-related purposes, or for any purpose other than security or service delivery analysis that is not explicitly authorized.

13.4.2 Disposition of Confidential Information. Upon request of City or termination or expiration of this Agreement, and pursuant to any document retention period required by this Agreement, Consultant shall promptly, but in no event later than thirty (30) calendar days, return all data given to or collected by Consultant on City’s behalf, which includes all original media. Once Consultant has received written confirmation from City that City’s Data has been successfully transferred to City, Consultant shall within ten (10) business days clear or purge all City Data from its servers, any hosted environment Consultant has used in performance of this Agreement, including its subconsultants environment(s), work stations that were used to process the data or for production of the data, and any other work files stored by Consultant in whatever medium. Consultant shall provide City with written certification that such purge occurred within five (5) business days of the purge. Secure disposal shall be accomplished by “clearing,” “purging” or “physical destruction,” in accordance with National Institute of Standards and Technology (NIST) Special Publication 800-88 or most current industry standard.

13.5 Ownership of City Data. The Parties agree that as between them, all rights, including all intellectual property rights, in and to the City Data and any derivative works of the City Data is the exclusive property of the City.

Article 14 MacBride And Signature

14.1 MacBride Principles - Northern Ireland. The provisions of San Francisco Administrative Code §12F are incorporated herein by this reference and made part of this Agreement. By signing this Agreement, Consultant confirms that Consultant has read and

understood that the City urges companies doing business in Northern Ireland to resolve employment inequities and to abide by the MacBride Principles, and urges San Francisco companies to do business with corporations that abide by the MacBride Principles.

IN WITNESS WHEREOF, the Parties hereto have executed this Agreement on the day first mentioned above.

Scope of Services

1. The Project

The City does hereby engage the Consultant to perform, under the terms and conditions in this Agreement, professional services for the design of the Project, to be located at 1236 Carroll Avenue, San Francisco, CA.

1.1. Scope Categories.

The Project will include three separate scopes of work; Scopes A, B & C as described below. For the purpose of this Agreement the professional services, response times, and deliverables required of the Consultant for Scope B, shall equally apply to BOA and BOLA for Scopes A and C.

1.1.1 **SCOPE A.** For the purpose of this Contract, BOA as Architect of Record (AOR) shall be solely responsible for the provision of design, engineering, construction documentation, bidding, and construction phase services for the Scope A elements, including the approximate 35,000 SF, 35' high, two-story, LEED Gold, FTF Administration/Classroom Building. The documents prepared by BOA for Scope A shall be complete, coordinated, and collated standalone sections within the project phase documents. Subconsultants to BOA for Scope A, include the following:

- (1) Electrical, Mechanical, and Structural Engineering (PW IDC Engineering),
- (2) Energy Modeling & Mechanical Design Support (Stok/ARUP),
- (3) Code Compliance/Fire Life Safety (Jensen Hughes),
- (4) Roofing/Waterproofing/Exterior Envelope (McGinnis Chen Associates),
- (5) Vertical Transportation Elevator (Syska Hennessy),
- (6) Acoustical Engineering (Wilson Ihrig Associates),
- (7) Lighting Design (Auerbach Glassow),
- (8) Specifications Writing (Emily Borland).

Consultant shall provide separate proposals in the Executive Service Agreement for the Scope A services requested by the City including but not limited to the following consultants:

- (1) LEED (AR Green Consulting),
- (2) Cost Estimating (Cumming Management Group),
- (3) Signage & Wayfinding (Clearstory),
- (4) A/V, Telecom, IT, Security (Guidepost Solutions).

1.1.2 **SCOPE B.** For the purpose of this Contract, the provision of design, engineering, construction documentation, and specification of the Fire Apparatus of Building, Inservice Building, Maintenance Shops, site design and civil engineering and live fire and simulating training structures. Consultant provided for this work are listed in Attachment 3 of this Agreement and includes the following program elements:

(1) 100% of the on and off-site civil engineering improvements including but not limited to: verification of site topographic survey, site prep, site grading, cut and fill analysis, building pads, site retaining walls, site security fencing, site access control gates, site lighting, horizontal and sloped streetscapes and fire apparatus driving courses, paved parade and training ground areas, curbs, gutters and sidewalks, vehicular concrete and automobile paving, parking, storm water management systems, fire water capture and filtration systems and all buried wet and dry site utilities including the LPG gas line system. Offsite improvements include utility connections in Carroll Avenue, and new curbs, gutters, sidewalks, and street paving to the center line of Carroll Avenue. The existing P.G.& E. pole line on Carrol Avenue is assumed to remain for this Agreement.

(2) Civil Engineering services shall be FTF campus wide and include the site and connection to the Admin/Classroom Building and all site civil improvements to support the landscape design elements.

(3) Surface or optional two-level parking structure to accommodate ~~400~~ 116 vehicles excluding Fire Apparatus

(4) Approximate 32' high, 8,064 SF, Fire Apparatus Building

(5) Approximate +/- 24' high, 12,268 SF, Inservice Building including Dirty Classroom and Turnout Locker Rooms.

(6) Approximate +/- 24' high, 7,022 SF Maintenance Shop Building

(7) Approximate 84' high, 14,200 SF Seven Story Training Tower with Class B Burn Rooms

(8) Three-story Residential Hillside Residential Class A Burn Building with Garage

(9) Three-story Residential Hillside Residential Class A Burn Building *without* Garage

(10) Four-story Commercial/Residential Class A Burn Building

(11) Four-story Hillside Residential Class A Burn Building

(12) Two-story Junior Five Class A Residential Burn Building

(13) Commercial/Residential Urban Search & Rescue (USAR) Prop Designed as a simulated Collapsed Building Prop with Freestanding Three story facades including confined space, trench rescue, breach panel, concrete tilt panel, inclined space, and other props.

(14) Hillside Street training structure with T or four-way intersection

(15) Concrete Rubble Pile Prop at USAR Prop

(16) 25,000 Gallon Cistern with manhole at Hillside street intersection

- (17) Outdoor Classroom
- (18) Ground skills area for specific props manufactured and installed by SFFD and diesel fuels.
- (19) Above ground Convault storage tank and fuel dispenser system for gasoline and diesel fuel.
- (20) Emergency generator
- (21) LPG Tank Farm and gas piping systems
- (22) A system of at grade and sloped training streets with curbs gutters and sidewalks sized to accommodate an emergency vehicle driving course.
- (23) Street prop furniture including, light poles, overhead wires, parking meters, parked cars, sign-posts, etc.
- (24) Class B LPG fired prop installation shall be design/build installations. Consultant to provide LPG gas supply and shut off to building entry and each floor of training tower.
- (25) Industrial engineer will provide an assessment of smoke generated from existing fire training activities, evaluate potential smoke quantities and impacts for new site, and provide a report on smoke remediation methods used at other fire training facilities.

1.1.3 **SCOPE C.** For the purpose of this Contract, the provision of design, engineering, construction documentation and specification for the FTF landscape including hardscape surfaces, stormwater filtration, and bioretention areas, gathering areas, pedestrian site features (such as circulation routes and perimeter fencing), and streetscape improvements, within the boundary of the FTF training grounds, excluding vehicular concrete streetscapes and curbs, gutters, and sidewalks. BOLA shall provide an Irrigation System Consultant for Scope C. The documents prepared by BOLA for Scope C shall be complete, coordinated, and standalone sections of the project phase documents prepared by the Consultant.

1.1.4 **Coordinated Set.** Consultant shall coordinate and integrate all Scope items A, B & C into one comprehensive set of design and Construction Documents.

1.2 City Responsibilities. The City’s schedule of services includes basic services, subconsultant services, coordination requirements, QA/QC, Public Agency Coordination, Code Compliance, Design Phases, Bidding, Construction Phase and Project Close-out services for its specific work scopes.

2. Fixed Construction Budget Limit

2.1. The fixed construction budget limit ("FCBL") for the Project is **\$152,631,579**, (One hundred fifty-two million, six hundred thirty-one thousand, five hundred seventy-nine dollars). If there is any change in that amount, it will be inserted into this Agreement by a written amendment. The “Design To” construction cost target at all Consultant deliverable milestones shall be five percent less than the FCBL or **\$145,000,000** (One hundred forty-five million dollars) for the entire Scopes A, B, and C Project, unless changed in writing by the City. In all instances, it is recognized that neither the Consultant nor City has control over the cost of labor, materials, or equipment, over the GM/GC’s methods of determining bid prices, or over

competitive bidding, market or negotiating conditions. Accordingly, Consultant cannot and does not warrant or represent that bids or negotiated prices to construct the part of the project for which it has provided services will not vary from the City's budget for the Project or from an estimate of the Cost of the Work or evaluation prepared by or agreed to by Consultant. For the purpose of this Agreement the separate Scope B FCBL shall be **\$101,770,926** (One hundred one million, seven hundred seventy thousand, nine hundred twenty-six dollars) and respective "Design To" cost target shall be **\$96,682,380** (Ninety-six million, six hundred eighty-two thousand, three hundred eighty dollars).

2.2. The FCBL includes all the costs of construction, except for: (a) City's construction contingencies, (b) the cost of furniture equipment, telephones and business networks, (c) CM/GC Contingency, (d) CM/GC Pre-construction costs and (e) the cost of artwork that is to be incorporated in the Project as an integral building or site element and (f) the cost of all Consultant services.

2.3. The CM/GC, with the assistance of the City, is solely responsible for preparing the trade packages, and coordinating and confirming the Trade Bid Package, comply with the City approved LEED Gold credits, securing permits and subcontracts for all bid and negotiated subcontracts. The Consultant will cooperate with the CM/GC and the City and provide design assistance and coordination that is required to timely prepare the trade packages and subcontracts for bid and/or negotiation and award.

2.4. Should the City accept a subcontractor's competitive bid on any trade package, which price or bid is greater than the estimated cost for that trade package, there shall be no additional compensation (i.e., no correlative proportional increase in fee) to the Consultant.

2.5. During the Construction Bid and Negotiation Phase, the City intends to accept value engineering proposals submitted by trade subconsultant that will lower the cost of the Project. It is not intended for such cost savings to diminish the Project goal of achieving a LEED Gold certification by U.S. Green Building Council ("USGBC"). Any revisions to the approved 50% construction drawings as a result of the VE process by the CM/GC will be an Additional Service.

3. **Schedule of Services**

3.1. **Performance and Schedule Obligations.** Time is of the essence with respect to the performance of all provisions of this Agreement, and with respect to all Project schedules in which a definite time for performance by the Consultant is specified; provided, however, that the foregoing shall not be construed to limit or deprive a party of the benefits of any grace period provided for in this Agreement. The Consultant shall act diligently in anticipating and performing its required tasks in a manner so as to not unreasonably delay the commencement of any services or work with respect to the Project. In the event that the City directs a change to the plans and specifications, or any City agencies require additional time to complete their reviews or require additional review, and such change or delay is neither due to the fault nor in the reasonable control of the Consultant, and which impacts the Consultant's ability to meet the Design Services Schedule as set forth in Attachment 1 to this Agreement, the City shall modify the Design Services Schedule by written modification to this Agreement. In such event, the Consultant may request an equitable adjustment to its Basic Services Fee or may request an Additional Services Fee for the additional time and/or services required for the change, as

appropriate to the nature of the changed design and/or changed Schedule. The Consultant shall exercise the Standard of Care so that the completion of documents sufficient for bid shall be delivered in conformance with the dates indicated or as otherwise agreed to by the City and in consultation with CM/GC. The Consultant shall notify the City at the earliest possible opportunity with a full explanation, should it expect to miss a particular date, sufficient to allow the City to fairly assess the matter.

3.2. Progress Schedule Submission and Approval. Attachment 1 to this Agreement (Schedule of Services) is a preliminary schedule of services that shows in summary fashion the sequence of tasks required to complete the Project and the schedule for completing all of the services required under this Agreement. No later than fifteen (15) days after the date that the City issues a Notice to Proceed (NTP) to the Consultant, the Consultant shall submit a progress schedule of services in the form of a Microsoft MP to the City for its approval. At a minimum, the progress schedule must: (a) provide a schedule for completing each phase of the work required under this Agreement, (b) identify the tasks to be performed during each phase, and (c) identify the sequence in which key activities will be performed by the City, including review and approval by the City and any local, state or federal entities as may be required in order to complete the services required under this Agreement, but excluding detailed construction schedules. The Consultant shall adopt the schedule as a baseline schedule once it is approved by the City. Thereafter, the Consultant shall submit a monthly progress schedule to the City that shows the actual progress achieved that month as compared to the baseline schedule.

3.3. Construction Administration and Compensation. Should the Consultant be required to perform Construction Administration Phase services for a period beyond the date determined for Final Completion through agreement among the City, the Consultant and the CM/GC due to no fault of the Consultant, the Consultant is entitled to additional compensation and is obligated to provide complete and accurate documentation of all actual increased cost of performance of its services. If the construction is delayed beyond the scheduled Final Completion date due to the negligent acts, errors, and omissions of the Consultant, as determined by the City in its sole reasonable discretion, then the Consultant shall continue to provide Construction Administration services in accordance with this Agreement through the actual completion of construction at no additional charge to the City. The Consultant may submit any disputed amounts as a claim.

3.4. Design Phase Authorization and Requirements. Each design phase (Program Validation / Concept Design, Schematic Design, Design Development, and Construction Documents, Construction Bid/Negotiation, Construction Administration, and Warranty) shall be subject to a separate written authorization to proceed to be issued by the City. Work on a design phase shall not begin until the City has issued the appropriate written authorization to proceed. Work on a design phase shall be based on documents, if any, from the prior design phase approved by the City in writing (to the extent that such work is complete), any written directives by the City with respect thereto, and any adjustments to the Project or the FCBL that have been authorized by the City.

4. Consultant Responsibilities

4.1. Consultant agrees to perform the following Services (as part of SCOPE B). All written Deliverables, including any copies, shall be submitted on recycled paper, and printed on double-sided pages to the maximum extent possible.

4.2. Deliverables shall include the following:

4.2.1. Consultant will be responsible for all on-site and specified off-site improvements and handle all other design elements as assigned by the City for Basic and/or Additional Services. Off-site improvements shall be limited to the design of underground utility connections to existing utilities and storm drainage systems in street or onsite, curb, gutters and sidewalks, curb cuts and repaving to the center line of Carroll Ave. Deliverables will include: complete design, documentation, and permit submission to Bureau of Streets & Mapping (bsmpermitdivision@sfdpw.org) for street improvements to the north half of Carroll Avenue (middle road to sidewalk, etc.) for the full width of the site, to meet City of San Francisco Street Standards.

4.2.2. Work or improvements to Armstrong Avenue is NIC excepting for FTF boundary security fencing or walls and retaining walls necessary to support the FTF site improvements. FTF boundary fencing, walls and retaining systems and/or soil stabilization shall be taken into consideration for grade variations with adjacent lots for the entire perimeter of the site.

4.2.3. Site work designs and improvements shall include the planned vacating and incorporation into the site of Griffith Street (Carroll Avenue to Armstrong Avenue), Bancroft Avenue (Griffith Street to Hawes Street), and Hawes Street (Carroll Avenue to Armstrong Avenue). The vacation of Griffin and Hawes Streets and all associated lot line adjustments and recording of deeds shall be the responsibility of the City.

4.2.4. All other off-site work including electric stop light systems, bike lanes, speed bumps and traffic calming systems is currently NIC.

4.2.5. City will provide a design level topographic survey **services** of the site including all property boundaries and easements and required geotechnical studies, **and** ongoing geotechnical consulting with test borings in locations identified by Consultant, and all soils hazardous material testing and abatement. The identification of all on and off site buried utilities including the location, structural loading capacity size and depth of the existing box culvert shall be the responsibility of the City. Approval for the discharge of FTF's storm water, and sewage into either the box culvert or the nearby smaller sewer system shall be negotiated by the City.

4.2.6. The Consultant will be required to develop the Project to the following milestones to allow the CM/GC and the City to issue the following specific trade packages simultaneously as a fully coordinated and complete set of design documents necessary to bid and build the Project. The following milestone deliverables or construction/bid documents apply:

(1) Design Criteria/Bridging Documents (100% Design Development) delivered to the CM/GC for: mechanical, electrical, and plumbing, systems for BOA prepared Scope A, and Consultant prepared Scope B, and BOLA prepared Scope C work. CM/GC will issue Design Criteria documents to design/build trade subcontractors for construction document preparation, permitting and bidding purposes at the completion of 100% Design Development.

(2) Early Civil Site Improvements: Documents will include site preparation, demolition, rough grading, cut and fill, site retaining walls, location and placement

of sub grades for; interior streets, Carroll Avenue improvements, Hawes Street site entry/exit improvements, interior campus, curbs gutters, sidewalks and building pads and the installation of all buried site utilities and storm water management systems.

- (3) Design, Construction and Bid Documents per the following:
 - i. All other disciplines: 100% Conceptual Design, 50% and 100% Schematic Design, 50%, and 100% Design Development
 - ii. All other disciplines: 50%, 95% and 100% Construction Documents.

4.3. **Basic Services.** The Consultant shall provide as its Scope B Basic Services all necessary architectural design, engineering, and other consulting services during the Design Phases and during all Construction Phases of the Project as required by this Agreement to design a complete and comprehensive Project, except for services designated as Additional Services as described in Appendix A herein. Basic Services are generally identified in and as subsequently modified by the agreement of the parties. All the parties providing any of these necessary services shall be licensed by the State of California.

4.3.1. Further, the Consultant will provide input when requested as to conceptual, design and constructability issues. The Consultant will work with, advise, and make timely and researched recommendations to the City's Program Director, City's Project Manager and Project Architect as to the best design options that satisfy the needs and concerns of the City.

4.3.2. The Consultant and the City will work together, based on an understanding that the Phase 2 Program documents completed by the City and Consultant team, require verification by the Consultant's Subject Matter Expert facility designers and engineers for programmatic and functional adherence to Fire Training Facility standards.

4.4. **Consulting Services.** The Consultant shall provide the following consulting services as part its Basic Services under this Agreement:

(1) Consult with authorized employees, agents and/or representatives and consultants of the City and as required or as requested by the City, to develop and complete the design phase, construction phase, and construction administration phase services of the Project.

(2) Review and validate furniture, fixture, and equipment required by City.

(3) Review program requirements, site surveys, existing record documents, seismic data, mechanical, geotechnical, and other test reports, environmental documents, and any other documentation furnished by the City. From an examination of the site and a review of available information and based on its experience and training, the Consultant shall determine whether such data are sufficient for purposes of design or whether additional data are needed and, if so, recommend to the City in as timely a fashion as possible the manner in which it may be provided and needed services obtained to avoid any delay that could otherwise occur. Consultant is entitled to reasonably rely upon the accuracy of the services, information,

surveys, and reports provided by City or any its subcontractors or consultants but shall review the same in accordance with the Standard of Care.

4.4.1. **Sub-Consulting Services.** Contract for or employ, at the Consultant’s expense within the Basic Services fee, Consultant’s employees, and Consultant’s subconsultants as may be necessary or required for the Consultant’s specific scope of work excluding the work of BOA and BOLA, and their respective engineers and consultants including, but not limited:

(1) Associate Architect, Fire Training Facility Subject Matter Expert, Structural, Mechanical, Civil, Electrical, Plumbing, Fire Sprinkler and Acoustic Engineers; LEED consultant, Industrial Engineer, Cost Consultant, Code Compliance/Fire Life Safety Consultant and Fire Protection, AV, Telcom, Security & Low Voltage Technology; Lighting Design, Energy Modeling, Specifications, Waterproofing Systems; Elevator Systems; Graphics and Signage consultants; and other specialty consultants as may be necessary for complete design, or criteria design package as indicated by the City, of the Project; all parties shall be licensed by the State of California if so required. The Consultant shall submit any proposed changes to the subconsultants listed in Attachment 3 to the City for its approval.

(2) The City has elected to use the following Consultant subconsultants (Shared Subconsultants) for work managed by BOLA on Scopes A & C. The Shared Subconsultants will submit separate fee proposals and invoice separately for Scope A and Scope C work in addition to a separate fee proposal for Scope B work. The Shared Subconsultants will submit separate fee proposals and invoice separately for Scope A and Scope C work in addition to a separate fee proposal for Scope B work.

Shared Subconsultants	Discipline	Scope of Wok
Abercrombie Planning & Design	Subject Matter Expert	All Scope A & C work
AR Green Consulting	LEED	All Scope A & C work
BKF Engineers	Civil Engineer	All Scope A & C work
Clearstory Inc.	Signage & Graphics	All Scope A & C work
Cumming Management Group, Inc.	Cost Consultant	All Scope A & C work
Guidepost Solutions, LLC.	Low Voltage, Electronics, Security Systems	All Scope A & C work

4.5. **Designation of Key Employees and Consultants**

(1) The Consultant’s team members, including key employees and consultants, shall remain in charge of the professional services for the Project, as long as their respective performance continues to be acceptable to the City. A list of the Consultant’s team members with their key employees and Attachment 3.

(2) **Maintenance of Key Personnel Involvement.** The Consultant commits to maintaining the continuous involvement of the designated and approved key employees for the entire duration of the Project through the Construction Administration Phase. Absent the death, physical or mental incapacity or departure of the key employees from their respective firms, or the dissolution of their respective firms, or approval in writing by the City to

a different commitment, the key employees have committed to provide their percentages of involvement for each phase as described in Attachment 3. The Consultant and the City are both fully aware that change in key personnel on a project can result in great detriment to the Project. Accordingly, any request by the Consultant to change the amount of the key personnel's involvement shall be made with sixty (60) days prior written notice and any approval or denial of such request shall be at the sole discretion of the City and not subject to challenge by the Consultant. The City reserves the right to audit the key employees' time records if there are concerns about the time commitments of the employees identified in Attachment 3.

(3) **Substitution of Key Personnel.** Because the evaluation of Consultants' Proposals was largely based on the qualifications of key personnel and because a change in key personnel on a project can result in great detriment to the project, the Consultant agrees to maintain the continuous involvement of the designated and approved key employees for the entire duration of the Project through the Construction Administration Phase. Consultant shall not substitute key personnel or change the amount of the key personnel's involvement as described in Attachment 7 without the prior written approval of the City. Requests for approval of substitutions shall be in writing and made at least thirty (30) calendar days prior to the proposed substitution. Such notification shall include a detailed explanation of the circumstances necessitating the proposed substitution, a complete resume for the proposed substitute, and any other information requested or needed by the City to approve or disapprove the request. Proposed substitutes must have qualifications that are equal to or higher than the key personnel being replaced. The City shall evaluate such requests and promptly notify the Consultant in writing whether the proposed substitution is acceptable. Approval or denial of such request is at the sole discretion of the City. The City reserves the right to audit the key employees' time records if there are concerns about the time commitments of the employees identified in Attachment 3. Failure to notify City prior to substitution of key personnel may result in City withholding payment(s) due.

(4) **Additional Staff.** The Consultant will assign additional staff as needed to complete all the services required by this Agreement at no cost to the City.

4.6. **Collaboration with CMGC.** The Consultant, its officers, agents, employees, subconsultant, consultants and any other persons or entities for whom the Consultant is responsible, shall provide all of the services required under this Agreement in a manner consistent with the CM/GC Contracting method. Among other things, this will require the Consultant, at no additional cost to the City, to:

(1) Work closely with the CM/GC and its team during the pre-construction and construction phases of the Project and coordinate its work vis-a-vis the design with the services required of the CM/GC in its contract with the City, and

(2) Prepare plans and specifications for discrete portions of the work as described in 1.1.4 or in the sequences that the Consultant and the CM/GC reasonably agree are appropriate for the timely completion of the Project. The CM/GC will use the plans and specifications to prepare separate trade packages for all the subconsultant who will construct the Project. Trade package may be awarded concurrently with other trade packages or individually, at different points in time, which may result in the Consultant completing portions of the design after commencement of construction of the Project and/or providing construction phase services before completion of all design phase services.

(3) The CM/GC will join the City team at the initiation of the Design Development Phase and provide Design Assist services to the Consultant team and City throughout the project. Design Assist services includes the provision of independent construction cost estimates, peer reviews, constructability reviews, and QA/QC reviews of the Consultant's, BOA's, and BOLA's DD, and CD documents.

(4) Construction staking and construction phase survey services and coordination shall be by CM/GC.

4.6.1. **Communication with CM/GC and City.** The CM/GC and its Subconsultants will, among other things, perform pre-construction and construction phase services including design assistance and review. The City retains the CM/GC solely for the City's benefit. The services rendered by the CM/GC will not operate to change or reduce the Consultant's responsibilities under its Agreement with the City. The Consultant may communicate directly with the CM/GC, but the Consultant shall promptly copy the City on all written communications between the two and promptly confirm in writing to the City the substance of all material, oral communications between the two. In no event shall the Consultant issue any communication directing changes that impact time, cost, or quality (including, but not limited to substitutions) for the Project without express written authorization from the City. This mode of contracting is also described in §6.68 of the San Francisco Administrative Code.

4.6.2. **Coordination with CM/GC and its Subcontractors.** The Consultant shall coordinate its work with the CM/GC and its subcontractors, and collaborate with each of them in a manner consistent with the Construction Manager/General Consultant Mode of Contracting as defined herein. The Consultant shall use and manage BIM applications and methods as an integral part of this effort, as described in the BIM Management Plan and Delivery Matrix. The Consultant shall participate in meetings and workshops with the CM/GC and its team for purposes of design coordination and design review for accuracy, constructability, and value engineering. BOA and BOLA shall separately coordinate its work with the CM/GC and its subconsultants and collaborate with each of them in a manner consistent with the CM/GC Mode of Contracting defined herein.

4.6.3. **Coordination of Design Team.** Commensurate with the standard of care, the Consultant shall coordinate its work with the work of all its consultants to produce comprehensive, complete, coordinated, and accurate drawings and specifications. The Consultant shall use and manage BIM applications and methods for all portions of the Project. BOA and BOLA will be solely responsible for the coordination of all its consultants to produce comprehensive, complete, and coordinated and accurate drawings and specifications for its Scope A and Scope C work. CM/GC will be solely responsible for the coordination of its Design/Build Trade Contractors, to produce comprehensive, complete, coordinated, and accurate drawings, and specifications for their work.

4.7. **Consultant Communication and Documentation.**

4.7.1. **Coordination with the City.** The Consultant and key members of its design team shall meet bi-weekly with the Program Director, Project Manager, Project Architect, the City staff, consultants, and others as directed by the Program Director and Project Manager so as to keep the design and/or construction on budget and on schedule. Design Team includes

the Consultant's Key Employees and consultants assigned to work on this Project as described in Attachment 3 of this agreement.

(1) The Consultant shall assist in establishing a means of electronic communication using the mutually agreed to software or equivalent software program employed by the City, and fully participate in the City's effort to develop electronic files for this Project.

(2) The Consultant shall assist the Program Director and Project Manager in developing requests for proposals and/or requests for qualifications to acquire additional professional services from specialized consultants that the City deems necessary for the successful completion of the Project.

4.7.2. **Coordination with Public Agencies and Public Utilities.** The City shall lead the Public Agency and Public Utility Permit Application Process. Consultant shall assist in coordination of subconsultants with the City and the City's agencies, including the Fire Department, and all other state and federal public agencies and/or utility providers and Fire Training Facility operations staff as necessary to identify design requirements that affect the Project, review designs, and obtain agency and/or utility provider approvals. Where engineering designs would be prepared by such agencies and utility providers, assist in coordination of their designs with the Project, and incorporate their designs into the Construction Documents and/or Contract Documents.

(1) **Coordination with San Francisco Departments:** Assist in coordination of subconsultants with departments of the City and County of San Francisco as necessary to determine relevant City requirements, develop and review designs, and obtain required City approvals. Such departments include, but are not limited to, the Department of Public Works, Department of Environment, Department of Building Inspection, and Redevelopment Agency (currently known as Office Community Investment and Infrastructure (OCII)).

4.7.3. **Meetings with the City and Others.** The Consultant shall attend meetings concerning the Project with the City, CM/GC, and others as necessary, including the following, to the extent required:

(1) Client and Team Meetings and Charrettes: Attend meetings to review and validate the design bridging documents and develop and coordinate the design.

(2) City Departments and their Staff including the Department of Public Works, and Planning Department: The purpose of these meetings will be to assist the Program Director and Project Manager to present design concepts, solicit comments and answer questions, and report on the progress of the Project.

(3) City agencies including SF Fire Department, Department of Building Inspection, Current Planning, PUC, and other agencies: Attend meetings primary design led to coordinate and obtain comments, permits and approvals.

4.8. **BIM Management and Coordination Plan for City Project**

4.8.1. Consultant provides BIM Management solution for all disciplines involved in the Project except for consultants not producing Revit based CAD drawings. This includes but not is not limited to BIM strategic planning, staff communications, development of

standard documents and templates for Revit, plan the model structure, reviewing and auditing Models.

4.8.2. **Use of BIMs.** The Consultant shall develop, manage, and maintain multi-dimensional design BIM's and reports, integrating information from engineering disciplines to collaborate and fully coordinate the design and construction features as described in the BIM Management Plan and Delivery Matrix. The Consultant shall provide such models to the CM/GC for purposes of verifying constructability, compatibility, and compliance with design intent. The Consultant shall consult with the CM/GC and provide the CM/GC an opportunity to review and comment upon all designs, drawings, models, and other materials developed by the Consultant. The Consultant shall incorporate into the Design BIM and Construction Documents constructability refinements resulting from the interactive collaboration with the CM/GC including accepted value engineering proposals. Before starting work on the project, Consultant shall develop BIM Execution Plan (BxP) and Model Development Matrix (**see Attachment 4**) based on the *AIA Document E2002 - 2022 BIM Exhibit for Sharing Models with Project Participants*. As soon as CM/GC is on board, BxP shall be revised to reflect CM/GC's involvement in the BIM workflow. City shall review and approve initial documents and subsequent changes. *AIA Document E2002 - 2022 BIM Exhibit for Sharing Models with Project Participants*, which will be used to specify the level of detail required in the Design, CM, and As-Built BIMs) and the system development level at agreed upon milestones. The Consultant is not expected to prepare standalone Construction Documents and Specifications for each trade package. While the CM/GC is responsible for preparing the trade packages, and securing respective permit approvals, the Consultant will cooperate with the CM/GC and provide design assistance and coordination that is required to timely prepare the trade packages and subcontracts for bid and/or negotiation and award.

4.8.3. **Use of CM BIM.** The CM/GC will develop, manage, and maintain a multi-dimensional CM BIM or BIM's during construction to collaborate with the Consultant. The CM/GC provide ongoing clash detection using BIM. The CM/GC shall utilize the CM BIM(s) to verify constructability and to develop cost estimates, sequencing plans, and schedule. The CM/GC shall consult with the Consultant to review the outcomes of the BIM clash detection reports regularly, and at minimum two weeks prior to the completion of each Design Phase, and comment upon designs, drawings, models, and other materials developed by the Consultant.

4.8.4. Nothing in the foregoing shall create any contractual relationship between the City and any consultants employed by the Consultant under the terms of this Agreement. The Consultant is as responsible for the performance of its consultants as it would be if it had rendered these services itself. The Consultant's services are intended for the sole benefit of the City and are not intended to create any rights or benefits to third parties.

4.9. **Quality Assurance/Quality Control.** Quality Assurance/Quality Control (QA/QC) are the responsibility of the Consultant, and shall be rendered as defined in [Appendix F]. The Consultant shall provide the City the QA/QC plan the Consultant intends to utilize for the Project for approval by the City. At the indicated percentage of completion shown as milestone dates of each phase, the Consultant shall provide to the City documentation that evidences the completeness of the QA/QC activity for that phase. The review and acceptance by the City of this documentation is, in part, a necessary precondition for establishing the completion of the phase and the approval to continue on to the next phase.

4.10. The City Cost Change Control Procedure

4.10.1. During all phases of the Project, the Consultant shall cooperate with the City and the CM/GC to control design and scope changes that could affect the cost of the Project. The Consultant shall comply with a Cost Change Control Procedure to be established by the City for the Project. The Cost Change Control Procedure is intended to serve several purposes, including:

- (1) Assuring that the Project requirements are met,
- (2) Assuring timely and regular estimates of construction costs as the design is developed to ensure that these costs remain within the FCBL,
- (3) Assuring that all proposed changes to the design include an analysis of the cost impact of those changes,
- (4) Avoiding unnecessary re-design work by the Consultant, and
- (5) Avoiding unnecessary additional costs to the CM/GC or the City.

4.10.2 The Consultant shall promptly inform the City of any proposed changes to the design or to the scope of the Project, that would, in the Consultant's opinion, affect the estimated (whether increased or decreased) construction cost for the Project. The Consultant shall review with the City the benefits as well as costs of the proposed changes. For each significant proposed change, the Consultant shall submit to the City a completed Change Request Form, (provided by the City), that describes the proposed change and analyzes the impact the change is likely to have on the cost to build the Project. Should the proposed change increase the estimated cost of the Project, the Consultant shall cooperate with the City to identify other changes to the Project that could reduce and/or offset the cost of the proposed change.

5. Design Phases

5.1. The following design phase requirements describe the Consultant's Scope B responsibilities for the design of its specific project components only and does not apply to the provision of services for the design of Scopes A and C elements prepared by BOA or BOLA.

5.1.1. Upon execution of the Agreement the City will issue a separate Notice-to-Proceed (NTP) authorizing the Consultant to perform design services for each design phase of the Project as set forth below in and as applicable by Program increments. The parties understand and agree that those services delineated in Attachment 3 are to be performed only upon the written NTP by the City. While the City intends to authorize the Consultant to provide the Design Services described below and in Attachment 3 the City shall do so only when (a) sufficient funds for such services have been appropriated in accordance with the budget and fiscal provisions of the City and, (b) the City, in its reasonable discretion, without waiving any rights, has found that prior services of the Consultant to date have been adequately performed and completed.

5.1.2. The Consultant must obtain design review approval for each design phase. The City is not obligated to pay Consultant for 100% complete services attributable to a design phase until the Consultant has obtained design review approval for the preceding phase. Design services shall be invoiced monthly based on a percentage of completion basis.

(1) The Consultant shall Create a systems checklist for selection and approval of systems to be included in the Project such as utilities, mechanical, electrical, communication, and security systems, and other relevant systems and equipment, including the coordination and management of required LEED certification documentation.

(2) The Consultant shall Update strategy and goals for achieving minimum of LEED Gold v. 4.1. Assist the City with registering the Project with the U.S. Green Building Council (USGBC).

(3) The Consultant shall Prepare a report with narrative description of all Scope B components and facilities in the Project, code requirements, including the general types of construction by architectural and engineering disciplines, furnishings, equipment, outline specifications and preliminary seismic, Title 24 disability access, energy, mechanical and electrical load calculations and operating costs and the City, state, and federal disabled access features. Include a list of recommended finish materials and colors.

5.2. Program Verification/Concept Design Phase

5.2.1. Based upon the approved Phase 2 Program dated March 2, 2023, findings, Consultant will prepare alternative approaches to design and construction of the Project, including the feasibility of incorporating environmentally responsible design approaches consistent with achievement of the LEED Gold Sustainable Design Objective. Consultant and BOA and BOLA shall reach an understanding with SFFD regarding the overall requirements of the Project. Scope this phase includes:

(1) Prepare an overall (Scopes A, B & C) conceptual site plan. Showing street scape, building blocks, parking garage or on-site parking, driveways, proposed site amenities and building support spaces. (No less than three concepts.)

(2) Prepare overall floor plans for each Scope B floor level. Showing Scope B occupied buildings, live fire training props a simulation training structure including circulation paths, corridors, vertical circulation (stairways and simulated elevator.)

(3) Prepare conceptual floor plans for each Scope B program element. (Up to three refined, fully developed concepts).

(4) Prepare conceptual exterior elevations. (Up to three concepts).

(5) Provide building/site sections.

(6) Prepare program stacking diagrams.

(7) Prepare massing models for each concept.

(8) Incorporate BOA prepared Scopes A and C elements into overall site master plan and massing model.

(9) LEED meetings and coordination, collect catalog cut-sheets of new owner-furnished equipment if any.

(10) Prepare narrative for program descriptions, fire training requirements report, and site analysis report.

(11) Written Design Criteria Narrative

(12) Coordinate work of A/E Team and BOA/BOLA

5.2.2. Prepare Concept Design Phase Construction Cost Estimate: Consultant shall prepare a construction cost estimate at 100% Concept Design and reconcile that estimate with the independent construction cost estimates prepared by the City.

5.2.3. **Cost Estimating.** The following construction cost estimates shall be provided by the Consultant. 100% Program/Concept, 100% Schematic Design, 100% Design Development, 50% Construction Documents and 95% Construction Documents. Consultant's cost consultant shall attend construction cost meetings and provide services to reconcile the independent construction cost estimates prepared by the City or CM/GC at each cost milestone. VE services after 50% Construction Documents are an Additional Service per this contract.

5.3. Schematic Design Phase (SD)

5.3.1. Based upon the approved conceptual design and budget, Consultant shall prepare Schematic Design Documents for the City's approval. The Schematic Design Documents will consist of drawings and other documents, including site plan, preliminary building plans, sections, and elevations; and may include some combination of study models, perspective sketches, or digital modeling. Preliminary selections of major building systems and construction materials will be noted on the drawings or described in writing. Consultant will coordinate and incorporate the work of BOA and BOLA into the Schematic Design Documents. Scopes A and C documents shall be separately prepared and coordinated by City.

(1) **Pre-design meeting:** The design team shall meet with the City and SFFD to discuss various issues of the project prior to starting the schematic design phase. (Architectural, SME, structural, civil, landscape, cost estimator, sustainable LEED, acoustical, mechanical, and electrical to attend). Design Criteria Documents: Consultant shall prepare separate SD level design criteria drawings and documents for the early core MEP trades and design-build components for review by City.

(2) Prepare Construction Cost estimate at 100% Schematic Design Documents and reconcile that estimates with the independent construction cost estimates prepared by the City.

5.4. Design Development Phase (DD).

5.4.1. Design Development Process

(1) Based the approved Schematic Design Documents and budget and upon receipt of written NTP from the City, Consultant shall prepare Design Development Documents for City's approval. The Design Development Documents will illustrate and describe the development of the approved Schematic Design Documents and will consist of drawings and other documents including plans, sections, elevations, typical construction details, and diagrammatic layouts of building systems to fix and describe the size and character of the Project as to architectural, structural, mechanical and electrical systems, and such other elements as may be appropriate. Consultant will coordinate and incorporate the work of BOA and BOLA into the Design Development Documents. Scopes A and C documents shall be separately prepared and coordinated by City.

(2) The Consultant will advise the City of the sufficiency and appropriateness of the design delineated thus far in the provided documents and identify

opportunities for functional enhancements and/or revisions of purpose and value for the City to review.

(3) Prepare DD Phase design drawings and other documents to fully illustrate and describe the refinement to the design of the Project, establishing the scope, relationships, form, size, and appearance of the Project by means of plans, sections and elevations, construction details typical for this type of project and this type of project delivery, and equipment layouts. The Design documents shall include specifications following CSI Master Format standards that identify major materials and systems and establish in general their quality levels.

(4) Prepare sub trade Design Criteria/Bridging Documents (100% Design Development) to be used as the basis of design by CM/GC for Design/Build MEP sub trade contractors.

(5) Manage, further develop, and maintain multi-dimensional building information models and reports necessary to collaborate and coordinate design and construction features with CM/GC for purposes of verifying constructability, compatibility, and cost. The Consultant shall participate with the City to establish an interactive and integrated design, review, and approval process with the CM/GC. Incorporate into the Design documents the design and constructability refinements resulting from the interactive collaboration with the CM/GC.

(6) The Consultant will be responsible for the preliminary layout, design, and detailing of all furnishing, fixture or equipment that is permanently attached to the Project building by means of adhesives, mechanical fasteners and/or any other device that secures a fixture to the building paid out of public funds or defined areas.

(7) Develop selection and approval of systems to be included in the Project such as Class A fuel and LPG, Class B gas fired props, fire water training hydrant systems, Class A fire water filtration systems, Class B exhaust filtration systems, utilities, mechanical, electrical, communication, and security systems, and other relevant systems and equipment.

(8) Update and modify the format of the Opinion of Probable Construction Cost Estimate submitted for DD phase of Design documents as related to Consultant's disciplines.

(9) Review all Design documents with the City, CM/GC, and revise documents, estimates and schedules as necessary in order to incorporate all of the comments.

(10) Prepare Construction Cost estimates at 100% Design Development Documents and reconcile those estimates with the independent construction cost estimates prepared by the City or CM/GC.

5.4.2. **Design Management and Coordination**

(1) The Consultant to compile, prioritize, organize, and coordinate consultants' reviews.

(2) Actively participate in necessary design meetings and workshops with the City's Program Director, City's Project Manager, City's Architect and CM/GC to secure all approvals from all appropriate stakeholders and authorities.

(3) Actively participate in necessary pre-application meetings, initiated by the City and coordination with agencies such as DBI, Fire, PUC, PG&E, and other reviewing authorities.

(4) The Consultant shall expressly identify and obtain approval from the City prior to including deferred submittal design-build elements in the design, except for those disciplines already indicated in this Agreement as design-build scopes, including mechanical, electrical, and plumbing systems.

(5) Prepare materials to be used in the Project as reasonably necessary to perform Basic Services, to obtain required permits and approvals, and to make presentations to community groups and stakeholders.

(6) Prepare and maintain multi-dimensional (minimum of three dimensions) BIM models and reports necessary to collaborate and coordinate design and construction features with the CM/GC and its Subconsultant for purposes of verifying constructability and compatibility. The parties recognize that the BIM is an interactive tool to aid the Consultant and the CM/GC in their efforts to better coordinate the design and construction of the Project. The Consultant and its designated BIM Manager are responsible for managing the BIM until all necessary approvals have been achieved through bid/award. The CM/GC and its designated BIM manager will assume principal responsibility for managing the BIM thereafter. In all cases, however, it remains the Consultant's responsibility to prepare, (in whatever manner or form the Consultant, in its professional judgment, deems appropriate), all of the documents that are necessary to secure permits from all agencies that have jurisdiction over the Project. BOA and BOLA shall prepare and maintain a separate multi-dimensional BIM model for Scopes A and C program elements utilizing the same BIM Revit program as Consultant and ensure it is fully compatible for inclusion and modeling in the overall site BIM model prepared and managed by Consultant. CM/GC shall prepare all documents that are necessary to secure permits from all agencies that have jurisdiction and approval over early trade bid packages.

(7) Update systems checklist for selection and approval of Scope B systems to be included in the Project such as utilities, mechanical, electrical, communication, and security systems, and other relevant systems and equipment, including the coordination and management of required LEED certification documentation for Scope B elements of the project.

(8) Assist City with updating strategy and goals for achieving minimum of LEED Gold v 4.1. Assist the City with registering the Project with the U.S. Green Building Council (USGBC).

(9) Update narrative report with narrative description of all components and facilities in the Project relating to Scope B disciplines by the Consultant including, code requirements, including the general types of construction by architectural and engineering disciplines, furnishings, equipment, outline specifications and Title 24, energy, mechanical and electrical load calculations and operating. Include a list of recommended finish materials.

(10) The Consultant shall at defined completion milestone conduct its Scope B, QA/QC of the drawings and specification based on its QA/QC plan approved by the City evidenced to show that QA/QC has been implemented.

(11) The Consultant will conduct a review of the Scope B Construction Documents for completeness.

6 Design Changes

6.1 No substantive change shall be incorporated into the design documents unless it has been approved by the City in writing.

6.2 The Consultant shall maintain a Design Change Log of all recommended, pending, approved and incorporated changes for Scope B Work, and submit the Change Log to the City monthly during the design phase beginning with the NTP of Design Development Services.

6.3 The City approval of any change shall not entitle the Consultant to a change in Consultant's compensation, unless approved in writing by the City.

7. Construction Document Phase.

7.1. Upon approval of the Design Development Documents and budget and receipt of written NTP from the City to proceed with the Construction Document Phase, the Consultant shall:

7.1.1. Prepare, from approved Design Development Phase documents, Construction Documents setting forth in detail the requirements for construction of the Project. The Construction Documents shall include all site and building plans, sections, elevations, enlarged plans, and details reasonably necessary to construct the Project as related to Consultant's disciplines. Consultant will coordinate and incorporate the work of BOA and BOLA into the Construction Documents. Scopes A and C construction documents including LEED Gold compliance and specifications shall be separately prepared and coordinated by City. Specifications shall include technical specifications conforming to CSI/MASTERFORMAT standards (50 Divisions), describing technical criteria, standards, and requirements for elements of the Project. Drawings and Specifications shall establish in detail the quality levels of materials, systems and equipment required for the Project.

7.1.2. Manage, further develop, and maintain multi-dimensional building information models and reports necessary to collaborate and coordinate design and construction features with CM/GC for purposes of verifying constructability, compatibility, and cost. The Consultant shall consult with the CM/GC and provide the CM/GC an opportunity to review and comment upon all designs, drawings, and other materials developed by the Consultant during the Construction Document phase. Incorporate into the Construction Documents the design and constructability refinements resulting from the interactive collaboration with the CM/GC including accepted value engineering proposals and value engineering proposals from trade contractors during bidding (see 6.2 Value Engineering Integration Phase). The Consultant is not expected to prepare stand-alone Construction Documents and Specifications for each trade package. While the CM/GC is responsible for preparing the trade packages, the Consultant will

cooperate with the CM/GC and provide all design assistance and coordination that is required to timely prepare the trade packages and subcontracts for bid and/or negotiation and award.

7.1.3. Consultant cost estimate and coordination review services for the early trade bid packages shall be limited to review of quantities and unit costs only.

7.1.4. Participate and assist in the final selection and approval of the Scope B systems to be included in the Project such as utilities, mechanical, electrical, communication, and security systems, and other relevant systems and equipment, including the coordination and management of required LEED certification documentation. The LEED boundary shall be limited to occupied buildings only, unless expanding the boundary improves opportunities to achieve LEED Gold or higher. Continue to monitor and evaluate LEED certification targets including tracking probable LEED point achievements through forecasted LEED Certification Scorecard format.

7.1.5. Prepare Construction Documents, including specifications, in full compliance with all applicable building codes, ordinances, other regulatory requirements, and applicable the City departments and utility providers. Consultant shall assemble and submit final construction documents to all agencies with jurisdiction. As necessary, review construction documents with agencies and revise and re-submit them as required to secure all necessary permits. Coordinate with BOA and BOLA for any required revisions and resubmissions related to their scopes.

7.1.6. The Consultant shall prepare the Scope B Technical Specification Section of the Project Manual as related to the Consultant's Scope B disciplines. City shall provide and coordinate all front-end specifications including Division 01 for the Project Manual with the Consultant's specifications writer. BOA and BOLA shall separately prepare and coordinate technical specifications for Scopes B and C work.

7.1.7. Prepare Construction Cost estimates at 50% and 95% Construction Documents and reconcile those estimates with the independent construction cost estimates prepared by the City or CM/GC. Cooperate and coordinate with the Program Director, Project Manager, Project Architect, and the CM/GC to reconcile any differences with the City's and/or the CM/GC's or its Subconsultants' estimates of construction costs and the FCBL.

7.1.8. If the estimated construction cost at the Construction Documents Phase for any trade package exceeds the initial construction cost estimate for that trade package, the City may, at its discretion: (1) give written approval of an increase in the estimated cost for that trade package provided that the bid or negotiated price for that package is equal to or less than the estimated cost for that package, or (2) if the bid or negotiated price for that trade package exceeds the cost estimate, the City may accept the higher price after reasonable opinion from the Consultant, and in consultation with the CM/GC and Construction Management consultant, that the cost of subsequent trade packages along with the cost of already bid and/or awarded trade packages will not exceed the FCBL. The preparation of early trade bid packages includes the CM/GC's sole responsibility for the application and securing of all permits and approvals. The cost of any VE redesign services after approval of the 50% Construction Documents by the City associated with early trade bid packages shall be an Additional Service.

7.1.9. The Consultant shall participate with the City to establish an interactive and integrated design, review, and approval process with the CM/GC. The Consultant shall

furnish a Drawing and Report Set of all construction documents to the City, including Scope A and C documents separately prepared by BOA/BOLA for approval at 50% and 95% completion, and revise them if required and directed by the City. The Consultant shall not be responsible for the timely performance, accuracy and/or submission of BOA/BOLA Scope A or C, or CM/GC early Trade Bid package work or deliverables.

7.1.10. Unless directed otherwise in writing by the City, the Construction Document phase shall not be considered 100% complete until the Consultant has received all required agency and the City's approvals and/or permits.

7.1.11. The Consultant, all subconsultants, BOA, BOLA and CMGC shall represent, in writing, that to the best of their knowledge, information and belief, the final Construction Documents prepared by Consultant and CM/GC, except for deferred submittals, are complete, fully coordinated and ready for bid, that they have reviewed the drawings in total and that their own work has been coordinated into the Construction Documents. At any time during the Consultant's performance of design services, and upon completion of the final Construction Documents phase, the City may retain architectural/engineering consultants to conduct a peer review of the Construction Documents for constructability and completeness. This peer review, if performed, shall be performed for the benefit of the City and shall in no way decrease the obligation of the Consultant to produce a comprehensive, complete, and accurate set of construction documents including plans and specifications for the Project as required by this Agreement.

7.1.12. The Consultant shall at 50% and 95% completion milestone conduct its QA/QC of the drawings and specification prepared by Consultant based on its QA/QC plan approved by the City evidenced to show that QA/QC has been implemented.

7.1.13. The Consultant will conduct a peer review of the Construction Documents for constructability and completeness.

7.1.14. Assist the City and its CM/GC to coordinate with and secure all necessary approvals from all appropriate stakeholders and regulatory authorities including submitting Site Permit, Building Permit and Addenda, Site Preparation, Foundation and Excavation and Shoring, and Electrical Switchgear.

7.1.15. Upon written approval by the City of the Drawing Set, provide the City with a set of final Construction Documents ready for bidding. Said Construction Documents shall include any previously issued bid packages and documents prepared by BOA and BOLA. Final Construction Drawings and the certification page of the specifications submitted to the City for bidding purposes shall be signed and stamped by the Consultant or its consultants, as appropriate.

7.1.16. Together with its subconsultants and BOA the Consultant shall make presentations to the City and State agencies, stakeholders and community groups as directed by the Program Director or Project Manager.

7.1.17. Provide to the City Program Director, City Project Manager and City Project Architect for his or her review and approval, electronic copies, including PDF files, CAD files, and BIM models, of all compiled complete project drawings sets and complete specifications, draft Drawing Sets, as requested at approved drawing scale.

7.1.18. If requested by the City, assist in the prequalification of sub-contractors to the CM/GC during bidding phase.

8 Construction Phases.

8.1 BOA and BOLA shall be separately responsible for the provision of Construction Phase Services described below for Scopes A and C work as coordinated by Consultant.

8.1.1 The parties understand and agree that those services delineated below as Construction Phase Services are to be performed only upon the written direction of the City. While the City intends to authorize the Consultant to provide the Construction Phase Services, the City shall do so only when (a) sufficient funds for such services have been appropriated in accordance with the budget and fiscal provisions of the City; and (b) the City, in its sole discretion, without waiving any rights, has found that prior services of the Consultant to date have been adequately performed and completed. Upon authorization by the City, the Construction Phase Services become part of Basic Services.

8.1.2 There will be multiple trade packages for the Project, which consist of site preparation package, early sub trade MEP packages and the building package. The CM/GC is responsible for preparing all of the trade packages and securing trade package permit approvals required for LEED Gold approval by USGBC, and to construct the Project. Trade packages will likely be awarded by both negotiation and competitive bid. Some or all of the trade packages may be assembled and negotiated or bid concurrently and/or negotiated or bid separately from other portions. During the preparation, negotiation, or bidding of each trade package, the Consultant shall assist the City and the CM/GC as necessary with clarifying the scope and intent of the trade packages and with the preparation of all necessary addenda.

8.2 **Construction Services.** Construction Services shall consist of the following phases of work.

8.2.1 **Construction Bid / Negotiation Phase.** Upon commencement of the solicitation of bids/negotiations phase by the City, the Consultant shall:

- (1) Participate in and assist the CM/GC and the City with pre-bid conferences, if any, for the construction trade packages.
- (2) Prepare responses to bidders' questions, interpret Construction Documents, evaluate requests for substitutions and prepare addenda for clarifications, and assist the CM/GC and the City as required in responding to bidders' questions.
- (3) Provide the City with electronic originals of all addenda to be issued and provide copies to the CM/GC.
- (4) Assist the CM/GC and the City with reviewing and evaluating all bids submitted and making recommendations for awarding trade subcontracts.
- (5) Following the approval of the Construction Documents, provide as an additional service redesign services as may be required to remain within FCBL. Such redesign services may include incorporating value-engineering proposals made by the CM/GC or any subconsultant and accepted by the City if those are required to bring the Project within FCBL.

(6) Upon award of the trade subcontracts, work with the City to provide a consolidated a Conformed Set of Construction Documents with all addenda, permit plans, accepted bid alternates and construction bulletins incorporated into appropriate specification sections or drawing sheets. Provide the CM/GC and the City with an electronic copy of conformance set "For Construction" Drawing Set and Project Manual including Specifications. BOA, BOLA, and CM/GC shall separately prepare their respective sections of the conformed set and provide BIM files to Consultant.

8.2.2. BIM Management for Design and Construction. The Consultant shall work with the City to develop, manage, and maintain the Design BIM(s) incorporating responses to RFI's, clarifications, ASI's, DDC's and Consultant-issued documents arising from Change Orders to maintain a current As-Planned BIM through a web-based BIM 360 construction management system. The CM/GC shall use the As-Planned BIM to keep current their own CM BIM(s) to verify constructability and costs, sequencing plans, and schedules. At the conclusion of construction, the CM/GC will prepare a BIM reflecting the "As-Built" conditions of the Project based on the Consultant's As-Planned BIM. The AIA E 202 will be used to specify the level of detail required in the model(s).

8.2.3. Value Engineering Services During Bid: The City intends to accept value engineering proposals submitted by trade subconsultant that will lower the cost of the Project. Upon submittal of value engineering proposals during Construction Bid/Negotiations phase and before award of trade package contracts, the Consultant shall:

(1) Assist the City and CM/GC with review and evaluation of the value engineering proposals submitted.

(2) Interpret and assess the proposals and make appropriate recommendations, with supporting documentation and data, to the City and CM/GC for consideration.

(3) Incorporate selected value engineering proposals into the plans and specifications as an additional service.

(4) Value engineering proposals submitted after 50% construction documents and accepted prior to award of trade packages shall be incorporated by the Consultant and compensated as an additional service. Fees to incorporate Value Engineering changes to the design proposed by CM/GC or trade sub-contractors after award of trade packages shall be paid as additional services.

(5) The amounts included for Value Engineering phase is a not-to-exceed allowance, not a lump sum quote. Any unused balance shall be deducted from the Contract Sum and revert to the City.

8.3. Construction Administration Phase

8.3.1. Consultant Responsibilities.

(1) Upon Written NTP from the City to the Consultant to proceed with Construction Administration Phase Services the Consultant shall provide services during the Construction Administration as set forth below.

(2) The Consultant and its subconsultants shall fulfill all duties and requirements pertaining to Consultant of Record and Engineer(s) of Record as required by code.

(3) BOA and BOLA shall be separately responsible for the provision of Construction Phase Services described below for Scopes A and C work. BOA/BOLA shall coordinate with Consultant for the provision of timely and responsive services for the integrated Scopes A, B & C Project during the Construction Phase. CM/GC shall be solely responsible for Construction Phase services for Trade Bid package work.

(4) Compile and update checklists of all testing, equipment startups, submittals, warranties, guarantees, maintenance and operation manuals, extra stock and all other close-out documents that are required of the CM/GC by the Contract. CM/GC shall independently maintain its own checklist and provide an updated list on a monthly basis to the City and Consultant. Consultant shall review the CM/GC's monthly list during the course of construction and provide a final status report of the CM/GC's performance for this requirement by the end of construction.

(5) Work with City to prepare, submit, and administer final LEED certification documentation as required by the U.S. Green Building Council (USGBC).

(6) The CM/GC shall be solely responsible for scheduling, purchase, and installation of long lead items necessary for the orderly progress of the work. Late acquisition of materials may impact the timely completion of the project. Any delays associated with the late ordering or acquisition of materials or services by the CM/GC shall be the sole responsibility of the CM/GC.

8.3.2. Submittals and RFIs.

(1) Unless otherwise agreed by the City, the Consultant shall review, approve or otherwise act upon RFIs and mock-ups within an average of ten (10) working days and no more than fifteen (15) working days, and submittals, shop drawings and substitution requests within an average of ten (10) working days and no more than fifteen (15) working days. If the Consultant expects that the review of any materials and/or communications will oblige longer than a fifteen 15-day consideration, the Consultant shall notify the City and CM/GC in writing within five (5) days of the receipt of the pertinent documents stating the reasons why a delay is expected, and what actions it intends to take to ensure the timeliest response practicable. The construction specifications will be prepared to require the CM/GC to prepare all necessary design documentation to support its substitutions or value engineering proposals.

(2) Should accelerated review of submittals or RFIs be necessary to allow for the early buy out of subcontracts or placement of material orders due to product scarcity, manufacturing or logistic delays, the CM/GC, the City and Consultant shall develop a prioritized "Hot" RFI or Submittal Review process. Hot RFIs will be reviewed first, pushing reviews of lower priority RFIs or submittals back into the schedule. Review of lower priority RFI's beyond the contractual review durations due to the implementation of the Hot RFI process shall not be deemed to be "late" or contribute to a claim of delay on the part of the CM/GC or City.

i. If more than 5 RFIs are submitted per day (more than 25 RFIs per week), the Contractor shall prioritize RFIs responses needed based on most to least critical. Due dates based on fifteen (15) day duration will be adjusted accordingly.

ii. The CM/GC shall be solely responsible for scheduling, purchase, and installation of long lead items necessary for the orderly progress of the work. Late

acquisition of materials may impact the timely completion of the project. Any delays associated with the late ordering or acquisition of materials or services by the CM/GC shall be the sole responsibility of the CM/GC.

8.3.3. Supplemental Drawings and Specifications. As directed by the City the Consultant shall assist the City to prepare and distribute electronically supplementary drawings and specifications for Scope B work in response to RFIs, or as otherwise required to clarify the design intent of the Construction Documents, or to document Change Orders and Construction Change Directives by the City as related to subconsultants. The Consultant shall respond to the CM/GC's requests for information; provided, however, that the Consultant is not required to provide information that is already reasonably available to the CM/GC from a careful study of the Contract Documents, field conditions, or prior Project correspondence or documentation. The City will prepare and effect any required contract modifications and change orders.

8.3.4. RFIs and Change Orders Review and Categorization. The CM/GC shall first review all RFI's and submittals for accuracy, completeness, and justification prior to submitting to Consultant. The CM/GC shall review, categorize all Requests for Information (RFIs) and Change Orders (COs) by cause, and so advise the Consultant. This will assist the City in tracking the amount and percentage of additional costs incurred attributable to, for example, City requests, Consultant errors, Consultant omissions, hidden obstructions, unforeseen conditions, Contractor errors, other Contractor generated conditions, and new regulatory mandates. The Consultant shall indicate in writing whether it concurs with or objects to how the CM/GC categorizes each RFI or CO and shall recommend for the City's consideration any change to the category assigned. No categorization by cause by the CM/GC shall be deemed the City's admission or assignment of legal responsibility or liability on the Consultant. For example, the CM/GC designating an RFI or CO as caused by "architect errors" or "architect omissions" is the opinion of the CM/GC and not an admission by the Consultant that the error or omission was caused by the negligence of the Consultant.

8.3.5. The Consultant shall prepare drawings incorporating responses to RFI's and other clarifications related to Consultant's Scope B disciplines.

8.3.6. At no cost to the City, the Consultant shall update the Construction documents, including BIM model, to reflect Consultant's Scope B responses to RFIs and other changes issued.

8.3.7. Site Visits and Reporting. The Consultant and its subconsultants shall make one visit to the Project site each week as appropriate to the stage of construction or as otherwise directed by the City to: (1) become generally familiar with and to keep the City informed about the progress and quality of the portion of the Work completed; (2) to identify defects and deficiencies in the Work; and, (3) to determine in general if the Work is being performed in a manner indicating that the Work when fully completed, will be in accordance with the Construction Documents. These visits are not to be construed to require supervision or inspection, and the Consultant shall not be required to make exhaustive or continuous on-site observations of the Work. The Consultant shall prepare a written report of each weekly site visit and shall advise and report to the City in writing of any deviations from the Contract Documents, non-conforming items or issues of concern observed during such visits. Review of the CM/GC job site safety measures will be NIC to all field reports.

8.3.8. **Construction Meetings and Coordination.** The Consultant shall attend one construction meeting per week and related other Project meetings throughout the construction phase as requested by the City, the Program Director, Project Manager, or the CM/GC. Attendance at construction meetings can be virtual or in person. The Consultant shall require that its subconsultants make such visits and attend Project meetings when appropriate to observe the progress of work designed or specified by them. The City shall provide a full-time, onsite Inspector of Record (IOR) for this project. It is understood that the City will be responsible for providing day-to-day field inspection services and shall cooperate and coordinate with the Consultant in matters pertaining to the Consultant's work. The Consultant and its subconsultants shall coordinate and cooperate with the City to time its visits jointly to observe and discuss the CM/GC's field work and installation to reduce duplication of work by both the CM/GC and the Consultant.

8.3.9. **On-Site Additional Services.** The Consultant shall provide, as part of additional services, as-needed support in an on-site office provided by the CM/GC. Other subconsultants, as defined in Attachment 2 for Scope B Consultants representing specialty services are required to perform similar as-needed on-site additional services for periods agreed-to between the Consultant and the City, and it is the Consultant's responsibility to coordinate the availability of other consultants and schedule such on-site services as necessary for the timely progress of the Work.

8.3.10. The Consultant shall interpret the Contract Documents and advise the City of all decisions rendered. The Consultant shall provide its interpretation electronically in written or graphic form. Interpretations by the Consultant shall be consistent with the intent of and reasonably inferable from the Contract Documents.

8.3.11. The Consultant acknowledges that the City is using the Construction Manager/General Contractor mode of contracting to construct the Project. There is no certainty that the trade subcontractor(s) who is (are) awarded subcontracts will cooperate willingly with the contract documents. The Consultant acknowledges that as a result, it may encounter varying amounts of administrative difficulties during the construction phase of the Project. The Consultant is eligible for additional compensation for these administrative difficulties if the City in its reasonable discretion determines that the amount of time spent in responding is appropriate to the level of effort necessary to resolve the issue.

8.3.12. Review and advise the City when requested on claims, disputes, and other matters in question between the CM/GC and the City relating to the interpretation of the Contract Documents or proposed changes to them.

8.3.13. The Project delivery method that is incorporated into this Agreement and the City's Agreement with the CM/GC, contemplates collaboration and open communication between the Consultant, BOA/BOLA, and the CM/GC during all phases of the Project. The Consultant will not, however, offer any directive or communication, nor make any agreement with the CM/GC that affects the design, construction, or cost of the Project without first obtaining approval from the City's Program Director, Project Manager and Project Architect. Communications by and with the Consultant's consultants shall be through the Consultant.

8.3.14. The Consultant shall assist the City with evaluating progress payment requests from the CM/GC by reviewing the baseline Schedule of Values prepared by the CM/GC for sufficient detail, such as by specification section, floor, and space segmentation.

8.3.15. The Consultant shall review the CM/GC's payment applications for relative degree of completeness of Scope B work, BOA/BOLA shall review for Scope A and C work, and they shall recommend to the City whether it should certify as complete any of the work that is the subject of the application. The Consultant's recommendation to pay any of the amounts requested shall constitute the Consultant's representation that (1) it has observed and evaluated the work at the site as provided in Article 8.3.7 above, (2) it has reviewed the data in the CM/GC's application for payment, and (3) the work has progressed to the point indicated on the request for payment and that to the best of the Consultant's knowledge, information and belief, the quality of the work is in accordance with the Contract Documents. The foregoing representations are subject to an evaluation of the work reasonably observable for conformance with the Contract Documents relative Substantial Completion, to results of subsequent test and inspections, to minor deviations from the Contract Documents correctable prior to completion and to specific qualifications expressed by the Consultant. The Consultant's representation to issue a certificate for payment shall constitute a further representation that the CM/GC is entitled to payment in the amount certified. However, the recommendation to issue a certificate of payment is not a representation that the Consultant has (1) made exhaustive or continuous on-site inspections to check the quality or quantity of the work; (2) reviewed construction means, methods, techniques, sequences or procedures; (3) reviewed copies of requisitions received from subconsultant and material suppliers and other data requested by the City to substantiate the CM/GC's right to payment; or (4) ascertained how or for what purpose the CM/GC has used money previously paid.

8.3.16. The Consultant shall advise the City to reject work that the Consultant believes in good faith does not conform to the Contract Documents. Whenever the Consultant considers it necessary or advisable to implement the intent of the Contract Documents, the Consultant will advise the City to require additional inspection or testing of the work in accordance with the provisions of the Contract Documents, whether such work is fabricated, installed, or completed. The City shall make the final determination whether to reject work, require additional testing, or require other corrective actions by the CM/GC.

8.3.17. The Consultant shall review results of testing and special inspection procedures that are required by the construction Contract Documents and report its comments to the City. The Consultant shall advise the City on special testing and/or inspection that may arise due to field conditions or as requested by appropriate authorities. It is understood that separate contracts for testing and special inspection consultants, laboratories or agencies will be arranged by the City. Attend inspections with appropriate consultants when requested to do so by the City.

8.3.18. The Consultant shall review and advise the City as to the approval of substitutions proposed by the CM/GC, including advice as to whether accepting the proposed substitutions would deviate from the approved design intent or, expose the City to added operations cost for the finished Project or require substantial revision to the Contract Documents. If, in the City's judgment, the Consultant is required to substantially revise documents in order to accommodate substitutions or equals, the City will compensate the Consultant as Additional Services, provided that the need to revise the documents was not caused by the Consultant's negligent errors or omissions.

8.3.19. The Consultant shall Review Scope B shop drawings, samples, wiring, and control diagrams, schedules and lists of materials and equipment, and other descriptive data

pertaining to specified materials, equipment and storage thereof that the CM/GC is required to submit for the City's approval, and recommend whether to approve.

8.3.20. The Consultant shall Review Scope B documents and materials that the CM/GC is required to submit for conformance with the design intent of the Work and with the information given in or inferable from the Contract Documents. Such review shall be made by the Consultant upon receipt from the CM/GC of submittals that have been dated, signed, and approved by the CM/GC, except where otherwise directed by the City. The Consultant may note the exceptions taken or not taken, the corrections necessary, and the re-submittals required, and will return the documents or materials with such notations to the CM/GC as directed by the City. Review and action on an item that is a component of an assembly or system shall not necessarily apply to the entire assembly or system. In its agreement with the CM/GC, the City will include a provision (such as clause 4.2.7 for AIA Document A201, 1987 edition) specifying that the Consultant's review of the CM/GC's submittals does not alter the CM/GC's responsibility for errors and omissions in such submittals.

8.3.21. The provision of more than two reviews by the Consultant of incomplete or inaccurate editions of "Revise and Resubmit" submittals or RFIs prepared by the CM/GC, or its subcontractors shall be an Additional Service.

8.3.22. The consultant will be required to provide only two punchlist walks, preliminary and final. Provision of additional punchlist reviews shall be an additional service. After compilation of the final punch list by the CM/GC, the Consultant, in conjunction with the CM/GC, will verify the final punch list, recommend changes, participate in site visits to determine and track the status of the acceptability of all punch list items, participate in the final review of the Project and advise the City as to the approval of work performed by the CM/GC.

8.3.23. The Consultant shall assist the City, CM/GC and/or Commissioning Agent in arranging for building commissioning, start-up, and testing, adjusting and balancing and the coordination of operational testing and proper functioning of all installed Scope B equipment, and any building commissioning that may be required related to applications by the City for LEED certification.

8.3.24. The Consultant shall at all times have access to the work and the Project site.

8.3.25. The Consultant shall not have control or charge of and shall not be responsible for construction means, methods, techniques, scheduling, sequences or procedures, for safety precautions and programs in connection with construction of the Project, for the acts or omissions of the CM/GC, its subconsultant or any other persons performing any of the work on the Project (unless directly employed or retained by the Consultant), or for the failure of any of them to carry out the work on the Project in accordance with the Construction Documents.

8.3.26. The Consultant shall not have the authority to stop the work unless specific authorization has been granted in writing by the City.

8.3.27. All Scope B design-build systems, except for those indicated in this Agreement as CM/GC Trade Bid packages submitted by the CM/GC shall be reviewed by the Consultant in a timely manner for conformance with the intent of the design drawings and specifications. The CM/GC shall remain responsible for compliance with the design-build requirements of its Trade Bid subcontractors.

9. Warranty Phase

9.1. Consultant shall be responsible for the revision of Warranty Phase Services for Scope B only. CM/GC shall be separately responsible for the provision of warranty work for Trade Bid Packages.

9.2. The Consultant shall assist the City and City’s maintenance and operation personnel in conducting warranty inspections for Scope B work during the warranty period following Final Completion as set forth below:

(1) The Consultant shall observe and review the condition of completed Scope B work and provide assistance to the City to develop a list of corrective warranty work and a schedule for completion for systems, components, equipment, and finishes that have failed to meet the specified performance criteria or the terms of specific product warranties during the warranty period following Final Completion.

(2) The final warranty inspection shall take place no earlier than the eleventh month following Final Completion and no later than the twelfth month following Final Completion.

(3) If Scope B systems, components, equipment, and finishes fail to meet the specified performance criteria or the terms of specific product warranties at any time prior to the final warranty inspection, the Consultant shall observe and review the condition of completed work and provide assistance to the City to develop a list of corrective warranty work and a schedule for its completion.

10. Additional Services

10.1. **Definition.** As defined in Article 1 Definitions, Additional Services are services in addition to the Basic Services of this Agreement. The Consultant shall not proceed with any Additional Services without the prior written authorization of the City. The written authorization to perform Additional Services must include a statement describing the services as Additional Services. In the event the City believes certain services to be part of Basic Services which the Consultant contends are Additional Services, the Consultant shall not perform such services until (a) the Consultant provides the City with written notice of the contention with factual support, and (b) the City then instructs the Consultant in writing to proceed, in which case the Consultant shall perform the services required and pursue any monies or other compensation which it believes it is owed, by filing a claim with the City and/or pursuing any other available remedies, and

10.2. Additional Services include but are not limited to the following:

- (1) Preparation of more than three separate bid packages
- (2) Financial feasibility studies.
- (3) Preparation of Record Drawings
- (4) Value engineering services after approval of 50% construction documents
- (5) Multiple reviews of the CM/GC’s Revise and Resubmit RFI’s or Submittals

- (6) Office systems furniture design, specifications, or procurement.
- (7) Preparation of Fire Department movable equipment, specifications, or procurement
- (8) Revisions to design drawings associated with undiscovered subsurface of soils conditions.
- (9) Punchlist Reviews in excess of preliminary and final punch list, job walks, and documentation.

10.3. Services for future systems and equipment that are not intended to be constructed or provided for during the Construction Administration Phase. However, provisions for advances in computer technology (e.g., software upgrades) are to be made as part of Basic Services.

10.4. Detailed quantity surveys or inventories of material, equipment, furnishings, and labor.

10.5. Services required in connection with construction performed by others that is not part of the Project work, except as indicated in the Agreement.

10.6. Providing consultation concerning replacement of any work damaged by fire, weather, vandalism, theft, or other cause during construction and furnishing services as may be required in connection with the replacement of such work.

10.7. Providing services made necessary by the default of the CM/GC, or by major defects or deficiencies in the work of the CM/GC, or otherwise caused by the CM/GC or others during construction, excluding the Consultant's consultants or employees.

10.8. Preparing design and construction documents for procurement or manufacture or creation of artwork that is to be incorporated in the Project as an integral building or site element, beyond those services necessary to coordinate the design and structure of the building or site to accommodate the installation of such artwork.

10.9. Providing services after Warranty Phase completion unless such services are required as a result of the Consultant's negligent error or omissions.

10.10. Providing services, consultants, or scope of work not stipulated as included in this Agreement, and not customarily provided as part of the Consultant's Basic Services, which includes but is not limited to:

- (1) Preparation of our support services for Amendments to the approved CEQA documents.
- (2) Shadow study, wind studies, noise analysis, AB-32 carbon footprint analysis, traffic/parking, vehicle miles travelled, cultural resources, biological resources and environmental or CEQA consultants.
- (3) Structural analysis beyond code requirements.
- (4) Archeological, Biological and Historic consultants.
- (5) Hazardous materials consultants; and,

(6) Additional Services made necessary by reversals of authorizations, approvals or instructions previously given by the City but only such services as are substantial and in excess of what would have been required if there had not been such reversals.

(7) Additional Services to incorporate substantial structural changes to integrate the artwork administered by the Art Commission after the completion and acceptance of the Design Drawings.

(8) Attendance or presentation at community/neighborhood outreach meetings.

(9) Litigation, mediation, or deposition support of City responses to claims by CM/GC.

(10) Review of waterproofing failures after acceptance of the work by the City.

(11) Coordination of installation of specialty regional transportation training elements by the SFFD including provision or installation of railroad train cars, BART or Muni train cars or truck tanker trailers.

10.11. Services in connection with substantial changes in the scope or schedule of the Project directed by the City, but not including changes proposed and recommended by the Consultant.

(1) Coordination of tenant moves and relocations and move management.

(2) On-site representation beyond those services defined as Basic Services.

(3) Development of fire training curriculum by Consultant with or for the San Francisco Fire Department.

(4) Live fire prop or simulation training structure staff training sessions.

11. **Services Provided by Attorneys.** Any services to be provided by a law firm or attorney must be reviewed and approved in writing in advance by the City Attorney. No invoices for services provided by law firms or attorneys, including, without limitation, as subconsultants of Consultant, will be paid unless the provider received advance written approval from the City Attorney.

12. **Reports.** Consultant shall submit written reports as specified in the Agreement. Format for the content of such reports shall be determined by the San Francisco Public Works. The timely submission of all reports is a necessary and material term and condition of this Agreement. The reports, including any copies, shall be submitted on recycled paper, and printed on double-sided pages to the maximum extent possible.

13. **Department Liaison.** In performing the Services provided for in this Agreement, Contractor's liaison with the San Francisco Public Works will be Scott Moran. The

Department's liaison with the *Consultant* will be Michael B. Ross, AIA, or an approved designated alternate.

Appendix B Calculation of Charges

1. No charge shall be incurred under this Agreement, nor shall any payments become due to the Consultant until final reports, documents, or services as required under this Agreement have been completed and are received from the Consultant and approved by the City as being in accordance with this Agreement, or until the City agrees that services covered under the payment request have been satisfactorily performed. Notwithstanding, the Consultant shall invoice the City monthly, and the City shall pay the Consultant monthly on a percentage of completion basis for the work deemed acceptable by the City for each phase.

2. **Hourly Billing Rates.** All billable staff rates including that of the subcontractor shall be fully burdened to include labor, benefits, taxes, overhead, profit, health care benefit surcharge, minimum compensation accountability surcharge, call out surcharges, other surcharges, personnel protective equipment (PPE) for level D Protection, costs for obtaining insurance and bonds, employee fringe benefits, employee paid time off, employee training, support and administrative services, and ancillary charges. Administrative and clerical support services are considered part of overhead.

3. **Annual Escalation.** The listed rates in Attachment 2, Fee Schedule, will be valid for at least one year after contract award and reflect the 2023 billing rates. The Consultant may request for annual escalation of billing rates for the second through fifth year of the contract, but only once per year every twelve months, starting from the first anniversary date of the Notice to Proceed (NTP). The increase will be based on the percentage change of the Consumer Price Index (CPI) for the San Francisco Bay Area for Urban Wage Earners and Clerical Workers. To request a rate change, the Consultant must submit a billing rate increase request letter for approval by Public Works. Requests for billing rate increases must be made in writing and submitted to the Contract Manager no earlier than thirty (30) days prior to and no later than thirty (30) days after the anniversary date of the NTP. Requests made outside of this timeframe will not be considered, and retroactive requests will not be granted for past contract years or years where the Consultant failed to request a billing rate increase. The adjusted billing rates will be memorialized via a Contract Modification and rates will be effective on the date of the Notice of Modification. The billing rate for each job classification listed cannot exceed the lowest rate charged to any other government entity. The City reserves the right to audit material such as project billing records, accounting records, and time sheets to verify the accuracy of invoices. Refer to "Attachment 2, Fee Schedule," for the negotiated hourly rates.

4. **BASIC SERVICES.** The City shall compensate the Consultant as follows:

4.1. The Contract Sum, which shall be a Lump Sum Fixed Fee, includes all subconsultant fees and normal costs to the Project including all phone calls, faxes, in-house and subconsultant coordination, presentations, printing, and reproductions as required by this Agreement, excluding only those costs for Additional Services and amounts for Reimbursable Expenses. For all of the Consultant's Basic Services, including all services performed under the Agreement, the Consultant shall be paid a Contract Sum amount as set forth in Section 3.3, Compensation of Agreement and the Fee Schedule attached.

4.2. The Certified Contract Sum is the amount certified by the Controller at any point in time. Certified Contract Sum initially shall not exceed the Contract sum specified in Section 3.3.1, Compensation of the Agreement. The City will adjust the value of the Certified Contract Sum during the Project. Upon certification of funds, the Consultant will develop and monitor the Project according to the schedule. The City, in its sole discretion, reserves the right to cancel any subsequent phase if it determines it is in the City's best interest.

4.3. The Fee Schedule represents the Consultant's estimate of the level of effort required of it over the life of this Agreement to earn the fees identified as "Architectural."

4.4. The City fully expects that the Lump Sum Fixed Fee for Basic Services, as represented by the Consultant, adequately covers the cost to successfully complete the work across all phases according to the agreed upon schedule and with a professional level of quality. As such, only significant modification to the design directed by the City shall be considered an Additional Service. In the event that the building program or requirement reduces or increases in complexity from that as represented in the RFQ document (e.g., a substantive reduction or increases in area for a Scope B structure), the design fee shall be correspondingly reduced or increased to reflect the adjusted level of effort.

5. ADDITIONAL SERVICES

5.1. As defined in Article 1.1 Definitions, Additional Services are services not specified or required in the Agreement as Basic Services. The City shall not compensate the Consultant for Additional Services unless such services are authorized in writing prior to performance by the Consultant. Payment for Additional Services shall be made in accordance with the Hourly Rate Schedule set forth in Attachment 2.

6. FURNISHINGS, FIXTURES AND EQUIPMENT NOT AFFIXED

6.1. At the request of the City, the Consultant shall provide services to plan and prepare documents for procurement and installation of furnishings, fixtures, and equipment (FFE) not affixed to the building. The Consultant shall provide these services as Additional Services. Inventory of fire training, fire apparatus, or shop and furnishing shall be completed by others retained by the City. The Consultant will, however, space plan and coordinate the size and location of furniture and equipment requirements of the City based on information provided to the Consultant by the City.

7. REIMBURSABLE EXPENSES

7.1. The following rates shall apply for all other services, and remain in effect throughout the term of the contract for both the Contractor and all levels of sub Contractors.

Expenses	Rates/Schedule
Subconsultant/Vendor Work	Cost plus 5% <i>(for a maximum of two tiers of subconsultants)</i>
Meal Expenses	Not reimbursable.
Incidental Expenses	Not reimbursable.
Lodging	Not reimbursable without prior approval.

<p>Air/Taxi/Shuttle/rail fares</p>	<p>Not reimbursable without prior approval. Air travel fares must be based on economy class ticket prices unless pre-approved by the Contract Manager or Project Manager. Any airfare beyond the economy class ticket price is not reimbursable without prior agreement and pre-approval by the Contract Manager or Project Manager. The Consultant must provide a written justification for the use of higher-class travel at the time of the pre-approval request. The Project Manager will review the justification and determine if higher class travel is reasonable and necessary for the project. If approved, the Consultant must submit a copy of the pre-approval for higher class travel with their invoice for reimbursement. Any airfare beyond the pre-approved amount will not be reimbursed. The City reserves the right to audit air travel expenses to verify compliance with this provision.</p>
---	---

7.2. The City has established an allowance of \$525,360 (Five hundred twenty-five thousand, three hundred sixty dollars) for Reimbursable Expenses, inclusive of Trip Allowance. Reimbursable Expenses shall be invoiced by the Consultant's accounting categories and shall be subject to the audit provisions of this Agreement.

7.2.1. Only the actual costs incurred by the Consultant shall be allowed and invoiced as Reimbursable Expenses. The Consultant shall not exceed the Reimbursable Expense allowance without prior written authorization from the City. There shall be no mark-ups of any kind allowed on Reimbursable Expenses.

7.2.2. All documents shall be transmitted electronically to the City.

7.2.3. All activities and work product resulting from implementation of BIM are considered Basic Services. Renderings, computer animated presentations and presentation models that are not otherwise part of the BIM work product, are considered reimbursable expenses when requested and approved by the City in advance and in writing. Such documents prepared by the Consultant without the City's written advance approval shall be considered part of the Consultant's Basic Services.

7.2.4. The following items are considered normal Project costs and a part of the Basic Services Fee, not Reimbursable Expenses: (a) phone calls, faxes, mail, express mail, courier delivery or overnight delivery service charges, or other communications charges between members of the Consultant's team and/or the CM/GC and its team, regardless of location; (b) regional phone calls and faxes for all area codes having any geographical land area within 100 miles of San Francisco even though its outlying boundary exceeds the 100 mile limitation; (c) Internet gateways, FTP sites or data file transfer or research services; City(d) in-house coordination materials among the Consultant and its team, including photocopy and drawing materials and messenger services; (e) all CAD and other computer-related time and expenses in support of those items specifically listed in articles 4, 5 and 6 of this Agreement; and (f) food and

beverage charges of any kind unless approved in writing in advance by the City. Reproduction costs of Phase deliverables, check sets, Permit documents, Bidding documents, Contract documents, Conform sets, and Record documents shall be an allowable reimbursable expense.

7.2.5. Travel Within the Nine Bay Area Counties: Travel within the nine Bay Area counties (Alameda, Contra Costa, Marin, Napa, San Francisco, San Mateo, Santa Clara, Solano, and Sonoma) between the Consultant's or subconsultant's office and Project Site shall be considered part of the Consultant's or subconsultant's overhead and will not be reimbursed by the City, regardless of the location of the Consultant's or subconsultant's regular work sites. All tolls and parking fees within the nine Bay Area counties will not be reimbursed.

7.2.6. Required Travel Outside of the Nine Bay Area Counties: Travel within 100-mile radius of San Francisco is considered a part of the Basic Services fee, not Reimbursable Expenses. If the needs of the project require the Consultant or its subconsultants to travel outside of the nine Bay Area counties, and if agreed to in writing prior to initiation of work, the City will reimburse the Consultant for the actual travel expenses incurred to and from their regular work site(s) to the Project Site. If the Consultant or subconsultant maintain their regular work site(s) outside of the nine Bay Area counties, reimbursement will be limited to the lesser of (1) the actual expenses incurred to and from the regular work site, or (2) the equivalent travel expenses to and from San Francisco.

(1) All travel must be approved in advance by the Contract Manager or Project Manager. Advanced travel approvals must include estimated amounts for the approval(s) being given.

(2) The associated Travel Time will be similarly reimbursed for the lesser of (i) the actual travel time incurred to and from the regular work site, or (ii) the equivalent travel time to and from San Francisco.

(3) Mileage shall be subject to the Internal Revenue Service (IRS) standard mileage rate for business use of an automobile, with no markup. This rate is subject to change, yearly.

(4) For all travel within the continental United States, travel expenses will be reimbursed according to the federal maximum lodging by locality rates. Any exceptions to the Federal rates must be approved in advance by the Project Manager. Federal rates for lodging, can be found at: <http://www.gsa.gov/> > Per Diem Rates.

(5) Advanced travel approvals and receipts must be included in reimbursements requests. Minor discrepancies between the estimate and actual amounts may be approved by the Contract Manager or Project Manager at the time of payment request.

(6) Air travel fares shall be based on lowest Economy Class ticket prices and will be reimbursed based on actual expenditures.

(7) Taxi, shuttle, rail, and rental car fares will be reimbursed based on actual expenditures. Rail expenses shall be based on lowest Economy Class ticket prices (or equivalent.) Rental car expenses shall be based on the rate for either the Economy or Compact class of car or its equivalent. No upgrades on these forms of transportation will be reimbursed.

(8) Tolls and parking fees associated with approved travel will be reimbursed based on the actual cost.

(9) If public transportation is used, submit receipt/proof-of-purchase for approved travel.

7.2.7. An allowance of trips by the Consultant has been incorporated into the Fee Schedule. Additional travel must be approved in advance by the Project Manager. Each

additional trip is subject to the Project Manager’s approval in writing two weeks in advance. All travel expenses are subject to final approval by the Project Manager at the time of invoice submittal.

8. PAYMENT SCHEDULE AND INVOICES

8.1. PAYMENT SCHEDULE AND INVOICES

8.1.1. The Fee Schedule:

(1) The design services are divided into phases: Program Validation Phase, Concept Design Phase, Schematic Design and Design Development Phase. Each phase is assigned a value representing the total fee (Consultant and subconsultants) for that phase. The total of all of the values assigned to each phase equals the total fee (Consultant and subconsultants).

(2) Each phase is considered complete when that phase has achieved the benchmark set forth in the following table or mutually agreed to benchmarks:

(3) The Consultant will submit invoices for work in progress no more than once each month for Basic Services. All fees, including those of the Consultant's subconsultants, are to be charged on a lump sum percent complete basis within the course of each phase. Lump sum fees will be invoiced based on the Consultant's calculation of the percentage of design services that have been satisfactorily completed and approved by the City, relative to the percentage of the total lump sum fee approved for completion of the, all as set forth in the table below.

(4) With respect to each completed phase, the City will pay no more than the total amount budgeted for that phase. The Consultant is responsible for any fees more than the amount budgeted for that phase.

(5) All invoices that the Consultant submits for payment for services performed under this Agreement must conform to the City's Form of Invoice, as it may be modified during the Project. The invoices must identify each phase for which payment is being sought, the percentage of completion of each phase so identified, and the total amount being requested for each phase so identified.

(6) Payment to the Consultant during the Construction Administration Phase will be made monthly on a time and material basis, not to exceed the amounts identified in the Appendix B, Calculation of Charges by the CM/GC. Along with its invoice, the Consultant shall furnish copies of invoices submitted by subconsultants to substantiate reimbursement. The Consultant's invoices must identify the cost of the work completed by all subconsultants, on the Compensation of Services (Attachment 6).

(7) The City will retain **10%** of the amount of each invoice submitted by the Consultant for Basic Services, including costs of subconsultants, pending satisfactory completion by the Consultant of all work in the phase, and approval by the City; Retention shall be released following the City's acceptance of the work for that phase. Payment of approved retention amounts shall be within 30 days of receipt of invoice by City. There shall be no retention on Reimbursable Expenses or Additional Services.

(8) The Consultant shall receive compensation only for those Additional Services authorized in writing by the City in advance of the Consultant's performance of the work, and in accordance with the rate schedule found in Attachment 2 of this Agreement, which includes the subconsultants' fee schedules.

(9) The hourly rates shall be the standard rates given to any client of the Consultant under similar circumstances.

(10) With respect to any hourly work (e.g., Additional Services), reimbursable fees paid will be based on the actual hours charged, subject to any specified maximums. For hourly work, the Consultant shall submit copies of certified timesheet records for all persons performing the work and shall indicate the number of hours worked by period, and the approved billing rate.

(11) Alternatively, a lump sum or guaranteed maximum fee for Additional Services may be authorized by the City prior to commencement of work on these services, in which case these services shall be invoiced according to the terms of Section 5.1.1.3 above.

(12) There shall be no mark-ups by the Consultant for the cost of professional consultants retained by the Consultant in the performance of its Basic Services. Allowable mark-ups for professional consultants retained for approved Additional Services shall be **1.05x** the subconsultant's bill to the Consultant. No markups of any kind shall be allowed for any reimbursable expenses, whether invoiced by or to the Consultant.

(13) If during the course of construction, the City determines at its sole and reasonable discretion that modifications to Contract Documents are required due to negligent errors or omissions on the part of the Consultant or its subconsultants, the Consultant shall not be compensated for the cost of developing, preparing or reproducing the necessary revised drawings and specifications to correct those negligent errors or omissions nor shall the Consultant be compensated in its fee for the cost of any related extra design work. The Consultant's rights for such payment shall be reserved until Project completion.

(14) No deductions shall be made from the Consultant's compensation on account of penalty, liquidated damages or other sums withheld from payments to the CM/GC or on account of the cost of changes in the work other than those for which the Consultant is responsible based on its negligent errors or omissions.

(15) Payments of Reimbursable Expenses shall be made monthly upon presentation by the Consultant of an itemized statement of actual expenses incurred with a detailed cost breakout and supporting invoices and copies of original receipts.

(16) The Reimbursable Expense allowances set forth above provide only for costs which are defined as part of Basic or Additional Services Fees and are not subject to the LBE participation requirements of the City.

Modification No. 1

Architectural and Engineering Team Led by an Executive Architect for a New Fire Training Facility

THIS FIRST MODIFICATION (“Modification”) is made as of July 22, 2024, in San Francisco, California, by and between **RossDrulisCusenbery Architecture, Inc.** (“Consultant”), and the City and County of San Francisco, a municipal corporation (“City”), acting by and through its Director of Public Works.

Recitals

WHEREAS, City and Consultant have entered into the Agreement as defined below; and
WHEREAS City and Consultant desire to modify the Agreement on the terms and conditions set forth herein to increase contract by \$722,850.00 for additional architectural and engineering services for SCOPE A, B and C; and update standard contractual clauses; and

WHEREAS Consultant was competitively selected pursuant to a Request for Qualifications, issued through Sourcing Event ID 5905; and this Modification is consistent with the terms of the RFQ and the awarded Contract; and

WHEREAS, this is a contract for Services, there is a **20%** Local Business Enterprise (“LBE”) subcontracting participation requirement, and this Modification is consistent with that requirement; and

WHEREAS this Modification is consistent with an approval obtained from the City’s Civil Service Commission, under DHRPSC0002679 (PSC 47357-22/23), approved on September 26, 2023; and

WHEREAS, this Modification is consistent with an approval obtained from City’s Public Works Commission under 2024-0055 approved on July 22, 2024; and

Now, THEREFORE, the parties agree as follows:

Article 1 Definitions

The following definitions shall apply to this Amendment:

1.1 **Agreement.** The term “Agreement” shall mean the Agreement dated October 5, 2023, between Consultant and City, with no modification as of date.

1.2 **San Francisco Labor and Employment Code.** As of January 4, 2024, San Francisco Administrative Code Chapters 21C (Miscellaneous Prevailing Wage Requirements), 12B (Nondiscrimination in Contracts), 12C (Nondiscrimination in Property Contracts), 12K (Salary History), 12P (Minimum Compensation), 12Q (Health Care Accountability), 12T (City Consultant/SubConsultant Consideration of Criminal History in Hiring and Employment Decisions), and 12U (Sweatfree Contracting) are redesignated as Articles 102 (Miscellaneous

Prevailing Wage Requirements), 131 (Nondiscrimination in Contracts), 132 (Nondiscrimination in Property Contracts), 141 (Salary History), 111 (Minimum Compensation), 121 (Health Care Accountability), 142 (City Consultant/SubConsultant Consideration of Criminal History in Hiring and Employment Decisions), and 151 (Sweatfree Contracting) of the San Francisco Labor and Employment Code, respectively. Wherever this Agreement refers to San Francisco Administrative Code Chapters 21C, 12B, 12C, 12K, 12P, 12Q, 12T, and 12U, it shall be construed to mean San Francisco Labor and Employment Code Articles 102, 131, 132, 141, 111, 121, 142, and 151, respectively.

1.3 **Other Terms.** Terms used and not defined in this Amendment shall have the meanings assigned to such terms in the Agreement.

Article 2 Updates of Standard Terms of the Agreement

The Agreement is hereby modified as follows:

2.1 **Section 3.3 Compensation.** *Section 3.3.1 of the Agreement currently reads as follows:*

3.3.1 **Calculation of Charges.** Consultant shall provide an invoice to the City on a monthly basis for Services completed in the immediate preceding month, unless a different schedule is set out in Appendix B, "Calculation of Charges." Compensation shall be made for Services identified in the invoice that the Director of Public Works, in his or her sole, concludes has been satisfactorily performed. In no event shall the amount of this Agreement exceed **\$12,147,579 (TWELVE MILLION, ONE HUNDRED FORTY-SEVEN THOUSAND, FIVE HUNDRED SEVENTY-NINE DOLLARS)**. The breakdown of charges associated with this Agreement appears in Appendix B, "Calculation of Charges." attached hereto and incorporated by reference as in no event shall City be liable for interest or late charges for any late payments except as set forth in Administrative Code Section 6.22 (j).

Such section is hereby amended in its entirety to read as follows:

3.3.1 **Calculation of Charges and Contract Not to Exceed Amount.** The amount of this Agreement shall not exceed **12,870,429 (TWELVE MILLION, EIGHT HUNDRED SEVENTY THOUSAND, FOUR HUNDRED TWENTY-NINE DOLLARS)** the breakdown of which appears in Appendix B, "Calculation of Charges." City shall not be liable for interest or late charges for any late payments. City will not honor minimum service order charges for any Services covered by this Agreement.

2.2 **Section 4.2 Qualified Personnel.** Section 4.2 of the Agreement is replaced in its entirety to read as follows:

4.2 Qualified Personnel. Consultant represents and warrants that it is qualified to perform the Services required by City, and that all Services will be performed by competent personnel with the degree of skill and care required by current and sound professional procedures and practices. Consultant will comply with City's reasonable

requests regarding assignment and/or removal of personnel, but all personnel, including those assigned at City's request, must be supervised by Consultant. Consultant shall commit sufficient resources for timely completion within the project schedule

2.3 **Article 13 Data and Security.** *Article 13 is hereby added in its entirety to read as follows:*

13.1 Nondisclosure of Private, Proprietary or Confidential Information.

13.1.1 Protection of Private Information. If this Agreement requires City to disclose "Private Information" to Consultant within the meaning of San Francisco Administrative Code Chapter 12M, Consultant and subconsultant shall use such information only in accordance with the restrictions stated in Chapter 12M and in this Agreement and only as necessary in performing the Services. Consultant is subject to the enforcement and penalty provisions in Chapter 12M.

13.1.2 City Data; Confidential Information. In the performance of Services, Consultant may have access to, or collect on City's behalf, City Data, which may include proprietary or Confidential Information that if disclosed to third parties may damage City. If City discloses proprietary or Confidential Information to Consultant, or Consultant collects such information on City's behalf, such information must be held by Consultant in confidence and used only in performing the Agreement. Consultant shall exercise the same standard of care to protect such information as a reasonably prudent Consultant would use to protect its own proprietary or Confidential Information.

13.2 Reserved. (Payment Card Industry ("PCI") Requirements.)

13.3 Reserved. (Business Associate Agreement)

13.4 Management of City Data.

13.4.1 Use of City Data. Consultant agrees to hold City Data received from, or created or collected on behalf of, City, in strictest confidence. Consultant shall not use or disclose City Data except as permitted or required by the Agreement or as otherwise authorized in writing by City. Any work by Consultant or its authorized subconsultants using, or sharing or storage of, City Data outside the United States is prohibited, absent prior written authorization by City. Access to City Data must be strictly controlled and limited to Consultant's staff assigned to this project on a need-to-know basis only. City Data shall not be distributed, repurposed or shared across other applications, environments, or business units of Consultant. Consultant is provided a limited non-exclusive license to use City Data solely for performing its obligations under the Agreement and not for Consultant's own purposes or later use. Nothing herein shall be construed to confer any license or right to City Data, by implication, estoppel or otherwise, under copyright or other intellectual property rights, to any third-party. Unauthorized use of City Data by Consultant, subconsultants or other third-parties is prohibited. For purpose of this requirement, the phrase "unauthorized use" means the data mining or processing of data, stored or transmitted by the service, for commercial purposes, advertising or advertising-related purposes, or for any purpose other than

security or service delivery analysis that is not explicitly authorized.

13.4.2 Disposition of City Data. Upon request of City or termination or expiration of this Agreement, Consultant shall promptly, but in no event later than thirty (30) calendar days, return all City Data given to, or collected or created by Consultant on City's behalf, which includes all original media. Once Consultant has received written confirmation from City that City Data has been successfully transferred to City, Consultant shall within ten (10) business days clear or purge all City Data from its servers, any hosted environment Consultant has used in performance of this Agreement, including its subconsultant's environment(s), work stations that were used to process the data or for production of the data, and any other work files stored by Consultant in whatever medium. Consultant shall provide City with written certification that such purge occurred within five (5) business days of the purge. Secure disposal shall be accomplished by "clearing," "purging" or "physical destruction," in accordance with National Institute of Standards and Technology (NIST) Special Publication 800-88 or most current industry standard.

13.5. Ownership of City Data. The Parties agree that as between them, all rights, including all intellectual property rights, in and to City Data and any derivative works of City Data is the exclusive property of City.

13.6. Loss or Unauthorized Access to City's Data; Security Breach Notification. Consultant shall comply with all applicable laws that require the notification to individuals in the event of unauthorized release of PII, PHI, or other event requiring notification. Consultant shall notify City of any actual or potential exposure or misappropriation of City Data (any "Leak") within twenty-four (24) hours of the discovery of such, but within twelve (12) hours if the Data Leak involved PII or PHI. Consultant, at its own expense, will reasonably cooperate with City and law enforcement authorities to investigate any such Leak and to notify injured or potentially injured parties. The remedies and obligations set forth in this subsection are in addition to any other City may have. City shall conduct all media communications related to such Leak.

2.3 **Attachment 6, Compensation of Services.** *Attachment 6*, is hereby replaced in its entirety by **Attachment 6.1**, attached to this Modification and fully incorporated within the Agreement. To the extent the Agreement refers to Attachment 6 in any place, the true meaning shall be Attachment 6.1 which is a correct and updated version.

Article 3 Modifications of Scope to the Agreement

The Agreement is hereby modified as follows:

3.1 **Reserved.**

Article 4 Effective Date

4.1 Each of the modifications set forth in Articles 2 and 3 shall be effective on and after the issuance date of the Notice of Modification.

Article 5 Legal Effect

5.1 Except as expressly modified by this Amendment, all of the terms and conditions of the Agreement shall remain unchanged and in full force and effect.

IN WITNESS WHEREOF, Consultant and City have executed this Amendment as of the date first referenced above.

**Agreement between the City and County of San Francisco
and**

RossDrulisCusenbery Architecture, Inc. (RDC)

**Architectural and Engineering Team Led by an Executive
Architect for a New Fire Training Facility**

This Agreement is made this 5th day of October 2023, in the City and County of San Francisco (“City”), State of California, by and between RossDrulisCusenbery Architecture, Inc. [RDC] (“ARCHITECT”) and City.

Recitals

WHEREAS the **San Francisco Public Works** (“Department”) wishes to render professional services in connection with design and construction of a fire training facility from Consultant; and

WHEREAS Consultant represents that it is qualified to perform the Services required by City as set forth under this Agreement; and

WHEREAS Consultant was competitively selected pursuant to Sourcing Event ID 0000005905 as required by San Francisco Administrative Code Chapter 6.40 through a Request for Qualifications (“RFQ”) issued on August 6, 2021; and

WHEREAS the Department issued an award of contract Public Works Order **206,986** dated effective **August 31, 2022**; and

WHEREAS this is a contract for Services and there is a **20%** Local Business Entity (“LBE”) subcontracting participation requirement with respect to the Services, as defined further herein; and

WHEREAS approval for the Agreement was obtained on March 20, 2023, from the Civil Service Commission under PSC number 47357-22/23; and

WHEREAS the City’s Board of Supervisors approved this Agreement by Resolution Number 444-23 on September 26, 2023.

Now, THEREFORE, the parties agree as follows:

Article 1 Definitions

The following definitions apply to this Agreement:

1.1 “Additional Services” means those services that the City, in writing, authorizes the Architect to perform that are in addition to the Basic Services.

1.2 “Advise” means “make recommendations to”

1.3 “Agreement” means this contract document, including all attached appendices, and all applicable City Ordinances and Mandatory City Requirements specifically incorporated into this Agreement by reference as provided herein.

1.4 “Appropriate Authorities” refers to any local, state, regional or federal authority or entity having jurisdiction of any kind over the Project. Appropriate Authorities include those agencies and entities that may require information or the filing of plans, specifications and the like, whether on a voluntary or involuntary basis, in connection with the design and/or construction of the Project, including but not limited to, the San Francisco Art Commission and related committees (including the Civic Design Review Committee and the Visual Arts Committee), San Francisco Department of Building Inspection, San Francisco Fire Department, State Fire Marshal, the San Francisco Department of Public Works, the San Francisco Redevelopment Agency (currently known as Office Community Investment and Infrastructure (OCII)), and other entities as The City may designate.

1.5 “Authorization” means the direction of The City properly executed by The City's Program Director or Project Manager and, if involving the expenditure of funds, certified by The City.

1.6 “Basic Services” means the services described in Appendix A that the Consultant is required to provide in return for the Compensation set forth in Appendix B below.

1.7 “BIM” means a Building Information Model (BIM) that is a digital representation of physical and functional characteristics of a facility. As such it serves as a shared knowledge resource for information about a facility forming a reliable basis for decisions during its life cycle from inception onward.

1.7.1 Design BIM means a Building Information Model developed and maintained by the Consultant for the purpose of developing the design.

1.7.2 CM BIM means a Building Information Model developed and maintained by the CM/GC as a tool to support collaboration and construction management.

1.7.3 As-Planned BIM means a Building Information Model that is continuously updated to reflect changes in the design.

1.7.4 As-Designed BIM means a Building Information Model that reflects the Project design at the end of Construction Document phase.

1.7.5 As-Built BIM means a Building Information Model that reflects the Project as constructed.

1.8 “BOA” means Bureau of Architecture means San Francisco Public Works, Building Design & Construction Division for the City and County of San Francisco.

1.9 “BOLA” means Bureau of Landscape Architecture means San Francisco Public Works, Building & Design Construction Division for the City and County of San Francisco.

1.10 “City” or “the City” means the City and County of San Francisco, a municipal corporation, acting by and through its San Francisco Public Works.

1.11 “CMD” means the Contract Monitoring Division of the City.

1.12 “Confidential Information” means confidential City information including, but not limited to, personally-identifiable information (“PII”), protected health information (“PHI”), or individual financial information (collectively, “Proprietary or Confidential Information”) that is subject to local, state or federal laws restricting the use and disclosure of such information, including, but not limited to, Article 1, Section 1 of the California Constitution; the California Information Practices Act (Civil Code § 1798 et seq.); the California Confidentiality of Medical Information Act (Civil Code § 56 et seq.); the federal Gramm-Leach-Bliley Act (15 U.S.C. §§ 6801(b) and 6805(b)(2)); the privacy and information security aspects of the Administrative Simplification provisions of the federal Health Insurance Portability and Accountability Act (45 CFR Part 160 and Subparts A, C, and E of part 164); and San Francisco Administrative Code Chapter 12M (Chapter 12M).

1.13 “Contract Documents” include the Agreement between the City and the CM/GC, and all items identified therein as construction documents, the Construction Documents, working drawings, specifications, addenda, change orders, notices to proceed, general conditions, and special and/or supplementary general conditions.

1.14 “Contractor” or “Consultant” means **RossDrulisCusenbery Architecture, Inc. (RDC), the Architect under this agreement with The City to provide architectural, engineering, or other professional design services; 18294 Sonoma Highway, Sonoma, CA 95476.**

1.15 “Construction Documents” include plans and drawings, specifications, general conditions and special and/or supplementary general conditions, information for bidders, accepted bid proposals, accepted value engineering proposals, addenda, and any other documents developed to set forth in detail all aspects of the design, function and construction of the Project sufficient for a Consultant to price and build the Project.

1.16 “Construction Manager/General Contractor (CM/GC)” refers to the CM/GC selected by the City under separate contract with the City to provide a complete and fully functional Project constructed in accordance with the Contract Documents and the Construction Documents. The CM/GC and its Subconsultants will, among other things, perform pre-construction and construction phase services including design assistance and review. The City retains the CM/GC solely for the City’s benefit. The services rendered by the CM/GC will not operate to change or reduce the Consultant’s responsibilities under its Agreement with the City. The Consultant may communicate directly with the CM/GC, but the Consultant shall promptly copy the City on all written communications between the two and promptly confirm in writing to the City the substance of all material, oral communications between the two. In no event shall the Consultant issue any communication directing changes that impact time, cost or quality (including, but not limited to substitutions) for the Project without express written authorization from the City. This mode of contracting is also described in §6.68 of the San Francisco Administrative Code.

1.17 “Controller” means the City’s Controller’s Office, as applicable.

1.18 “Deliverables” means Consultant’s work product resulting from the Services provided by Consultant to City during the course of Consultant’s performance of the Agreement, including without limitation, the work product described in the “Scope of Services” attached as Appendix A.

1.19 “Drawing Set” means the design and/or construction documents that the Consultant is required to submit to the City, including the following:

1.19.1 Program Validation Documents, 100% Conceptual Design Documents,

1.19.2 50% and 100% Schematic Design Documents

1.19.3 Design Development Phase: 50%, 100% (final submittals): Drawing set, BIM files, specifications with sufficient detail for cost estimating purposes, reports, schedules and other written documents.

1.19.4 Construction Documents Phase: 50%, 95% and final submittals: Drawing set, BIM files, specifications, reports, schedules, and other written documents.

1.19.5 Construction Bid Phase: Drawing set, BIM files, specifications, reports, schedules, accepted Value Engineering proposal integrated into design documents and other written documents.

1.19.6 Construction Administration Phase: All documents including RFIs’ substitution requests, submittals, shop drawings and other documents.

1.19.7 CAD drawings shall be provided in AutoCAD 2020 and Building Information Modeling on Autodesk Revit Building Suite 2023, or other software approved by the City.

1.19.8 Written documents, spreadsheets, and cost estimates on Microsoft Office Suite 2010 (Word and Excel).

1.19.9 Drawing sets in PDF and DWG format; Revit Project files in RVT format.

1.19.10 Schedules in Microsoft Project 2016.

1.19.11 Audiovisual presentations in Microsoft PowerPoint.

1.19.12 Image files in JPG, GIF, PICA, TIFF, and BMP formats. These images shall be made available in any storage format selected by the City.

1.19.13 Presentation Boards: mounted on foam board, gator board, or eco-friendly rigid display board as requested by the City.

1.19.14 Models: In Plexiglas, wood or other material requested by the City, painted and mounted on wooden base with Plexiglas cover

1.20 “Effective Date” means the date upon which the City’s Controller certifies the availability of funds for this Agreement as provided in Article 3.1.

1.21 “Executive Architect” means, RossDrulisCusenbery Architecture, Inc. (RDC). The role of the Executive Architect is to holistically and collaboratively produce the design and contract documents for the scope specifically assigned to Consultant and coordinate and

incorporate the architecture and engineering services produced by the CM/GC, BOA and BOLA into the Contract Documents.

1.22 “FTF” refers to San Francisco Fire Department Fire Training Facility.

1.23 “FFE” means Furniture, Fixtures, and Equipment that have no permanent connection and/or integration into the structure or building.

1.24 “Mandatory City Requirements” means those City laws set forth in the San Francisco Municipal Code, including the duly authorized rules, regulations, and guidelines implementing such laws that impose specific duties and obligations upon Consultant.

1.25 “Party” and “Parties” means the City and Consultant either collectively or individually.

1.26 “Program Director (PD)” and “Project Manager (PM)” refers to the persons who the City has designated, in writing, as the persons with authority to act on behalf of the City with respect to this Agreement and the Project.

1.27 “Project Manager (PM)” refers to the person designated in writing by the Consultant and accepted by the City to make decisions on behalf of the Consultant, to commit the resources of the Consultant and all its sub consultants, and to direct, coordinate and control the Consultant and its entire team in providing all the services required under this Agreement.

1.28 “Proposal” means the Consultant's response to the City's Request for Qualifications for design professional services for the Project.

1.29 “Quality Assurance/Quality Control (QA/QC)” means the Quality Assurance/Quality Control Plan to be used throughout the design process for the Project. The QA/QC Plan is developed to facilitate delivery of Project documents that are technically sound, complete, and coordinated to accurately communicate the design intent and scope of the Project.

1.30 “Request for Qualifications” means the City's request for qualifications (RFQ) for professional design services for this Project and the Consultant's proposal to provide such services. All requirements of the RFQ and the representations made in the Consultant's Proposal that are not in conflict with provisions of this contract are hereby incorporated by reference and made an integral part of this Agreement as though fully set forth herein. With respect to any conflict or ambiguity between this Agreement and the RFQ or the proposal, this Agreement shall control except where the RFQ or the proposal refers to services not otherwise mentioned in this Agreement, in which case and to such extent the RFQ or proposal shall control.

1.31 Scope Categories refers to the engineering, construction documentation and design responsibilities described in Appendix A, Scope of Services of the Agreement.

1.31.1 “Scope A” refers to a specific portion of the Project further defined in Appendix A of the Agreement. BOA, as Architect of Record (AOR) is solely responsible for providing design, engineering, construction documentation, bidding and construction phases for Scope A elements.

1.31.2 “Scope B” refers to the Consultant’s sole responsibility for the design, engineering, construction documentation and specification of the requirements of the Fire Apparatus Building, Inservice Building, Maintenance Shops, site design and civil engineering

and live fire and simulation training structures. Consultants provided for this work are listed in Appendix A of this Agreement.

1.31.3 “Scope C” refers to BOLA’s sole responsibility for the design, engineering, construction documentation and specification of the requirements for the FTF landscape as further defined in Appendix A of the Agreement.

1.32 “Services” means the work performed by Consultant under this Agreement as specifically described in the “Scope of Services” attached as Appendix A, including all services, labor, supervision, materials, equipment, actions and other requirements to be performed and furnished by Consultant under this Agreement.

Article 2 Term of the Agreement

2.1 The term of this Agreement shall commence on the issuance date of the Notice to Proceed and expire after 1825 calendar days, unless earlier terminated as otherwise provided herein.

2.2 The City has options to renew the Agreement for up to additional two years. The City may extend this Agreement beyond the expiration date by exercising an option at the City’s sole and absolute discretion and by modifying this Agreement as provided in Section 11.5, “Modification of this Agreement.”

Article 3 Financial Matters

3.1 **Certification of Funds; Budget and Fiscal Provisions; Termination in the Event of Non-Appropriation.** This Agreement is subject to the budget and fiscal provisions of the City’s Charter. Charges will accrue only after prior written authorization certified by the Controller, and the amount of City’s obligation hereunder shall not at any time exceed the amount certified for the purpose and period stated in such advance authorization. This Agreement will terminate without penalty, liability or expense of any kind to City at the end of any fiscal year if funds are not appropriated for the next succeeding fiscal year. If funds are appropriated for a portion of the fiscal year, this Agreement will terminate, without penalty, liability or expense of any kind at the end of the term for which funds are appropriated. City has no obligation to make appropriations for this Agreement in lieu of appropriations for new or other agreements. City budget decisions are subject to the discretion of the Mayor and the Board of Supervisors. Consultant’s assumption of risk of possible non-appropriation is part of the consideration for this Agreement.

THIS SECTION CONTROLS AGAINST ANY AND ALL OTHER PROVISIONS OF THIS AGREEMENT.

3.2 **Guaranteed Maximum Costs.** The City’s payment obligation to Consultant cannot at any time exceed the amount certified by City’s Controller for the purpose and period stated in such certification. Absent an authorized Emergency per the City Charter or applicable Code, no City representative is authorized to offer or promise, nor is the City required to honor, any offered or promised payments to Consultant under this Agreement in excess of the certified maximum amount without the Controller having first certified the additional promised amount and the Parties having modified this Agreement as provided in Section 11.5, “Modification of this Agreement.”

3.3 Compensation.

3.3.1 **Calculation of Charges.** Consultant shall provide an invoice to the City on a monthly basis for Services completed in the immediate preceding month, unless a different schedule is set out in Appendix B, "Calculation of Charges." Compensation shall be made for Services identified in the invoice that the Director of Public Works, in his or her sole, concludes has been satisfactorily performed. In no event shall the amount of this Agreement exceed **\$12,147,579 (TWELVE MILLION, ONE HUNDRED FORTY-SEVEN THOUSAND, FIVE HUNDRED SEVENTY-NINE DOLLARS)**. The breakdown of charges associated with this Agreement appears in Appendix B, "Calculation of Charges." attached hereto and incorporated by reference as in no event shall City be liable for interest or late charges for any late payments except as set forth in Administrative Code Section 6.22 (j).

3.3.2 **Payment Limited to Satisfactory Services.** Consultant is not entitled to any payments from City until Public Works approves the Services, including any furnished Deliverables, as satisfying all of the requirements of this Agreement. Payments to Consultant by City shall not excuse Consultant from its obligation to replace unsatisfactory Deliverables, including Services even if the unsatisfactory character may not have been apparent or detected at the time such payment was made. Services that do not conform to the requirements of this Agreement may be rejected by City and in such case must be replaced by Consultant without delay at no cost to the City.

3.3.3 **Withhold Payments.** If Consultant fails to provide Services in accordance with Consultant's obligations under this Agreement, the City may withhold any and all payments due Consultant until such failure to perform is cured, and Consultant shall not stop work as a result of City's withholding of payments as provided herein unless otherwise authorized in this Agreement.

3.3.4 **Invoice Format.** Invoices furnished by Consultant under this Agreement must be in a form acceptable to the Controller and City and must include a unique invoice number and a specific invoice date. Payment shall be made by City as specified in Section 11.1, "Notices to the Parties," or in such alternate manner as the Parties have mutually agreed upon in writing. All invoices must show the PeopleSoft Purchase Order ID Number, PeopleSoft Supplier Name and ID, Item numbers (if applicable), complete description of Services performed, sales/use tax (if applicable), contract payment terms and contract price. Invoices that do not include all required information or contain inaccurate information will not be processed for payment.

3.3.5 **LBE Payment and Utilization Tracking System.** If LBE Subcontracting Participation Requirements apply to a Contract awarded pursuant to this Solicitation, the Awarded Consultant shall: (a) Within three (3) business days of City's payment of any invoice to Consultant, pay LBE subconsultants as provided under Chapter 14B.7(H)(9); and (b) Within ten (10) business days of City's payment of any invoice to Consultant, confirm its payment to subconsultants using the City's Supplier Portal Payment Module, unless instructed otherwise by CMD. The Controller is not authorized to pay invoices submitted by Consultant prior to Consultant's submission of all required CMD payment information. Failure to submit all required payment information to the City's Supplier Portal Payment Module with each payment request may result in the withholding 20% of subsequent payments due. Self-Service Training is located at this link: <https://sfcitypartnersfgov.org/pages/training.aspx>.

3.3.6 Getting paid by the City for Services.

(a) The City and County of San Francisco utilizes the Paymode-X[®] service offered by Bank of America Merrill Lynch to pay City Consultants. Consultant must sign up to receive electronic payments to be paid under this Agreement. To sign up for electronic payments, visit http://portal.paymode.com/city_countyofsanfrancisco.

(b) At the option of the City, Consultant may be required to submit invoices directly in the City's financial and procurement system (PeopleSoft) via eSettlement. Refer to <https://sfcitypartner.sfgov.org/pages/training.aspx> for more information on eSettlement. For access to PeopleSoft eSettlement, submit a request through sfemployeeportalsupport@sfgov.org.

3.3.7 Reserved. (Grant Funded Contracts)

3.3.8 **Subcontractor Prompt Payment.** Except as otherwise required by Chapter 14B of the Administrative Code, and consistent with the provisions of Section 6.42(f) of the Administrative Code, Contractor shall pay its subconsultant within seven calendar days after receipt of each progress payment from the City, unless otherwise agreed to in writing by both Contractor and the subcontractor. In the event that there is a good faith dispute over all or any portion of the amount due on a progress payment from Contractor to a subcontractor, the Contractor may withhold the disputed amount, but shall pay the undisputed amount. If Contractor violates the provisions of Section 6.42(f), then Contractor shall pay to the subcontractor directly the penalty specified in Section 6.42(f). This provision does not create a private right of action against the City.

3.3.9 Payment Terms.

(a) **Payment Due Date:** Unless City notifies the Consultant that a dispute exists, Payment shall be made within **30** calendar days, measured from (1) the rendering of services or (2) the date of receipt of the invoice, whichever is later. Payment is deemed to be made on the date on which City has issued a check to Consultant or, if Consultant has agreed to electronic payment, the date on which City has posted electronic payment to Consultant.

(b) Reserved. (Payment Discount Terms)

3.4 **Audit and Inspection of Records.** Consultant agrees to maintain and make available to the City, during regular business hours, accurate books and accounting records relating to its Services. Consultant will permit City to audit, examine and make excerpts and transcripts from such books and records, and to make audits of all invoices, materials, payrolls, records or personnel and other data related to all other matters covered by this Agreement, whether funded in whole or in part under this Agreement. Consultant shall maintain such data and records in an accessible location and condition for a period of not less than five years after final payment under this Agreement or until after final audit has been resolved, whichever is later. The State of California or any Federal agency having an interest in the subject matter of this Agreement shall have the same rights as conferred upon City by this Section. Consultant shall include the same audit and inspection rights and record retention requirements in all subcontracts.

3.5 **Submitting False Claims.** Pursuant to Article V of Chapter 6 of the Administrative Code, any Consultant, subconsultant, supplier, consultant or subconsultant who submits a false claim may be subject to monetary penalties, investigation and prosecution and

may be declared an irresponsible bidder or an unqualified consultant and debarred as set forth in that Article. A Consultant, subconsultant, supplier, consultant or sub consultant will be deemed to have submitted a false claim to the City if the Consultant, subconsultant, supplier, consultant or subconsultant: (a) knowingly presents or causes to be presented to an officer or employee of the City a false claim or request for payment or approval; (b) knowingly makes, uses, or causes to be made or used a false record or statement to get a false claim paid or approved by the City; (c) conspires to defraud the City by getting a false claim allowed or paid by the City; (d) knowingly makes, uses, or causes to be made or used a false record or statement to conceal, avoid, or decrease an obligation to pay or transmit money or property to the City; or (e) is a beneficiary of an inadvertent submission of a false claim to the City, subsequently discovers the falsity of the claim, and fails to disclose the false claim to the City within a reasonable time after discovery of the false claim.

3.6 **Reserved (Payment of Prevailing Wages)**

Article 4 Services and Resources

4.1 **Services Consultant Agrees to Perform.** Consultant agrees to perform the Services stated in Appendix A, "Scope of Services." Officers and employees of the City are not authorized to request, and the City is not required to reimburse the Consultant for, Services beyond the Scope of Services listed in Appendix A, unless Appendix A is modified as provided in Section 11.5, "Modification of this Agreement."

4.2 **Personnel**

4.2.1 **Qualified Personnel.** Consultant shall utilize only competent personnel under the supervision of, and in the employment of, Consultant (or Consultant's authorized subconsultants) to perform the Services. Consultant will comply with City's reasonable requests regarding assignment and/or removal of personnel, but all personnel, including those assigned at City's request, must be supervised by Consultant. Consultant shall commit adequate resources to allow timely completion within the project schedule specified in this Agreement.

4.3 **Subcontracting.**

4.3.1 Consultant may subcontract portions of the Services only upon prior written approval of City, which approval shall not be unreasonably withheld. Consultant is responsible for its subconsultants throughout the course of the work required to perform the Services. All Subcontracts must incorporate the terms of Article 10 "Additional Requirements Incorporated by Reference" of this Agreement, unless inapplicable. Neither Party shall, on the basis of this Agreement, contract on behalf of, or in the name of, the other Party. Any agreement made in violation of this provision shall be null and void.

4.3.2 City's execution of this Agreement constitutes its approval of the subconsultants listed in **Attachment 3, Key Personnel and Subconsultants.**

4.4 **Independent Consultant; Payment of Employment Taxes and Other Expenses.**

4.4.1 **Independent Consultant.** For the purposes of this Section 4.4, "Consultant" shall be deemed to include not only Consultant, but also any agent or employee of Consultant. Consultant acknowledges and agrees that at all times, Consultant or any agent or

employee of Consultant shall be deemed at all times to be an independent Consultant and is wholly responsible for the manner in which it performs the services and work requested by City under this Agreement. Consultant, its agents, and employees will not represent or hold themselves out to be employees of the City at any time. Consultant or any agent or employee of Consultant shall not have employee status with City, nor be entitled to participate in any plans, arrangements, or distributions by City pertaining to or in connection with any retirement, health or other benefits that City may offer its employees. Consultant or any agent or employee of Consultant is liable for the acts and omissions of itself, its employees and its agents. Consultant shall be responsible for all obligations and payments, whether imposed by federal, state or local law, including, but not limited to, FICA, income tax withholdings, unemployment compensation, insurance, and other similar responsibilities related to Consultant's performing services and work, or any agent or employee of Consultant providing same. Nothing in this Agreement shall be construed as creating an employment or agency relationship between City and Consultant or any agent or employee of Consultant. Any terms in this Agreement referring to direction from City shall be construed as providing for direction as to policy and the result of Consultant's work only, and not as to the means by which such a result is obtained. City does not retain the right to control the means or the method by which Consultant performs work under this Agreement. Consultant agrees to maintain and make available to City, upon request and during regular business hours, accurate books and accounting records demonstrating Consultant's compliance with this Section. Should City determine that Consultant, or any agent or employee of Consultant, is not performing in accordance with the requirements of this Agreement, City shall provide Consultant with written notice of such failure. Within five (5) business days of Consultant's receipt of such notice, and in accordance with Consultant policy and procedure, Consultant shall remedy the deficiency. Notwithstanding, if City believes that an action of Consultant, or any agent or employee of Consultant, warrants immediate remedial action by Consultant, City shall contact Consultant and provide Consultant in writing with the reason for requesting such immediate action.

4.4.2 Payment of Employment Taxes and Other Expenses. Should City, in its discretion, or a relevant taxing authority such as the Internal Revenue Service or the State Employment Development Division, or both, determine that Consultant is an employee for purposes of collection of any employment taxes, the amounts payable under this Agreement shall be reduced by amounts equal to both the employee and employer portions of the tax due (and offsetting any credits for amounts already paid by Consultant which can be applied against this liability). City shall then forward those amounts to the relevant taxing authority. Should a relevant taxing authority determine a liability for past services performed by Consultant for City, upon notification of such fact by City, Consultant shall promptly remit such amount due or arrange with City to have the amount due withheld from future payments to Consultant under this Agreement (again, offsetting any amounts already paid by Consultant which can be applied as a credit against such liability). A determination of employment status pursuant to this Section 4.4 shall be solely limited to the purposes of the particular tax in question, and for all other purposes of this Agreement, Consultant shall not be considered an employee of City. Notwithstanding the foregoing, Consultant agrees to indemnify and save harmless City and its officers, agents and employees from, and, if requested, shall defend them against any and all claims, losses, costs, damages, and expenses, including attorneys' fees, arising from this Section.

4.5 Assignment. The Services to be performed by Consultant are personal in character. Neither this Agreement, nor any duties or obligations hereunder, may be directly or

indirectly assigned, novated, hypothecated, transferred, or delegated by Consultant, or, where the Consultant is a joint venture, a joint venture partner, (collectively referred to as an “Assignment”) unless first approved by City by written instrument executed and approved in the same manner as this Agreement in accordance with the Administrative Code. The City’s approval of any such Assignment is subject to the Consultant demonstrating to City’s reasonable satisfaction that the proposed transferee is: (i) reputable and capable, financially and otherwise, of performing each of Consultant’s obligations under this Agreement and any other documents to be assigned, (ii) not forbidden by applicable law from transacting business or entering into contracts with City; and (iii) subject to the jurisdiction of the courts of the State of California. A change of ownership or control of Consultant or a sale or transfer of substantially all of the assets of Consultant shall be deemed an Assignment for purposes of this Agreement. Consultant shall immediately notify City about any Assignment. Any purported Assignment made in violation of this provision shall be null and void.

4.6 **Reserved. (Warranty)**

4.7 **Reserved. (Liquidated Damages)**

Article 5 Insurance and Indemnity

5.1 Insurance.

5.1.1 **Required Coverages.** Without in any way limiting Consultant’s liability pursuant to the “Indemnification” section of this Agreement, Consultant must maintain in force, during the full term of the Agreement, insurance in the following amounts and coverages:

(a) Commercial General Liability Insurance with limits not less than **\$1,000,000** each occurrence and **\$2,000,000** general aggregate for Bodily Injury and Property Damage, including Contractual Liability, Personal Injury, Products and Completed Operations.

(b) Commercial Automobile Liability Insurance with limits not less than **\$1,000,000** each occurrence, “Combined Single Limit” for Bodily Injury and Property Damage, including Owned, Non-Owned and Hired auto coverage, as applicable.

(c) Workers’ Compensation, in statutory amounts, with Employers’ Liability Limits not less than **\$1,000,000** each accident, injury, or illness.

(d) Professional Liability Insurance, applicable to Consultant’s profession, with limits not less than **\$10,000,000** for each claim excepting for sub consultants whose minimum professional liability coverage shall be with respect to negligent acts, errors or omissions in connection with the Services.

(e) **Reserved. (Technology Errors and Omissions Coverage)**

(f) **Reserved. (Cyber and Privacy Insurance)**

(g) **Reserved. (Pollution Liability Insurance)**

5.1.2 Additional Insured Endorsements

(a) The Commercial General Liability policy must be endorsed to name as Additional Insured the City and County of San Francisco, its Officers, Agents, and Employees.

(b) The Commercial Automobile Liability Insurance policy must be endorsed to name as Additional Insured the City and County of San Francisco, its Officers, Agents, and Employees.

(c) **Reserved. (Pollution Auto Liability Insurance Additional Insured Endorsement)**

5.1.3 Waiver of Subrogation Endorsements

(a) The Workers' Compensation policy(ies) shall be endorsed with a waiver of subrogation in favor of the City for all work performed by the Consultant, its employees, agents and subconsultants.

5.1.4 Primary Insurance Endorsements

(a) The Commercial General Liability policy shall provide that such policies are primary insurance to any other insurance available to the Additional Insureds, with respect to any claims arising out of this Agreement, and that the insurance applies separately to each insured against whom claim is made or suit is brought.

(b) The Commercial Automobile Liability Insurance policy shall provide that such policies are primary insurance to any other insurance available to the Additional Insureds, with respect to any claims arising out of this Agreement, and that the insurance applies separately to each insured against whom claim is made or suit is brought.

(c) The Pollution Liability Insurance policy shall provide that such policies are primary insurance to any other insurance available to the Additional Insureds, with respect to any claims arising out of this Agreement, and that the insurance applies separately to each insured against whom claim is made or suit is brought.

5.1.5 Other Insurance Requirements

(a) Thirty (30) days' advance written notice shall be provided to the City of cancellation, intended non-renewal, or reduction in coverages, except for non-payment for which no less than ten (10) days' notice shall be provided to City. Notices shall be sent to the City address set forth in Section 11.1 entitled "Notices to the Parties."

(b) Should any of the required insurance be provided under a claims-made form, Consultant shall maintain such coverage continuously throughout the term of this Agreement and, without lapse, for a period of three years beyond the expiration of this Agreement, to the effect that, should occurrences during the Agreement term give rise to claims made after expiration of the Agreement, such claims shall be covered by such claims-made policies.

(c) Should any of the required insurance be provided under a form of coverage that includes a general annual aggregate limit or provides that claims investigation or legal defense costs be included in such general annual aggregate limit, such general annual aggregate limit shall be double the occurrence or claims limits specified above.

(d) Should any required insurance lapse during the term of this Agreement, requests for payments originating after such lapse shall not be processed until the City receives satisfactory evidence of reinstated coverage as required by this Agreement,

effective as of the lapse date. If insurance is not reinstated, the City may, at its sole option, terminate this Agreement effective on the date of such lapse of insurance.

(e) Before commencing any Services, Consultant shall furnish to City certificates of insurance and additional insured policy endorsements with insurers with ratings comparable to A-, VIII or higher, that are authorized to do business in the State of California, and that are satisfactory to City, in form evidencing all coverages set forth above. Approval of the insurance by City shall not relieve or decrease Consultant's liability hereunder.

(f) If Consultant will use any subconsultant (s) to provide Services, Consultant shall require the subconsultant (s) to provide all necessary insurance, including Professional Liability Insurance for any of its subconsultants who perform architectural or engineering work. For insurance other than professional liability or workers compensation, the Consultant shall require its subconsultants to name the City and County of San Francisco, its officers, agents and employees and the Consultant as additional insureds.

5.2 Indemnification and Defense Obligations For Design Professionals.

5.2.1 **Defense Obligations.** To the fullest extent permitted by law, Consultant shall, following a tender of defense from City, assume the immediate defense of (with legal counsel subject to approval of the City), the City, its boards, commissions, officers, and employees (collectively "Indemnitees"), from and against any and all claims, losses, costs, damages, expenses and liabilities of every kind, nature, and description including, without limitation, injury to or death of any person(s) and incidental and consequential damages (collectively "Damages"), court costs, attorneys' fees, litigation expenses, fees of expert consultants or witnesses in litigation, and costs of investigation (collectively "Litigation Expenses"), that arise out of, pertain to, or relate to, directly or indirectly, in whole or in part, the alleged negligence, recklessness, or willful misconduct of Consultant, any subconsultant, anyone directly or indirectly employed by them, or anyone that they control (collectively, "Liabilities"). City will reimburse Consultant for the proportionate percentage of defense costs exceeding Consultant's proportionate percentage of fault as determined by a Court of competent jurisdiction.

5.2.2 **Indemnity Obligations.** To the fullest extent permitted by law, Consultant shall indemnify and hold harmless Indemnitees from and against any and all Liabilities, including but not limited to those for Damages or Litigation Expenses specified in Section 5.2.1.

5.2.3 **Copyright Infringement.** Consultant shall also indemnify, defend and hold harmless all Indemnitees from all suits or claims for infringement of the patent rights, copyright, trade secret, trade name, trademark, service mark, or any other proprietary right of any person or persons in consequence of the use by the City, or any of its boards, commissions, officers, or employees of articles, work or deliverables supplied in the performance of Services. Infringement of patent rights, copyrights, or other proprietary rights in the performance of this Agreement, if not the basis for indemnification under the law, shall nevertheless be considered a material breach of contract.

5.2.4 **Severability Clause Specific to Indemnification and/or Defense Obligations.** To the extent any Court of competent jurisdiction or law invalidates any word, clause, phrase, or sentence herein that word, clause, phrase, or sentence, and no other portion,

shall be deemed removed from this Section. All other words, clauses, phrases and/or sentences remain enforceable to the fullest extent permitted by law.

Article 6 Liability of the Parties

6.1 Liability of City. CITY'S PAYMENT OBLIGATIONS UNDER THIS AGREEMENT SHALL BE LIMITED TO THE PAYMENT OF THE COMPENSATION PROVIDED FOR IN SECTION 3.3.1, "PAYMENT," OF THIS AGREEMENT. NOTWITHSTANDING ANY OTHER PROVISION OF THIS AGREEMENT, IN NO EVENT SHALL CITY BE LIABLE, REGARDLESS OF WHETHER ANY CLAIM IS BASED ON CONTRACT OR TORT, FOR ANY SPECIAL, CONSEQUENTIAL, INDIRECT OR INCIDENTAL DAMAGES, INCLUDING, BUT NOT LIMITED TO, LOST PROFITS, ARISING OUT OF OR IN CONNECTION WITH THIS AGREEMENT OR THE SERVICES PERFORMED IN CONNECTION WITH THIS AGREEMENT.

6.2 Liability for Use of Equipment. City shall not be liable for any damage to persons or property as a result of the use, misuse or failure of any equipment used by Consultant, or any of its subconsultants, or by any of their employees, even though such equipment is furnished, rented or loaned by City.

Article 7 Payment of Taxes

7.1 Consultant to Pay All Taxes. Except for any applicable California sales and use taxes charged by Consultant to City, Consultant shall pay all taxes, including possessory interest taxes levied upon or as a result of this Agreement, or the Services delivered pursuant hereto. Consultant shall remit to the State of California any sales or use taxes paid by City to Consultant under this Agreement. Consultant agrees to promptly provide information requested by the City to verify Consultant's compliance with any State requirements for reporting sales and use tax paid by City under this Agreement.

7.2 Possessory Interest Taxes. Consultant acknowledges that this Agreement may create a "possessory interest" for property tax purposes. Generally, such a possessory interest is not created unless the Agreement entitles the Consultant to possession, occupancy, or use of City property for private gain. If such a possessory interest is created, then the following shall apply:

7.2.1 Consultant, on behalf of itself and any permitted successors and assigns, recognizes and understands that Consultant, and any permitted successors and assigns, may be subject to real property tax assessments on the possessory interest.

7.2.2 Consultant, on behalf of itself and any permitted successors and assigns, recognizes and understands that the creation, extension, renewal, or assignment of this Agreement may result in a "change in ownership" for purposes of real property taxes, and therefore may result in a revaluation of any possessory interest created by this Agreement. Consultant accordingly agrees on behalf of itself and its permitted successors and assigns to report on behalf of the City to the County Assessor the information required by Revenue and Taxation Code Section 480.5, as amended from time to time, and any successor provision.

7.2.3 Consultant, on behalf of itself and any permitted successors and assigns, recognizes and understands that other events also may cause a change of ownership of the possessory interest and result in the revaluation of the possessory interest. (see, e.g., Rev. & Tax.

Code Section 64, as amended from time to time). Consultant accordingly agrees on behalf of itself and its permitted successors and assigns to report any change in ownership to the County Assessor, the State Board of Equalization or other public agency as required by law.

7.2.4 Consultant further agrees to provide such other information as may be requested by the City to enable the City to comply with any reporting requirements for possessory interests that are imposed by applicable law.

7.3 **Withholding.** Consultant agrees that it is obligated to pay all amounts due to the City under the San Francisco Business and Tax Regulations Code during the term of this Agreement. Pursuant to Section 6.10-2 of the San Francisco Business and Tax Regulations Code, Consultant further acknowledges and agrees that City may withhold any payments due to Consultant under this Agreement if Consultant is delinquent in the payment of any amount required to be paid to the City under the San Francisco Business and Tax Regulations Code. Any payments withheld under this paragraph shall be made to Consultant, without interest, upon Consultant coming back into compliance with its obligations.

Article 8 Termination and Default

8.1 Termination for Convenience

8.1.1 City shall have the option, in its sole discretion, to terminate this Agreement, at any time during the term hereof, for convenience and without cause. City shall exercise this option by giving Consultant written notice of termination. The notice shall specify the date on which termination shall become effective.

8.1.2 Upon receipt of the notice of termination, Consultant shall commence and perform, with diligence, all actions necessary on the part of Consultant to affect the termination of this Agreement on the date specified by City and to minimize the liability of Consultant and City to third parties as a result of termination. All such actions shall be subject to the prior approval of City. Such actions may include any or all of the following, without limitation:

(a) Halting the performance of all Services under this Agreement on the date(s) and in the manner specified by City.

(b) Terminating all existing orders and subcontracts, and not placing any further orders or subcontracts for materials, Services, equipment or other items.

(c) At City's direction, assigning to City any or all of Consultant's right, title, and interest under the orders and subcontracts terminated. Upon such assignment, City shall have the right, in its sole discretion, to settle or pay any or all claims arising out of the termination of such orders and subcontracts.

(d) Subject to City's approval, settling all outstanding liabilities and all claims arising out of the termination of orders and subcontracts.

(e) Completing performance of any Services that City designates to be completed prior to the date of termination specified by City.

(f) Taking such action as may be necessary, or as the City may direct, for the protection and preservation of any property related to this Agreement which is in the possession of Consultant and in which City has or may acquire an interest.

8.1.3 Within 30 days after the specified termination date, Consultant shall submit to City an invoice, which shall set forth each of the following as a separate line item:

- (a) The reasonable cost to Consultant, for all Services prior to the specified termination date, for which Services City has not already tendered payment.
- (b) A reasonable allowance for profit on the cost of the Services described in the immediately preceding subsection (a), provided that Consultant can establish, to the satisfaction of City, that Consultant would have made a profit had all Services under this Agreement been completed.
- (c) The reasonable cost to Consultant of handling material or equipment returned to the vendor, delivered to the City or otherwise disposed of as directed by the City.
- (d) A deduction for the cost of materials to be retained by Consultant, amounts realized from the sale of materials and not otherwise recovered by or credited to City, and any other appropriate credits to City against the cost of the Services or other work.

8.1.4 In no event shall City be liable for costs incurred by Consultant or any of its subconsultants after the termination date specified by City, except for those costs specifically listed in Section 8.1.3. Such non-recoverable costs include, but are not limited to, anticipated profits on the Services under this Agreement, post-termination employee salaries, post-termination administrative expenses, post-termination overhead or unabsorbed overhead, attorneys’ fees or other costs relating to the prosecution of a claim or lawsuit, prejudgment interest, or any other expense which is not reasonable or authorized under Section 8.1.3.

8.1.5 In arriving at the amount due to Consultant under this Section, City may deduct: (i) all payments previously made by City for Services covered by Consultant’s final invoice; (ii) any claim which City may have against Consultant in connection with this Agreement; (iii) any invoiced costs or expenses excluded pursuant to the immediately preceding subsection 8.1.4; and (iv) in instances in which, in the opinion of the City, the cost of any Service performed under this Agreement is excessively high due to costs incurred to remedy or replace defective or rejected Services, the difference between the invoiced amount and City’s estimate of the reasonable cost of performing the invoiced Services in compliance with the requirements of this Agreement.

8.1.6 City’s payment obligation under this Section shall survive termination of this Agreement.

8.2 Termination for Default; Remedies.

8.2.1 Each of the following shall constitute an immediate event of default (“Event of Default”) under this Agreement:

- (a) Consultant fails or refuses to perform or observe any term, covenant or condition contained in any of the following Sections of this Agreement:

3.5	Submitting False Claims.	10.10	Alcohol and Drug-Free Workplace
4.5	Assignment	10.13	Reserved (Working with Minors)
Article 5	Insurance and Indemnity	11.10	Compliance with Laws
Article 7	Payment of Taxes	Article 13	Data and Security

(b) Consultant materially fails or refuses to perform or observe any other term, covenant or condition contained in this Agreement, including any obligation imposed by ordinance or statute and incorporated by reference herein, and such default is not cured within ten days after written notice thereof from City to Consultant. If Consultant defaults a second time in the same manner as a prior default cured by Consultant, City may in its sole discretion immediately terminate the Agreement for default or grant an additional period not to exceed five days for Consultant to cure the default.

(c) Consultant (i) is generally not paying its debts as they become due; (ii) files, or consents by answer or otherwise to the filing against it of a petition for relief or reorganization or arrangement or any other petition in bankruptcy or for liquidation or to take advantage of any bankruptcy, insolvency or other debtors' relief law of any jurisdiction; (iii) makes an assignment for the benefit of its creditors; (iv) consents to the appointment of a custodian, receiver, trustee or other officer with similar powers of Consultant or of any substantial part of Consultant's property; or (v) takes action for the purpose of any of the foregoing.

(d) A court or government authority enters an order (i) appointing a custodian, receiver, trustee or other officer with similar powers with respect to Consultant or with respect to any substantial part of Consultant's property, (ii) constituting an order for relief or approving a petition for relief or reorganization or arrangement or any other petition in bankruptcy or for liquidation or to take advantage of any bankruptcy, insolvency or other debtors' relief law of any jurisdiction or (iii) ordering the dissolution, winding-up or liquidation of Consultant.

8.2.2 On and after any Event of Default, City shall have the right to exercise its legal and equitable remedies, including, without limitation, the right to terminate this Agreement or to seek specific performance of all or any part of this Agreement. In addition, where applicable, City shall have the right (but no obligation) to cure (or cause to be cured) on behalf of Consultant any Event of Default; Consultant shall pay to City on demand all costs and expenses incurred by City in effecting such cure, with interest thereon from the date of incurrence at the maximum rate then permitted by law. City shall have the right to offset from any amounts due to Consultant under this Agreement or any other agreement between City and Consultant: (i) all damages, losses, costs or expenses incurred by City as a result of an Event of Default; and (ii) any liquidated damages levied upon Consultant pursuant to the terms of this Agreement; and (iii), any damages imposed by any ordinance or statute that is incorporated into this Agreement by reference, or into any other agreement with the City. This Section 8.2.2 shall survive termination of this Agreement.

8.2.3 All remedies provided for in this Agreement may be exercised individually or in combination with any other remedy available hereunder or under applicable laws, rules and regulations. The exercise of any remedy shall not preclude or in any way be deemed to waive any other remedy. Nothing in this Agreement shall constitute a waiver or limitation of any rights that City may have under applicable law.

8.2.4 Any notice of default must be sent by registered mail to the address set forth in Article 11.

8.3 **Non-Waiver of Rights.** The omission by either Party at any time to enforce any default or right reserved to it, or to require performance of any of the terms, covenants, or provisions hereof by the other Party at the time designated, shall not be a waiver of any such default or right to which the Party is entitled, nor shall it in any way affect the right of the Party to enforce such provisions thereafter.

8.4 **Rights and Duties upon Termination or Expiration.**

8.4.1 This Section and the following Sections of this Agreement listed below, shall survive termination or expiration of this Agreement:

3.3.2	Payment Limited to Satisfactory Services	9.2	Works for Hire
3.3.7(a)	Reserved. (Grant Funded Contracts – Disallowance)	11.6	Dispute Resolution Procedure
3.4	Audit and Inspection of Records	11.7	Agreement Made in California; Venue
3.5	Submitting False Claims	11.8	Construction
Article 5	Insurance and Indemnity	11.9	Entire Agreement
6.1	Liability of City	11.10	Compliance with Laws
Article 7	Payment of Taxes	11.11	Severability
8.1.6	Payment Obligation	Article 13	Data and Security
9.1	Ownership of Results	9.2	Works for Hire

8.4.2 Subject to the survival of the Sections identified in Section 8.4.1, above, if this Agreement is terminated prior to expiration of the term specified in Article 2, this Agreement shall be of no further force or effect. Consultant shall transfer title to City, and deliver in the manner, at the times, and to the extent, if any, directed by City, any work in progress, completed work, supplies, equipment, and other materials produced as a part of, or acquired in connection with the performance of this Agreement, and any completed or partially completed work which, if this Agreement had been completed, would have been required to be furnished to City, subject to City’s obligation to pay Consultant all amounts owed to Consultant.

Article 9 Rights In Deliverables

9.1 **Ownership of Results.** Any interest of Consultant or its subconsultants, in the Deliverables, including any drawings, plans, specifications, blueprints, studies, reports, memoranda, computation sheets, computer files and media or other documents prepared by Consultant or its subconsultants for the purposes of this Agreement, shall become the property of and will be transmitted to City. However, unless expressly prohibited elsewhere in this Agreement, Consultant may retain and use copies for reference and as documentation of its experience and capabilities.

9.1.1 As part of Basic Services, the Consultant shall provide the City with one licensed copy of software, paid for by the City that will allow the City to view the electronic BIM/Revit CADD files prepared by the Consultant or its subconsultants. Additionally, the Consultant shall provide technical specifications for any computer hardware required to use the provided software and files.

9.1.2 All presentation drawings, models, films and videos, simulations or other presentation materials shall be and remain the property of the City.

9.1.3 Should the City or any other person, firm or legal entity under the authority and control of the City, without the Consultant's participation, use, reuse, or modify the Consultant's drawings, specifications, or other documents prepared under this Agreement, the City agrees to notify the Consultant of the intended use. The Consultant shall not be responsible for any loss, costs, or expenses incurred by any party arising out of such use, reuse, or modification of the consultant's drawings, specifications, and other documents.

9.1.4 **Use by the City.** The City may reproduce, distribute, and make any use of the Deliverables, whether or not the Project is executed, without further notice or compensation to the Consultant or subconsultants, provided that such Deliverables shall not be used on other unrelated projects. If the Consultant is not terminated for fault, the Consultant and the subconsultants shall not be liable for any claim to the extent arising out of the use by or through the City of the Deliverables, without the Consultant's professional involvement.

9.1.5 **Use by the Consultant or the Subconsultants.** The Consultant and the subconsultants may retain copies of their Deliverables, such copies made at their expense. The Consultant and the subconsultants may use the Deliverables of their own marketing purposes without the express written consent of the City if the marketing materials have been previously approved by the City and they have not been altered in any way since approval other than minor changes in format, organization or wording. The Consultant and its subconsultants may use the Deliverables for their own marketing purposes without the express written consent of the City for the following uses: consultant website use, responses to Requests for Qualifications (RFQ) or Proposals (RFP), project descriptions, resumes, applications for design awards, and publications in trade journals or websites. Any other publication or use shall require the prior written approval of the City. The Consultant and the subconsultants may use architectural/engineering details contained in the Deliverables for other projects without the express written consent of the City only to the extent such use would not infringe on the City's copyright in the overall form of the Project as well as the arrangement and composition of spaces and elements in the design, as expressed in the Deliverables or any of them.

9.2 **Works for Hire.** If, in connection with Services, Consultant or its subconsultants creates Deliverables including, without limitation, artwork, copy, posters, billboards, photographs, videotapes, audiotapes, systems designs, software, reports, diagrams, surveys, blueprints, source codes, or any other original works of authorship, whether in digital or any other format, such works of authorship shall be works for hire as defined under Title 17 of the United States Code, and all copyrights in such works shall be the property of the City. If any Deliverables created by Consultant or its subconsultant (s) under this Agreement are ever determined not to be works for hire under U.S. law, Consultant hereby assigns all Consultant's copyrights to such Deliverables to the City, agrees to provide any material and execute any documents necessary to effectuate such assignment, and agrees to include a clause in every subcontract imposing the same duties upon subconsultant (s). With City's prior written approval, Consultant and its subconsultant (s) may retain and use copies of such works for reference and as documentation of their respective experience and capabilities.

9.3 **Covenant Not to Sell.** The City promises and agrees to refrain from selling, donating, or exchanging the Deliverables for use on any project or building. However, the City

may sell, assign or otherwise appropriate any right, title or interest in the Deliverables for any purpose relative to this Project without notice to the Consultant or the subconsultants. In such event, the City shall make a good faith effort to include this covenant as a term of any such transaction.

9.4 City Ownership of Equipment. Any equipment, vehicles, computer programs, software licenses, and the like, purchased by the Consultant or its subconsultants in connection with services to be performed under this Agreement and reimbursed by the City, shall become property of and will be transmitted to the City at the conclusion of the Consultant's services under the Agreement.

Article 10 Additional Requirements Incorporated by Reference

10.1 Laws Incorporated by Reference. The full text of the laws listed in this Article 10, including enforcement and penalty provisions, are incorporated by reference into this Agreement. The full text of the San Francisco Municipal Code provisions incorporated by reference in this Article and elsewhere in the Agreement (“Mandatory City Requirements”) are available at http://www.amlegal.com/codes/client/san-francisco_ca/ .

10.2 Conflict of Interest. By executing this Agreement, Consultant certifies that it does not know of any fact which constitutes a violation of Section 15.103 of the City’s Charter; Article III, Chapter 2 of City’s Campaign and Governmental Conduct Code; Title 9, Chapter 7 of the California Government Code (Section 87100 *et seq.*), or Title 1, Division 4, Chapter 1, Article 4 of the California Government Code (Section 1090 *et seq.*), and further agrees promptly to notify the City if it becomes aware of any such fact during the term of this Agreement.

10.3 Prohibition on Use of Public Funds for Political Activity. In performing the Services, Consultant shall comply with San Francisco Administrative Code Chapter 12G, which prohibits funds appropriated by the City for this Agreement from being expended to participate in, support, or attempt to influence any political campaign for a candidate or for a ballot measure. Consultant is subject to the enforcement and penalty provisions in Chapter 12G.

10.4 Consideration of Salary History. Consultant shall comply with San Francisco Administrative Code Chapter 12K, the Consideration of Salary History Ordinance or “Pay Parity Act.” Consultant is prohibited from considering current or past salary of an applicant in determining whether to hire the applicant or what salary to offer the applicant to the extent that such applicant is applying for employment to be performed on this Agreement or in furtherance of this Agreement, and whose application, in whole or part, will be solicited, received, processed or considered, whether or not through an interview, in the City or on City property. The ordinance also prohibits employers from (1) asking such applicants about their current or past salary or (2) disclosing a current or former employee’s salary history without that employee’s authorization unless the salary history is publicly available. Consultant is subject to the enforcement and penalty provisions in Chapter 12K. Information about and the text of Chapter 12K is available on the web at <https://sfgov.org/olse/consideration-salary-history>. Consultant is required to comply with all of the applicable provisions of 12K, irrespective of the listing of obligations in this Section.

10.5 Nondiscrimination Requirements

10.5.1 Nondiscrimination in Contracts. Consultant shall comply with the provisions of Chapters 12B and 12C of the San Francisco Administrative Code. Consultant shall incorporate by reference in all subcontracts the provisions of Sections 12B.2(a), 12B.2(c)-(k), and 12C.3 of the San Francisco Administrative Code and shall require all subconsultants to comply with such provisions. Consultant is subject to the enforcement and penalty provisions in Chapters 12B and 12C.

10.5.2 Nondiscrimination in the Provision of Employee Benefits. San Francisco Administrative Code 12B.2. Consultant does not as of the date of this Agreement, and will not during the term of this Agreement, in any of its operations in San Francisco, on real property owned by San Francisco, or where work is being performed for the City elsewhere in the United States, discriminate in the provision of employee benefits between employees with domestic partners and employees with spouses and/or between the domestic partners and spouses of such employees, subject to the conditions set forth in San Francisco Administrative Code Section 12B.2.

10.5.3 Local Business Enterprise and Non-Discrimination in Contracting Ordinance. Consultant shall comply with all applicable provisions of Chapter 14B (“LBE Ordinance”). Consultant is subject to the enforcement and penalty provisions in Chapter 14B. Contractor shall utilize LBE Subconsultants for at least **20%** of the Services except as otherwise authorized in writing by the Director of CMD. Contractor shall incorporate the requirements of the LBE Ordinance in each subcontract made in the fulfillment of Contractor’s LBE subcontracting commitments.

10.6 Minimum Compensation Ordinance. If Administrative Code Chapter 12P applies to this contract, Consultant shall pay covered employees no less than the minimum compensation required by San Francisco Administrative Code Chapter 12P, including a minimum hourly gross compensation, compensated time off, and uncompensated time off. Consultant is subject to the enforcement and penalty provisions in Chapter 12P. Information about and the text of the Chapter 12P is available on the web at <http://sfgov.org/olse/mco>. Consultant is required to comply with all of the applicable provisions of 12P, irrespective of the listing of obligations in this Section. By signing and executing this Agreement, Consultant certifies that it complies with Chapter 12P.

10.7 Health Care Accountability Ordinance. If Administrative Code Chapter 12Q applies to this contract, Consultant shall comply with the requirements of Chapter 12Q. For each Covered Employee, Consultant shall provide the appropriate health benefit set forth in Section 12Q.3 of the HCAO. If Consultant chooses to offer the health plan option, such health plan shall meet the minimum standards set forth by the San Francisco Health Commission. Information about and the text of the Chapter 12Q, as well as the Health Commission’s minimum standards, is available on the web at <http://sfgov.org/olse/hcao>. Consultant is subject to the enforcement and penalty provisions in Chapter 12Q. Any Subcontract entered into by Consultant shall require any Subconsultant with 20 or more employees to comply with the requirements of the HCAO and shall contain contractual obligations substantially the same as those set forth in this Section.

10.8 First Source Hiring Program. Consultant must comply with all of the provisions of the First Source Hiring Program, Chapter 83 of the San Francisco Administrative Code, that apply to this Agreement, and Consultant is subject to the enforcement and penalty provisions in Chapter 83.

10.9 Alcohol and Drug-Free Workplace. City reserves the right to deny access to, or require Consultant to remove from, City facilities personnel of any Consultant or subconsultant who City has reasonable grounds to believe has engaged in alcohol abuse or illegal drug activity which in any way impairs City's ability to maintain safe work facilities or to protect the health and well-being of City employees and the general public. City shall have the right of final approval for the entry or re-entry of any such person previously denied access to, or removed from, City facilities. Illegal drug activity means possessing, furnishing, selling, offering, purchasing, using or being under the influence of illegal drugs or other controlled substances for which the individual lacks a valid prescription. Alcohol abuse means possessing, furnishing, selling, offering, or using alcoholic beverages, or being under the influence of alcohol.

10.10 Limitations on Contributions. By executing this Agreement, Consultant acknowledges its obligations under Section 1.126 of the City's Campaign and Governmental Conduct Code, which prohibits any person who contracts with, or is seeking a contract with, any department of the City for the rendition of personal services, for the furnishing of any material, supplies or equipment, for the sale or lease of any land or building, for a grant, loan or loan guarantee, or for a development agreement, from making any campaign contribution to (i) a City elected official if the contract must be approved by that official, a board on which that official serves, or the board of a state agency on which an appointee of that official serves, (ii) a candidate for that City elective office, or (iii) a committee controlled by such elected official or a candidate for that office, at any time from the submission of a proposal for the contract until the later of either the termination of negotiations for such contract or twelve months after the date the City approves the contract. The prohibition on contributions applies to each prospective party to the contract; each member of Consultant's board of directors; Consultant's chairperson, chief executive officer, chief financial officer and chief operating officer; any person with an ownership interest of more than 10% in Consultant; any subconsultant listed in the bid or contract; and any committee that is sponsored or controlled by Consultant. Consultant certifies that it has informed each such person of the limitation on contributions imposed by Section 1.126 by the time it submitted a proposal for the contract, and has provided the names of the persons required to be informed to the City department with whom it is contracting.

10.11 Reserved. (Slavery Era Disclosure)

10.12 Reserved. (Working with Minors)

10.13 Consideration of Criminal History in Hiring and Employment Decisions.

10.13.1 Consultant agrees to comply fully with and be bound by all of the provisions of Chapter 12T, "City Consultant/Subconsultant Consideration of Criminal History in Hiring and Employment Decisions," of the San Francisco Administrative Code ("Chapter 12T"), including the remedies provided, and implementing regulations, as may be amended from time to time. The provisions of Chapter 12T are incorporated by reference and made a part of this Agreement as though fully set forth herein. The text of Chapter 12T is available on the web at <http://sfgov.org/olse/fco>. Consultant is required to comply with all of the applicable provisions of 12T, irrespective of the listing of obligations in this Section. Capitalized terms used in this Section and not defined in this Agreement shall have the meanings assigned to such terms in Chapter 12T.

10.13.2 The requirements of Chapter 12T shall only apply to a Consultant's or Subconsultant's operations to the extent those operations are in furtherance of the performance

of this Agreement, shall apply only to applicants and employees who would be or are performing work in furtherance of this Agreement, and shall apply when the physical location of the employment or prospective employment of an individual is wholly or substantially within the City of San Francisco. Chapter 12T shall not apply when the application in a particular context would conflict with federal or state law or with a requirement of a government agency implementing federal or state law.

10.14 Reserved. (Public Access to Nonprofit Records and Meetings)

10.15 Food Service Waste Reduction Requirements. Consultant shall comply with the Food Service Waste Reduction Ordinance, as set forth in San Francisco Environment Code Chapter 16, including but not limited to the remedies for noncompliance provided therein.

10.16 Reserved. (Distribution of Beverages and Water)

10.17 Tropical Hardwood and Virgin Redwood Ban. Pursuant to San Francisco Environment Code Section 804(b), the City urges Consultant not to import, purchase, obtain, or use for any purpose, any tropical hardwood, tropical hardwood wood product, virgin redwood or virgin redwood wood product.

10.18 Preservative Treated Wood Products. Consultant shall comply with the provisions of San Francisco Environment Code Chapter 13, which requires that each Consultant purchasing preservative-treated wood products on behalf of the City, shall only purchase such products from the list of alternatives adopted by the Department of the Environment pursuant to Section 1302 of Chapter 13, unless otherwise granted an exemption by the terms of that Chapter.

Article 11 General Provisions

11.1 Notices to the Parties. Unless otherwise indicated in this Agreement, all written communications sent by the Parties may be by U.S. mail or e-mail, and shall be addressed as follows:

To City: **Scott Moran**
SF Public Works
49 South Van Ness, 10th Floor
San Francisco, CA 94103
Scott.Moran@sfdpw.org

To Consultant: **Michael B. Ross, AIA**
RossDrulisCusenbery Architecture, Inc.
18294 Sonoma Highway
Sonoma, CA 95476
mross@rdcarchitecture.com

Any notice of default must be sent by registered mail or other trackable overnight mail. Either Party may change the address to which notice is to be sent by giving written notice thereof to the other Party. If email notification is used, the sender must specify a receipt notice.

11.2 Compliance with Americans with Disabilities Act. Consultant shall **exercise the Standard of Care** to provide the Services in a manner that complies with the Americans

with Disabilities Act (ADA), including but not limited to Title II's program access requirements, and all other applicable federal, state and local disability rights legislation.

11.3 Incorporation of Recitals. The matters recited above are hereby incorporated into and made part of this Agreement.

11.4 Sunshine Ordinance. Consultant acknowledges that this Agreement and all records related to its formation, Consultant's performance of Services, and City's payment are subject to the California Public Records Act, (California Government Code §6250 et. seq.), and the San Francisco Sunshine Ordinance, (San Francisco Administrative Code Chapter 67). Such records are subject to public inspection and copying unless exempt from disclosure under federal, state or local law.

11.5 Modification of this Agreement. This Agreement may not be modified, nor may compliance with any of its terms be waived, except as noted in Section 11.1, "Notices to Parties," regarding change in personnel or place, and except by written instrument executed and approved in the same manner as this Agreement. Consultant shall cooperate with Department to submit to the Director of CMD any amendment, modification, supplement or change order that would result in a cumulative increase of the original amount of this Agreement by more than 20% (CMD Contract Modification Form).

11.6 Dispute Resolution Procedure.

11.6.1 Negotiation; Alternative Dispute Resolution. The Parties will attempt in good faith to resolve any dispute or controversy arising out of or relating to the performance of services under this Agreement. If the Parties are unable to resolve the dispute, then, pursuant to San Francisco Administrative Code Section 21.35, Consultant may submit to the Contracting Officer a written request for administrative review and documentation of the Consultant's claim(s). Upon such request, the Contracting Officer shall promptly issue an administrative decision in writing, stating the reasons for the action taken and informing the Consultant of its right to judicial review. If agreed by both Parties in writing, disputes may be resolved by a mutually agreed-upon alternative dispute resolution process. If the parties do not mutually agree to an alternative dispute resolution process or such efforts do not resolve the dispute, then either Party may pursue any remedy available under California law. The status of any dispute or controversy notwithstanding, Consultant shall proceed diligently with the performance of its obligations under this Agreement in accordance with the Agreement and the written directions of the City. Neither Party will be entitled to legal fees or costs for matters resolved under this section.

11.6.2 Government Code Claim Requirement. No suit for money or damages may be brought against the City until a written claim therefor has been presented to and rejected by the City in conformity with the provisions of San Francisco Administrative Code Chapter 10 and California Government Code Section 900, et seq. Nothing set forth in this Agreement shall operate to toll, waive or excuse Consultant's compliance with the California Government Code Claim requirements set forth in San Francisco Administrative Code Chapter 10 and California Government Code Section 900, et seq.

11.7 Agreement Made in California; Venue. The formation, interpretation and performance of this Agreement shall be governed by the laws of the State of California. Venue

for all litigation relative to the formation, interpretation and performance of this Agreement shall be in San Francisco.

11.8 **Construction.** All paragraph captions are for reference only and shall not be considered in construing this Agreement.

11.9 **Entire Agreement.** This contract sets forth the entire Agreement between the Parties, and supersedes all other oral or written provisions. This Agreement may be modified only as provided in Section 11.5, “Modification of this Agreement.”

11.10 **Compliance with Laws. In accordance with the professional Standard of Care,** Consultant shall keep itself fully informed of the City’s Charter, codes, ordinances and duly adopted rules and regulations of the City and of all state, and federal laws in any manner affecting the performance of **and applicable to** this Agreement, and must at all times exercise **the Standard of Care** to comply with such local codes, ordinances, and regulations and all applicable laws as they may be amended from time to time.

11.11 **Severability.** Should the application of any provision of this Agreement to any particular facts or circumstances be found by a court of competent jurisdiction to be invalid or unenforceable, then (i) the validity of other provisions of this Agreement shall not be affected or impaired thereby, and (ii) such provision shall be enforced to the maximum extent possible so as to effect the intent of the Parties and shall be reformed without further action by the Parties to the extent necessary to make such provision valid and enforceable.

11.12 **Cooperative Drafting.** This Agreement has been drafted through a cooperative effort of City and Consultant, and both Parties have had an opportunity to have the Agreement reviewed and revised by legal counsel. No Party shall be considered the drafter of this Agreement, and no presumption or rule that an ambiguity shall be construed against the Party drafting the clause shall apply to the interpretation or enforcement of this Agreement.

11.13 **Order of Precedence.** Consultant agrees to perform the services described below in accordance with the terms and conditions of this Agreement, implementing task orders, the RFQ, and Consultant’s proposal dated **July 19, 2023**. The RFQ and Consultant’s proposal are incorporated by reference (EXHIBIT 1) as though fully set forth herein. Should there be a conflict of terms or conditions, this Agreement and any implementing task orders shall control over the RFQ and the Consultant’s proposal. If the Appendices to this Agreement include any standard printed terms from the Consultant, Consultant agrees that in the event of discrepancy, inconsistency, gap, ambiguity, or conflicting language between the City’s terms and Consultant’s printed terms attached, the City’s terms shall take precedence, followed by the procurement issued by the department, Consultant’s proposal, and Consultant’s printed terms, respectively.

11.14 **Notification of Legal Requests.** Consultant shall immediately notify City upon receipt of any subpoenas, service of process, litigation holds, discovery requests and other legal requests (“Legal Requests”) related to all data given to Consultant by City in the performance of this Agreement (“City Data” or “Data”), or which in any way might reasonably require access to City’s Data, and in no event later than 24 hours after it receives the request. Consultant shall not respond to Legal Requests related to City without first notifying City other than to notify the requestor that the information sought is potentially covered under a non-disclosure agreement. Consultant shall retain and preserve City Data in accordance with the City’s instruction and

requests, including, without limitation, any retention schedules and/or litigation hold orders provided by the City to Consultant, independent of where the City Data is stored.

Article 12 Department Specific Terms

12.1 **Appendices and Attachments.** The following are hereby attached and incorporated into this Agreement as though fully set forth herein and together form the complete Agreement between the City and Contractor:

Appendix A: Scope of Services

Appendix B: Calculation of Charges

Attachment 1 – Schedule of Services

Attachment 2 – Fee Schedule

Attachment 3 – Key Personnel and Subconsultants

Attachment 4 – BIM Management Plan & Delivery Matrix

Attachment 5 – Quality Assurance/Quality Control Plan

Attachment 6 – Compensation of Services

12.2 **Consultant Obligations and Limitations.**

12.2.1 **LEED Statement.** The LEED Green Building Rating System or similar environmental guidelines (“LEED” utilizes certain design, construction and usage criteria in order to promote environmentally friendly buildings. In addressing LEED, the Consultant shall perform its services in a manner consistent with that degree of skill and care ordinarily exercised by design professionals performing similar services in the same locality, and under the same or similar circumstances and conditions. The LEED Gold Boundary Area for this Project shall be limited to occupied buildings, including Admin/Classroom Building, Fire Apparatus, Inservice Building and Shop Building, and all sitework not directly associated with fire training props and/or structure.

12.2.2 **Limitations of Consultant's Responsibilities for Design Changes and Environmental/Energy Issues.** The Consultant shall not be responsible for any changes to the design made by the City without the direct participation and written approval of the Consultant. Likewise, the Consultant shall not be responsible for any environmental or energy issues arising out of the failure of the City's use and operation of the completed Project as designed.

12.2.3 **Limitation of Benefits.** Nothing in the foregoing shall create any contractual relationship between the City and any consultants employed by the Consultant under the terms of this Agreement. The Consultant is as responsible for the performance of its consultants as it would be if it had rendered these services itself. The Consultant's services are intended for the sole benefit of the City and are not intended to create any rights or benefits to third parties.

12.2.4 Standard of Care (Performance). The Consultant or Architect's obligation is to perform all its services in accordance with generally accepted standards of professional practice in the design and construction administration of the Project as ordinarily observed by firms performing projects of similar size and complexity in the San Francisco Bay Area under the same or similar circumstances (the "Standard of Care"). This standard shall apply to and define all professional obligations under this Agreement. Consultant expressly disclaims all express or implied warranties and guarantees with respect to the performance of professional services.

12.2.5 Code Compliance. In accordance with the Standard of Care, the Consultant shall comply with requirements of all applicable federal, state, and local codes, regulations, and current written interpretation thereof published and in effect at the time of submission of the building permit. In the event of changes in such codes, regulations or interpretations during the Project that were not and should not have been reasonably anticipated by the Consultant and which result in a substantive change to the construction documents, the Consultant shall not be held responsible for the resulting additional costs, fees or time, and shall be entitled to reasonable additional compensation for the time and expense of responding to such changes. The Consultant shall be responsible, however, to identify, analyze and report to the City pending changes to codes and regulations that would reasonably be expected to affect the design of the Project, including pending changes to the California Building Codes and San Francisco Building Code.

12.2.6 Compliance with Americans with Disabilities. Consultant acknowledges that pursuant to the Americans Disabilities Act (ADA), programs, services and other activities provided by a public entity to the public, whether directly or through a contractor, must be accessible to the disabled public. Consultant shall exercise the Standard of Care to provide the services specified in this Agreement in a manner that complies with the ADA and any and all other applicable federal, state, and local disability rights legislation. Consultant agrees not to discriminate against disabled persons in the provision of services, benefits or activities provided under this Agreement and further agrees that any violation of this prohibition on the part of Consultant, its employees, agents, or assigns will constitute a material breach of this Agreement.

Article 13 Data and Security

13.1 Nondisclosure of Private, Proprietary or Confidential Information.

13.1.1 Protection of Private Information. If this Agreement requires City to disclose "Private Information" to Consultant within the meaning of San Francisco Administrative Code Chapter 12M, Consultant and subconsultant shall use such information only in accordance with the restrictions stated in Chapter 12M and in this Agreement and only as necessary in performing the Services. Consultant is subject to the enforcement and penalty provisions in Chapter 12M.

13.1.2 Confidential Information. In the performance of Services, Contractor may have access to City's proprietary or Confidential Information, the disclosure of which to third parties may damage City. If City discloses proprietary or Confidential Information to Contractor, such information must be held by Contractor in confidence and used only in performing the Agreement. Contractors shall exercise the same standard of care to protect such

information as a reasonably prudent contractor would use to protect its own proprietary or Confidential Information.

13.2 Reserved. (Payment Card Industry (“PCI”) Requirements)

13.3 Reserved. (Business Associate Agreement)

13.4 Management of City Data and Confidential Information

13.4.1 Use of City Data and Confidential Information. Consultant agrees to hold City’s Data received from, or collected on behalf of, the City, in strictest confidence. Consultant shall not use or disclose City’s Data except as permitted or required by the Agreement or as otherwise authorized in writing by the City. Any work using, or sharing or storage of, City’s Data outside the United States is subject to prior written authorization by the City. Access to City’s Data must be strictly controlled and limited to Consultant’s staff assigned to this project on a need-to-know basis only. Consultant is provided a limited non-exclusive license to use the City Data solely for performing its obligations under the Agreement and not for Consultant’s own purposes or later use. Nothing herein shall be construed to confer any license or right to the City Data or Confidential Information, by implication, estoppel or otherwise, under copyright or other intellectual property rights, to any third-party. Unauthorized use of City Data by Consultant, subconsultants or other third-parties is prohibited. For purpose of this requirement, the phrase “unauthorized use” means the data mining or processing of data, stored, or transmitted by the service, for commercial purposes, advertising or advertising-related purposes, or for any purpose other than security or service delivery analysis that is not explicitly authorized.

13.4.2 Disposition of Confidential Information. Upon request of City or termination or expiration of this Agreement, and pursuant to any document retention period required by this Agreement, Consultant shall promptly, but in no event later than thirty (30) calendar days, return all data given to or collected by Consultant on City’s behalf, which includes all original media. Once Consultant has received written confirmation from City that City’s Data has been successfully transferred to City, Consultant shall within ten (10) business days clear or purge all City Data from its servers, any hosted environment Consultant has used in performance of this Agreement, including its subconsultants environment(s), work stations that were used to process the data or for production of the data, and any other work files stored by Consultant in whatever medium. Consultant shall provide City with written certification that such purge occurred within five (5) business days of the purge. Secure disposal shall be accomplished by “clearing,” “purging” or “physical destruction,” in accordance with National Institute of Standards and Technology (NIST) Special Publication 800-88 or most current industry standard.

13.5 Ownership of City Data. The Parties agree that as between them, all rights, including all intellectual property rights, in and to the City Data and any derivative works of the City Data is the exclusive property of the City.

Article 14 MacBride And Signature

14.1 MacBride Principles - Northern Ireland. The provisions of San Francisco Administrative Code §12F are incorporated herein by this reference and made part of this Agreement. By signing this Agreement, Consultant confirms that Consultant has read and

understood that the City urges companies doing business in Northern Ireland to resolve employment inequities and to abide by the MacBride Principles, and urges San Francisco companies to do business with corporations that abide by the MacBride Principles.

IN WITNESS WHEREOF, the Parties hereto have executed this Agreement on the day first mentioned above.

- (22) A system of at grade and sloped training streets with curbs gutters and sidewalks sized to accommodate an emergency vehicle driving course.
- (23) Street prop furniture including, light poles, overhead wires, parking meters, parked cars, sign-posts, etc.
- (24) Class B LPG fired prop installation shall be design/build installations. Consultant to provide LPG gas supply and shut off to building entry and each floor of training tower.
- (25) Industrial engineer will provide an assessment of smoke generated from existing fire training activities, evaluate potential smoke quantities and impacts for new site, and provide a report on smoke remediation methods used at other fire training facilities.

1.1.3 **SCOPE C.** For the purpose of this Contract, the provision of design, engineering, construction documentation and specification for the FTF landscape including hardscape surfaces, stormwater filtration, and bioretention areas, gathering areas, pedestrian site features (such as circulation routes and perimeter fencing), and streetscape improvements, within the boundary of the FTF training grounds, excluding vehicular concrete streetscapes and curbs, gutters, and sidewalks. BOLA shall provide an Irrigation System Consultant for Scope C. The documents prepared by BOLA for Scope C shall be complete, coordinated, and standalone sections of the project phase documents prepared by the Consultant.

1.1.4 **Coordinated Set.** Consultant shall coordinate and integrate all Scope items A, B & C into one comprehensive set of design and Construction Documents.

1.2 City Responsibilities. The City’s schedule of services includes basic services, subconsultant services, coordination requirements, QA/QC, Public Agency Coordination, Code Compliance, Design Phases, Bidding, Construction Phase and Project Close-out services for its specific work scopes.

2. Fixed Construction Budget Limit

2.1. The fixed construction budget limit ("FCBL") for the Project is **\$152,631,579**, (One hundred fifty-two million, six hundred thirty-one thousand, five hundred seventy-nine dollars). If there is any change in that amount, it will be inserted into this Agreement by a written amendment. The “Design To” construction cost target at all Consultant deliverable milestones shall be five percent less than the FCBL or **\$145,000,000** (One hundred forty-five million dollars) for the entire Scopes A, B, and C Project, unless changed in writing by the City. In all instances, it is recognized that neither the Consultant nor City has control over the cost of labor, materials, or equipment, over the GM/GC’s methods of determining bid prices, or over

competitive bidding, market or negotiating conditions. Accordingly, Consultant cannot and does not warrant or represent that bids or negotiated prices to construct the part of the project for which it has provided services will not vary from the City's budget for the Project or from an estimate of the Cost of the Work or evaluation prepared by or agreed to by Consultant. For the purpose of this Agreement the separate Scope B FCBL shall be **\$101,770,926** (One hundred one million, seven hundred seventy thousand, nine hundred twenty-six dollars) and respective "Design To" cost target shall be **\$96,682,380** (Ninety-six million, six hundred eighty-two thousand, three hundred eighty dollars).

2.2. The FCBL includes all the costs of construction, except for: (a) City's construction contingencies, (b) the cost of furniture equipment, telephones and business networks, (c) CM/GC Contingency, (d) CM/GC Pre-construction costs and (e) the cost of artwork that is to be incorporated in the Project as an integral building or site element and (f) the cost of all Consultant services.

2.3. The CM/GC, with the assistance of the City, is solely responsible for preparing the trade packages, and coordinating and confirming the Trade Bid Package, comply with the City approved LEED Gold credits, securing permits and subcontracts for all bid and negotiated subcontracts. The Consultant will cooperate with the CM/GC and the City and provide design assistance and coordination that is required to timely prepare the trade packages and subcontracts for bid and/or negotiation and award.

2.4. Should the City accept a subcontractor's competitive bid on any trade package, which price or bid is greater than the estimated cost for that trade package, there shall be no additional compensation (i.e., no correlative proportional increase in fee) to the Consultant.

2.5. During the Construction Bid and Negotiation Phase, the City intends to accept value engineering proposals submitted by trade subconsultant that will lower the cost of the Project. It is not intended for such cost savings to diminish the Project goal of achieving a LEED Gold certification by U.S. Green Building Council ("USGBC"). Any revisions to the approved 50% construction drawings as a result of the VE process by the CM/GC will be an Additional Service.

3. **Schedule of Services**

3.1. **Performance and Schedule Obligations.** Time is of the essence with respect to the performance of all provisions of this Agreement, and with respect to all Project schedules in which a definite time for performance by the Consultant is specified; provided, however, that the foregoing shall not be construed to limit or deprive a party of the benefits of any grace period provided for in this Agreement. The Consultant shall act diligently in anticipating and performing its required tasks in a manner so as to not unreasonably delay the commencement of any services or work with respect to the Project. In the event that the City directs a change to the plans and specifications, or any City agencies require additional time to complete their reviews or require additional review, and such change or delay is neither due to the fault nor in the reasonable control of the Consultant, and which impacts the Consultant's ability to meet the Design Services Schedule as set forth in Attachment 1 to this Agreement, the City shall modify the Design Services Schedule by written modification to this Agreement. In such event, the Consultant may request an equitable adjustment to its Basic Services Fee or may request an Additional Services Fee for the additional time and/or services required for the change, as

appropriate to the nature of the changed design and/or changed Schedule. The Consultant shall exercise the Standard of Care so that the completion of documents sufficient for bid shall be delivered in conformance with the dates indicated or as otherwise agreed to by the City and in consultation with CM/GC. The Consultant shall notify the City at the earliest possible opportunity with a full explanation, should it expect to miss a particular date, sufficient to allow the City to fairly assess the matter.

3.2. Progress Schedule Submission and Approval. Attachment 1 to this Agreement (Schedule of Services) is a preliminary schedule of services that shows in summary fashion the sequence of tasks required to complete the Project and the schedule for completing all of the services required under this Agreement. No later than fifteen (15) days after the date that the City issues a Notice to Proceed (NTP) to the Consultant, the Consultant shall submit a progress schedule of services in the form of a Microsoft MP to the City for its approval. At a minimum, the progress schedule must: (a) provide a schedule for completing each phase of the work required under this Agreement, (b) identify the tasks to be performed during each phase, and (c) identify the sequence in which key activities will be performed by the City, including review and approval by the City and any local, state or federal entities as may be required in order to complete the services required under this Agreement, but excluding detailed construction schedules. The Consultant shall adopt the schedule as a baseline schedule once it is approved by the City. Thereafter, the Consultant shall submit a monthly progress schedule to the City that shows the actual progress achieved that month as compared to the baseline schedule.

3.3. Construction Administration and Compensation. Should the Consultant be required to perform Construction Administration Phase services for a period beyond the date determined for Final Completion through agreement among the City, the Consultant and the CM/GC due to no fault of the Consultant, the Consultant is entitled to additional compensation and is obligated to provide complete and accurate documentation of all actual increased cost of performance of its services. If the construction is delayed beyond the scheduled Final Completion date due to the negligent acts, errors, and omissions of the Consultant, as determined by the City in its sole reasonable discretion, then the Consultant shall continue to provide Construction Administration services in accordance with this Agreement through the actual completion of construction at no additional charge to the City. The Consultant may submit any disputed amounts as a claim.

3.4. Design Phase Authorization and Requirements. Each design phase (Program Validation / Concept Design, Schematic Design, Design Development, and Construction Documents, Construction Bid/Negotiation, Construction Administration, and Warranty) shall be subject to a separate written authorization to proceed to be issued by the City. Work on a design phase shall not begin until the City has issued the appropriate written authorization to proceed. Work on a design phase shall be based on documents, if any, from the prior design phase approved by the City in writing (to the extent that such work is complete), any written directives by the City with respect thereto, and any adjustments to the Project or the FCBL that have been authorized by the City.

4. Consultant Responsibilities

4.1. Consultant agrees to perform the following Services (as part of SCOPE B). All written Deliverables, including any copies, shall be submitted on recycled paper, and printed on double-sided pages to the maximum extent possible.

4.2. Deliverables shall include the following:

4.2.1. Consultant will be responsible for all on-site and specified off-site improvements and handle all other design elements as assigned by the City for Basic and/or Additional Services. Off-site improvements shall be limited to the design of underground utility connections to existing utilities and storm drainage systems in street or onsite, curb, gutters and sidewalks, curb cuts and repaving to the center line of Carroll Ave. Deliverables will include: complete design, documentation, and permit submission to Bureau of Streets & Mapping (bsmpermitdivision@sfdpw.org) for street improvements to the north half of Carroll Avenue (middle road to sidewalk, etc.) for the full width of the site, to meet City of San Francisco Street Standards.

4.2.2. Work or improvements to Armstrong Avenue is NIC excepting for FTF boundary security fencing or walls and retaining walls necessary to support the FTF site improvements. FTF boundary fencing, walls and retaining systems and/or soil stabilization shall be taken into consideration for grade variations with adjacent lots for the entire perimeter of the site.

4.2.3. Site work designs and improvements shall include the planned vacating and incorporation into the site of Griffith Street (Carroll Avenue to Armstrong Avenue), Bancroft Avenue (Griffith Street to Hawes Street), and Hawes Street (Carroll Avenue to Armstrong Avenue). The vacation of Griffin and Hawes Streets and all associated lot line adjustments and recording of deeds shall be the responsibility of the City.

4.2.4. All other off-site work including electric stop light systems, bike lanes, speed bumps and traffic calming systems is currently NIC.

4.2.5. City will provide a design level topographic survey **services** of the site including all property boundaries and easements and required geotechnical studies, **and** ongoing geotechnical consulting with test borings in locations identified by Consultant, and all soils hazardous material testing and abatement. The identification of all on and off site buried utilities including the location, structural loading capacity size and depth of the existing box culvert shall be the responsibility of the City. Approval for the discharge of FTF's storm water, and sewage into either the box culvert or the nearby smaller sewer system shall be negotiated by the City.

4.2.6. The Consultant will be required to develop the Project to the following milestones to allow the CM/GC and the City to issue the following specific trade packages simultaneously as a fully coordinated and complete set of design documents necessary to bid and build the Project. The following milestone deliverables or construction/bid documents apply:

(1) Design Criteria/Bridging Documents (100% Design Development) delivered to the CM/GC for: mechanical, electrical, and plumbing, systems for BOA prepared Scope A, and Consultant prepared Scope B, and BOLA prepared Scope C work. CM/GC will issue Design Criteria documents to design/build trade subcontractors for construction document preparation, permitting and bidding purposes at the completion of 100% Design Development.

(2) Early Civil Site Improvements: Documents will include site preparation, demolition, rough grading, cut and fill, site retaining walls, location and placement

of sub grades for; interior streets, Carroll Avenue improvements, Hawes Street site entry/exit improvements, interior campus, curbs gutters, sidewalks and building pads and the installation of all buried site utilities and storm water management systems.

- (3) Design, Construction and Bid Documents per the following:
 - i. All other disciplines: 100% Conceptual Design, 50% and 100% Schematic Design, 50%, and 100% Design Development
 - ii. All other disciplines: 50%, 95% and 100% Construction Documents.

4.3. **Basic Services.** The Consultant shall provide as its Scope B Basic Services all necessary architectural design, engineering, and other consulting services during the Design Phases and during all Construction Phases of the Project as required by this Agreement to design a complete and comprehensive Project, except for services designated as Additional Services as described in Appendix A herein. Basic Services are generally identified in and as subsequently modified by the agreement of the parties. All the parties providing any of these necessary services shall be licensed by the State of California.

4.3.1. Further, the Consultant will provide input when requested as to conceptual, design and constructability issues. The Consultant will work with, advise, and make timely and researched recommendations to the City's Program Director, City's Project Manager and Project Architect as to the best design options that satisfy the needs and concerns of the City.

4.3.2. The Consultant and the City will work together, based on an understanding that the Phase 2 Program documents completed by the City and Consultant team, require verification by the Consultant's Subject Matter Expert facility designers and engineers for programmatic and functional adherence to Fire Training Facility standards.

4.4. **Consulting Services.** The Consultant shall provide the following consulting services as part its Basic Services under this Agreement:

(1) Consult with authorized employees, agents and/or representatives and consultants of the City and as required or as requested by the City, to develop and complete the design phase, construction phase, and construction administration phase services of the Project.

(2) Review and validate furniture, fixture, and equipment required by City.

(3) Review program requirements, site surveys, existing record documents, seismic data, mechanical, geotechnical, and other test reports, environmental documents, and any other documentation furnished by the City. From an examination of the site and a review of available information and based on its experience and training, the Consultant shall determine whether such data are sufficient for purposes of design or whether additional data are needed and, if so, recommend to the City in as timely a fashion as possible the manner in which it may be provided and needed services obtained to avoid any delay that could otherwise occur. Consultant is entitled to reasonably rely upon the accuracy of the services, information,

surveys, and reports provided by City or any its subcontractors or consultants but shall review the same in accordance with the Standard of Care.

4.4.1. **Sub-Consulting Services.** Contract for or employ, at the Consultant’s expense within the Basic Services fee, Consultant’s employees, and Consultant’s subconsultants as may be necessary or required for the Consultant’s specific scope of work excluding the work of BOA and BOLA, and their respective engineers and consultants including, but not limited:

(1) Associate Architect, Fire Training Facility Subject Matter Expert, Structural, Mechanical, Civil, Electrical, Plumbing, Fire Sprinkler and Acoustic Engineers; LEED consultant, Industrial Engineer, Cost Consultant, Code Compliance/Fire Life Safety Consultant and Fire Protection, AV, Telcom, Security & Low Voltage Technology; Lighting Design, Energy Modeling, Specifications, Waterproofing Systems; Elevator Systems; Graphics and Signage consultants; and other specialty consultants as may be necessary for complete design, or criteria design package as indicated by the City, of the Project; all parties shall be licensed by the State of California if so required. The Consultant shall submit any proposed changes to the subconsultants listed in Attachment 3 to the City for its approval.

(2) The City has elected to use the following Consultant subconsultants (Shared Subconsultants) for work managed by BOLA on Scopes A & C. The Shared Subconsultants will submit separate fee proposals and invoice separately for Scope A and Scope C work in addition to a separate fee proposal for Scope B work. The Shared Subconsultants will submit separate fee proposals and invoice separately for Scope A and Scope C work in addition to a separate fee proposal for Scope B work.

Shared Subconsultants	Discipline	Scope of Wok
Abercrombie Planning & Design	Subject Matter Expert	All Scope A & C work
AR Green Consulting	LEED	All Scope A & C work
BKF Engineers	Civil Engineer	All Scope A & C work
Clearstory Inc.	Signage & Graphics	All Scope A & C work
Cumming Management Group, Inc.	Cost Consultant	All Scope A & C work
Guidepost Solutions, LLC.	Low Voltage, Electronics, Security Systems	All Scope A & C work

4.5. **Designation of Key Employees and Consultants**

(1) The Consultant’s team members, including key employees and consultants, shall remain in charge of the professional services for the Project, as long as their respective performance continues to be acceptable to the City. A list of the Consultant’s team members with their key employees and Attachment 3.

(2) **Maintenance of Key Personnel Involvement.** The Consultant commits to maintaining the continuous involvement of the designated and approved key employees for the entire duration of the Project through the Construction Administration Phase. Absent the death, physical or mental incapacity or departure of the key employees from their respective firms, or the dissolution of their respective firms, or approval in writing by the City to

a different commitment, the key employees have committed to provide their percentages of involvement for each phase as described in Attachment 3. The Consultant and the City are both fully aware that change in key personnel on a project can result in great detriment to the Project. Accordingly, any request by the Consultant to change the amount of the key personnel's involvement shall be made with sixty (60) days prior written notice and any approval or denial of such request shall be at the sole discretion of the City and not subject to challenge by the Consultant. The City reserves the right to audit the key employees' time records if there are concerns about the time commitments of the employees identified in Attachment 3.

(3) **Substitution of Key Personnel.** Because the evaluation of Consultants' Proposals was largely based on the qualifications of key personnel and because a change in key personnel on a project can result in great detriment to the project, the Consultant agrees to maintain the continuous involvement of the designated and approved key employees for the entire duration of the Project through the Construction Administration Phase. Consultant shall not substitute key personnel or change the amount of the key personnel's involvement as described in Attachment 7 without the prior written approval of the City. Requests for approval of substitutions shall be in writing and made at least thirty (30) calendar days prior to the proposed substitution. Such notification shall include a detailed explanation of the circumstances necessitating the proposed substitution, a complete resume for the proposed substitute, and any other information requested or needed by the City to approve or disapprove the request. Proposed substitutes must have qualifications that are equal to or higher than the key personnel being replaced. The City shall evaluate such requests and promptly notify the Consultant in writing whether the proposed substitution is acceptable. Approval or denial of such request is at the sole discretion of the City. The City reserves the right to audit the key employees' time records if there are concerns about the time commitments of the employees identified in Attachment 3. Failure to notify City prior to substitution of key personnel may result in City withholding payment(s) due.

(4) **Additional Staff.** The Consultant will assign additional staff as needed to complete all the services required by this Agreement at no cost to the City.

4.6. **Collaboration with CMGC.** The Consultant, its officers, agents, employees, subconsultant, consultants and any other persons or entities for whom the Consultant is responsible, shall provide all of the services required under this Agreement in a manner consistent with the CM/GC Contracting method. Among other things, this will require the Consultant, at no additional cost to the City, to:

(1) Work closely with the CM/GC and its team during the pre-construction and construction phases of the Project and coordinate its work vis-a-vis the design with the services required of the CM/GC in its contract with the City, and

(2) Prepare plans and specifications for discrete portions of the work as described in 1.1.4 or in the sequences that the Consultant and the CM/GC reasonably agree are appropriate for the timely completion of the Project. The CM/GC will use the plans and specifications to prepare separate trade packages for all the subconsultant who will construct the Project. Trade package may be awarded concurrently with other trade packages or individually, at different points in time, which may result in the Consultant completing portions of the design after commencement of construction of the Project and/or providing construction phase services before completion of all design phase services.

(3) The CM/GC will join the City team at the initiation of the Design Development Phase and provide Design Assist services to the Consultant team and City throughout the project. Design Assist services includes the provision of independent construction cost estimates, peer reviews, constructability reviews, and QA/QC reviews of the Consultant's, BOA's, and BOLA's DD, and CD documents.

(4) Construction staking and construction phase survey services and coordination shall be by CM/GC.

4.6.1. **Communication with CM/GC and City.** The CM/GC and its Subconsultants will, among other things, perform pre-construction and construction phase services including design assistance and review. The City retains the CM/GC solely for the City's benefit. The services rendered by the CM/GC will not operate to change or reduce the Consultant's responsibilities under its Agreement with the City. The Consultant may communicate directly with the CM/GC, but the Consultant shall promptly copy the City on all written communications between the two and promptly confirm in writing to the City the substance of all material, oral communications between the two. In no event shall the Consultant issue any communication directing changes that impact time, cost, or quality (including, but not limited to substitutions) for the Project without express written authorization from the City. This mode of contracting is also described in §6.68 of the San Francisco Administrative Code.

4.6.2. **Coordination with CM/GC and its Subcontractors.** The Consultant shall coordinate its work with the CM/GC and its subcontractors, and collaborate with each of them in a manner consistent with the Construction Manager/General Consultant Mode of Contracting as defined herein. The Consultant shall use and manage BIM applications and methods as an integral part of this effort, as described in the BIM Management Plan and Delivery Matrix. The Consultant shall participate in meetings and workshops with the CM/GC and its team for purposes of design coordination and design review for accuracy, constructability, and value engineering. BOA and BOLA shall separately coordinate its work with the CM/GC and its subconsultants and collaborate with each of them in a manner consistent with the CM/GC Mode of Contracting defined herein.

4.6.3. **Coordination of Design Team.** Commensurate with the standard of care, the Consultant shall coordinate its work with the work of all its consultants to produce comprehensive, complete, coordinated, and accurate drawings and specifications. The Consultant shall use and manage BIM applications and methods for all portions of the Project. BOA and BOLA will be solely responsible for the coordination of all its consultants to produce comprehensive, complete, and coordinated and accurate drawings and specifications for its Scope A and Scope C work. CM/GC will be solely responsible for the coordination of its Design/Build Trade Contractors, to produce comprehensive, complete, coordinated, and accurate drawings, and specifications for their work.

4.7. **Consultant Communication and Documentation.**

4.7.1. **Coordination with the City.** The Consultant and key members of its design team shall meet bi-weekly with the Program Director, Project Manager, Project Architect, the City staff, consultants, and others as directed by the Program Director and Project Manager so as to keep the design and/or construction on budget and on schedule. Design Team includes

the Consultant's Key Employees and consultants assigned to work on this Project as described in Attachment 3 of this agreement.

(1) The Consultant shall assist in establishing a means of electronic communication using the mutually agreed to software or equivalent software program employed by the City, and fully participate in the City's effort to develop electronic files for this Project.

(2) The Consultant shall assist the Program Director and Project Manager in developing requests for proposals and/or requests for qualifications to acquire additional professional services from specialized consultants that the City deems necessary for the successful completion of the Project.

4.7.2. **Coordination with Public Agencies and Public Utilities.** The City shall lead the Public Agency and Public Utility Permit Application Process. Consultant shall assist in coordination of subconsultants with the City and the City's agencies, including the Fire Department, and all other state and federal public agencies and/or utility providers and Fire Training Facility operations staff as necessary to identify design requirements that affect the Project, review designs, and obtain agency and/or utility provider approvals. Where engineering designs would be prepared by such agencies and utility providers, assist in coordination of their designs with the Project, and incorporate their designs into the Construction Documents and/or Contract Documents.

(1) **Coordination with San Francisco Departments:** Assist in coordination of subconsultants with departments of the City and County of San Francisco as necessary to determine relevant City requirements, develop and review designs, and obtain required City approvals. Such departments include, but are not limited to, the Department of Public Works, Department of Environment, Department of Building Inspection, and Redevelopment Agency (currently known as Office Community Investment and Infrastructure (OCII)).

4.7.3. **Meetings with the City and Others.** The Consultant shall attend meetings concerning the Project with the City, CM/GC, and others as necessary, including the following, to the extent required:

(1) Client and Team Meetings and Charrettes: Attend meetings to review and validate the design bridging documents and develop and coordinate the design.

(2) City Departments and their Staff including the Department of Public Works, and Planning Department: The purpose of these meetings will be to assist the Program Director and Project Manager to present design concepts, solicit comments and answer questions, and report on the progress of the Project.

(3) City agencies including SF Fire Department, Department of Building Inspection, Current Planning, PUC, and other agencies: Attend meetings primary design led to coordinate and obtain comments, permits and approvals.

4.8. **BIM Management and Coordination Plan for City Project**

4.8.1. Consultant provides BIM Management solution for all disciplines involved in the Project except for consultants not producing Revit based CAD drawings. This includes but not is not limited to BIM strategic planning, staff communications, development of

standard documents and templates for Revit, plan the model structure, reviewing and auditing Models.

4.8.2. **Use of BIMs.** The Consultant shall develop, manage, and maintain multi-dimensional design BIM's and reports, integrating information from engineering disciplines to collaborate and fully coordinate the design and construction features as described in the BIM Management Plan and Delivery Matrix. The Consultant shall provide such models to the CM/GC for purposes of verifying constructability, compatibility, and compliance with design intent. The Consultant shall consult with the CM/GC and provide the CM/GC an opportunity to review and comment upon all designs, drawings, models, and other materials developed by the Consultant. The Consultant shall incorporate into the Design BIM and Construction Documents constructability refinements resulting from the interactive collaboration with the CM/GC including accepted value engineering proposals. Before starting work on the project, Consultant shall develop BIM Execution Plan (BxP) and Model Development Matrix (**see Attachment 4**) based on the *AIA Document E2002 - 2022 BIM Exhibit for Sharing Models with Project Participants*. As soon as CM/GC is on board, BxP shall be revised to reflect CM/GC's involvement in the BIM workflow. City shall review and approve initial documents and subsequent changes. *AIA Document E2002 - 2022 BIM Exhibit for Sharing Models with Project Participants*, which will be used to specify the level of detail required in the Design, CM, and As-Built BIMs) and the system development level at agreed upon milestones. The Consultant is not expected to prepare standalone Construction Documents and Specifications for each trade package. While the CM/GC is responsible for preparing the trade packages, and securing respective permit approvals, the Consultant will cooperate with the CM/GC and provide design assistance and coordination that is required to timely prepare the trade packages and subcontracts for bid and/or negotiation and award.

4.8.3. **Use of CM BIM.** The CM/GC will develop, manage, and maintain a multi-dimensional CM BIM or BIM's during construction to collaborate with the Consultant. The CM/GC provide ongoing clash detection using BIM. The CM/GC shall utilize the CM BIM(s) to verify constructability and to develop cost estimates, sequencing plans, and schedule. The CM/GC shall consult with the Consultant to review the outcomes of the BIM clash detection reports regularly, and at minimum two weeks prior to the completion of each Design Phase, and comment upon designs, drawings, models, and other materials developed by the Consultant.

4.8.4. Nothing in the foregoing shall create any contractual relationship between the City and any consultants employed by the Consultant under the terms of this Agreement. The Consultant is as responsible for the performance of its consultants as it would be if it had rendered these services itself. The Consultant's services are intended for the sole benefit of the City and are not intended to create any rights or benefits to third parties.

4.9. **Quality Assurance/Quality Control.** Quality Assurance/Quality Control (QA/QC) are the responsibility of the Consultant, and shall be rendered as defined in [Appendix F]. The Consultant shall provide the City the QA/QC plan the Consultant intends to utilize for the Project for approval by the City. At the indicated percentage of completion shown as milestone dates of each phase, the Consultant shall provide to the City documentation that evidences the completeness of the QA/QC activity for that phase. The review and acceptance by the City of this documentation is, in part, a necessary precondition for establishing the completion of the phase and the approval to continue on to the next phase.

4.10. The City Cost Change Control Procedure

4.10.1. During all phases of the Project, the Consultant shall cooperate with the City and the CM/GC to control design and scope changes that could affect the cost of the Project. The Consultant shall comply with a Cost Change Control Procedure to be established by the City for the Project. The Cost Change Control Procedure is intended to serve several purposes, including:

- (1) Assuring that the Project requirements are met,
- (2) Assuring timely and regular estimates of construction costs as the design is developed to ensure that these costs remain within the FCBL,
- (3) Assuring that all proposed changes to the design include an analysis of the cost impact of those changes,
- (4) Avoiding unnecessary re-design work by the Consultant, and
- (5) Avoiding unnecessary additional costs to the CM/GC or the City.

4.10.2 The Consultant shall promptly inform the City of any proposed changes to the design or to the scope of the Project, that would, in the Consultant's opinion, affect the estimated (whether increased or decreased) construction cost for the Project. The Consultant shall review with the City the benefits as well as costs of the proposed changes. For each significant proposed change, the Consultant shall submit to the City a completed Change Request Form, (provided by the City), that describes the proposed change and analyzes the impact the change is likely to have on the cost to build the Project. Should the proposed change increase the estimated cost of the Project, the Consultant shall cooperate with the City to identify other changes to the Project that could reduce and/or offset the cost of the proposed change.

5. Design Phases

5.1. The following design phase requirements describe the Consultant's Scope B responsibilities for the design of its specific project components only and does not apply to the provision of services for the design of Scopes A and C elements prepared by BOA or BOLA.

5.1.1. Upon execution of the Agreement the City will issue a separate Notice-to-Proceed (NTP) authorizing the Consultant to perform design services for each design phase of the Project as set forth below in and as applicable by Program increments. The parties understand and agree that those services delineated in Attachment 3 are to be performed only upon the written NTP by the City. While the City intends to authorize the Consultant to provide the Design Services described below and in Attachment 3 the City shall do so only when (a) sufficient funds for such services have been appropriated in accordance with the budget and fiscal provisions of the City and, (b) the City, in its reasonable discretion, without waiving any rights, has found that prior services of the Consultant to date have been adequately performed and completed.

5.1.2. The Consultant must obtain design review approval for each design phase. The City is not obligated to pay Consultant for 100% complete services attributable to a design phase until the Consultant has obtained design review approval for the preceding phase. Design services shall be invoiced monthly based on a percentage of completion basis.

(1) The Consultant shall Create a systems checklist for selection and approval of systems to be included in the Project such as utilities, mechanical, electrical, communication, and security systems, and other relevant systems and equipment, including the coordination and management of required LEED certification documentation.

(2) The Consultant shall Update strategy and goals for achieving minimum of LEED Gold v. 4.1. Assist the City with registering the Project with the U.S. Green Building Council (USGBC).

(3) The Consultant shall Prepare a report with narrative description of all Scope B components and facilities in the Project, code requirements, including the general types of construction by architectural and engineering disciplines, furnishings, equipment, outline specifications and preliminary seismic, Title 24 disability access, energy, mechanical and electrical load calculations and operating costs and the City, state, and federal disabled access features. Include a list of recommended finish materials and colors.

5.2. Program Verification/Concept Design Phase

5.2.1. Based upon the approved Phase 2 Program dated March 2, 2023, findings, Consultant will prepare alternative approaches to design and construction of the Project, including the feasibility of incorporating environmentally responsible design approaches consistent with achievement of the LEED Gold Sustainable Design Objective. Consultant and BOA and BOLA shall reach an understanding with SFFD regarding the overall requirements of the Project. Scope this phase includes:

(1) Prepare an overall (Scopes A, B & C) conceptual site plan. Showing street scape, building blocks, parking garage or on-site parking, driveways, proposed site amenities and building support spaces. (No less than three concepts.)

(2) Prepare overall floor plans for each Scope B floor level. Showing Scope B occupied buildings, live fire training props a simulation training structure including circulation paths, corridors, vertical circulation (stairways and simulated elevator.)

(3) Prepare conceptual floor plans for each Scope B program element. (Up to three refined, fully developed concepts).

(4) Prepare conceptual exterior elevations. (Up to three concepts).

(5) Provide building/site sections.

(6) Prepare program stacking diagrams.

(7) Prepare massing models for each concept.

(8) Incorporate BOA prepared Scopes A and C elements into overall site master plan and massing model.

(9) LEED meetings and coordination, collect catalog cut-sheets of new owner-furnished equipment if any.

(10) Prepare narrative for program descriptions, fire training requirements report, and site analysis report.

(11) Written Design Criteria Narrative

(12) Coordinate work of A/E Team and BOA/BOLA

5.2.2. Prepare Concept Design Phase Construction Cost Estimate: Consultant shall prepare a construction cost estimate at 100% Concept Design and reconcile that estimate with the independent construction cost estimates prepared by the City.

5.2.3. **Cost Estimating.** The following construction cost estimates shall be provided by the Consultant. 100% Program/Concept, 100% Schematic Design, 100% Design Development, 50% Construction Documents and 95% Construction Documents. Consultant's cost consultant shall attend construction cost meetings and provide services to reconcile the independent construction cost estimates prepared by the City or CM/GC at each cost milestone. VE services after 50% Construction Documents are an Additional Service per this contract.

5.3. Schematic Design Phase (SD)

5.3.1. Based upon the approved conceptual design and budget, Consultant shall prepare Schematic Design Documents for the City's approval. The Schematic Design Documents will consist of drawings and other documents, including site plan, preliminary building plans, sections, and elevations; and may include some combination of study models, perspective sketches, or digital modeling. Preliminary selections of major building systems and construction materials will be noted on the drawings or described in writing. Consultant will coordinate and incorporate the work of BOA and BOLA into the Schematic Design Documents. Scopes A and C documents shall be separately prepared and coordinated by City.

(1) **Pre-design meeting:** The design team shall meet with the City and SFFD to discuss various issues of the project prior to starting the schematic design phase. (Architectural, SME, structural, civil, landscape, cost estimator, sustainable LEED, acoustical, mechanical, and electrical to attend). Design Criteria Documents: Consultant shall prepare separate SD level design criteria drawings and documents for the early core MEP trades and design-build components for review by City.

(2) Prepare Construction Cost estimate at 100% Schematic Design Documents and reconcile that estimates with the independent construction cost estimates prepared by the City.

5.4. Design Development Phase (DD).

5.4.1. Design Development Process

(1) Based the approved Schematic Design Documents and budget and upon receipt of written NTP from the City, Consultant shall prepare Design Development Documents for City's approval. The Design Development Documents will illustrate and describe the development of the approved Schematic Design Documents and will consist of drawings and other documents including plans, sections, elevations, typical construction details, and diagrammatic layouts of building systems to fix and describe the size and character of the Project as to architectural, structural, mechanical and electrical systems, and such other elements as may be appropriate. Consultant will coordinate and incorporate the work of BOA and BOLA into the Design Development Documents. Scopes A and C documents shall be separately prepared and coordinated by City.

(2) The Consultant will advise the City of the sufficiency and appropriateness of the design delineated thus far in the provided documents and identify

opportunities for functional enhancements and/or revisions of purpose and value for the City to review.

(3) Prepare DD Phase design drawings and other documents to fully illustrate and describe the refinement to the design of the Project, establishing the scope, relationships, form, size, and appearance of the Project by means of plans, sections and elevations, construction details typical for this type of project and this type of project delivery, and equipment layouts. The Design documents shall include specifications following CSI Master Format standards that identify major materials and systems and establish in general their quality levels.

(4) Prepare sub trade Design Criteria/Bridging Documents (100% Design Development) to be used as the basis of design by CM/GC for Design/Build MEP sub trade contractors.

(5) Manage, further develop, and maintain multi-dimensional building information models and reports necessary to collaborate and coordinate design and construction features with CM/GC for purposes of verifying constructability, compatibility, and cost. The Consultant shall participate with the City to establish an interactive and integrated design, review, and approval process with the CM/GC. Incorporate into the Design documents the design and constructability refinements resulting from the interactive collaboration with the CM/GC.

(6) The Consultant will be responsible for the preliminary layout, design, and detailing of all furnishing, fixture or equipment that is permanently attached to the Project building by means of adhesives, mechanical fasteners and/or any other device that secures a fixture to the building paid out of public funds or defined areas.

(7) Develop selection and approval of systems to be included in the Project such as Class A fuel and LPG, Class B gas fired props, fire water training hydrant systems, Class A fire water filtration systems, Class B exhaust filtration systems, utilities, mechanical, electrical, communication, and security systems, and other relevant systems and equipment.

(8) Update and modify the format of the Opinion of Probable Construction Cost Estimate submitted for DD phase of Design documents as related to Consultant's disciplines.

(9) Review all Design documents with the City, CM/GC, and revise documents, estimates and schedules as necessary in order to incorporate all of the comments.

(10) Prepare Construction Cost estimates at 100% Design Development Documents and reconcile those estimates with the independent construction cost estimates prepared by the City or CM/GC.

5.4.2. **Design Management and Coordination**

(1) The Consultant to compile, prioritize, organize, and coordinate consultants' reviews.

(2) Actively participate in necessary design meetings and workshops with the City's Program Director, City's Project Manager, City's Architect and CM/GC to secure all approvals from all appropriate stakeholders and authorities.

(3) Actively participate in necessary pre-application meetings, initiated by the City and coordination with agencies such as DBI, Fire, PUC, PG&E, and other reviewing authorities.

(4) The Consultant shall expressly identify and obtain approval from the City prior to including deferred submittal design-build elements in the design, except for those disciplines already indicated in this Agreement as design-build scopes, including mechanical, electrical, and plumbing systems.

(5) Prepare materials to be used in the Project as reasonably necessary to perform Basic Services, to obtain required permits and approvals, and to make presentations to community groups and stakeholders.

(6) Prepare and maintain multi-dimensional (minimum of three dimensions) BIM models and reports necessary to collaborate and coordinate design and construction features with the CM/GC and its Subconsultant for purposes of verifying constructability and compatibility. The parties recognize that the BIM is an interactive tool to aid the Consultant and the CM/GC in their efforts to better coordinate the design and construction of the Project. The Consultant and its designated BIM Manager are responsible for managing the BIM until all necessary approvals have been achieved through bid/award. The CM/GC and its designated BIM manager will assume principal responsibility for managing the BIM thereafter. In all cases, however, it remains the Consultant's responsibility to prepare, (in whatever manner or form the Consultant, in its professional judgment, deems appropriate), all of the documents that are necessary to secure permits from all agencies that have jurisdiction over the Project. BOA and BOLA shall prepare and maintain a separate multi-dimensional BIM model for Scopes A and C program elements utilizing the same BIM Revit program as Consultant and ensure it is fully compatible for inclusion and modeling in the overall site BIM model prepared and managed by Consultant. CM/GC shall prepare all documents that are necessary to secure permits from all agencies that have jurisdiction and approval over early trade bid packages.

(7) Update systems checklist for selection and approval of Scope B systems to be included in the Project such as utilities, mechanical, electrical, communication, and security systems, and other relevant systems and equipment, including the coordination and management of required LEED certification documentation for Scope B elements of the project.

(8) Assist City with updating strategy and goals for achieving minimum of LEED Gold v 4.1. Assist the City with registering the Project with the U.S. Green Building Council (USGBC).

(9) Update narrative report with narrative description of all components and facilities in the Project relating to Scope B disciplines by the Consultant including, code requirements, including the general types of construction by architectural and engineering disciplines, furnishings, equipment, outline specifications and Title 24, energy, mechanical and electrical load calculations and operating. Include a list of recommended finish materials.

(10) The Consultant shall at defined completion milestone conduct its Scope B, QA/QC of the drawings and specification based on its QA/QC plan approved by the City evidenced to show that QA/QC has been implemented.

(11) The Consultant will conduct a review of the Scope B Construction Documents for completeness.

6 Design Changes

6.1 No substantive change shall be incorporated into the design documents unless it has been approved by the City in writing.

6.2 The Consultant shall maintain a Design Change Log of all recommended, pending, approved and incorporated changes for Scope B Work, and submit the Change Log to the City monthly during the design phase beginning with the NTP of Design Development Services.

6.3 The City approval of any change shall not entitle the Consultant to a change in Consultant's compensation, unless approved in writing by the City.

7. Construction Document Phase.

7.1. Upon approval of the Design Development Documents and budget and receipt of written NTP from the City to proceed with the Construction Document Phase, the Consultant shall:

7.1.1. Prepare, from approved Design Development Phase documents, Construction Documents setting forth in detail the requirements for construction of the Project. The Construction Documents shall include all site and building plans, sections, elevations, enlarged plans, and details reasonably necessary to construct the Project as related to Consultant's disciplines. Consultant will coordinate and incorporate the work of BOA and BOLA into the Construction Documents. Scopes A and C construction documents including LEED Gold compliance and specifications shall be separately prepared and coordinated by City. Specifications shall include technical specifications conforming to CSI/MASTERFORMAT standards (50 Divisions), describing technical criteria, standards, and requirements for elements of the Project. Drawings and Specifications shall establish in detail the quality levels of materials, systems and equipment required for the Project.

7.1.2. Manage, further develop, and maintain multi-dimensional building information models and reports necessary to collaborate and coordinate design and construction features with CM/GC for purposes of verifying constructability, compatibility, and cost. The Consultant shall consult with the CM/GC and provide the CM/GC an opportunity to review and comment upon all designs, drawings, and other materials developed by the Consultant during the Construction Document phase. Incorporate into the Construction Documents the design and constructability refinements resulting from the interactive collaboration with the CM/GC including accepted value engineering proposals and value engineering proposals from trade contractors during bidding (see 6.2 Value Engineering Integration Phase). The Consultant is not expected to prepare stand-alone Construction Documents and Specifications for each trade package. While the CM/GC is responsible for preparing the trade packages, the Consultant will

cooperate with the CM/GC and provide all design assistance and coordination that is required to timely prepare the trade packages and subcontracts for bid and/or negotiation and award.

7.1.3. Consultant cost estimate and coordination review services for the early trade bid packages shall be limited to review of quantities and unit costs only.

7.1.4. Participate and assist in the final selection and approval of the Scope B systems to be included in the Project such as utilities, mechanical, electrical, communication, and security systems, and other relevant systems and equipment, including the coordination and management of required LEED certification documentation. The LEED boundary shall be limited to occupied buildings only, unless expanding the boundary improves opportunities to achieve LEED Gold or higher. Continue to monitor and evaluate LEED certification targets including tracking probable LEED point achievements through forecasted LEED Certification Scorecard format.

7.1.5. Prepare Construction Documents, including specifications, in full compliance with all applicable building codes, ordinances, other regulatory requirements, and applicable the City departments and utility providers. Consultant shall assemble and submit final construction documents to all agencies with jurisdiction. As necessary, review construction documents with agencies and revise and re-submit them as required to secure all necessary permits. Coordinate with BOA and BOLA for any required revisions and resubmissions related to their scopes.

7.1.6. The Consultant shall prepare the Scope B Technical Specification Section of the Project Manual as related to the Consultant's Scope B disciplines. City shall provide and coordinate all front-end specifications including Division 01 for the Project Manual with the Consultant's specifications writer. BOA and BOLA shall separately prepare and coordinate technical specifications for Scopes B and C work.

7.1.7. Prepare Construction Cost estimates at 50% and 95% Construction Documents and reconcile those estimates with the independent construction cost estimates prepared by the City or CM/GC. Cooperate and coordinate with the Program Director, Project Manager, Project Architect, and the CM/GC to reconcile any differences with the City's and/or the CM/GC's or its Subconsultants' estimates of construction costs and the FCBL.

7.1.8. If the estimated construction cost at the Construction Documents Phase for any trade package exceeds the initial construction cost estimate for that trade package, the City may, at its discretion: (1) give written approval of an increase in the estimated cost for that trade package provided that the bid or negotiated price for that package is equal to or less than the estimated cost for that package, or (2) if the bid or negotiated price for that trade package exceeds the cost estimate, the City may accept the higher price after reasonable opinion from the Consultant, and in consultation with the CM/GC and Construction Management consultant, that the cost of subsequent trade packages along with the cost of already bid and/or awarded trade packages will not exceed the FCBL. The preparation of early trade bid packages includes the CM/GC's sole responsibility for the application and securing of all permits and approvals. The cost of any VE redesign services after approval of the 50% Construction Documents by the City associated with early trade bid packages shall be an Additional Service.

7.1.9. The Consultant shall participate with the City to establish an interactive and integrated design, review, and approval process with the CM/GC. The Consultant shall

furnish a Drawing and Report Set of all construction documents to the City, including Scope A and C documents separately prepared by BOA/BOLA for approval at 50% and 95% completion, and revise them if required and directed by the City. The Consultant shall not be responsible for the timely performance, accuracy and/or submission of BOA/BOLA Scope A or C, or CM/GC early Trade Bid package work or deliverables.

7.1.10. Unless directed otherwise in writing by the City, the Construction Document phase shall not be considered 100% complete until the Consultant has received all required agency and the City's approvals and/or permits.

7.1.11. The Consultant, all subconsultants, BOA, BOLA and CMGC shall represent, in writing, that to the best of their knowledge, information and belief, the final Construction Documents prepared by Consultant and CM/GC, except for deferred submittals, are complete, fully coordinated and ready for bid, that they have reviewed the drawings in total and that their own work has been coordinated into the Construction Documents. At any time during the Consultant's performance of design services, and upon completion of the final Construction Documents phase, the City may retain architectural/engineering consultants to conduct a peer review of the Construction Documents for constructability and completeness. This peer review, if performed, shall be performed for the benefit of the City and shall in no way decrease the obligation of the Consultant to produce a comprehensive, complete, and accurate set of construction documents including plans and specifications for the Project as required by this Agreement.

7.1.12. The Consultant shall at 50% and 95% completion milestone conduct its QA/QC of the drawings and specification prepared by Consultant based on its QA/QC plan approved by the City evidenced to show that QA/QC has been implemented.

7.1.13. The Consultant will conduct a peer review of the Construction Documents for constructability and completeness.

7.1.14. Assist the City and its CM/GC to coordinate with and secure all necessary approvals from all appropriate stakeholders and regulatory authorities including submitting Site Permit, Building Permit and Addenda, Site Preparation, Foundation and Excavation and Shoring, and Electrical Switchgear.

7.1.15. Upon written approval by the City of the Drawing Set, provide the City with a set of final Construction Documents ready for bidding. Said Construction Documents shall include any previously issued bid packages and documents prepared by BOA and BOLA. Final Construction Drawings and the certification page of the specifications submitted to the City for bidding purposes shall be signed and stamped by the Consultant or its consultants, as appropriate.

7.1.16. Together with its subconsultants and BOA the Consultant shall make presentations to the City and State agencies, stakeholders and community groups as directed by the Program Director or Project Manager.

7.1.17. Provide to the City Program Director, City Project Manager and City Project Architect for his or her review and approval, electronic copies, including PDF files, CAD files, and BIM models, of all compiled complete project drawings sets and complete specifications, draft Drawing Sets, as requested at approved drawing scale.

7.1.18. If requested by the City, assist in the prequalification of sub-contractors to the CM/GC during bidding phase.

8 Construction Phases.

8.1 BOA and BOLA shall be separately responsible for the provision of Construction Phase Services described below for Scopes A and C work as coordinated by Consultant.

8.1.1 The parties understand and agree that those services delineated below as Construction Phase Services are to be performed only upon the written direction of the City. While the City intends to authorize the Consultant to provide the Construction Phase Services, the City shall do so only when (a) sufficient funds for such services have been appropriated in accordance with the budget and fiscal provisions of the City; and (b) the City, in its sole discretion, without waiving any rights, has found that prior services of the Consultant to date have been adequately performed and completed. Upon authorization by the City, the Construction Phase Services become part of Basic Services.

8.1.2 There will be multiple trade packages for the Project, which consist of site preparation package, early sub trade MEP packages and the building package. The CM/GC is responsible for preparing all of the trade packages and securing trade package permit approvals required for LEED Gold approval by USGBC, and to construct the Project. Trade packages will likely be awarded by both negotiation and competitive bid. Some or all of the trade packages may be assembled and negotiated or bid concurrently and/or negotiated or bid separately from other portions. During the preparation, negotiation, or bidding of each trade package, the Consultant shall assist the City and the CM/GC as necessary with clarifying the scope and intent of the trade packages and with the preparation of all necessary addenda.

8.2 **Construction Services.** Construction Services shall consist of the following phases of work.

8.2.1 **Construction Bid / Negotiation Phase.** Upon commencement of the solicitation of bids/negotiations phase by the City, the Consultant shall:

- (1) Participate in and assist the CM/GC and the City with pre-bid conferences, if any, for the construction trade packages.
- (2) Prepare responses to bidders' questions, interpret Construction Documents, evaluate requests for substitutions and prepare addenda for clarifications, and assist the CM/GC and the City as required in responding to bidders' questions.
- (3) Provide the City with electronic originals of all addenda to be issued and provide copies to the CM/GC.
- (4) Assist the CM/GC and the City with reviewing and evaluating all bids submitted and making recommendations for awarding trade subcontracts.
- (5) Following the approval of the Construction Documents, provide as an additional service redesign services as may be required to remain within FCBL. Such redesign services may include incorporating value-engineering proposals made by the CM/GC or any subconsultant and accepted by the City if those are required to bring the Project within FCBL.

(6) Upon award of the trade subcontracts, work with the City to provide a consolidated a Conformed Set of Construction Documents with all addenda, permit plans, accepted bid alternates and construction bulletins incorporated into appropriate specification sections or drawing sheets. Provide the CM/GC and the City with an electronic copy of conformance set "For Construction" Drawing Set and Project Manual including Specifications. BOA, BOLA, and CM/GC shall separately prepare their respective sections of the conformed set and provide BIM files to Consultant.

8.2.2. BIM Management for Design and Construction. The Consultant shall work with the City to develop, manage, and maintain the Design BIM(s) incorporating responses to RFI's, clarifications, ASI's, DDC's and Consultant-issued documents arising from Change Orders to maintain a current As-Planned BIM through a web-based BIM 360 construction management system. The CM/GC shall use the As-Planned BIM to keep current their own CM BIM(s) to verify constructability and costs, sequencing plans, and schedules. At the conclusion of construction, the CM/GC will prepare a BIM reflecting the "As-Built" conditions of the Project based on the Consultant's As-Planned BIM. The AIA E 202 will be used to specify the level of detail required in the model(s).

8.2.3. Value Engineering Services During Bid: The City intends to accept value engineering proposals submitted by trade subconsultant that will lower the cost of the Project. Upon submittal of value engineering proposals during Construction Bid/Negotiations phase and before award of trade package contracts, the Consultant shall:

(1) Assist the City and CM/GC with review and evaluation of the value engineering proposals submitted.

(2) Interpret and assess the proposals and make appropriate recommendations, with supporting documentation and data, to the City and CM/GC for consideration.

(3) Incorporate selected value engineering proposals into the plans and specifications as an additional service.

(4) Value engineering proposals submitted after 50% construction documents and accepted prior to award of trade packages shall be incorporated by the Consultant and compensated as an additional service. Fees to incorporate Value Engineering changes to the design proposed by CM/GC or trade sub-contractors after award of trade packages shall be paid as additional services.

(5) The amounts included for Value Engineering phase is a not-to-exceed allowance, not a lump sum quote. Any unused balance shall be deducted from the Contract Sum and revert to the City.

8.3. Construction Administration Phase

8.3.1. Consultant Responsibilities.

(1) Upon Written NTP from the City to the Consultant to proceed with Construction Administration Phase Services the Consultant shall provide services during the Construction Administration as set forth below.

(2) The Consultant and its subconsultants shall fulfill all duties and requirements pertaining to Consultant of Record and Engineer(s) of Record as required by code.

(3) BOA and BOLA shall be separately responsible for the provision of Construction Phase Services described below for Scopes A and C work. BOA/BOLA shall coordinate with Consultant for the provision of timely and responsive services for the integrated Scopes A, B & C Project during the Construction Phase. CM/GC shall be solely responsible for Construction Phase services for Trade Bid package work.

(4) Compile and update checklists of all testing, equipment startups, submittals, warranties, guarantees, maintenance and operation manuals, extra stock and all other close-out documents that are required of the CM/GC by the Contract. CM/GC shall independently maintain its own checklist and provide an updated list on a monthly basis to the City and Consultant. Consultant shall review the CM/GC's monthly list during the course of construction and provide a final status report of the CM/GC's performance for this requirement by the end of construction.

(5) Work with City to prepare, submit, and administer final LEED certification documentation as required by the U.S. Green Building Council (USGBC).

(6) The CM/GC shall be solely responsible for scheduling, purchase, and installation of long lead items necessary for the orderly progress of the work. Late acquisition of materials may impact the timely completion of the project. Any delays associated with the late ordering or acquisition of materials or services by the CM/GC shall be the sole responsibility of the CM/GC.

8.3.2. Submittals and RFIs.

(1) Unless otherwise agreed by the City, the Consultant shall review, approve or otherwise act upon RFIs and mock-ups within an average of ten (10) working days and no more than fifteen (15) working days, and submittals, shop drawings and substitution requests within an average of ten (10) working days and no more than fifteen (15) working days. If the Consultant expects that the review of any materials and/or communications will oblige longer than a fifteen 15-day consideration, the Consultant shall notify the City and CM/GC in writing within five (5) days of the receipt of the pertinent documents stating the reasons why a delay is expected, and what actions it intends to take to ensure the timeliest response practicable. The construction specifications will be prepared to require the CM/GC to prepare all necessary design documentation to support its substitutions or value engineering proposals.

(2) Should accelerated review of submittals or RFIs be necessary to allow for the early buy out of subcontracts or placement of material orders due to product scarcity, manufacturing or logistic delays, the CM/GC, the City and Consultant shall develop a prioritized "Hot" RFI or Submittal Review process. Hot RFIs will be reviewed first, pushing reviews of lower priority RFIs or submittals back into the schedule. Review of lower priority RFI's beyond the contractual review durations due to the implementation of the Hot RFI process shall not be deemed to be "late" or contribute to a claim of delay on the part of the CM/GC or City.

i. If more than 5 RFIs are submitted per day (more than 25 RFIs per week), the Contractor shall prioritize RFIs responses needed based on most to least critical. Due dates based on fifteen (15) day duration will be adjusted accordingly.

ii. The CM/GC shall be solely responsible for scheduling, purchase, and installation of long lead items necessary for the orderly progress of the work. Late

acquisition of materials may impact the timely completion of the project. Any delays associated with the late ordering or acquisition of materials or services by the CM/GC shall be the sole responsibility of the CM/GC.

8.3.3. Supplemental Drawings and Specifications. As directed by the City the Consultant shall assist the City to prepare and distribute electronically supplementary drawings and specifications for Scope B work in response to RFIs, or as otherwise required to clarify the design intent of the Construction Documents, or to document Change Orders and Construction Change Directives by the City as related to subconsultants. The Consultant shall respond to the CM/GC's requests for information; provided, however, that the Consultant is not required to provide information that is already reasonably available to the CM/GC from a careful study of the Contract Documents, field conditions, or prior Project correspondence or documentation. The City will prepare and effect any required contract modifications and change orders.

8.3.4. RFIs and Change Orders Review and Categorization. The CM/GC shall first review all RFI's and submittals for accuracy, completeness, and justification prior to submitting to Consultant. The CM/GC shall review, categorize all Requests for Information (RFIs) and Change Orders (COs) by cause, and so advise the Consultant. This will assist the City in tracking the amount and percentage of additional costs incurred attributable to, for example, City requests, Consultant errors, Consultant omissions, hidden obstructions, unforeseen conditions, Contractor errors, other Contractor generated conditions, and new regulatory mandates. The Consultant shall indicate in writing whether it concurs with or objects to how the CM/GC categorizes each RFI or CO and shall recommend for the City's consideration any change to the category assigned. No categorization by cause by the CM/GC shall be deemed the City's admission or assignment of legal responsibility or liability on the Consultant. For example, the CM/GC designating an RFI or CO as caused by "architect errors" or "architect omissions" is the opinion of the CM/GC and not an admission by the Consultant that the error or omission was caused by the negligence of the Consultant.

8.3.5. The Consultant shall prepare drawings incorporating responses to RFI's and other clarifications related to Consultant's Scope B disciplines.

8.3.6. At no cost to the City, the Consultant shall update the Construction documents, including BIM model, to reflect Consultant's Scope B responses to RFIs and other changes issued.

8.3.7. Site Visits and Reporting. The Consultant and its subconsultants shall make one visit to the Project site each week as appropriate to the stage of construction or as otherwise directed by the City to: (1) become generally familiar with and to keep the City informed about the progress and quality of the portion of the Work completed; (2) to identify defects and deficiencies in the Work; and, (3) to determine in general if the Work is being performed in a manner indicating that the Work when fully completed, will be in accordance with the Construction Documents. These visits are not to be construed to require supervision or inspection, and the Consultant shall not be required to make exhaustive or continuous on-site observations of the Work. The Consultant shall prepare a written report of each weekly site visit and shall advise and report to the City in writing of any deviations from the Contract Documents, non-conforming items or issues of concern observed during such visits. Review of the CM/GC job site safety measures will be NIC to all field reports.

8.3.8. Construction Meetings and Coordination. The Consultant shall attend one construction meeting per week and related other Project meetings throughout the construction phase as requested by the City, the Program Director, Project Manager, or the CM/GC. Attendance at construction meetings can be virtual or in person. The Consultant shall require that its subconsultants make such visits and attend Project meetings when appropriate to observe the progress of work designed or specified by them. The City shall provide a full-time, onsite Inspector of Record (IOR) for this project. It is understood that the City will be responsible for providing day-to-day field inspection services and shall cooperate and coordinate with the Consultant in matters pertaining to the Consultant's work. The Consultant and its subconsultants shall coordinate and cooperate with the City to time its visits jointly to observe and discuss the CM/GC's field work and installation to reduce duplication of work by both the CM/GC and the Consultant.

8.3.9. On-Site Additional Services. The Consultant shall provide, as part of additional services, as-needed support in an on-site office provided by the CM/GC. Other subconsultants, as defined in Attachment 2 for Scope B Consultants representing specialty services are required to perform similar as-needed on-site additional services for periods agreed-to between the Consultant and the City, and it is the Consultant's responsibility to coordinate the availability of other consultants and schedule such on-site services as necessary for the timely progress of the Work.

8.3.10. The Consultant shall interpret the Contract Documents and advise the City of all decisions rendered. The Consultant shall provide its interpretation electronically in written or graphic form. Interpretations by the Consultant shall be consistent with the intent of and reasonably inferable from the Contract Documents.

8.3.11. The Consultant acknowledges that the City is using the Construction Manager/General Contractor mode of contracting to construct the Project. There is no certainty that the trade subcontractor(s) who is (are) awarded subcontracts will cooperate willingly with the contract documents. The Consultant acknowledges that as a result, it may encounter varying amounts of administrative difficulties during the construction phase of the Project. The Consultant is eligible for additional compensation for these administrative difficulties if the City in its reasonable discretion determines that the amount of time spent in responding is appropriate to the level of effort necessary to resolve the issue.

8.3.12. Review and advise the City when requested on claims, disputes, and other matters in question between the CM/GC and the City relating to the interpretation of the Contract Documents or proposed changes to them.

8.3.13. The Project delivery method that is incorporated into this Agreement and the City's Agreement with the CM/GC, contemplates collaboration and open communication between the Consultant, BOA/BOLA, and the CM/GC during all phases of the Project. The Consultant will not, however, offer any directive or communication, nor make any agreement with the CM/GC that affects the design, construction, or cost of the Project without first obtaining approval from the City's Program Director, Project Manager and Project Architect. Communications by and with the Consultant's consultants shall be through the Consultant.

8.3.14. The Consultant shall assist the City with evaluating progress payment requests from the CM/GC by reviewing the baseline Schedule of Values prepared by the CM/GC for sufficient detail, such as by specification section, floor, and space segmentation.

8.3.15. The Consultant shall review the CM/GC's payment applications for relative degree of completeness of Scope B work, BOA/BOLA shall review for Scope A and C work, and they shall recommend to the City whether it should certify as complete any of the work that is the subject of the application. The Consultant's recommendation to pay any of the amounts requested shall constitute the Consultant's representation that (1) it has observed and evaluated the work at the site as provided in Article 8.3.7 above, (2) it has reviewed the data in the CM/GC's application for payment, and (3) the work has progressed to the point indicated on the request for payment and that to the best of the Consultant's knowledge, information and belief, the quality of the work is in accordance with the Contract Documents. The foregoing representations are subject to an evaluation of the work reasonably observable for conformance with the Contract Documents relative Substantial Completion, to results of subsequent test and inspections, to minor deviations from the Contract Documents correctable prior to completion and to specific qualifications expressed by the Consultant. The Consultant's representation to issue a certificate for payment shall constitute a further representation that the CM/GC is entitled to payment in the amount certified. However, the recommendation to issue a certificate of payment is not a representation that the Consultant has (1) made exhaustive or continuous on-site inspections to check the quality or quantity of the work; (2) reviewed construction means, methods, techniques, sequences or procedures; (3) reviewed copies of requisitions received from subconsultant and material suppliers and other data requested by the City to substantiate the CM/GC's right to payment; or (4) ascertained how or for what purpose the CM/GC has used money previously paid.

8.3.16. The Consultant shall advise the City to reject work that the Consultant believes in good faith does not conform to the Contract Documents. Whenever the Consultant considers it necessary or advisable to implement the intent of the Contract Documents, the Consultant will advise the City to require additional inspection or testing of the work in accordance with the provisions of the Contract Documents, whether such work is fabricated, installed, or completed. The City shall make the final determination whether to reject work, require additional testing, or require other corrective actions by the CM/GC.

8.3.17. The Consultant shall review results of testing and special inspection procedures that are required by the construction Contract Documents and report its comments to the City. The Consultant shall advise the City on special testing and/or inspection that may arise due to field conditions or as requested by appropriate authorities. It is understood that separate contracts for testing and special inspection consultants, laboratories or agencies will be arranged by the City. Attend inspections with appropriate consultants when requested to do so by the City.

8.3.18. The Consultant shall review and advise the City as to the approval of substitutions proposed by the CM/GC, including advice as to whether accepting the proposed substitutions would deviate from the approved design intent or, expose the City to added operations cost for the finished Project or require substantial revision to the Contract Documents. If, in the City's judgment, the Consultant is required to substantially revise documents in order to accommodate substitutions or equals, the City will compensate the Consultant as Additional Services, provided that the need to revise the documents was not caused by the Consultant's negligent errors or omissions.

8.3.19. The Consultant shall Review Scope B shop drawings, samples, wiring, and control diagrams, schedules and lists of materials and equipment, and other descriptive data

pertaining to specified materials, equipment and storage thereof that the CM/GC is required to submit for the City's approval, and recommend whether to approve.

8.3.20. The Consultant shall Review Scope B documents and materials that the CM/GC is required to submit for conformance with the design intent of the Work and with the information given in or inferable from the Contract Documents. Such review shall be made by the Consultant upon receipt from the CM/GC of submittals that have been dated, signed, and approved by the CM/GC, except where otherwise directed by the City. The Consultant may note the exceptions taken or not taken, the corrections necessary, and the re-submittals required, and will return the documents or materials with such notations to the CM/GC as directed by the City. Review and action on an item that is a component of an assembly or system shall not necessarily apply to the entire assembly or system. In its agreement with the CM/GC, the City will include a provision (such as clause 4.2.7 for AIA Document A201, 1987 edition) specifying that the Consultant's review of the CM/GC's submittals does not alter the CM/GC's responsibility for errors and omissions in such submittals.

8.3.21. The provision of more than two reviews by the Consultant of incomplete or inaccurate editions of "Revise and Resubmit" submittals or RFIs prepared by the CM/GC, or its subcontractors shall be an Additional Service.

8.3.22. The consultant will be required to provide only two punchlist walks, preliminary and final. Provision of additional punchlist reviews shall be an additional service. After compilation of the final punch list by the CM/GC, the Consultant, in conjunction with the CM/GC, will verify the final punch list, recommend changes, participate in site visits to determine and track the status of the acceptability of all punch list items, participate in the final review of the Project and advise the City as to the approval of work performed by the CM/GC.

8.3.23. The Consultant shall assist the City, CM/GC and/or Commissioning Agent in arranging for building commissioning, start-up, and testing, adjusting and balancing and the coordination of operational testing and proper functioning of all installed Scope B equipment, and any building commissioning that may be required related to applications by the City for LEED certification.

8.3.24. The Consultant shall at all times have access to the work and the Project site.

8.3.25. The Consultant shall not have control or charge of and shall not be responsible for construction means, methods, techniques, scheduling, sequences or procedures, for safety precautions and programs in connection with construction of the Project, for the acts or omissions of the CM/GC, its subconsultant or any other persons performing any of the work on the Project (unless directly employed or retained by the Consultant), or for the failure of any of them to carry out the work on the Project in accordance with the Construction Documents.

8.3.26. The Consultant shall not have the authority to stop the work unless specific authorization has been granted in writing by the City.

8.3.27. All Scope B design-build systems, except for those indicated in this Agreement as CM/GC Trade Bid packages submitted by the CM/GC shall be reviewed by the Consultant in a timely manner for conformance with the intent of the design drawings and specifications. The CM/GC shall remain responsible for compliance with the design-build requirements of its Trade Bid subcontractors.

9. Warranty Phase

9.1. Consultant shall be responsible for the revision of Warranty Phase Services for Scope B only. CM/GC shall be separately responsible for the provision of warranty work for Trade Bid Packages.

9.2. The Consultant shall assist the City and City’s maintenance and operation personnel in conducting warranty inspections for Scope B work during the warranty period following Final Completion as set forth below:

(1) The Consultant shall observe and review the condition of completed Scope B work and provide assistance to the City to develop a list of corrective warranty work and a schedule for completion for systems, components, equipment, and finishes that have failed to meet the specified performance criteria or the terms of specific product warranties during the warranty period following Final Completion.

(2) The final warranty inspection shall take place no earlier than the eleventh month following Final Completion and no later than the twelfth month following Final Completion.

(3) If Scope B systems, components, equipment, and finishes fail to meet the specified performance criteria or the terms of specific product warranties at any time prior to the final warranty inspection, the Consultant shall observe and review the condition of completed work and provide assistance to the City to develop a list of corrective warranty work and a schedule for its completion.

10. Additional Services

10.1. **Definition.** As defined in Article 1 Definitions, Additional Services are services in addition to the Basic Services of this Agreement. The Consultant shall not proceed with any Additional Services without the prior written authorization of the City. The written authorization to perform Additional Services must include a statement describing the services as Additional Services. In the event the City believes certain services to be part of Basic Services which the Consultant contends are Additional Services, the Consultant shall not perform such services until (a) the Consultant provides the City with written notice of the contention with factual support, and (b) the City then instructs the Consultant in writing to proceed, in which case the Consultant shall perform the services required and pursue any monies or other compensation which it believes it is owed, by filing a claim with the City and/or pursuing any other available remedies, and

10.2. Additional Services include but are not limited to the following:

- (1) Preparation of more than three separate bid packages
- (2) Financial feasibility studies.
- (3) Preparation of Record Drawings
- (4) Value engineering services after approval of 50% construction documents
- (5) Multiple reviews of the CM/GC’s Revise and Resubmit RFI’s or Submittals

- (6) Office systems furniture design, specifications, or procurement.
- (7) Preparation of Fire Department movable equipment, specifications, or procurement
- (8) Revisions to design drawings associated with undiscovered subsurface of soils conditions.
- (9) Punchlist Reviews in excess of preliminary and final punch list, job walks, and documentation.

10.3. Services for future systems and equipment that are not intended to be constructed or provided for during the Construction Administration Phase. However, provisions for advances in computer technology (e.g., software upgrades) are to be made as part of Basic Services.

10.4. Detailed quantity surveys or inventories of material, equipment, furnishings, and labor.

10.5. Services required in connection with construction performed by others that is not part of the Project work, except as indicated in the Agreement.

10.6. Providing consultation concerning replacement of any work damaged by fire, weather, vandalism, theft, or other cause during construction and furnishing services as may be required in connection with the replacement of such work.

10.7. Providing services made necessary by the default of the CM/GC, or by major defects or deficiencies in the work of the CM/GC, or otherwise caused by the CM/GC or others during construction, excluding the Consultant's consultants or employees.

10.8. Preparing design and construction documents for procurement or manufacture or creation of artwork that is to be incorporated in the Project as an integral building or site element, beyond those services necessary to coordinate the design and structure of the building or site to accommodate the installation of such artwork.

10.9. Providing services after Warranty Phase completion unless such services are required as a result of the Consultant's negligent error or omissions.

10.10. Providing services, consultants, or scope of work not stipulated as included in this Agreement, and not customarily provided as part of the Consultant's Basic Services, which includes but is not limited to:

- (1) Preparation of our support services for Amendments to the approved CEQA documents.
- (2) Shadow study, wind studies, noise analysis, AB-32 carbon footprint analysis, traffic/parking, vehicle miles travelled, cultural resources, biological resources and environmental or CEQA consultants.
- (3) Structural analysis beyond code requirements.
- (4) Archeological, Biological and Historic consultants.
- (5) Hazardous materials consultants; and,

(6) Additional Services made necessary by reversals of authorizations, approvals or instructions previously given by the City but only such services as are substantial and in excess of what would have been required if there had not been such reversals.

(7) Additional Services to incorporate substantial structural changes to integrate the artwork administered by the Art Commission after the completion and acceptance of the Design Drawings.

(8) Attendance or presentation at community/neighborhood outreach meetings.

(9) Litigation, mediation, or deposition support of City responses to claims by CM/GC.

(10) Review of waterproofing failures after acceptance of the work by the City.

(11) Coordination of installation of specialty regional transportation training elements by the SFFD including provision or installation of railroad train cars, BART or Muni train cars or truck tanker trailers.

10.11. Services in connection with substantial changes in the scope or schedule of the Project directed by the City, but not including changes proposed and recommended by the Consultant.

(1) Coordination of tenant moves and relocations and move management.

(2) On-site representation beyond those services defined as Basic Services.

(3) Development of fire training curriculum by Consultant with or for the San Francisco Fire Department.

(4) Live fire prop or simulation training structure staff training sessions.

11. **Services Provided by Attorneys.** Any services to be provided by a law firm or attorney must be reviewed and approved in writing in advance by the City Attorney. No invoices for services provided by law firms or attorneys, including, without limitation, as subconsultants of Consultant, will be paid unless the provider received advance written approval from the City Attorney.

12. **Reports.** Consultant shall submit written reports as specified in the Agreement. Format for the content of such reports shall be determined by the San Francisco Public Works. The timely submission of all reports is a necessary and material term and condition of this Agreement. The reports, including any copies, shall be submitted on recycled paper, and printed on double-sided pages to the maximum extent possible.

13. **Department Liaison.** In performing the Services provided for in this Agreement, Contractor's liaison with the San Francisco Public Works will be Scott Moran. The

Department's liaison with the *Consultant* will be Michael B. Ross, AIA, or an approved designated alternate.

Appendix B Calculation of Charges

1. No charge shall be incurred under this Agreement, nor shall any payments become due to the Consultant until final reports, documents, or services as required under this Agreement have been completed and are received from the Consultant and approved by the City as being in accordance with this Agreement, or until the City agrees that services covered under the payment request have been satisfactorily performed. Notwithstanding, the Consultant shall invoice the City monthly, and the City shall pay the Consultant monthly on a percentage of completion basis for the work deemed acceptable by the City for each phase.

2. **Hourly Billing Rates.** All billable staff rates including that of the subcontractor shall be fully burdened to include labor, benefits, taxes, overhead, profit, health care benefit surcharge, minimum compensation accountability surcharge, call out surcharges, other surcharges, personnel protective equipment (PPE) for level D Protection, costs for obtaining insurance and bonds, employee fringe benefits, employee paid time off, employee training, support and administrative services, and ancillary charges. Administrative and clerical support services are considered part of overhead.

3. **Annual Escalation.** The listed rates in Attachment 2, Fee Schedule, will be valid for at least one year after contract award and reflect the 2023 billing rates. The Consultant may request for annual escalation of billing rates for the second through fifth year of the contract, but only once per year every twelve months, starting from the first anniversary date of the Notice to Proceed (NTP). The increase will be based on the percentage change of the Consumer Price Index (CPI) for the San Francisco Bay Area for Urban Wage Earners and Clerical Workers. To request a rate change, the Consultant must submit a billing rate increase request letter for approval by Public Works. Requests for billing rate increases must be made in writing and submitted to the Contract Manager no earlier than thirty (30) days prior to and no later than thirty (30) days after the anniversary date of the NTP. Requests made outside of this timeframe will not be considered, and retroactive requests will not be granted for past contract years or years where the Consultant failed to request a billing rate increase. The adjusted billing rates will be memorialized via a Contract Modification and rates will be effective on the date of the Notice of Modification. The billing rate for each job classification listed cannot exceed the lowest rate charged to any other government entity. The City reserves the right to audit material such as project billing records, accounting records, and time sheets to verify the accuracy of invoices. Refer to "Attachment 2, Fee Schedule," for the negotiated hourly rates.

4. **BASIC SERVICES.** The City shall compensate the Consultant as follows:

4.1. The Contract Sum, which shall be a Lump Sum Fixed Fee, includes all subconsultant fees and normal costs to the Project including all phone calls, faxes, in-house and subconsultant coordination, presentations, printing, and reproductions as required by this Agreement, excluding only those costs for Additional Services and amounts for Reimbursable Expenses. For all of the Consultant's Basic Services, including all services performed under the Agreement, the Consultant shall be paid a Contract Sum amount as set forth in Section 3.3, Compensation of Agreement and the Fee Schedule attached.

4.2. The Certified Contract Sum is the amount certified by the Controller at any point in time. Certified Contract Sum initially shall not exceed the Contract sum specified in Section 3.3.1, Compensation of the Agreement. The City will adjust the value of the Certified Contract Sum during the Project. Upon certification of funds, the Consultant will develop and monitor the Project according to the schedule. The City, in its sole discretion, reserves the right to cancel any subsequent phase if it determines it is in the City's best interest.

4.3. The Fee Schedule represents the Consultant's estimate of the level of effort required of it over the life of this Agreement to earn the fees identified as "Architectural."

4.4. The City fully expects that the Lump Sum Fixed Fee for Basic Services, as represented by the Consultant, adequately covers the cost to successfully complete the work across all phases according to the agreed upon schedule and with a professional level of quality. As such, only significant modification to the design directed by the City shall be considered an Additional Service. In the event that the building program or requirement reduces or increases in complexity from that as represented in the RFQ document (e.g., a substantive reduction or increases in area for a Scope B structure), the design fee shall be correspondingly reduced or increased to reflect the adjusted level of effort.

5. ADDITIONAL SERVICES

5.1. As defined in Article 1.1 Definitions, Additional Services are services not specified or required in the Agreement as Basic Services. The City shall not compensate the Consultant for Additional Services unless such services are authorized in writing prior to performance by the Consultant. Payment for Additional Services shall be made in accordance with the Hourly Rate Schedule set forth in Attachment 2.

6. FURNISHINGS, FIXTURES AND EQUIPMENT NOT AFFIXED

6.1. At the request of the City, the Consultant shall provide services to plan and prepare documents for procurement and installation of furnishings, fixtures, and equipment (FFE) not affixed to the building. The Consultant shall provide these services as Additional Services. Inventory of fire training, fire apparatus, or shop and furnishing shall be completed by others retained by the City. The Consultant will, however, space plan and coordinate the size and location of furniture and equipment requirements of the City based on information provided to the Consultant by the City.

7. REIMBURSABLE EXPENSES

7.1. The following rates shall apply for all other services, and remain in effect throughout the term of the contract for both the Contractor and all levels of sub Contractors.

Expenses	Rates/Schedule
Subconsultant/Vendor Work	Cost plus 5% <i>(for a maximum of two tiers of subconsultants)</i>
Meal Expenses	Not reimbursable.
Incidental Expenses	Not reimbursable.
Lodging	Not reimbursable without prior approval.

<p>Air/Taxi/Shuttle/rail fares</p>	<p>Not reimbursable without prior approval. Air travel fares must be based on economy class ticket prices unless pre-approved by the Contract Manager or Project Manager. Any airfare beyond the economy class ticket price is not reimbursable without prior agreement and pre-approval by the Contract Manager or Project Manager. The Consultant must provide a written justification for the use of higher-class travel at the time of the pre-approval request. The Project Manager will review the justification and determine if higher class travel is reasonable and necessary for the project. If approved, the Consultant must submit a copy of the pre-approval for higher class travel with their invoice for reimbursement. Any airfare beyond the pre-approved amount will not be reimbursed. The City reserves the right to audit air travel expenses to verify compliance with this provision.</p>
---	---

7.2. The City has established an allowance of \$525,360 (Five hundred twenty-five thousand, three hundred sixty dollars) for Reimbursable Expenses, inclusive of Trip Allowance. Reimbursable Expenses shall be invoiced by the Consultant's accounting categories and shall be subject to the audit provisions of this Agreement.

7.2.1. Only the actual costs incurred by the Consultant shall be allowed and invoiced as Reimbursable Expenses. The Consultant shall not exceed the Reimbursable Expense allowance without prior written authorization from the City. There shall be no mark-ups of any kind allowed on Reimbursable Expenses.

7.2.2. All documents shall be transmitted electronically to the City.

7.2.3. All activities and work product resulting from implementation of BIM are considered Basic Services. Renderings, computer animated presentations and presentation models that are not otherwise part of the BIM work product, are considered reimbursable expenses when requested and approved by the City in advance and in writing. Such documents prepared by the Consultant without the City's written advance approval shall be considered part of the Consultant's Basic Services.

7.2.4. The following items are considered normal Project costs and a part of the Basic Services Fee, not Reimbursable Expenses: (a) phone calls, faxes, mail, express mail, courier delivery or overnight delivery service charges, or other communications charges between members of the Consultant's team and/or the CM/GC and its team, regardless of location; (b) regional phone calls and faxes for all area codes having any geographical land area within 100 miles of San Francisco even though its outlying boundary exceeds the 100 mile limitation; (c) Internet gateways, FTP sites or data file transfer or research services; City(d) in-house coordination materials among the Consultant and its team, including photocopy and drawing materials and messenger services; (e) all CAD and other computer-related time and expenses in support of those items specifically listed in articles 4, 5 and 6 of this Agreement; and (f) food and

beverage charges of any kind unless approved in writing in advance by the City. Reproduction costs of Phase deliverables, check sets, Permit documents, Bidding documents, Contract documents, Conform sets, and Record documents shall be an allowable reimbursable expense.

7.2.5. Travel Within the Nine Bay Area Counties: Travel within the nine Bay Area counties (Alameda, Contra Costa, Marin, Napa, San Francisco, San Mateo, Santa Clara, Solano, and Sonoma) between the Consultant's or subconsultant's office and Project Site shall be considered part of the Consultant's or subconsultant's overhead and will not be reimbursed by the City, regardless of the location of the Consultant's or subconsultant's regular work sites. All tolls and parking fees within the nine Bay Area counties will not be reimbursed.

7.2.6. Required Travel Outside of the Nine Bay Area Counties: Travel within 100-mile radius of San Francisco is considered a part of the Basic Services fee, not Reimbursable Expenses. If the needs of the project require the Consultant or its subconsultants to travel outside of the nine Bay Area counties, and if agreed to in writing prior to initiation of work, the City will reimburse the Consultant for the actual travel expenses incurred to and from their regular work site(s) to the Project Site. If the Consultant or subconsultant maintain their regular work site(s) outside of the nine Bay Area counties, reimbursement will be limited to the lesser of (1) the actual expenses incurred to and from the regular work site, or (2) the equivalent travel expenses to and from San Francisco.

(1) All travel must be approved in advance by the Contract Manager or Project Manager. Advanced travel approvals must include estimated amounts for the approval(s) being given.

(2) The associated Travel Time will be similarly reimbursed for the lesser of (i) the actual travel time incurred to and from the regular work site, or (ii) the equivalent travel time to and from San Francisco.

(3) Mileage shall be subject to the Internal Revenue Service (IRS) standard mileage rate for business use of an automobile, with no markup. This rate is subject to change, yearly.

(4) For all travel within the continental United States, travel expenses will be reimbursed according to the federal maximum lodging by locality rates. Any exceptions to the Federal rates must be approved in advance by the Project Manager. Federal rates for lodging, can be found at: <http://www.gsa.gov/> > Per Diem Rates.

(5) Advanced travel approvals and receipts must be included in reimbursements requests. Minor discrepancies between the estimate and actual amounts may be approved by the Contract Manager or Project Manager at the time of payment request.

(6) Air travel fares shall be based on lowest Economy Class ticket prices and will be reimbursed based on actual expenditures.

(7) Taxi, shuttle, rail, and rental car fares will be reimbursed based on actual expenditures. Rail expenses shall be based on lowest Economy Class ticket prices (or equivalent.) Rental car expenses shall be based on the rate for either the Economy or Compact class of car or its equivalent. No upgrades on these forms of transportation will be reimbursed.

(8) Tolls and parking fees associated with approved travel will be reimbursed based on the actual cost.

(9) If public transportation is used, submit receipt/proof-of-purchase for approved travel.

7.2.7. An allowance of trips by the Consultant has been incorporated into the Fee Schedule. Additional travel must be approved in advance by the Project Manager. Each

additional trip is subject to the Project Manager’s approval in writing two weeks in advance. All travel expenses are subject to final approval by the Project Manager at the time of invoice submittal.

8. PAYMENT SCHEDULE AND INVOICES

8.1. PAYMENT SCHEDULE AND INVOICES

8.1.1. The Fee Schedule:

(1) The design services are divided into phases: Program Validation Phase, Concept Design Phase, Schematic Design and Design Development Phase. Each phase is assigned a value representing the total fee (Consultant and subconsultants) for that phase. The total of all of the values assigned to each phase equals the total fee (Consultant and subconsultants).

(2) Each phase is considered complete when that phase has achieved the benchmark set forth in the following table or mutually agreed to benchmarks:

(3) The Consultant will submit invoices for work in progress no more than once each month for Basic Services. All fees, including those of the Consultant's subconsultants, are to be charged on a lump sum percent complete basis within the course of each phase. Lump sum fees will be invoiced based on the Consultant's calculation of the percentage of design services that have been satisfactorily completed and approved by the City, relative to the percentage of the total lump sum fee approved for completion of the, all as set forth in the table below.

(4) With respect to each completed phase, the City will pay no more than the total amount budgeted for that phase. The Consultant is responsible for any fees more than the amount budgeted for that phase.

(5) All invoices that the Consultant submits for payment for services performed under this Agreement must conform to the City's Form of Invoice, as it may be modified during the Project. The invoices must identify each phase for which payment is being sought, the percentage of completion of each phase so identified, and the total amount being requested for each phase so identified.

(6) Payment to the Consultant during the Construction Administration Phase will be made monthly on a time and material basis, not to exceed the amounts identified in the Appendix B, Calculation of Charges by the CM/GC. Along with its invoice, the Consultant shall furnish copies of invoices submitted by subconsultants to substantiate reimbursement. The Consultant's invoices must identify the cost of the work completed by all subconsultants, on the Compensation of Services (Attachment 6).

(7) The City will retain **10%** of the amount of each invoice submitted by the Consultant for Basic Services, including costs of subconsultants, pending satisfactory completion by the Consultant of all work in the phase, and approval by the City; Retention shall be released following the City's acceptance of the work for that phase. Payment of approved retention amounts shall be within 30 days of receipt of invoice by City. There shall be no retention on Reimbursable Expenses or Additional Services.

(8) The Consultant shall receive compensation only for those Additional Services authorized in writing by the City in advance of the Consultant's performance of the work, and in accordance with the rate schedule found in Attachment 2 of this Agreement, which includes the subconsultants' fee schedules.

(9) The hourly rates shall be the standard rates given to any client of the Consultant under similar circumstances.

(10) With respect to any hourly work (e.g., Additional Services), reimbursable fees paid will be based on the actual hours charged, subject to any specified maximums. For hourly work, the Consultant shall submit copies of certified timesheet records for all persons performing the work and shall indicate the number of hours worked by period, and the approved billing rate.

(11) Alternatively, a lump sum or guaranteed maximum fee for Additional Services may be authorized by the City prior to commencement of work on these services, in which case these services shall be invoiced according to the terms of Section 5.1.1.3 above.

(12) There shall be no mark-ups by the Consultant for the cost of professional consultants retained by the Consultant in the performance of its Basic Services. Allowable mark-ups for professional consultants retained for approved Additional Services shall be **1.05x** the subconsultant's bill to the Consultant. No markups of any kind shall be allowed for any reimbursable expenses, whether invoiced by or to the Consultant.

(13) If during the course of construction, the City determines at its sole and reasonable discretion that modifications to Contract Documents are required due to negligent errors or omissions on the part of the Consultant or its subconsultants, the Consultant shall not be compensated for the cost of developing, preparing or reproducing the necessary revised drawings and specifications to correct those negligent errors or omissions nor shall the Consultant be compensated in its fee for the cost of any related extra design work. The Consultant's rights for such payment shall be reserved until Project completion.

(14) No deductions shall be made from the Consultant's compensation on account of penalty, liquidated damages or other sums withheld from payments to the CM/GC or on account of the cost of changes in the work other than those for which the Consultant is responsible based on its negligent errors or omissions.

(15) Payments of Reimbursable Expenses shall be made monthly upon presentation by the Consultant of an itemized statement of actual expenses incurred with a detailed cost breakout and supporting invoices and copies of original receipts.

(16) The Reimbursable Expense allowances set forth above provide only for costs which are defined as part of Basic or Additional Services Fees and are not subject to the LBE participation requirements of the City.

RLIPack[®] FOR PROFESSIONALS BLANKET ADDITIONAL INSURED ENDORSEMENT

This endorsement modifies insurance provided under the following:

BUSINESSOWNERS COVERAGE FORM - SECTION II – LIABILITY

1. **C. WHO IS AN INSURED** is amended to include as an additional insured any person or organization that you agree in a contract or agreement requiring insurance to include as an additional insured on this policy, but only with respect to liability for "bodily injury", "property damage" or "personal and advertising injury" caused in whole or in part by you or those acting on your behalf:

- a. In the performance of your ongoing operations;
- b. In connection with premises owned by or rented to you; or
- c. In connection with "your work" and included within the "product-completed operations hazard".

2. The insurance provided to the additional insured by this endorsement is limited as follows:

- a. This insurance does not apply on any basis to any person or organization for which coverage as an additional insured specifically is added by another endorsement to this policy.
- b. This insurance does not apply to the rendering of or failure to render any "professional services".
- c. This endorsement does not increase any of the limits of insurance stated in **D. Liability And Medical Expenses Limits of Insurance**.

3. The following is added to **SECTION III H.2. Other Insurance – COMMON POLICY CONDITIONS (BUT APPLICABLE ONLY TO SECTION II – LIABILITY)**

However, if you specifically agree in a contract or agreement that the insurance provided to an

additional insured under this policy must apply on a primary basis, or a primary and non-contributory basis, this insurance is primary to other insurance that is available to such additional insured which covers such additional insured as a named insured, and we will not share with that other insurance, provided that:

- a. The "bodily injury" or "property damage" for which coverage is sought occurs after you have entered into that contract or agreement; or
- b. The "personal and advertising injury" for which coverage is sought arises out of an offense committed after you have entered into that contract or agreement.

4. The following is added to **SECTION III K. 2. Transfer of Rights of Recovery Against Others to Us – COMMON POLICY CONDITIONS (BUT APPLICABLE TO ONLY TO SECTION II – LIABILITY)**

We waive any rights of recovery we may have against any person or organization because of payments we make for "bodily injury", "property damage" or "personal and advertising injury" arising out of "your work" performed by you, or on your behalf, under a contract or agreement with that person or organization. We waive these rights only where you have agreed to do so as part of a contract or agreement with such person or organization entered into by you before the "bodily injury" or "property damage" occurs, or the "personal and advertising injury" offense is committed.

ALL OTHER TERMS AND CONDITIONS OF THIS POLICY REMAIN UNCHANGED.

This endorsement modifies insurance provided under the following:

BUSINESS AUTO COVERAGE FORM

A. Broad Form Named Insured

The following is added to the **SECTION II – COVERED AUTOS LIABILITY COVERAGE**, Paragraph **A.1. Who Is An Insured** Provision:

Any business entity newly acquired or formed by you during the policy period, provided you own fifty percent (50%) or more of the business entity and the business entity is not separately insured for Business Auto Coverage. Coverage is extended up to a maximum of one hundred eighty (180) days following the acquisition or formation of the business entity.

This provision does not apply to any person or organization for which coverage is excluded by endorsement.

B. Employees As Insureds

The following is added to the **SECTION II – COVERED AUTOS LIABILITY COVERAGE**, Paragraph **A.1. Who Is An Insured** Provision:

Any “employee” of yours is an “insured” while using a covered “auto” you don’t own, hire or borrow in your business or your personal affairs.

C. Blanket Additional Insured

The following is added to the **SECTION II – COVERED AUTOS LIABILITY COVERAGE**, Paragraph **A.1. Who Is An Insured** Provision:

Any person or organization that you are required to include as an additional insured on this coverage form in a contract or agreement that is executed by you before the “bodily injury” or “property damage” occurs is an “insured” for liability coverage, but only for damages to which this insurance applies and only to the extent that person or organization qualifies as an “insured” under the Who Is An Insured provision contained in **SECTION II – COVERED AUTOS LIABILITY COVERAGE**.

The insurance provided to the additional insured will be on a primary and non-contributory basis to the additional insured’s own business auto coverage if you are required to do so in a contract or agreement that is executed by you before the “bodily injury” or “property damage” occurs.

D. Blanket Waiver Of Subrogation

The following is added to the **SECTION IV – BUSINESS AUTO CONDITIONS, A. Loss Conditions, 5. Transfer Of Rights Of Recovery Against Others To Us**:

We waive any right of recovery we may have against any person or organization to the extent required of you by a contract executed prior to any “accident” or “loss”, provided that the “accident” or “loss” arises out

of the operations contemplated by such contract. The waiver applies only to the person or organization designated in such contract.

E. Employee Hired Autos

1. The following is added to the **SECTION II – COVERED AUTOS LIABILITY COVERAGE**, Paragraph **A.1. Who Is An Insured** Provision:

An “employee” of yours is an “insured” while operating an “auto” hired or rented under a contract or agreement in that “employee’s” name, with your permission, while performing duties related to the conduct of your business.

2. Changes In General Conditions:

Paragraph **5.b.** of the **Other Insurance** Condition in the **BUSINESS AUTO CONDITIONS** is deleted and replaced with the following:

b. For Hired Auto Physical Damage Coverage, the following are deemed to be covered “autos” you own:

- (1) Any covered “auto” you lease, hire, rent or borrow; and
- (2) Any covered “auto” hired or rented by your “employee” under a contract in that individual “employee’s” name, with your permission, while performing duties related to the conduct of your business. However, any “auto” that is leased, hired, rented or borrowed with a driver is not a covered “auto”.

F. Fellow Employee Coverage

SECTION II – COVERED AUTOS LIABILITY COVERAGE, Exclusion B.5. does not apply if you have workers compensation insurance in-force covering all of your employees.

G. Auto Loan Lease Gap Coverage

SECTION III – PHYSICAL DAMAGE COVERAGE, C. Limit Of Insurance, is amended by the addition of the following:

In the event of a total “loss” to a covered “auto” shown in the Schedule of Declarations, we will pay any unpaid amount due on the lease or loan for a covered “auto”, less:

- 1. The amount paid under the **PHYSICAL DAMAGE COVERAGE** section of the policy; and
- 2. Any:
 - a. Overdue lease/loan payments at the time of the “loss”;

WAIVER OF OUR RIGHT TO RECOVER FROM OTHERS ENDORSEMENT—CALIFORNIA

We have the right to recover our payments from anyone liable for an injury covered by this policy. We will not enforce our right against the person or organization named in the Schedule. (This agreement applies only to the extent that you perform work under a written contract that requires you to obtain this agreement from us.)

You must maintain payroll records accurately segregating the remuneration of your employees while engaged in the work described in the Schedule.

The additional premium for this endorsement shall be 2% of the California workers' compensation premium otherwise due on such remuneration.

Schedule

Person or Organization

All persons or organizations that are party to a contract that requires you to obtain this agreement, provided you executed the contract before the loss.

**Agreement between the City and County of San Francisco
and**

RossDrulisCusenbery Architecture, Inc. (RDC)

**Architectural and Engineering Team Led by an Executive
Architect for a New Fire Training Facility**

This Agreement is made this 5th day of October 2023, in the City and County of San Francisco (“City”), State of California, by and between RossDrulisCusenbery Architecture, Inc. [RDC] (“ARCHITECT”) and City.

Recitals

WHEREAS the **San Francisco Public Works** (“Department”) wishes to render professional services in connection with design and construction of a fire training facility from Consultant; and

WHEREAS Consultant represents that it is qualified to perform the Services required by City as set forth under this Agreement; and

WHEREAS Consultant was competitively selected pursuant to Sourcing Event ID 0000005905 as required by San Francisco Administrative Code Chapter 6.40 through a Request for Qualifications (“RFQ”) issued on August 6, 2021; and

WHEREAS the Department issued an award of contract Public Works Order **206,986** dated effective **August 31, 2022**; and

WHEREAS this is a contract for Services and there is a **20%** Local Business Entity (“LBE”) subcontracting participation requirement with respect to the Services, as defined further herein; and

WHEREAS approval for the Agreement was obtained on March 20, 2023, from the Civil Service Commission under PSC number 47357-22/23; and

WHEREAS the City’s Board of Supervisors approved this Agreement by Resolution Number 444-23 on September 26, 2023.

Now, THEREFORE, the parties agree as follows:

Article 1 Definitions

The following definitions apply to this Agreement:

1.1 “Additional Services” means those services that the City, in writing, authorizes the Architect to perform that are in addition to the Basic Services.

1.2 “Advise” means “make recommendations to”

1.3 “Agreement” means this contract document, including all attached appendices, and all applicable City Ordinances and Mandatory City Requirements specifically incorporated into this Agreement by reference as provided herein.

1.4 “Appropriate Authorities” refers to any local, state, regional or federal authority or entity having jurisdiction of any kind over the Project. Appropriate Authorities include those agencies and entities that may require information or the filing of plans, specifications and the like, whether on a voluntary or involuntary basis, in connection with the design and/or construction of the Project, including but not limited to, the San Francisco Art Commission and related committees (including the Civic Design Review Committee and the Visual Arts Committee), San Francisco Department of Building Inspection, San Francisco Fire Department, State Fire Marshal, the San Francisco Department of Public Works, the San Francisco Redevelopment Agency (currently known as Office Community Investment and Infrastructure (OCII)), and other entities as The City may designate.

1.5 “Authorization” means the direction of The City properly executed by The City's Program Director or Project Manager and, if involving the expenditure of funds, certified by The City.

1.6 “Basic Services” means the services described in Appendix A that the Consultant is required to provide in return for the Compensation set forth in Appendix B below.

1.7 “BIM” means a Building Information Model (BIM) that is a digital representation of physical and functional characteristics of a facility. As such it serves as a shared knowledge resource for information about a facility forming a reliable basis for decisions during its life cycle from inception onward.

1.7.1 Design BIM means a Building Information Model developed and maintained by the Consultant for the purpose of developing the design.

1.7.2 CM BIM means a Building Information Model developed and maintained by the CM/GC as a tool to support collaboration and construction management.

1.7.3 As-Planned BIM means a Building Information Model that is continuously updated to reflect changes in the design.

1.7.4 As-Designed BIM means a Building Information Model that reflects the Project design at the end of Construction Document phase.

1.7.5 As-Built BIM means a Building Information Model that reflects the Project as constructed.

1.8 “BOA” means Bureau of Architecture means San Francisco Public Works, Building Design & Construction Division for the City and County of San Francisco.

1.9 “BOLA” means Bureau of Landscape Architecture means San Francisco Public Works, Building & Design Construction Division for the City and County of San Francisco.

1.10 “City” or “the City” means the City and County of San Francisco, a municipal corporation, acting by and through its San Francisco Public Works.

1.11 “CMD” means the Contract Monitoring Division of the City.

1.12 “Confidential Information” means confidential City information including, but not limited to, personally-identifiable information (“PII”), protected health information (“PHI”), or individual financial information (collectively, “Proprietary or Confidential Information”) that is subject to local, state or federal laws restricting the use and disclosure of such information, including, but not limited to, Article 1, Section 1 of the California Constitution; the California Information Practices Act (Civil Code § 1798 et seq.); the California Confidentiality of Medical Information Act (Civil Code § 56 et seq.); the federal Gramm-Leach-Bliley Act (15 U.S.C. §§ 6801(b) and 6805(b)(2)); the privacy and information security aspects of the Administrative Simplification provisions of the federal Health Insurance Portability and Accountability Act (45 CFR Part 160 and Subparts A, C, and E of part 164); and San Francisco Administrative Code Chapter 12M (Chapter 12M).

1.13 “Contract Documents” include the Agreement between the City and the CM/GC, and all items identified therein as construction documents, the Construction Documents, working drawings, specifications, addenda, change orders, notices to proceed, general conditions, and special and/or supplementary general conditions.

1.14 “Contractor” or “Consultant” means **RossDrulisCusenbery Architecture, Inc. (RDC), the Architect under this agreement with The City to provide architectural, engineering, or other professional design services; 18294 Sonoma Highway, Sonoma, CA 95476.**

1.15 “Construction Documents” include plans and drawings, specifications, general conditions and special and/or supplementary general conditions, information for bidders, accepted bid proposals, accepted value engineering proposals, addenda, and any other documents developed to set forth in detail all aspects of the design, function and construction of the Project sufficient for a Consultant to price and build the Project.

1.16 “Construction Manager/General Contractor (CM/GC)” refers to the CM/GC selected by the City under separate contract with the City to provide a complete and fully functional Project constructed in accordance with the Contract Documents and the Construction Documents. The CM/GC and its Subconsultants will, among other things, perform pre-construction and construction phase services including design assistance and review. The City retains the CM/GC solely for the City’s benefit. The services rendered by the CM/GC will not operate to change or reduce the Consultant’s responsibilities under its Agreement with the City. The Consultant may communicate directly with the CM/GC, but the Consultant shall promptly copy the City on all written communications between the two and promptly confirm in writing to the City the substance of all material, oral communications between the two. In no event shall the Consultant issue any communication directing changes that impact time, cost or quality (including, but not limited to substitutions) for the Project without express written authorization from the City. This mode of contracting is also described in §6.68 of the San Francisco Administrative Code.

1.17 “Controller” means the City’s Controller’s Office, as applicable.

1.18 “Deliverables” means Consultant’s work product resulting from the Services provided by Consultant to City during the course of Consultant’s performance of the Agreement, including without limitation, the work product described in the “Scope of Services” attached as Appendix A.

1.19 “Drawing Set” means the design and/or construction documents that the Consultant is required to submit to the City, including the following:

1.19.1 Program Validation Documents, 100% Conceptual Design Documents,

1.19.2 50% and 100% Schematic Design Documents

1.19.3 Design Development Phase: 50%, 100% (final submittals): Drawing set, BIM files, specifications with sufficient detail for cost estimating purposes, reports, schedules and other written documents.

1.19.4 Construction Documents Phase: 50%, 95% and final submittals: Drawing set, BIM files, specifications, reports, schedules, and other written documents.

1.19.5 Construction Bid Phase: Drawing set, BIM files, specifications, reports, schedules, accepted Value Engineering proposal integrated into design documents and other written documents.

1.19.6 Construction Administration Phase: All documents including RFIs’ substitution requests, submittals, shop drawings and other documents.

1.19.7 CAD drawings shall be provided in AutoCAD 2020 and Building Information Modeling on Autodesk Revit Building Suite 2023, or other software approved by the City.

1.19.8 Written documents, spreadsheets, and cost estimates on Microsoft Office Suite 2010 (Word and Excel).

1.19.9 Drawing sets in PDF and DWG format; Revit Project files in RVT format.

1.19.10 Schedules in Microsoft Project 2016.

1.19.11 Audiovisual presentations in Microsoft PowerPoint.

1.19.12 Image files in JPG, GIF, PICA, TIFF, and BMP formats. These images shall be made available in any storage format selected by the City.

1.19.13 Presentation Boards: mounted on foam board, gator board, or eco-friendly rigid display board as requested by the City.

1.19.14 Models: In Plexiglas, wood or other material requested by the City, painted and mounted on wooden base with Plexiglas cover

1.20 “Effective Date” means the date upon which the City’s Controller certifies the availability of funds for this Agreement as provided in Article 3.1.

1.21 “Executive Architect” means, RossDrulisCusenbery Architecture, Inc. (RDC). The role of the Executive Architect is to holistically and collaboratively produce the design and contract documents for the scope specifically assigned to Consultant and coordinate and

incorporate the architecture and engineering services produced by the CM/GC, BOA and BOLA into the Contract Documents.

1.22 “FTF” refers to San Francisco Fire Department Fire Training Facility.

1.23 “FFE” means Furniture, Fixtures, and Equipment that have no permanent connection and/or integration into the structure or building.

1.24 “Mandatory City Requirements” means those City laws set forth in the San Francisco Municipal Code, including the duly authorized rules, regulations, and guidelines implementing such laws that impose specific duties and obligations upon Consultant.

1.25 “Party” and “Parties” means the City and Consultant either collectively or individually.

1.26 “Program Director (PD)” and “Project Manager (PM)” refers to the persons who the City has designated, in writing, as the persons with authority to act on behalf of the City with respect to this Agreement and the Project.

1.27 “Project Manager (PM)” refers to the person designated in writing by the Consultant and accepted by the City to make decisions on behalf of the Consultant, to commit the resources of the Consultant and all its sub consultants, and to direct, coordinate and control the Consultant and its entire team in providing all the services required under this Agreement.

1.28 “Proposal” means the Consultant's response to the City's Request for Qualifications for design professional services for the Project.

1.29 “Quality Assurance/Quality Control (QA/QC)” means the Quality Assurance/Quality Control Plan to be used throughout the design process for the Project. The QA/QC Plan is developed to facilitate delivery of Project documents that are technically sound, complete, and coordinated to accurately communicate the design intent and scope of the Project.

1.30 “Request for Qualifications” means the City's request for qualifications (RFQ) for professional design services for this Project and the Consultant's proposal to provide such services. All requirements of the RFQ and the representations made in the Consultant's Proposal that are not in conflict with provisions of this contract are hereby incorporated by reference and made an integral part of this Agreement as though fully set forth herein. With respect to any conflict or ambiguity between this Agreement and the RFQ or the proposal, this Agreement shall control except where the RFQ or the proposal refers to services not otherwise mentioned in this Agreement, in which case and to such extent the RFQ or proposal shall control.

1.31 Scope Categories refers to the engineering, construction documentation and design responsibilities described in Appendix A, Scope of Services of the Agreement.

1.31.1 “Scope A” refers to a specific portion of the Project further defined in Appendix A of the Agreement. BOA, as Architect of Record (AOR) is solely responsible for providing design, engineering, construction documentation, bidding and construction phases for Scope A elements.

1.31.2 “Scope B” refers to the Consultant’s sole responsibility for the design, engineering, construction documentation and specification of the requirements of the Fire Apparatus Building, Inservice Building, Maintenance Shops, site design and civil engineering

and live fire and simulation training structures. Consultants provided for this work are listed in Appendix A of this Agreement.

1.31.3 “Scope C” refers to BOLA’s sole responsibility for the design, engineering, construction documentation and specification of the requirements for the FTF landscape as further defined in Appendix A of the Agreement.

1.32 “Services” means the work performed by Consultant under this Agreement as specifically described in the “Scope of Services” attached as Appendix A, including all services, labor, supervision, materials, equipment, actions and other requirements to be performed and furnished by Consultant under this Agreement.

Article 2 Term of the Agreement

2.1 The term of this Agreement shall commence on the issuance date of the Notice to Proceed and expire after 1825 calendar days, unless earlier terminated as otherwise provided herein.

2.2 The City has options to renew the Agreement for up to additional two years. The City may extend this Agreement beyond the expiration date by exercising an option at the City’s sole and absolute discretion and by modifying this Agreement as provided in Section 11.5, “Modification of this Agreement.”

Article 3 Financial Matters

3.1 **Certification of Funds; Budget and Fiscal Provisions; Termination in the Event of Non-Appropriation.** This Agreement is subject to the budget and fiscal provisions of the City’s Charter. Charges will accrue only after prior written authorization certified by the Controller, and the amount of City’s obligation hereunder shall not at any time exceed the amount certified for the purpose and period stated in such advance authorization. This Agreement will terminate without penalty, liability or expense of any kind to City at the end of any fiscal year if funds are not appropriated for the next succeeding fiscal year. If funds are appropriated for a portion of the fiscal year, this Agreement will terminate, without penalty, liability or expense of any kind at the end of the term for which funds are appropriated. City has no obligation to make appropriations for this Agreement in lieu of appropriations for new or other agreements. City budget decisions are subject to the discretion of the Mayor and the Board of Supervisors. Consultant’s assumption of risk of possible non-appropriation is part of the consideration for this Agreement.

THIS SECTION CONTROLS AGAINST ANY AND ALL OTHER PROVISIONS OF THIS AGREEMENT.

3.2 **Guaranteed Maximum Costs.** The City’s payment obligation to Consultant cannot at any time exceed the amount certified by City’s Controller for the purpose and period stated in such certification. Absent an authorized Emergency per the City Charter or applicable Code, no City representative is authorized to offer or promise, nor is the City required to honor, any offered or promised payments to Consultant under this Agreement in excess of the certified maximum amount without the Controller having first certified the additional promised amount and the Parties having modified this Agreement as provided in Section 11.5, “Modification of this Agreement.”

3.3 Compensation.

3.3.1 **Calculation of Charges.** Consultant shall provide an invoice to the City on a monthly basis for Services completed in the immediate preceding month, unless a different schedule is set out in Appendix B, "Calculation of Charges." Compensation shall be made for Services identified in the invoice that the Director of Public Works, in his or her sole, concludes has been satisfactorily performed. In no event shall the amount of this Agreement exceed **\$12,147,579 (TWELVE MILLION, ONE HUNDRED FORTY-SEVEN THOUSAND, FIVE HUNDRED SEVENTY-NINE DOLLARS)**. The breakdown of charges associated with this Agreement appears in Appendix B, "Calculation of Charges." attached hereto and incorporated by reference as in no event shall City be liable for interest or late charges for any late payments except as set forth in Administrative Code Section 6.22 (j).

3.3.2 **Payment Limited to Satisfactory Services.** Consultant is not entitled to any payments from City until Public Works approves the Services, including any furnished Deliverables, as satisfying all of the requirements of this Agreement. Payments to Consultant by City shall not excuse Consultant from its obligation to replace unsatisfactory Deliverables, including Services even if the unsatisfactory character may not have been apparent or detected at the time such payment was made. Services that do not conform to the requirements of this Agreement may be rejected by City and in such case must be replaced by Consultant without delay at no cost to the City.

3.3.3 **Withhold Payments.** If Consultant fails to provide Services in accordance with Consultant's obligations under this Agreement, the City may withhold any and all payments due Consultant until such failure to perform is cured, and Consultant shall not stop work as a result of City's withholding of payments as provided herein unless otherwise authorized in this Agreement.

3.3.4 **Invoice Format.** Invoices furnished by Consultant under this Agreement must be in a form acceptable to the Controller and City and must include a unique invoice number and a specific invoice date. Payment shall be made by City as specified in Section 11.1, "Notices to the Parties," or in such alternate manner as the Parties have mutually agreed upon in writing. All invoices must show the PeopleSoft Purchase Order ID Number, PeopleSoft Supplier Name and ID, Item numbers (if applicable), complete description of Services performed, sales/use tax (if applicable), contract payment terms and contract price. Invoices that do not include all required information or contain inaccurate information will not be processed for payment.

3.3.5 **LBE Payment and Utilization Tracking System.** If LBE Subcontracting Participation Requirements apply to a Contract awarded pursuant to this Solicitation, the Awarded Consultant shall: (a) Within three (3) business days of City's payment of any invoice to Consultant, pay LBE subconsultants as provided under Chapter 14B.7(H)(9); and (b) Within ten (10) business days of City's payment of any invoice to Consultant, confirm its payment to subconsultants using the City's Supplier Portal Payment Module, unless instructed otherwise by CMD. The Controller is not authorized to pay invoices submitted by Consultant prior to Consultant's submission of all required CMD payment information. Failure to submit all required payment information to the City's Supplier Portal Payment Module with each payment request may result in the withholding 20% of subsequent payments due. Self-Service Training is located at this link: <https://sfcitypartnersfgov.org/pages/training.aspx>.

3.3.6 Getting paid by the City for Services.

(a) The City and County of San Francisco utilizes the Paymode-X[®] service offered by Bank of America Merrill Lynch to pay City Consultants. Consultant must sign up to receive electronic payments to be paid under this Agreement. To sign up for electronic payments, visit http://portal.paymode.com/city_countyofsanfrancisco.

(b) At the option of the City, Consultant may be required to submit invoices directly in the City's financial and procurement system (PeopleSoft) via eSettlement. Refer to <https://sfcitypartner.sfgov.org/pages/training.aspx> for more information on eSettlement. For access to PeopleSoft eSettlement, submit a request through sfemployeeportalsupport@sfgov.org.

3.3.7 Reserved. (Grant Funded Contracts)

3.3.8 **Subcontractor Prompt Payment.** Except as otherwise required by Chapter 14B of the Administrative Code, and consistent with the provisions of Section 6.42(f) of the Administrative Code, Contractor shall pay its subconsultant within seven calendar days after receipt of each progress payment from the City, unless otherwise agreed to in writing by both Contractor and the subcontractor. In the event that there is a good faith dispute over all or any portion of the amount due on a progress payment from Contractor to a subcontractor, the Contractor may withhold the disputed amount, but shall pay the undisputed amount. If Contractor violates the provisions of Section 6.42(f), then Contractor shall pay to the subcontractor directly the penalty specified in Section 6.42(f). This provision does not create a private right of action against the City.

3.3.9 Payment Terms.

(a) **Payment Due Date:** Unless City notifies the Consultant that a dispute exists, Payment shall be made within **30** calendar days, measured from (1) the rendering of services or (2) the date of receipt of the invoice, whichever is later. Payment is deemed to be made on the date on which City has issued a check to Consultant or, if Consultant has agreed to electronic payment, the date on which City has posted electronic payment to Consultant.

(b) Reserved. (Payment Discount Terms)

3.4 **Audit and Inspection of Records.** Consultant agrees to maintain and make available to the City, during regular business hours, accurate books and accounting records relating to its Services. Consultant will permit City to audit, examine and make excerpts and transcripts from such books and records, and to make audits of all invoices, materials, payrolls, records or personnel and other data related to all other matters covered by this Agreement, whether funded in whole or in part under this Agreement. Consultant shall maintain such data and records in an accessible location and condition for a period of not less than five years after final payment under this Agreement or until after final audit has been resolved, whichever is later. The State of California or any Federal agency having an interest in the subject matter of this Agreement shall have the same rights as conferred upon City by this Section. Consultant shall include the same audit and inspection rights and record retention requirements in all subcontracts.

3.5 **Submitting False Claims.** Pursuant to Article V of Chapter 6 of the Administrative Code, any Consultant, subconsultant, supplier, consultant or subconsultant who submits a false claim may be subject to monetary penalties, investigation and prosecution and

may be declared an irresponsible bidder or an unqualified consultant and debarred as set forth in that Article. A Consultant, subconsultant, supplier, consultant or sub consultant will be deemed to have submitted a false claim to the City if the Consultant, subconsultant, supplier, consultant or subconsultant: (a) knowingly presents or causes to be presented to an officer or employee of the City a false claim or request for payment or approval; (b) knowingly makes, uses, or causes to be made or used a false record or statement to get a false claim paid or approved by the City; (c) conspires to defraud the City by getting a false claim allowed or paid by the City; (d) knowingly makes, uses, or causes to be made or used a false record or statement to conceal, avoid, or decrease an obligation to pay or transmit money or property to the City; or (e) is a beneficiary of an inadvertent submission of a false claim to the City, subsequently discovers the falsity of the claim, and fails to disclose the false claim to the City within a reasonable time after discovery of the false claim.

3.6 **Reserved (Payment of Prevailing Wages)**

Article 4 Services and Resources

4.1 **Services Consultant Agrees to Perform.** Consultant agrees to perform the Services stated in Appendix A, “Scope of Services.” Officers and employees of the City are not authorized to request, and the City is not required to reimburse the Consultant for, Services beyond the Scope of Services listed in Appendix A, unless Appendix A is modified as provided in Section 11.5, “Modification of this Agreement.”

4.2 **Personnel**

4.2.1 **Qualified Personnel.** Consultant shall utilize only competent personnel under the supervision of, and in the employment of, Consultant (or Consultant’s authorized subconsultants) to perform the Services. Consultant will comply with City’s reasonable requests regarding assignment and/or removal of personnel, but all personnel, including those assigned at City’s request, must be supervised by Consultant. Consultant shall commit adequate resources to allow timely completion within the project schedule specified in this Agreement.

4.3 **Subcontracting.**

4.3.1 Consultant may subcontract portions of the Services only upon prior written approval of City, which approval shall not be unreasonably withheld. Consultant is responsible for its subconsultants throughout the course of the work required to perform the Services. All Subcontracts must incorporate the terms of Article 10 “Additional Requirements Incorporated by Reference” of this Agreement, unless inapplicable. Neither Party shall, on the basis of this Agreement, contract on behalf of, or in the name of, the other Party. Any agreement made in violation of this provision shall be null and void.

4.3.2 City’s execution of this Agreement constitutes its approval of the subconsultants listed in **Attachment 3, Key Personnel and Subconsultants.**

4.4 **Independent Consultant; Payment of Employment Taxes and Other Expenses.**

4.4.1 **Independent Consultant.** For the purposes of this Section 4.4, “Consultant” shall be deemed to include not only Consultant, but also any agent or employee of Consultant. Consultant acknowledges and agrees that at all times, Consultant or any agent or

employee of Consultant shall be deemed at all times to be an independent Consultant and is wholly responsible for the manner in which it performs the services and work requested by City under this Agreement. Consultant, its agents, and employees will not represent or hold themselves out to be employees of the City at any time. Consultant or any agent or employee of Consultant shall not have employee status with City, nor be entitled to participate in any plans, arrangements, or distributions by City pertaining to or in connection with any retirement, health or other benefits that City may offer its employees. Consultant or any agent or employee of Consultant is liable for the acts and omissions of itself, its employees and its agents. Consultant shall be responsible for all obligations and payments, whether imposed by federal, state or local law, including, but not limited to, FICA, income tax withholdings, unemployment compensation, insurance, and other similar responsibilities related to Consultant's performing services and work, or any agent or employee of Consultant providing same. Nothing in this Agreement shall be construed as creating an employment or agency relationship between City and Consultant or any agent or employee of Consultant. Any terms in this Agreement referring to direction from City shall be construed as providing for direction as to policy and the result of Consultant's work only, and not as to the means by which such a result is obtained. City does not retain the right to control the means or the method by which Consultant performs work under this Agreement. Consultant agrees to maintain and make available to City, upon request and during regular business hours, accurate books and accounting records demonstrating Consultant's compliance with this Section. Should City determine that Consultant, or any agent or employee of Consultant, is not performing in accordance with the requirements of this Agreement, City shall provide Consultant with written notice of such failure. Within five (5) business days of Consultant's receipt of such notice, and in accordance with Consultant policy and procedure, Consultant shall remedy the deficiency. Notwithstanding, if City believes that an action of Consultant, or any agent or employee of Consultant, warrants immediate remedial action by Consultant, City shall contact Consultant and provide Consultant in writing with the reason for requesting such immediate action.

4.4.2 Payment of Employment Taxes and Other Expenses. Should City, in its discretion, or a relevant taxing authority such as the Internal Revenue Service or the State Employment Development Division, or both, determine that Consultant is an employee for purposes of collection of any employment taxes, the amounts payable under this Agreement shall be reduced by amounts equal to both the employee and employer portions of the tax due (and offsetting any credits for amounts already paid by Consultant which can be applied against this liability). City shall then forward those amounts to the relevant taxing authority. Should a relevant taxing authority determine a liability for past services performed by Consultant for City, upon notification of such fact by City, Consultant shall promptly remit such amount due or arrange with City to have the amount due withheld from future payments to Consultant under this Agreement (again, offsetting any amounts already paid by Consultant which can be applied as a credit against such liability). A determination of employment status pursuant to this Section 4.4 shall be solely limited to the purposes of the particular tax in question, and for all other purposes of this Agreement, Consultant shall not be considered an employee of City. Notwithstanding the foregoing, Consultant agrees to indemnify and save harmless City and its officers, agents and employees from, and, if requested, shall defend them against any and all claims, losses, costs, damages, and expenses, including attorneys' fees, arising from this Section.

4.5 Assignment. The Services to be performed by Consultant are personal in character. Neither this Agreement, nor any duties or obligations hereunder, may be directly or

indirectly assigned, novated, hypothecated, transferred, or delegated by Consultant, or, where the Consultant is a joint venture, a joint venture partner, (collectively referred to as an “Assignment”) unless first approved by City by written instrument executed and approved in the same manner as this Agreement in accordance with the Administrative Code. The City’s approval of any such Assignment is subject to the Consultant demonstrating to City’s reasonable satisfaction that the proposed transferee is: (i) reputable and capable, financially and otherwise, of performing each of Consultant’s obligations under this Agreement and any other documents to be assigned, (ii) not forbidden by applicable law from transacting business or entering into contracts with City; and (iii) subject to the jurisdiction of the courts of the State of California. A change of ownership or control of Consultant or a sale or transfer of substantially all of the assets of Consultant shall be deemed an Assignment for purposes of this Agreement. Consultant shall immediately notify City about any Assignment. Any purported Assignment made in violation of this provision shall be null and void.

4.6 **Reserved. (Warranty)**

4.7 **Reserved. (Liquidated Damages)**

Article 5 Insurance and Indemnity

5.1 Insurance.

5.1.1 **Required Coverages.** Without in any way limiting Consultant’s liability pursuant to the “Indemnification” section of this Agreement, Consultant must maintain in force, during the full term of the Agreement, insurance in the following amounts and coverages:

(a) Commercial General Liability Insurance with limits not less than **\$1,000,000** each occurrence and **\$2,000,000** general aggregate for Bodily Injury and Property Damage, including Contractual Liability, Personal Injury, Products and Completed Operations.

(b) Commercial Automobile Liability Insurance with limits not less than **\$1,000,000** each occurrence, “Combined Single Limit” for Bodily Injury and Property Damage, including Owned, Non-Owned and Hired auto coverage, as applicable.

(c) Workers’ Compensation, in statutory amounts, with Employers’ Liability Limits not less than **\$1,000,000** each accident, injury, or illness.

(d) Professional Liability Insurance, applicable to Consultant’s profession, with limits not less than **\$10,000,000** for each claim excepting for sub consultants whose minimum professional liability coverage shall be with respect to negligent acts, errors or omissions in connection with the Services.

(e) **Reserved. (Technology Errors and Omissions Coverage)**

(f) **Reserved. (Cyber and Privacy Insurance)**

(g) **Reserved. (Pollution Liability Insurance)**

5.1.2 Additional Insured Endorsements

(a) The Commercial General Liability policy must be endorsed to name as Additional Insured the City and County of San Francisco, its Officers, Agents, and Employees.

(b) The Commercial Automobile Liability Insurance policy must be endorsed to name as Additional Insured the City and County of San Francisco, its Officers, Agents, and Employees.

(c) **Reserved. (Pollution Auto Liability Insurance Additional Insured Endorsement)**

5.1.3 Waiver of Subrogation Endorsements

(a) The Workers' Compensation policy(ies) shall be endorsed with a waiver of subrogation in favor of the City for all work performed by the Consultant, its employees, agents and subconsultants.

5.1.4 Primary Insurance Endorsements

(a) The Commercial General Liability policy shall provide that such policies are primary insurance to any other insurance available to the Additional Insureds, with respect to any claims arising out of this Agreement, and that the insurance applies separately to each insured against whom claim is made or suit is brought.

(b) The Commercial Automobile Liability Insurance policy shall provide that such policies are primary insurance to any other insurance available to the Additional Insureds, with respect to any claims arising out of this Agreement, and that the insurance applies separately to each insured against whom claim is made or suit is brought.

(c) The Pollution Liability Insurance policy shall provide that such policies are primary insurance to any other insurance available to the Additional Insureds, with respect to any claims arising out of this Agreement, and that the insurance applies separately to each insured against whom claim is made or suit is brought.

5.1.5 Other Insurance Requirements

(a) Thirty (30) days' advance written notice shall be provided to the City of cancellation, intended non-renewal, or reduction in coverages, except for non-payment for which no less than ten (10) days' notice shall be provided to City. Notices shall be sent to the City address set forth in Section 11.1 entitled "Notices to the Parties."

(b) Should any of the required insurance be provided under a claims-made form, Consultant shall maintain such coverage continuously throughout the term of this Agreement and, without lapse, for a period of three years beyond the expiration of this Agreement, to the effect that, should occurrences during the Agreement term give rise to claims made after expiration of the Agreement, such claims shall be covered by such claims-made policies.

(c) Should any of the required insurance be provided under a form of coverage that includes a general annual aggregate limit or provides that claims investigation or legal defense costs be included in such general annual aggregate limit, such general annual aggregate limit shall be double the occurrence or claims limits specified above.

(d) Should any required insurance lapse during the term of this Agreement, requests for payments originating after such lapse shall not be processed until the City receives satisfactory evidence of reinstated coverage as required by this Agreement,

effective as of the lapse date. If insurance is not reinstated, the City may, at its sole option, terminate this Agreement effective on the date of such lapse of insurance.

(e) Before commencing any Services, Consultant shall furnish to City certificates of insurance and additional insured policy endorsements with insurers with ratings comparable to A-, VIII or higher, that are authorized to do business in the State of California, and that are satisfactory to City, in form evidencing all coverages set forth above. Approval of the insurance by City shall not relieve or decrease Consultant's liability hereunder.

(f) If Consultant will use any subconsultant (s) to provide Services, Consultant shall require the subconsultant (s) to provide all necessary insurance, including Professional Liability Insurance for any of its subconsultants who perform architectural or engineering work. For insurance other than professional liability or workers compensation, the Consultant shall require its subconsultants to name the City and County of San Francisco, its officers, agents and employees and the Consultant as additional insureds.

5.2 Indemnification and Defense Obligations For Design Professionals.

5.2.1 **Defense Obligations.** To the fullest extent permitted by law, Consultant shall, following a tender of defense from City, assume the immediate defense of (with legal counsel subject to approval of the City), the City, its boards, commissions, officers, and employees (collectively "Indemnitees"), from and against any and all claims, losses, costs, damages, expenses and liabilities of every kind, nature, and description including, without limitation, injury to or death of any person(s) and incidental and consequential damages (collectively "Damages"), court costs, attorneys' fees, litigation expenses, fees of expert consultants or witnesses in litigation, and costs of investigation (collectively "Litigation Expenses"), that arise out of, pertain to, or relate to, directly or indirectly, in whole or in part, the alleged negligence, recklessness, or willful misconduct of Consultant, any subconsultant, anyone directly or indirectly employed by them, or anyone that they control (collectively, "Liabilities"). City will reimburse Consultant for the proportionate percentage of defense costs exceeding Consultant's proportionate percentage of fault as determined by a Court of competent jurisdiction.

5.2.2 **Indemnity Obligations.** To the fullest extent permitted by law, Consultant shall indemnify and hold harmless Indemnitees from and against any and all Liabilities, including but not limited to those for Damages or Litigation Expenses specified in Section 5.2.1.

5.2.3 **Copyright Infringement.** Consultant shall also indemnify, defend and hold harmless all Indemnitees from all suits or claims for infringement of the patent rights, copyright, trade secret, trade name, trademark, service mark, or any other proprietary right of any person or persons in consequence of the use by the City, or any of its boards, commissions, officers, or employees of articles, work or deliverables supplied in the performance of Services. Infringement of patent rights, copyrights, or other proprietary rights in the performance of this Agreement, if not the basis for indemnification under the law, shall nevertheless be considered a material breach of contract.

5.2.4 **Severability Clause Specific to Indemnification and/or Defense Obligations.** To the extent any Court of competent jurisdiction or law invalidates any word, clause, phrase, or sentence herein that word, clause, phrase, or sentence, and no other portion,

shall be deemed removed from this Section. All other words, clauses, phrases and/or sentences remain enforceable to the fullest extent permitted by law.

Article 6 Liability of the Parties

6.1 Liability of City. CITY'S PAYMENT OBLIGATIONS UNDER THIS AGREEMENT SHALL BE LIMITED TO THE PAYMENT OF THE COMPENSATION PROVIDED FOR IN SECTION 3.3.1, "PAYMENT," OF THIS AGREEMENT. NOTWITHSTANDING ANY OTHER PROVISION OF THIS AGREEMENT, IN NO EVENT SHALL CITY BE LIABLE, REGARDLESS OF WHETHER ANY CLAIM IS BASED ON CONTRACT OR TORT, FOR ANY SPECIAL, CONSEQUENTIAL, INDIRECT OR INCIDENTAL DAMAGES, INCLUDING, BUT NOT LIMITED TO, LOST PROFITS, ARISING OUT OF OR IN CONNECTION WITH THIS AGREEMENT OR THE SERVICES PERFORMED IN CONNECTION WITH THIS AGREEMENT.

6.2 Liability for Use of Equipment. City shall not be liable for any damage to persons or property as a result of the use, misuse or failure of any equipment used by Consultant, or any of its subconsultants, or by any of their employees, even though such equipment is furnished, rented or loaned by City.

Article 7 Payment of Taxes

7.1 Consultant to Pay All Taxes. Except for any applicable California sales and use taxes charged by Consultant to City, Consultant shall pay all taxes, including possessory interest taxes levied upon or as a result of this Agreement, or the Services delivered pursuant hereto. Consultant shall remit to the State of California any sales or use taxes paid by City to Consultant under this Agreement. Consultant agrees to promptly provide information requested by the City to verify Consultant's compliance with any State requirements for reporting sales and use tax paid by City under this Agreement.

7.2 Possessory Interest Taxes. Consultant acknowledges that this Agreement may create a "possessory interest" for property tax purposes. Generally, such a possessory interest is not created unless the Agreement entitles the Consultant to possession, occupancy, or use of City property for private gain. If such a possessory interest is created, then the following shall apply:

7.2.1 Consultant, on behalf of itself and any permitted successors and assigns, recognizes and understands that Consultant, and any permitted successors and assigns, may be subject to real property tax assessments on the possessory interest.

7.2.2 Consultant, on behalf of itself and any permitted successors and assigns, recognizes and understands that the creation, extension, renewal, or assignment of this Agreement may result in a "change in ownership" for purposes of real property taxes, and therefore may result in a revaluation of any possessory interest created by this Agreement. Consultant accordingly agrees on behalf of itself and its permitted successors and assigns to report on behalf of the City to the County Assessor the information required by Revenue and Taxation Code Section 480.5, as amended from time to time, and any successor provision.

7.2.3 Consultant, on behalf of itself and any permitted successors and assigns, recognizes and understands that other events also may cause a change of ownership of the possessory interest and result in the revaluation of the possessory interest. (see, e.g., Rev. & Tax.

Code Section 64, as amended from time to time). Consultant accordingly agrees on behalf of itself and its permitted successors and assigns to report any change in ownership to the County Assessor, the State Board of Equalization or other public agency as required by law.

7.2.4 Consultant further agrees to provide such other information as may be requested by the City to enable the City to comply with any reporting requirements for possessory interests that are imposed by applicable law.

7.3 **Withholding.** Consultant agrees that it is obligated to pay all amounts due to the City under the San Francisco Business and Tax Regulations Code during the term of this Agreement. Pursuant to Section 6.10-2 of the San Francisco Business and Tax Regulations Code, Consultant further acknowledges and agrees that City may withhold any payments due to Consultant under this Agreement if Consultant is delinquent in the payment of any amount required to be paid to the City under the San Francisco Business and Tax Regulations Code. Any payments withheld under this paragraph shall be made to Consultant, without interest, upon Consultant coming back into compliance with its obligations.

Article 8 Termination and Default

8.1 Termination for Convenience

8.1.1 City shall have the option, in its sole discretion, to terminate this Agreement, at any time during the term hereof, for convenience and without cause. City shall exercise this option by giving Consultant written notice of termination. The notice shall specify the date on which termination shall become effective.

8.1.2 Upon receipt of the notice of termination, Consultant shall commence and perform, with diligence, all actions necessary on the part of Consultant to affect the termination of this Agreement on the date specified by City and to minimize the liability of Consultant and City to third parties as a result of termination. All such actions shall be subject to the prior approval of City. Such actions may include any or all of the following, without limitation:

(a) Halting the performance of all Services under this Agreement on the date(s) and in the manner specified by City.

(b) Terminating all existing orders and subcontracts, and not placing any further orders or subcontracts for materials, Services, equipment or other items.

(c) At City's direction, assigning to City any or all of Consultant's right, title, and interest under the orders and subcontracts terminated. Upon such assignment, City shall have the right, in its sole discretion, to settle or pay any or all claims arising out of the termination of such orders and subcontracts.

(d) Subject to City's approval, settling all outstanding liabilities and all claims arising out of the termination of orders and subcontracts.

(e) Completing performance of any Services that City designates to be completed prior to the date of termination specified by City.

(f) Taking such action as may be necessary, or as the City may direct, for the protection and preservation of any property related to this Agreement which is in the possession of Consultant and in which City has or may acquire an interest.

8.1.3 Within 30 days after the specified termination date, Consultant shall submit to City an invoice, which shall set forth each of the following as a separate line item:

- (a) The reasonable cost to Consultant, for all Services prior to the specified termination date, for which Services City has not already tendered payment.
- (b) A reasonable allowance for profit on the cost of the Services described in the immediately preceding subsection (a), provided that Consultant can establish, to the satisfaction of City, that Consultant would have made a profit had all Services under this Agreement been completed.
- (c) The reasonable cost to Consultant of handling material or equipment returned to the vendor, delivered to the City or otherwise disposed of as directed by the City.
- (d) A deduction for the cost of materials to be retained by Consultant, amounts realized from the sale of materials and not otherwise recovered by or credited to City, and any other appropriate credits to City against the cost of the Services or other work.

8.1.4 In no event shall City be liable for costs incurred by Consultant or any of its subconsultants after the termination date specified by City, except for those costs specifically listed in Section 8.1.3. Such non-recoverable costs include, but are not limited to, anticipated profits on the Services under this Agreement, post-termination employee salaries, post-termination administrative expenses, post-termination overhead or unabsorbed overhead, attorneys’ fees or other costs relating to the prosecution of a claim or lawsuit, prejudgment interest, or any other expense which is not reasonable or authorized under Section 8.1.3.

8.1.5 In arriving at the amount due to Consultant under this Section, City may deduct: (i) all payments previously made by City for Services covered by Consultant’s final invoice; (ii) any claim which City may have against Consultant in connection with this Agreement; (iii) any invoiced costs or expenses excluded pursuant to the immediately preceding subsection 8.1.4; and (iv) in instances in which, in the opinion of the City, the cost of any Service performed under this Agreement is excessively high due to costs incurred to remedy or replace defective or rejected Services, the difference between the invoiced amount and City’s estimate of the reasonable cost of performing the invoiced Services in compliance with the requirements of this Agreement.

8.1.6 City’s payment obligation under this Section shall survive termination of this Agreement.

8.2 Termination for Default; Remedies.

8.2.1 Each of the following shall constitute an immediate event of default (“Event of Default”) under this Agreement:

- (a) Consultant fails or refuses to perform or observe any term, covenant or condition contained in any of the following Sections of this Agreement:

3.5	Submitting False Claims.	10.10	Alcohol and Drug-Free Workplace
4.5	Assignment	10.13	Reserved (Working with Minors)
Article 5	Insurance and Indemnity	11.10	Compliance with Laws
Article 7	Payment of Taxes	Article 13	Data and Security

(b) Consultant materially fails or refuses to perform or observe any other term, covenant or condition contained in this Agreement, including any obligation imposed by ordinance or statute and incorporated by reference herein, and such default is not cured within ten days after written notice thereof from City to Consultant. If Consultant defaults a second time in the same manner as a prior default cured by Consultant, City may in its sole discretion immediately terminate the Agreement for default or grant an additional period not to exceed five days for Consultant to cure the default.

(c) Consultant (i) is generally not paying its debts as they become due; (ii) files, or consents by answer or otherwise to the filing against it of a petition for relief or reorganization or arrangement or any other petition in bankruptcy or for liquidation or to take advantage of any bankruptcy, insolvency or other debtors' relief law of any jurisdiction; (iii) makes an assignment for the benefit of its creditors; (iv) consents to the appointment of a custodian, receiver, trustee or other officer with similar powers of Consultant or of any substantial part of Consultant's property; or (v) takes action for the purpose of any of the foregoing.

(d) A court or government authority enters an order (i) appointing a custodian, receiver, trustee or other officer with similar powers with respect to Consultant or with respect to any substantial part of Consultant's property, (ii) constituting an order for relief or approving a petition for relief or reorganization or arrangement or any other petition in bankruptcy or for liquidation or to take advantage of any bankruptcy, insolvency or other debtors' relief law of any jurisdiction or (iii) ordering the dissolution, winding-up or liquidation of Consultant.

8.2.2 On and after any Event of Default, City shall have the right to exercise its legal and equitable remedies, including, without limitation, the right to terminate this Agreement or to seek specific performance of all or any part of this Agreement. In addition, where applicable, City shall have the right (but no obligation) to cure (or cause to be cured) on behalf of Consultant any Event of Default; Consultant shall pay to City on demand all costs and expenses incurred by City in effecting such cure, with interest thereon from the date of incurrence at the maximum rate then permitted by law. City shall have the right to offset from any amounts due to Consultant under this Agreement or any other agreement between City and Consultant: (i) all damages, losses, costs or expenses incurred by City as a result of an Event of Default; and (ii) any liquidated damages levied upon Consultant pursuant to the terms of this Agreement; and (iii), any damages imposed by any ordinance or statute that is incorporated into this Agreement by reference, or into any other agreement with the City. This Section 8.2.2 shall survive termination of this Agreement.

8.2.3 All remedies provided for in this Agreement may be exercised individually or in combination with any other remedy available hereunder or under applicable laws, rules and regulations. The exercise of any remedy shall not preclude or in any way be deemed to waive any other remedy. Nothing in this Agreement shall constitute a waiver or limitation of any rights that City may have under applicable law.

8.2.4 Any notice of default must be sent by registered mail to the address set forth in Article 11.

8.3 **Non-Waiver of Rights.** The omission by either Party at any time to enforce any default or right reserved to it, or to require performance of any of the terms, covenants, or provisions hereof by the other Party at the time designated, shall not be a waiver of any such default or right to which the Party is entitled, nor shall it in any way affect the right of the Party to enforce such provisions thereafter.

8.4 **Rights and Duties upon Termination or Expiration.**

8.4.1 This Section and the following Sections of this Agreement listed below, shall survive termination or expiration of this Agreement:

3.3.2	Payment Limited to Satisfactory Services	9.2	Works for Hire
3.3.7(a)	Reserved. (Grant Funded Contracts – Disallowance)	11.6	Dispute Resolution Procedure
3.4	Audit and Inspection of Records	11.7	Agreement Made in California; Venue
3.5	Submitting False Claims	11.8	Construction
Article 5	Insurance and Indemnity	11.9	Entire Agreement
6.1	Liability of City	11.10	Compliance with Laws
Article 7	Payment of Taxes	11.11	Severability
8.1.6	Payment Obligation	Article 13	Data and Security
9.1	Ownership of Results	9.2	Works for Hire

8.4.2 Subject to the survival of the Sections identified in Section 8.4.1, above, if this Agreement is terminated prior to expiration of the term specified in Article 2, this Agreement shall be of no further force or effect. Consultant shall transfer title to City, and deliver in the manner, at the times, and to the extent, if any, directed by City, any work in progress, completed work, supplies, equipment, and other materials produced as a part of, or acquired in connection with the performance of this Agreement, and any completed or partially completed work which, if this Agreement had been completed, would have been required to be furnished to City, subject to City’s obligation to pay Consultant all amounts owed to Consultant.

Article 9 Rights In Deliverables

9.1 **Ownership of Results.** Any interest of Consultant or its subconsultants, in the Deliverables, including any drawings, plans, specifications, blueprints, studies, reports, memoranda, computation sheets, computer files and media or other documents prepared by Consultant or its subconsultants for the purposes of this Agreement, shall become the property of and will be transmitted to City. However, unless expressly prohibited elsewhere in this Agreement, Consultant may retain and use copies for reference and as documentation of its experience and capabilities.

9.1.1 As part of Basic Services, the Consultant shall provide the City with one licensed copy of software, paid for by the City that will allow the City to view the electronic BIM/Revit CADD files prepared by the Consultant or its subconsultants. Additionally, the Consultant shall provide technical specifications for any computer hardware required to use the provided software and files.

9.1.2 All presentation drawings, models, films and videos, simulations or other presentation materials shall be and remain the property of the City.

9.1.3 Should the City or any other person, firm or legal entity under the authority and control of the City, without the Consultant's participation, use, reuse, or modify the Consultant's drawings, specifications, or other documents prepared under this Agreement, the City agrees to notify the Consultant of the intended use. The Consultant shall not be responsible for any loss, costs, or expenses incurred by any party arising out of such use, reuse, or modification of the consultant's drawings, specifications, and other documents.

9.1.4 **Use by the City.** The City may reproduce, distribute, and make any use of the Deliverables, whether or not the Project is executed, without further notice or compensation to the Consultant or subconsultants, provided that such Deliverables shall not be used on other unrelated projects. If the Consultant is not terminated for fault, the Consultant and the subconsultants shall not be liable for any claim to the extent arising out of the use by or through the City of the Deliverables, without the Consultant's professional involvement.

9.1.5 **Use by the Consultant or the Subconsultants.** The Consultant and the subconsultants may retain copies of their Deliverables, such copies made at their expense. The Consultant and the subconsultants may use the Deliverables of their own marketing purposes without the express written consent of the City if the marketing materials have been previously approved by the City and they have not been altered in any way since approval other than minor changes in format, organization or wording. The Consultant and its subconsultants may use the Deliverables for their own marketing purposes without the express written consent of the City for the following uses: consultant website use, responses to Requests for Qualifications (RFQ) or Proposals (RFP), project descriptions, resumes, applications for design awards, and publications in trade journals or websites. Any other publication or use shall require the prior written approval of the City. The Consultant and the subconsultants may use architectural/engineering details contained in the Deliverables for other projects without the express written consent of the City only to the extent such use would not infringe on the City's copyright in the overall form of the Project as well as the arrangement and composition of spaces and elements in the design, as expressed in the Deliverables or any of them.

9.2 **Works for Hire.** If, in connection with Services, Consultant or its subconsultants creates Deliverables including, without limitation, artwork, copy, posters, billboards, photographs, videotapes, audiotapes, systems designs, software, reports, diagrams, surveys, blueprints, source codes, or any other original works of authorship, whether in digital or any other format, such works of authorship shall be works for hire as defined under Title 17 of the United States Code, and all copyrights in such works shall be the property of the City. If any Deliverables created by Consultant or its subconsultant (s) under this Agreement are ever determined not to be works for hire under U.S. law, Consultant hereby assigns all Consultant's copyrights to such Deliverables to the City, agrees to provide any material and execute any documents necessary to effectuate such assignment, and agrees to include a clause in every subcontract imposing the same duties upon subconsultant (s). With City's prior written approval, Consultant and its subconsultant (s) may retain and use copies of such works for reference and as documentation of their respective experience and capabilities.

9.3 **Covenant Not to Sell.** The City promises and agrees to refrain from selling, donating, or exchanging the Deliverables for use on any project or building. However, the City

may sell, assign or otherwise appropriate any right, title or interest in the Deliverables for any purpose relative to this Project without notice to the Consultant or the subconsultants. In such event, the City shall make a good faith effort to include this covenant as a term of any such transaction.

9.4 City Ownership of Equipment. Any equipment, vehicles, computer programs, software licenses, and the like, purchased by the Consultant or its subconsultants in connection with services to be performed under this Agreement and reimbursed by the City, shall become property of and will be transmitted to the City at the conclusion of the Consultant's services under the Agreement.

Article 10 Additional Requirements Incorporated by Reference

10.1 Laws Incorporated by Reference. The full text of the laws listed in this Article 10, including enforcement and penalty provisions, are incorporated by reference into this Agreement. The full text of the San Francisco Municipal Code provisions incorporated by reference in this Article and elsewhere in the Agreement (“Mandatory City Requirements”) are available at http://www.amlegal.com/codes/client/san-francisco_ca/ .

10.2 Conflict of Interest. By executing this Agreement, Consultant certifies that it does not know of any fact which constitutes a violation of Section 15.103 of the City’s Charter; Article III, Chapter 2 of City’s Campaign and Governmental Conduct Code; Title 9, Chapter 7 of the California Government Code (Section 87100 *et seq.*), or Title 1, Division 4, Chapter 1, Article 4 of the California Government Code (Section 1090 *et seq.*), and further agrees promptly to notify the City if it becomes aware of any such fact during the term of this Agreement.

10.3 Prohibition on Use of Public Funds for Political Activity. In performing the Services, Consultant shall comply with San Francisco Administrative Code Chapter 12G, which prohibits funds appropriated by the City for this Agreement from being expended to participate in, support, or attempt to influence any political campaign for a candidate or for a ballot measure. Consultant is subject to the enforcement and penalty provisions in Chapter 12G.

10.4 Consideration of Salary History. Consultant shall comply with San Francisco Administrative Code Chapter 12K, the Consideration of Salary History Ordinance or “Pay Parity Act.” Consultant is prohibited from considering current or past salary of an applicant in determining whether to hire the applicant or what salary to offer the applicant to the extent that such applicant is applying for employment to be performed on this Agreement or in furtherance of this Agreement, and whose application, in whole or part, will be solicited, received, processed or considered, whether or not through an interview, in the City or on City property. The ordinance also prohibits employers from (1) asking such applicants about their current or past salary or (2) disclosing a current or former employee’s salary history without that employee’s authorization unless the salary history is publicly available. Consultant is subject to the enforcement and penalty provisions in Chapter 12K. Information about and the text of Chapter 12K is available on the web at <https://sfgov.org/olse/consideration-salary-history>. Consultant is required to comply with all of the applicable provisions of 12K, irrespective of the listing of obligations in this Section.

10.5 Nondiscrimination Requirements

10.5.1 Nondiscrimination in Contracts. Consultant shall comply with the provisions of Chapters 12B and 12C of the San Francisco Administrative Code. Consultant shall incorporate by reference in all subcontracts the provisions of Sections 12B.2(a), 12B.2(c)-(k), and 12C.3 of the San Francisco Administrative Code and shall require all subconsultants to comply with such provisions. Consultant is subject to the enforcement and penalty provisions in Chapters 12B and 12C.

10.5.2 Nondiscrimination in the Provision of Employee Benefits. San Francisco Administrative Code 12B.2. Consultant does not as of the date of this Agreement, and will not during the term of this Agreement, in any of its operations in San Francisco, on real property owned by San Francisco, or where work is being performed for the City elsewhere in the United States, discriminate in the provision of employee benefits between employees with domestic partners and employees with spouses and/or between the domestic partners and spouses of such employees, subject to the conditions set forth in San Francisco Administrative Code Section 12B.2.

10.5.3 Local Business Enterprise and Non-Discrimination in Contracting Ordinance. Consultant shall comply with all applicable provisions of Chapter 14B (“LBE Ordinance”). Consultant is subject to the enforcement and penalty provisions in Chapter 14B. Contractor shall utilize LBE Subconsultants for at least **20%** of the Services except as otherwise authorized in writing by the Director of CMD. Contractor shall incorporate the requirements of the LBE Ordinance in each subcontract made in the fulfillment of Contractor’s LBE subcontracting commitments.

10.6 Minimum Compensation Ordinance. If Administrative Code Chapter 12P applies to this contract, Consultant shall pay covered employees no less than the minimum compensation required by San Francisco Administrative Code Chapter 12P, including a minimum hourly gross compensation, compensated time off, and uncompensated time off. Consultant is subject to the enforcement and penalty provisions in Chapter 12P. Information about and the text of the Chapter 12P is available on the web at <http://sfgov.org/olse/mco>. Consultant is required to comply with all of the applicable provisions of 12P, irrespective of the listing of obligations in this Section. By signing and executing this Agreement, Consultant certifies that it complies with Chapter 12P.

10.7 Health Care Accountability Ordinance. If Administrative Code Chapter 12Q applies to this contract, Consultant shall comply with the requirements of Chapter 12Q. For each Covered Employee, Consultant shall provide the appropriate health benefit set forth in Section 12Q.3 of the HCAO. If Consultant chooses to offer the health plan option, such health plan shall meet the minimum standards set forth by the San Francisco Health Commission. Information about and the text of the Chapter 12Q, as well as the Health Commission’s minimum standards, is available on the web at <http://sfgov.org/olse/hcao>. Consultant is subject to the enforcement and penalty provisions in Chapter 12Q. Any Subcontract entered into by Consultant shall require any Subconsultant with 20 or more employees to comply with the requirements of the HCAO and shall contain contractual obligations substantially the same as those set forth in this Section.

10.8 First Source Hiring Program. Consultant must comply with all of the provisions of the First Source Hiring Program, Chapter 83 of the San Francisco Administrative Code, that apply to this Agreement, and Consultant is subject to the enforcement and penalty provisions in Chapter 83.

10.9 Alcohol and Drug-Free Workplace. City reserves the right to deny access to, or require Consultant to remove from, City facilities personnel of any Consultant or subconsultant who City has reasonable grounds to believe has engaged in alcohol abuse or illegal drug activity which in any way impairs City's ability to maintain safe work facilities or to protect the health and well-being of City employees and the general public. City shall have the right of final approval for the entry or re-entry of any such person previously denied access to, or removed from, City facilities. Illegal drug activity means possessing, furnishing, selling, offering, purchasing, using or being under the influence of illegal drugs or other controlled substances for which the individual lacks a valid prescription. Alcohol abuse means possessing, furnishing, selling, offering, or using alcoholic beverages, or being under the influence of alcohol.

10.10 Limitations on Contributions. By executing this Agreement, Consultant acknowledges its obligations under Section 1.126 of the City's Campaign and Governmental Conduct Code, which prohibits any person who contracts with, or is seeking a contract with, any department of the City for the rendition of personal services, for the furnishing of any material, supplies or equipment, for the sale or lease of any land or building, for a grant, loan or loan guarantee, or for a development agreement, from making any campaign contribution to (i) a City elected official if the contract must be approved by that official, a board on which that official serves, or the board of a state agency on which an appointee of that official serves, (ii) a candidate for that City elective office, or (iii) a committee controlled by such elected official or a candidate for that office, at any time from the submission of a proposal for the contract until the later of either the termination of negotiations for such contract or twelve months after the date the City approves the contract. The prohibition on contributions applies to each prospective party to the contract; each member of Consultant's board of directors; Consultant's chairperson, chief executive officer, chief financial officer and chief operating officer; any person with an ownership interest of more than 10% in Consultant; any subconsultant listed in the bid or contract; and any committee that is sponsored or controlled by Consultant. Consultant certifies that it has informed each such person of the limitation on contributions imposed by Section 1.126 by the time it submitted a proposal for the contract, and has provided the names of the persons required to be informed to the City department with whom it is contracting.

10.11 Reserved. (Slavery Era Disclosure)

10.12 Reserved. (Working with Minors)

10.13 Consideration of Criminal History in Hiring and Employment Decisions.

10.13.1 Consultant agrees to comply fully with and be bound by all of the provisions of Chapter 12T, "City Consultant/Subconsultant Consideration of Criminal History in Hiring and Employment Decisions," of the San Francisco Administrative Code ("Chapter 12T"), including the remedies provided, and implementing regulations, as may be amended from time to time. The provisions of Chapter 12T are incorporated by reference and made a part of this Agreement as though fully set forth herein. The text of Chapter 12T is available on the web at <http://sfgov.org/olse/fco>. Consultant is required to comply with all of the applicable provisions of 12T, irrespective of the listing of obligations in this Section. Capitalized terms used in this Section and not defined in this Agreement shall have the meanings assigned to such terms in Chapter 12T.

10.13.2 The requirements of Chapter 12T shall only apply to a Consultant's or Subconsultant's operations to the extent those operations are in furtherance of the performance

of this Agreement, shall apply only to applicants and employees who would be or are performing work in furtherance of this Agreement, and shall apply when the physical location of the employment or prospective employment of an individual is wholly or substantially within the City of San Francisco. Chapter 12T shall not apply when the application in a particular context would conflict with federal or state law or with a requirement of a government agency implementing federal or state law.

10.14 Reserved. (Public Access to Nonprofit Records and Meetings)

10.15 Food Service Waste Reduction Requirements. Consultant shall comply with the Food Service Waste Reduction Ordinance, as set forth in San Francisco Environment Code Chapter 16, including but not limited to the remedies for noncompliance provided therein.

10.16 Reserved. (Distribution of Beverages and Water)

10.17 Tropical Hardwood and Virgin Redwood Ban. Pursuant to San Francisco Environment Code Section 804(b), the City urges Consultant not to import, purchase, obtain, or use for any purpose, any tropical hardwood, tropical hardwood wood product, virgin redwood or virgin redwood wood product.

10.18 Preservative Treated Wood Products. Consultant shall comply with the provisions of San Francisco Environment Code Chapter 13, which requires that each Consultant purchasing preservative-treated wood products on behalf of the City, shall only purchase such products from the list of alternatives adopted by the Department of the Environment pursuant to Section 1302 of Chapter 13, unless otherwise granted an exemption by the terms of that Chapter.

Article 11 General Provisions

11.1 Notices to the Parties. Unless otherwise indicated in this Agreement, all written communications sent by the Parties may be by U.S. mail or e-mail, and shall be addressed as follows:

To City: **Scott Moran**
SF Public Works
49 South Van Ness, 10th Floor
San Francisco, CA 94103
Scott.Moran@sfdpw.org

To Consultant: **Michael B. Ross, AIA**
RossDrulisCusenbery Architecture, Inc.
18294 Sonoma Highway
Sonoma, CA 95476
mross@rdcarchitecture.com

Any notice of default must be sent by registered mail or other trackable overnight mail. Either Party may change the address to which notice is to be sent by giving written notice thereof to the other Party. If email notification is used, the sender must specify a receipt notice.

11.2 Compliance with Americans with Disabilities Act. Consultant shall **exercise the Standard of Care** to provide the Services in a manner that complies with the Americans

with Disabilities Act (ADA), including but not limited to Title II's program access requirements, and all other applicable federal, state and local disability rights legislation.

11.3 Incorporation of Recitals. The matters recited above are hereby incorporated into and made part of this Agreement.

11.4 Sunshine Ordinance. Consultant acknowledges that this Agreement and all records related to its formation, Consultant's performance of Services, and City's payment are subject to the California Public Records Act, (California Government Code §6250 et. seq.), and the San Francisco Sunshine Ordinance, (San Francisco Administrative Code Chapter 67). Such records are subject to public inspection and copying unless exempt from disclosure under federal, state or local law.

11.5 Modification of this Agreement. This Agreement may not be modified, nor may compliance with any of its terms be waived, except as noted in Section 11.1, "Notices to Parties," regarding change in personnel or place, and except by written instrument executed and approved in the same manner as this Agreement. Consultant shall cooperate with Department to submit to the Director of CMD any amendment, modification, supplement or change order that would result in a cumulative increase of the original amount of this Agreement by more than 20% (CMD Contract Modification Form).

11.6 Dispute Resolution Procedure.

11.6.1 Negotiation; Alternative Dispute Resolution. The Parties will attempt in good faith to resolve any dispute or controversy arising out of or relating to the performance of services under this Agreement. If the Parties are unable to resolve the dispute, then, pursuant to San Francisco Administrative Code Section 21.35, Consultant may submit to the Contracting Officer a written request for administrative review and documentation of the Consultant's claim(s). Upon such request, the Contracting Officer shall promptly issue an administrative decision in writing, stating the reasons for the action taken and informing the Consultant of its right to judicial review. If agreed by both Parties in writing, disputes may be resolved by a mutually agreed-upon alternative dispute resolution process. If the parties do not mutually agree to an alternative dispute resolution process or such efforts do not resolve the dispute, then either Party may pursue any remedy available under California law. The status of any dispute or controversy notwithstanding, Consultant shall proceed diligently with the performance of its obligations under this Agreement in accordance with the Agreement and the written directions of the City. Neither Party will be entitled to legal fees or costs for matters resolved under this section.

11.6.2 Government Code Claim Requirement. No suit for money or damages may be brought against the City until a written claim therefor has been presented to and rejected by the City in conformity with the provisions of San Francisco Administrative Code Chapter 10 and California Government Code Section 900, et seq. Nothing set forth in this Agreement shall operate to toll, waive or excuse Consultant's compliance with the California Government Code Claim requirements set forth in San Francisco Administrative Code Chapter 10 and California Government Code Section 900, et seq.

11.7 Agreement Made in California; Venue. The formation, interpretation and performance of this Agreement shall be governed by the laws of the State of California. Venue

for all litigation relative to the formation, interpretation and performance of this Agreement shall be in San Francisco.

11.8 **Construction.** All paragraph captions are for reference only and shall not be considered in construing this Agreement.

11.9 **Entire Agreement.** This contract sets forth the entire Agreement between the Parties, and supersedes all other oral or written provisions. This Agreement may be modified only as provided in Section 11.5, "Modification of this Agreement."

11.10 **Compliance with Laws. In accordance with the professional Standard of Care,** Consultant shall keep itself fully informed of the City's Charter, codes, ordinances and duly adopted rules and regulations of the City and of all state, and federal laws in any manner affecting the performance of **and applicable to** this Agreement, and must at all times exercise **the Standard of Care** to comply with such local codes, ordinances, and regulations and all applicable laws as they may be amended from time to time.

11.11 **Severability.** Should the application of any provision of this Agreement to any particular facts or circumstances be found by a court of competent jurisdiction to be invalid or unenforceable, then (i) the validity of other provisions of this Agreement shall not be affected or impaired thereby, and (ii) such provision shall be enforced to the maximum extent possible so as to effect the intent of the Parties and shall be reformed without further action by the Parties to the extent necessary to make such provision valid and enforceable.

11.12 **Cooperative Drafting.** This Agreement has been drafted through a cooperative effort of City and Consultant, and both Parties have had an opportunity to have the Agreement reviewed and revised by legal counsel. No Party shall be considered the drafter of this Agreement, and no presumption or rule that an ambiguity shall be construed against the Party drafting the clause shall apply to the interpretation or enforcement of this Agreement.

11.13 **Order of Precedence.** Consultant agrees to perform the services described below in accordance with the terms and conditions of this Agreement, implementing task orders, the RFQ, and Consultant's proposal dated **July 19, 2023**. The RFQ and Consultant's proposal are incorporated by reference (EXHIBIT 1) as though fully set forth herein. Should there be a conflict of terms or conditions, this Agreement and any implementing task orders shall control over the RFQ and the Consultant's proposal. If the Appendices to this Agreement include any standard printed terms from the Consultant, Consultant agrees that in the event of discrepancy, inconsistency, gap, ambiguity, or conflicting language between the City's terms and Consultant's printed terms attached, the City's terms shall take precedence, followed by the procurement issued by the department, Consultant's proposal, and Consultant's printed terms, respectively.

11.14 **Notification of Legal Requests.** Consultant shall immediately notify City upon receipt of any subpoenas, service of process, litigation holds, discovery requests and other legal requests ("Legal Requests") related to all data given to Consultant by City in the performance of this Agreement ("City Data" or "Data"), or which in any way might reasonably require access to City's Data, and in no event later than 24 hours after it receives the request. Consultant shall not respond to Legal Requests related to City without first notifying City other than to notify the requestor that the information sought is potentially covered under a non-disclosure agreement. Consultant shall retain and preserve City Data in accordance with the City's instruction and

requests, including, without limitation, any retention schedules and/or litigation hold orders provided by the City to Consultant, independent of where the City Data is stored.

Article 12 Department Specific Terms

12.1 **Appendices and Attachments.** The following are hereby attached and incorporated into this Agreement as though fully set forth herein and together form the complete Agreement between the City and Contractor:

Appendix A: Scope of Services

Appendix B: Calculation of Charges

Attachment 1 – Schedule of Services

Attachment 2 – Fee Schedule

Attachment 3 – Key Personnel and Subconsultants

Attachment 4 – BIM Management Plan & Delivery Matrix

Attachment 5 – Quality Assurance/Quality Control Plan

Attachment 6 – Compensation of Services

12.2 **Consultant Obligations and Limitations.**

12.2.1 **LEED Statement.** The LEED Green Building Rating System or similar environmental guidelines (“LEED” utilizes certain design, construction and usage criteria in order to promote environmentally friendly buildings. In addressing LEED, the Consultant shall perform its services in a manner consistent with that degree of skill and care ordinarily exercised by design professionals performing similar services in the same locality, and under the same or similar circumstances and conditions. The LEED Gold Boundary Area for this Project shall be limited to occupied buildings, including Admin/Classroom Building, Fire Apparatus, Inservice Building and Shop Building, and all sitework not directly associated with fire training props and/or structure.

12.2.2 **Limitations of Consultant's Responsibilities for Design Changes and Environmental/Energy Issues.** The Consultant shall not be responsible for any changes to the design made by the City without the direct participation and written approval of the Consultant. Likewise, the Consultant shall not be responsible for any environmental or energy issues arising out of the failure of the City's use and operation of the completed Project as designed.

12.2.3 **Limitation of Benefits.** Nothing in the foregoing shall create any contractual relationship between the City and any consultants employed by the Consultant under the terms of this Agreement. The Consultant is as responsible for the performance of its consultants as it would be if it had rendered these services itself. The Consultant's services are intended for the sole benefit of the City and are not intended to create any rights or benefits to third parties.

12.2.4 **Standard of Care (Performance).** The Consultant or Architect's obligation is to perform all its services in accordance with generally accepted standards of professional practice in the design and construction administration of the Project as ordinarily observed by firms performing projects of similar size and complexity in the San Francisco Bay Area under the same or similar circumstances (the "Standard of Care"). This standard shall apply to and define all professional obligations under this Agreement. Consultant expressly disclaims all express or implied warranties and guarantees with respect to the performance of professional services.

12.2.5 **Code Compliance.** In accordance with the Standard of Care, the Consultant shall comply with requirements of all applicable federal, state, and local codes, regulations, and current written interpretation thereof published and in effect at the time of submission of the building permit. In the event of changes in such codes, regulations or interpretations during the Project that were not and should not have been reasonably anticipated by the Consultant and which result in a substantive change to the construction documents, the Consultant shall not be held responsible for the resulting additional costs, fees or time, and shall be entitled to reasonable additional compensation for the time and expense of responding to such changes. The Consultant shall be responsible, however, to identify, analyze and report to the City pending changes to codes and regulations that would reasonably be expected to affect the design of the Project, including pending changes to the California Building Codes and San Francisco Building Code.

12.2.6 **Compliance with Americans with Disabilities.** Consultant acknowledges that pursuant to the Americans Disabilities Act (ADA), programs, services and other activities provided by a public entity to the public, whether directly or through a contractor, must be accessible to the disabled public. Consultant shall exercise the Standard of Care to provide the services specified in this Agreement in a manner that complies with the ADA and any and all other applicable federal, state, and local disability rights legislation. Consultant agrees not to discriminate against disabled persons in the provision of services, benefits or activities provided under this Agreement and further agrees that any violation of this prohibition on the part of Consultant, its employees, agents, or assigns will constitute a material breach of this Agreement.

Article 13 Data and Security

13.1 Nondisclosure of Private, Proprietary or Confidential Information.

13.1.1 **Protection of Private Information.** If this Agreement requires City to disclose "Private Information" to Consultant within the meaning of San Francisco Administrative Code Chapter 12M, Consultant and subconsultant shall use such information only in accordance with the restrictions stated in Chapter 12M and in this Agreement and only as necessary in performing the Services. Consultant is subject to the enforcement and penalty provisions in Chapter 12M.

13.1.2 **Confidential Information.** In the performance of Services, Contractor may have access to City's proprietary or Confidential Information, the disclosure of which to third parties may damage City. If City discloses proprietary or Confidential Information to Contractor, such information must be held by Contractor in confidence and used only in performing the Agreement. Contractors shall exercise the same standard of care to protect such

information as a reasonably prudent contractor would use to protect its own proprietary or Confidential Information.

13.2 Reserved. (Payment Card Industry (“PCI”) Requirements)

13.3 Reserved. (Business Associate Agreement)

13.4 Management of City Data and Confidential Information

13.4.1 Use of City Data and Confidential Information. Consultant agrees to hold City’s Data received from, or collected on behalf of, the City, in strictest confidence. Consultant shall not use or disclose City’s Data except as permitted or required by the Agreement or as otherwise authorized in writing by the City. Any work using, or sharing or storage of, City’s Data outside the United States is subject to prior written authorization by the City. Access to City’s Data must be strictly controlled and limited to Consultant’s staff assigned to this project on a need-to-know basis only. Consultant is provided a limited non-exclusive license to use the City Data solely for performing its obligations under the Agreement and not for Consultant’s own purposes or later use. Nothing herein shall be construed to confer any license or right to the City Data or Confidential Information, by implication, estoppel or otherwise, under copyright or other intellectual property rights, to any third-party. Unauthorized use of City Data by Consultant, subconsultants or other third-parties is prohibited. For purpose of this requirement, the phrase “unauthorized use” means the data mining or processing of data, stored, or transmitted by the service, for commercial purposes, advertising or advertising-related purposes, or for any purpose other than security or service delivery analysis that is not explicitly authorized.

13.4.2 Disposition of Confidential Information. Upon request of City or termination or expiration of this Agreement, and pursuant to any document retention period required by this Agreement, Consultant shall promptly, but in no event later than thirty (30) calendar days, return all data given to or collected by Consultant on City’s behalf, which includes all original media. Once Consultant has received written confirmation from City that City’s Data has been successfully transferred to City, Consultant shall within ten (10) business days clear or purge all City Data from its servers, any hosted environment Consultant has used in performance of this Agreement, including its subconsultants environment(s), work stations that were used to process the data or for production of the data, and any other work files stored by Consultant in whatever medium. Consultant shall provide City with written certification that such purge occurred within five (5) business days of the purge. Secure disposal shall be accomplished by “clearing,” “purging” or “physical destruction,” in accordance with National Institute of Standards and Technology (NIST) Special Publication 800-88 or most current industry standard.

13.5 Ownership of City Data. The Parties agree that as between them, all rights, including all intellectual property rights, in and to the City Data and any derivative works of the City Data is the exclusive property of the City.

Article 14 MacBride And Signature

14.1 MacBride Principles - Northern Ireland. The provisions of San Francisco Administrative Code §12F are incorporated herein by this reference and made part of this Agreement. By signing this Agreement, Consultant confirms that Consultant has read and

understood that the City urges companies doing business in Northern Ireland to resolve employment inequities and to abide by the MacBride Principles, and urges San Francisco companies to do business with corporations that abide by the MacBride Principles.

IN WITNESS WHEREOF, the Parties hereto have executed this Agreement on the day first mentioned above.

Scope of Services

1. The Project

The City does hereby engage the Consultant to perform, under the terms and conditions in this Agreement, professional services for the design of the Project, to be located at 1236 Carroll Avenue, San Francisco, CA.

1.1. Scope Categories.

The Project will include three separate scopes of work; Scopes A, B & C as described below. For the purpose of this Agreement the professional services, response times, and deliverables required of the Consultant for Scope B, shall equally apply to BOA and BOLA for Scopes A and C.

1.1.1 **SCOPE A.** For the purpose of this Contract, BOA as Architect of Record (AOR) shall be solely responsible for the provision of design, engineering, construction documentation, bidding, and construction phase services for the Scope A elements, including the approximate 35,000 SF, 35' high, two-story, LEED Gold, FTF Administration/Classroom Building. The documents prepared by BOA for Scope A shall be complete, coordinated, and collated standalone sections within the project phase documents. Subconsultants to BOA for Scope A, include the following:

- (1) Electrical, Mechanical, and Structural Engineering (PW IDC Engineering),
- (2) Energy Modeling & Mechanical Design Support (Stok/ARUP),
- (3) Code Compliance/Fire Life Safety (Jensen Hughes),
- (4) Roofing/Waterproofing/Exterior Envelope (McGinnis Chen Associates),
- (5) Vertical Transportation Elevator (Syska Hennessy),
- (6) Acoustical Engineering (Wilson Ihrig Associates),
- (7) Lighting Design (Auerbach Glassow),
- (8) Specifications Writing (Emily Borland).

Consultant shall provide separate proposals in the Executive Service Agreement for the Scope A services requested by the City including but not limited to the following consultants:

- (1) LEED (AR Green Consulting),
- (2) Cost Estimating (Cumming Management Group),
- (3) Signage & Wayfinding (Clearstory),
- (4) A/V, Telecom, IT, Security (Guidepost Solutions).

1.1.2 **SCOPE B.** For the purpose of this Contract, the provision of design, engineering, construction documentation, and specification of the Fire Apparatus of Building, Inservice Building, Maintenance Shops, site design and civil engineering and live fire and simulating training structures. Consultant provided for this work are listed in Attachment 3 of this Agreement and includes the following program elements:

(1) 100% of the on and off-site civil engineering improvements including but not limited to: verification of site topographic survey, site prep, site grading, cut and fill analysis, building pads, site retaining walls, site security fencing, site access control gates, site lighting, horizontal and sloped streetscapes and fire apparatus driving courses, paved parade and training ground areas, curbs, gutters and sidewalks, vehicular concrete and automobile paving, parking, storm water management systems, fire water capture and filtration systems and all buried wet and dry site utilities including the LPG gas line system. Offsite improvements include utility connections in Carroll Avenue, and new curbs, gutters, sidewalks, and street paving to the center line of Carroll Avenue. The existing P.G.& E. pole line on Carrol Avenue is assumed to remain for this Agreement.

(2) Civil Engineering services shall be FTF campus wide and include the site and connection to the Admin/Classroom Building and all site civil improvements to support the landscape design elements.

(3) Surface or optional two-level parking structure to accommodate ~~400~~ 116 vehicles excluding Fire Apparatus

(4) Approximate 32' high, 8,064 SF, Fire Apparatus Building

(5) Approximate +/- 24' high, 12,268 SF, Inservice Building including Dirty Classroom and Turnout Locker Rooms.

(6) Approximate +/- 24' high, 7,022 SF Maintenance Shop Building

(7) Approximate 84' high, 14,200 SF Seven Story Training Tower with Class B Burn Rooms

(8) Three-story Residential Hillside Residential Class A Burn Building with Garage

(9) Three-story Residential Hillside Residential Class A Burn Building *without* Garage

(10) Four-story Commercial/Residential Class A Burn Building

(11) Four-story Hillside Residential Class A Burn Building

(12) Two-story Junior Five Class A Residential Burn Building

(13) Commercial/Residential Urban Search & Rescue (USAR) Prop Designed as a simulated Collapsed Building Prop with Freestanding Three story facades including confined space, trench rescue, breach panel, concrete tilt panel, inclined space, and other props.

(14) Hillside Street training structure with T or four-way intersection

(15) Concrete Rubble Pile Prop at USAR Prop

(16) 25,000 Gallon Cistern with manhole at Hillside street intersection

- (17) Outdoor Classroom
- (18) Ground skills area for specific props manufactured and installed by SFFD and diesel fuels.
- (19) Above ground Convault storage tank and fuel dispenser system for gasoline and diesel fuel.
- (20) Emergency generator
- (21) LPG Tank Farm and gas piping systems
- (22) A system of at grade and sloped training streets with curbs gutters and sidewalks sized to accommodate an emergency vehicle driving course.
- (23) Street prop furniture including, light poles, overhead wires, parking meters, parked cars, sign-posts, etc.
- (24) Class B LPG fired prop installation shall be design/build installations. Consultant to provide LPG gas supply and shut off to building entry and each floor of training tower.
- (25) Industrial engineer will provide an assessment of smoke generated from existing fire training activities, evaluate potential smoke quantities and impacts for new site, and provide a report on smoke remediation methods used at other fire training facilities.

1.1.3 **SCOPE C.** For the purpose of this Contract, the provision of design, engineering, construction documentation and specification for the FTF landscape including hardscape surfaces, stormwater filtration, and bioretention areas, gathering areas, pedestrian site features (such as circulation routes and perimeter fencing), and streetscape improvements, within the boundary of the FTF training grounds, excluding vehicular concrete streetscapes and curbs, gutters, and sidewalks. BOLA shall provide an Irrigation System Consultant for Scope C. The documents prepared by BOLA for Scope C shall be complete, coordinated, and standalone sections of the project phase documents prepared by the Consultant.

1.1.4 **Coordinated Set.** Consultant shall coordinate and integrate all Scope items A, B & C into one comprehensive set of design and Construction Documents.

1.2 City Responsibilities. The City’s schedule of services includes basic services, subconsultant services, coordination requirements, QA/QC, Public Agency Coordination, Code Compliance, Design Phases, Bidding, Construction Phase and Project Close-out services for its specific work scopes.

2. Fixed Construction Budget Limit

2.1. The fixed construction budget limit ("FCBL") for the Project is **\$152,631,579**, (One hundred fifty-two million, six hundred thirty-one thousand, five hundred seventy-nine dollars). If there is any change in that amount, it will be inserted into this Agreement by a written amendment. The “Design To” construction cost target at all Consultant deliverable milestones shall be five percent less than the FCBL or **\$145,000,000** (One hundred forty-five million dollars) for the entire Scopes A, B, and C Project, unless changed in writing by the City. In all instances, it is recognized that neither the Consultant nor City has control over the cost of labor, materials, or equipment, over the GM/GC’s methods of determining bid prices, or over

competitive bidding, market or negotiating conditions. Accordingly, Consultant cannot and does not warrant or represent that bids or negotiated prices to construct the part of the project for which it has provided services will not vary from the City's budget for the Project or from an estimate of the Cost of the Work or evaluation prepared by or agreed to by Consultant. For the purpose of this Agreement the separate Scope B FCBL shall be **\$101,770,926** (One hundred one million, seven hundred seventy thousand, nine hundred twenty-six dollars) and respective "Design To" cost target shall be **\$96,682,380** (Ninety-six million, six hundred eighty-two thousand, three hundred eighty dollars).

2.2. The FCBL includes all the costs of construction, except for: (a) City's construction contingencies, (b) the cost of furniture equipment, telephones and business networks, (c) CM/GC Contingency, (d) CM/GC Pre-construction costs and (e) the cost of artwork that is to be incorporated in the Project as an integral building or site element and (f) the cost of all Consultant services.

2.3. The CM/GC, with the assistance of the City, is solely responsible for preparing the trade packages, and coordinating and confirming the Trade Bid Package, comply with the City approved LEED Gold credits, securing permits and subcontracts for all bid and negotiated subcontracts. The Consultant will cooperate with the CM/GC and the City and provide design assistance and coordination that is required to timely prepare the trade packages and subcontracts for bid and/or negotiation and award.

2.4. Should the City accept a subcontractor's competitive bid on any trade package, which price or bid is greater than the estimated cost for that trade package, there shall be no additional compensation (i.e., no correlative proportional increase in fee) to the Consultant.

2.5. During the Construction Bid and Negotiation Phase, the City intends to accept value engineering proposals submitted by trade subconsultant that will lower the cost of the Project. It is not intended for such cost savings to diminish the Project goal of achieving a LEED Gold certification by U.S. Green Building Council ("USGBC"). Any revisions to the approved 50% construction drawings as a result of the VE process by the CM/GC will be an Additional Service.

3. **Schedule of Services**

3.1. **Performance and Schedule Obligations.** Time is of the essence with respect to the performance of all provisions of this Agreement, and with respect to all Project schedules in which a definite time for performance by the Consultant is specified; provided, however, that the foregoing shall not be construed to limit or deprive a party of the benefits of any grace period provided for in this Agreement. The Consultant shall act diligently in anticipating and performing its required tasks in a manner so as to not unreasonably delay the commencement of any services or work with respect to the Project. In the event that the City directs a change to the plans and specifications, or any City agencies require additional time to complete their reviews or require additional review, and such change or delay is neither due to the fault nor in the reasonable control of the Consultant, and which impacts the Consultant's ability to meet the Design Services Schedule as set forth in Attachment 1 to this Agreement, the City shall modify the Design Services Schedule by written modification to this Agreement. In such event, the Consultant may request an equitable adjustment to its Basic Services Fee or may request an Additional Services Fee for the additional time and/or services required for the change, as

appropriate to the nature of the changed design and/or changed Schedule. The Consultant shall exercise the Standard of Care so that the completion of documents sufficient for bid shall be delivered in conformance with the dates indicated or as otherwise agreed to by the City and in consultation with CM/GC. The Consultant shall notify the City at the earliest possible opportunity with a full explanation, should it expect to miss a particular date, sufficient to allow the City to fairly assess the matter.

3.2. Progress Schedule Submission and Approval. Attachment 1 to this Agreement (Schedule of Services) is a preliminary schedule of services that shows in summary fashion the sequence of tasks required to complete the Project and the schedule for completing all of the services required under this Agreement. No later than fifteen (15) days after the date that the City issues a Notice to Proceed (NTP) to the Consultant, the Consultant shall submit a progress schedule of services in the form of a Microsoft MP to the City for its approval. At a minimum, the progress schedule must: (a) provide a schedule for completing each phase of the work required under this Agreement, (b) identify the tasks to be performed during each phase, and (c) identify the sequence in which key activities will be performed by the City, including review and approval by the City and any local, state or federal entities as may be required in order to complete the services required under this Agreement, but excluding detailed construction schedules. The Consultant shall adopt the schedule as a baseline schedule once it is approved by the City. Thereafter, the Consultant shall submit a monthly progress schedule to the City that shows the actual progress achieved that month as compared to the baseline schedule.

3.3. Construction Administration and Compensation. Should the Consultant be required to perform Construction Administration Phase services for a period beyond the date determined for Final Completion through agreement among the City, the Consultant and the CM/GC due to no fault of the Consultant, the Consultant is entitled to additional compensation and is obligated to provide complete and accurate documentation of all actual increased cost of performance of its services. If the construction is delayed beyond the scheduled Final Completion date due to the negligent acts, errors, and omissions of the Consultant, as determined by the City in its sole reasonable discretion, then the Consultant shall continue to provide Construction Administration services in accordance with this Agreement through the actual completion of construction at no additional charge to the City. The Consultant may submit any disputed amounts as a claim.

3.4. Design Phase Authorization and Requirements. Each design phase (Program Validation / Concept Design, Schematic Design, Design Development, and Construction Documents, Construction Bid/Negotiation, Construction Administration, and Warranty) shall be subject to a separate written authorization to proceed to be issued by the City. Work on a design phase shall not begin until the City has issued the appropriate written authorization to proceed. Work on a design phase shall be based on documents, if any, from the prior design phase approved by the City in writing (to the extent that such work is complete), any written directives by the City with respect thereto, and any adjustments to the Project or the FCBL that have been authorized by the City.

4. Consultant Responsibilities

4.1. Consultant agrees to perform the following Services (as part of SCOPE B). All written Deliverables, including any copies, shall be submitted on recycled paper, and printed on double-sided pages to the maximum extent possible.

4.2. Deliverables shall include the following:

4.2.1. Consultant will be responsible for all on-site and specified off-site improvements and handle all other design elements as assigned by the City for Basic and/or Additional Services. Off-site improvements shall be limited to the design of underground utility connections to existing utilities and storm drainage systems in street or onsite, curb, gutters and sidewalks, curb cuts and repaving to the center line of Carroll Ave. Deliverables will include: complete design, documentation, and permit submission to Bureau of Streets & Mapping (bsmpermitdivision@sfdpw.org) for street improvements to the north half of Carroll Avenue (middle road to sidewalk, etc.) for the full width of the site, to meet City of San Francisco Street Standards.

4.2.2. Work or improvements to Armstrong Avenue is NIC excepting for FTF boundary security fencing or walls and retaining walls necessary to support the FTF site improvements. FTF boundary fencing, walls and retaining systems and/or soil stabilization shall be taken into consideration for grade variations with adjacent lots for the entire perimeter of the site.

4.2.3. Site work designs and improvements shall include the planned vacating and incorporation into the site of Griffith Street (Carroll Avenue to Armstrong Avenue), Bancroft Avenue (Griffith Street to Hawes Street), and Hawes Street (Carroll Avenue to Armstrong Avenue). The vacation of Griffin and Hawes Streets and all associated lot line adjustments and recording of deeds shall be the responsibility of the City.

4.2.4. All other off-site work including electric stop light systems, bike lanes, speed bumps and traffic calming systems is currently NIC.

4.2.5. City will provide a design level topographic survey **services** of the site including all property boundaries and easements and required geotechnical studies, **and** ongoing geotechnical consulting with test borings in locations identified by Consultant, and all soils hazardous material testing and abatement. The identification of all on and off site buried utilities including the location, structural loading capacity size and depth of the existing box culvert shall be the responsibility of the City. Approval for the discharge of FTF's storm water, and sewage into either the box culvert or the nearby smaller sewer system shall be negotiated by the City.

4.2.6. The Consultant will be required to develop the Project to the following milestones to allow the CM/GC and the City to issue the following specific trade packages simultaneously as a fully coordinated and complete set of design documents necessary to bid and build the Project. The following milestone deliverables or construction/bid documents apply:

(1) Design Criteria/Bridging Documents (100% Design Development) delivered to the CM/GC for: mechanical, electrical, and plumbing, systems for BOA prepared Scope A, and Consultant prepared Scope B, and BOLA prepared Scope C work. CM/GC will issue Design Criteria documents to design/build trade subcontractors for construction document preparation, permitting and bidding purposes at the completion of 100% Design Development.

(2) Early Civil Site Improvements: Documents will include site preparation, demolition, rough grading, cut and fill, site retaining walls, location and placement

of sub grades for; interior streets, Carroll Avenue improvements, Hawes Street site entry/exit improvements, interior campus, curbs gutters, sidewalks and building pads and the installation of all buried site utilities and storm water management systems.

- (3) Design, Construction and Bid Documents per the following:
 - i. All other disciplines: 100% Conceptual Design, 50% and 100% Schematic Design, 50%, and 100% Design Development
 - ii. All other disciplines: 50%, 95% and 100% Construction Documents.

4.3. **Basic Services.** The Consultant shall provide as its Scope B Basic Services all necessary architectural design, engineering, and other consulting services during the Design Phases and during all Construction Phases of the Project as required by this Agreement to design a complete and comprehensive Project, except for services designated as Additional Services as described in Appendix A herein. Basic Services are generally identified in and as subsequently modified by the agreement of the parties. All the parties providing any of these necessary services shall be licensed by the State of California.

4.3.1. Further, the Consultant will provide input when requested as to conceptual, design and constructability issues. The Consultant will work with, advise, and make timely and researched recommendations to the City's Program Director, City's Project Manager and Project Architect as to the best design options that satisfy the needs and concerns of the City.

4.3.2. The Consultant and the City will work together, based on an understanding that the Phase 2 Program documents completed by the City and Consultant team, require verification by the Consultant's Subject Matter Expert facility designers and engineers for programmatic and functional adherence to Fire Training Facility standards.

4.4. **Consulting Services.** The Consultant shall provide the following consulting services as part its Basic Services under this Agreement:

(1) Consult with authorized employees, agents and/or representatives and consultants of the City and as required or as requested by the City, to develop and complete the design phase, construction phase, and construction administration phase services of the Project.

(2) Review and validate furniture, fixture, and equipment required by City.

(3) Review program requirements, site surveys, existing record documents, seismic data, mechanical, geotechnical, and other test reports, environmental documents, and any other documentation furnished by the City. From an examination of the site and a review of available information and based on its experience and training, the Consultant shall determine whether such data are sufficient for purposes of design or whether additional data are needed and, if so, recommend to the City in as timely a fashion as possible the manner in which it may be provided and needed services obtained to avoid any delay that could otherwise occur. Consultant is entitled to reasonably rely upon the accuracy of the services, information,

surveys, and reports provided by City or any its subcontractors or consultants but shall review the same in accordance with the Standard of Care.

4.4.1. **Sub-Consulting Services.** Contract for or employ, at the Consultant’s expense within the Basic Services fee, Consultant’s employees, and Consultant’s subconsultants as may be necessary or required for the Consultant’s specific scope of work excluding the work of BOA and BOLA, and their respective engineers and consultants including, but not limited:

(1) Associate Architect, Fire Training Facility Subject Matter Expert, Structural, Mechanical, Civil, Electrical, Plumbing, Fire Sprinkler and Acoustic Engineers; LEED consultant, Industrial Engineer, Cost Consultant, Code Compliance/Fire Life Safety Consultant and Fire Protection, AV, Telcom, Security & Low Voltage Technology; Lighting Design, Energy Modeling, Specifications, Waterproofing Systems; Elevator Systems; Graphics and Signage consultants; and other specialty consultants as may be necessary for complete design, or criteria design package as indicated by the City, of the Project; all parties shall be licensed by the State of California if so required. The Consultant shall submit any proposed changes to the subconsultants listed in Attachment 3 to the City for its approval.

(2) The City has elected to use the following Consultant subconsultants (Shared Subconsultants) for work managed by BOLA on Scopes A & C. The Shared Subconsultants will submit separate fee proposals and invoice separately for Scope A and Scope C work in addition to a separate fee proposal for Scope B work. The Shared Subconsultants will submit separate fee proposals and invoice separately for Scope A and Scope C work in addition to a separate fee proposal for Scope B work.

Shared Subconsultants	Discipline	Scope of Wok
Abercrombie Planning & Design	Subject Matter Expert	All Scope A & C work
AR Green Consulting	LEED	All Scope A & C work
BKF Engineers	Civil Engineer	All Scope A & C work
Clearstory Inc.	Signage & Graphics	All Scope A & C work
Cumming Management Group, Inc.	Cost Consultant	All Scope A & C work
Guidepost Solutions, LLC.	Low Voltage, Electronics, Security Systems	All Scope A & C work

4.5. **Designation of Key Employees and Consultants**

(1) The Consultant’s team members, including key employees and consultants, shall remain in charge of the professional services for the Project, as long as their respective performance continues to be acceptable to the City. A list of the Consultant’s team members with their key employees and Attachment 3.

(2) **Maintenance of Key Personnel Involvement.** The Consultant commits to maintaining the continuous involvement of the designated and approved key employees for the entire duration of the Project through the Construction Administration Phase. Absent the death, physical or mental incapacity or departure of the key employees from their respective firms, or the dissolution of their respective firms, or approval in writing by the City to

a different commitment, the key employees have committed to provide their percentages of involvement for each phase as described in Attachment 3. The Consultant and the City are both fully aware that change in key personnel on a project can result in great detriment to the Project. Accordingly, any request by the Consultant to change the amount of the key personnel's involvement shall be made with sixty (60) days prior written notice and any approval or denial of such request shall be at the sole discretion of the City and not subject to challenge by the Consultant. The City reserves the right to audit the key employees' time records if there are concerns about the time commitments of the employees identified in Attachment 3.

(3) **Substitution of Key Personnel.** Because the evaluation of Consultants' Proposals was largely based on the qualifications of key personnel and because a change in key personnel on a project can result in great detriment to the project, the Consultant agrees to maintain the continuous involvement of the designated and approved key employees for the entire duration of the Project through the Construction Administration Phase. Consultant shall not substitute key personnel or change the amount of the key personnel's involvement as described in Attachment 7 without the prior written approval of the City. Requests for approval of substitutions shall be in writing and made at least thirty (30) calendar days prior to the proposed substitution. Such notification shall include a detailed explanation of the circumstances necessitating the proposed substitution, a complete resume for the proposed substitute, and any other information requested or needed by the City to approve or disapprove the request. Proposed substitutes must have qualifications that are equal to or higher than the key personnel being replaced. The City shall evaluate such requests and promptly notify the Consultant in writing whether the proposed substitution is acceptable. Approval or denial of such request is at the sole discretion of the City. The City reserves the right to audit the key employees' time records if there are concerns about the time commitments of the employees identified in Attachment 3. Failure to notify City prior to substitution of key personnel may result in City withholding payment(s) due.

(4) **Additional Staff.** The Consultant will assign additional staff as needed to complete all the services required by this Agreement at no cost to the City.

4.6. **Collaboration with CMGC.** The Consultant, its officers, agents, employees, subconsultant, consultants and any other persons or entities for whom the Consultant is responsible, shall provide all of the services required under this Agreement in a manner consistent with the CM/GC Contracting method. Among other things, this will require the Consultant, at no additional cost to the City, to:

(1) Work closely with the CM/GC and its team during the pre-construction and construction phases of the Project and coordinate its work vis-a-vis the design with the services required of the CM/GC in its contract with the City, and

(2) Prepare plans and specifications for discrete portions of the work as described in 1.1.4 or in the sequences that the Consultant and the CM/GC reasonably agree are appropriate for the timely completion of the Project. The CM/GC will use the plans and specifications to prepare separate trade packages for all the subconsultant who will construct the Project. Trade package may be awarded concurrently with other trade packages or individually, at different points in time, which may result in the Consultant completing portions of the design after commencement of construction of the Project and/or providing construction phase services before completion of all design phase services.

(3) The CM/GC will join the City team at the initiation of the Design Development Phase and provide Design Assist services to the Consultant team and City throughout the project. Design Assist services includes the provision of independent construction cost estimates, peer reviews, constructability reviews, and QA/QC reviews of the Consultant's, BOA's, and BOLA's DD, and CD documents.

(4) Construction staking and construction phase survey services and coordination shall be by CM/GC.

4.6.1. **Communication with CM/GC and City.** The CM/GC and its Subconsultants will, among other things, perform pre-construction and construction phase services including design assistance and review. The City retains the CM/GC solely for the City's benefit. The services rendered by the CM/GC will not operate to change or reduce the Consultant's responsibilities under its Agreement with the City. The Consultant may communicate directly with the CM/GC, but the Consultant shall promptly copy the City on all written communications between the two and promptly confirm in writing to the City the substance of all material, oral communications between the two. In no event shall the Consultant issue any communication directing changes that impact time, cost, or quality (including, but not limited to substitutions) for the Project without express written authorization from the City. This mode of contracting is also described in §6.68 of the San Francisco Administrative Code.

4.6.2. **Coordination with CM/GC and its Subcontractors.** The Consultant shall coordinate its work with the CM/GC and its subcontractors, and collaborate with each of them in a manner consistent with the Construction Manager/General Consultant Mode of Contracting as defined herein. The Consultant shall use and manage BIM applications and methods as an integral part of this effort, as described in the BIM Management Plan and Delivery Matrix. The Consultant shall participate in meetings and workshops with the CM/GC and its team for purposes of design coordination and design review for accuracy, constructability, and value engineering. BOA and BOLA shall separately coordinate its work with the CM/GC and its subconsultants and collaborate with each of them in a manner consistent with the CM/GC Mode of Contracting defined herein.

4.6.3. **Coordination of Design Team.** Commensurate with the standard of care, the Consultant shall coordinate its work with the work of all its consultants to produce comprehensive, complete, coordinated, and accurate drawings and specifications. The Consultant shall use and manage BIM applications and methods for all portions of the Project. BOA and BOLA will be solely responsible for the coordination of all its consultants to produce comprehensive, complete, and coordinated and accurate drawings and specifications for its Scope A and Scope C work. CM/GC will be solely responsible for the coordination of its Design/Build Trade Contractors, to produce comprehensive, complete, coordinated, and accurate drawings, and specifications for their work.

4.7. **Consultant Communication and Documentation.**

4.7.1. **Coordination with the City.** The Consultant and key members of its design team shall meet bi-weekly with the Program Director, Project Manager, Project Architect, the City staff, consultants, and others as directed by the Program Director and Project Manager so as to keep the design and/or construction on budget and on schedule. Design Team includes

the Consultant's Key Employees and consultants assigned to work on this Project as described in Attachment 3 of this agreement.

(1) The Consultant shall assist in establishing a means of electronic communication using the mutually agreed to software or equivalent software program employed by the City, and fully participate in the City's effort to develop electronic files for this Project.

(2) The Consultant shall assist the Program Director and Project Manager in developing requests for proposals and/or requests for qualifications to acquire additional professional services from specialized consultants that the City deems necessary for the successful completion of the Project.

4.7.2. **Coordination with Public Agencies and Public Utilities.** The City shall lead the Public Agency and Public Utility Permit Application Process. Consultant shall assist in coordination of subconsultants with the City and the City's agencies, including the Fire Department, and all other state and federal public agencies and/or utility providers and Fire Training Facility operations staff as necessary to identify design requirements that affect the Project, review designs, and obtain agency and/or utility provider approvals. Where engineering designs would be prepared by such agencies and utility providers, assist in coordination of their designs with the Project, and incorporate their designs into the Construction Documents and/or Contract Documents.

(1) **Coordination with San Francisco Departments:** Assist in coordination of subconsultants with departments of the City and County of San Francisco as necessary to determine relevant City requirements, develop and review designs, and obtain required City approvals. Such departments include, but are not limited to, the Department of Public Works, Department of Environment, Department of Building Inspection, and Redevelopment Agency (currently known as Office Community Investment and Infrastructure (OCII)).

4.7.3. **Meetings with the City and Others.** The Consultant shall attend meetings concerning the Project with the City, CM/GC, and others as necessary, including the following, to the extent required:

(1) Client and Team Meetings and Charrettes: Attend meetings to review and validate the design bridging documents and develop and coordinate the design.

(2) City Departments and their Staff including the Department of Public Works, and Planning Department: The purpose of these meetings will be to assist the Program Director and Project Manager to present design concepts, solicit comments and answer questions, and report on the progress of the Project.

(3) City agencies including SF Fire Department, Department of Building Inspection, Current Planning, PUC, and other agencies: Attend meetings primary design led to coordinate and obtain comments, permits and approvals.

4.8. **BIM Management and Coordination Plan for City Project**

4.8.1. Consultant provides BIM Management solution for all disciplines involved in the Project except for consultants not producing Revit based CAD drawings. This includes but not is not limited to BIM strategic planning, staff communications, development of

standard documents and templates for Revit, plan the model structure, reviewing and auditing Models.

4.8.2. **Use of BIMs.** The Consultant shall develop, manage, and maintain multi-dimensional design BIM's and reports, integrating information from engineering disciplines to collaborate and fully coordinate the design and construction features as described in the BIM Management Plan and Delivery Matrix. The Consultant shall provide such models to the CM/GC for purposes of verifying constructability, compatibility, and compliance with design intent. The Consultant shall consult with the CM/GC and provide the CM/GC an opportunity to review and comment upon all designs, drawings, models, and other materials developed by the Consultant. The Consultant shall incorporate into the Design BIM and Construction Documents constructability refinements resulting from the interactive collaboration with the CM/GC including accepted value engineering proposals. Before starting work on the project, Consultant shall develop BIM Execution Plan (BxP) and Model Development Matrix (**see Attachment 4**) based on the *AIA Document E2002 - 2022 BIM Exhibit for Sharing Models with Project Participants*. As soon as CM/GC is on board, BxP shall be revised to reflect CM/GC's involvement in the BIM workflow. City shall review and approve initial documents and subsequent changes. *AIA Document E2002 - 2022 BIM Exhibit for Sharing Models with Project Participants*, which will be used to specify the level of detail required in the Design, CM, and As-Built BIMs) and the system development level at agreed upon milestones. The Consultant is not expected to prepare standalone Construction Documents and Specifications for each trade package. While the CM/GC is responsible for preparing the trade packages, and securing respective permit approvals, the Consultant will cooperate with the CM/GC and provide design assistance and coordination that is required to timely prepare the trade packages and subcontracts for bid and/or negotiation and award.

4.8.3. **Use of CM BIM.** The CM/GC will develop, manage, and maintain a multi-dimensional CM BIM or BIM's during construction to collaborate with the Consultant. The CM/GC provide ongoing clash detection using BIM. The CM/GC shall utilize the CM BIM(s) to verify constructability and to develop cost estimates, sequencing plans, and schedule. The CM/GC shall consult with the Consultant to review the outcomes of the BIM clash detection reports regularly, and at minimum two weeks prior to the completion of each Design Phase, and comment upon designs, drawings, models, and other materials developed by the Consultant.

4.8.4. Nothing in the foregoing shall create any contractual relationship between the City and any consultants employed by the Consultant under the terms of this Agreement. The Consultant is as responsible for the performance of its consultants as it would be if it had rendered these services itself. The Consultant's services are intended for the sole benefit of the City and are not intended to create any rights or benefits to third parties.

4.9. **Quality Assurance/Quality Control.** Quality Assurance/Quality Control (QA/QC) are the responsibility of the Consultant, and shall be rendered as defined in [Appendix F]. The Consultant shall provide the City the QA/QC plan the Consultant intends to utilize for the Project for approval by the City. At the indicated percentage of completion shown as milestone dates of each phase, the Consultant shall provide to the City documentation that evidences the completeness of the QA/QC activity for that phase. The review and acceptance by the City of this documentation is, in part, a necessary precondition for establishing the completion of the phase and the approval to continue on to the next phase.

4.10. The City Cost Change Control Procedure

4.10.1. During all phases of the Project, the Consultant shall cooperate with the City and the CM/GC to control design and scope changes that could affect the cost of the Project. The Consultant shall comply with a Cost Change Control Procedure to be established by the City for the Project. The Cost Change Control Procedure is intended to serve several purposes, including:

- (1) Assuring that the Project requirements are met,
- (2) Assuring timely and regular estimates of construction costs as the design is developed to ensure that these costs remain within the FCBL,
- (3) Assuring that all proposed changes to the design include an analysis of the cost impact of those changes,
- (4) Avoiding unnecessary re-design work by the Consultant, and
- (5) Avoiding unnecessary additional costs to the CM/GC or the City.

4.10.2 The Consultant shall promptly inform the City of any proposed changes to the design or to the scope of the Project, that would, in the Consultant's opinion, affect the estimated (whether increased or decreased) construction cost for the Project. The Consultant shall review with the City the benefits as well as costs of the proposed changes. For each significant proposed change, the Consultant shall submit to the City a completed Change Request Form, (provided by the City), that describes the proposed change and analyzes the impact the change is likely to have on the cost to build the Project. Should the proposed change increase the estimated cost of the Project, the Consultant shall cooperate with the City to identify other changes to the Project that could reduce and/or offset the cost of the proposed change.

5. Design Phases

5.1. The following design phase requirements describe the Consultant's Scope B responsibilities for the design of its specific project components only and does not apply to the provision of services for the design of Scopes A and C elements prepared by BOA or BOLA.

5.1.1. Upon execution of the Agreement the City will issue a separate Notice-to-Proceed (NTP) authorizing the Consultant to perform design services for each design phase of the Project as set forth below in and as applicable by Program increments. The parties understand and agree that those services delineated in Attachment 3 are to be performed only upon the written NTP by the City. While the City intends to authorize the Consultant to provide the Design Services described below and in Attachment 3 the City shall do so only when (a) sufficient funds for such services have been appropriated in accordance with the budget and fiscal provisions of the City and, (b) the City, in its reasonable discretion, without waiving any rights, has found that prior services of the Consultant to date have been adequately performed and completed.

5.1.2. The Consultant must obtain design review approval for each design phase. The City is not obligated to pay Consultant for 100% complete services attributable to a design phase until the Consultant has obtained design review approval for the preceding phase. Design services shall be invoiced monthly based on a percentage of completion basis.

(1) The Consultant shall Create a systems checklist for selection and approval of systems to be included in the Project such as utilities, mechanical, electrical, communication, and security systems, and other relevant systems and equipment, including the coordination and management of required LEED certification documentation.

(2) The Consultant shall Update strategy and goals for achieving minimum of LEED Gold v. 4.1. Assist the City with registering the Project with the U.S. Green Building Council (USGBC).

(3) The Consultant shall Prepare a report with narrative description of all Scope B components and facilities in the Project, code requirements, including the general types of construction by architectural and engineering disciplines, furnishings, equipment, outline specifications and preliminary seismic, Title 24 disability access, energy, mechanical and electrical load calculations and operating costs and the City, state, and federal disabled access features. Include a list of recommended finish materials and colors.

5.2. Program Verification/Concept Design Phase

5.2.1. Based upon the approved Phase 2 Program dated March 2, 2023, findings, Consultant will prepare alternative approaches to design and construction of the Project, including the feasibility of incorporating environmentally responsible design approaches consistent with achievement of the LEED Gold Sustainable Design Objective. Consultant and BOA and BOLA shall reach an understanding with SFFD regarding the overall requirements of the Project. Scope this phase includes:

(1) Prepare an overall (Scopes A, B & C) conceptual site plan. Showing street scape, building blocks, parking garage or on-site parking, driveways, proposed site amenities and building support spaces. (No less than three concepts.)

(2) Prepare overall floor plans for each Scope B floor level. Showing Scope B occupied buildings, live fire training props a simulation training structure including circulation paths, corridors, vertical circulation (stairways and simulated elevator.)

(3) Prepare conceptual floor plans for each Scope B program element. (Up to three refined, fully developed concepts).

(4) Prepare conceptual exterior elevations. (Up to three concepts).

(5) Provide building/site sections.

(6) Prepare program stacking diagrams.

(7) Prepare massing models for each concept.

(8) Incorporate BOA prepared Scopes A and C elements into overall site master plan and massing model.

(9) LEED meetings and coordination, collect catalog cut-sheets of new owner-furnished equipment if any.

(10) Prepare narrative for program descriptions, fire training requirements report, and site analysis report.

(11) Written Design Criteria Narrative

(12) Coordinate work of A/E Team and BOA/BOLA

5.2.2. Prepare Concept Design Phase Construction Cost Estimate: Consultant shall prepare a construction cost estimate at 100% Concept Design and reconcile that estimate with the independent construction cost estimates prepared by the City.

5.2.3. **Cost Estimating.** The following construction cost estimates shall be provided by the Consultant. 100% Program/Concept, 100% Schematic Design, 100% Design Development, 50% Construction Documents and 95% Construction Documents. Consultant's cost consultant shall attend construction cost meetings and provide services to reconcile the independent construction cost estimates prepared by the City or CM/GC at each cost milestone. VE services after 50% Construction Documents are an Additional Service per this contract.

5.3. Schematic Design Phase (SD)

5.3.1. Based upon the approved conceptual design and budget, Consultant shall prepare Schematic Design Documents for the City's approval. The Schematic Design Documents will consist of drawings and other documents, including site plan, preliminary building plans, sections, and elevations; and may include some combination of study models, perspective sketches, or digital modeling. Preliminary selections of major building systems and construction materials will be noted on the drawings or described in writing. Consultant will coordinate and incorporate the work of BOA and BOLA into the Schematic Design Documents. Scopes A and C documents shall be separately prepared and coordinated by City.

(1) **Pre-design meeting:** The design team shall meet with the City and SFFD to discuss various issues of the project prior to starting the schematic design phase. (Architectural, SME, structural, civil, landscape, cost estimator, sustainable LEED, acoustical, mechanical, and electrical to attend). Design Criteria Documents: Consultant shall prepare separate SD level design criteria drawings and documents for the early core MEP trades and design-build components for review by City.

(2) Prepare Construction Cost estimate at 100% Schematic Design Documents and reconcile that estimates with the independent construction cost estimates prepared by the City.

5.4. Design Development Phase (DD).

5.4.1. Design Development Process

(1) Based the approved Schematic Design Documents and budget and upon receipt of written NTP from the City, Consultant shall prepare Design Development Documents for City's approval. The Design Development Documents will illustrate and describe the development of the approved Schematic Design Documents and will consist of drawings and other documents including plans, sections, elevations, typical construction details, and diagrammatic layouts of building systems to fix and describe the size and character of the Project as to architectural, structural, mechanical and electrical systems, and such other elements as may be appropriate. Consultant will coordinate and incorporate the work of BOA and BOLA into the Design Development Documents. Scopes A and C documents shall be separately prepared and coordinated by City.

(2) The Consultant will advise the City of the sufficiency and appropriateness of the design delineated thus far in the provided documents and identify

opportunities for functional enhancements and/or revisions of purpose and value for the City to review.

(3) Prepare DD Phase design drawings and other documents to fully illustrate and describe the refinement to the design of the Project, establishing the scope, relationships, form, size, and appearance of the Project by means of plans, sections and elevations, construction details typical for this type of project and this type of project delivery, and equipment layouts. The Design documents shall include specifications following CSI Master Format standards that identify major materials and systems and establish in general their quality levels.

(4) Prepare sub trade Design Criteria/Bridging Documents (100% Design Development) to be used as the basis of design by CM/GC for Design/Build MEP sub trade contractors.

(5) Manage, further develop, and maintain multi-dimensional building information models and reports necessary to collaborate and coordinate design and construction features with CM/GC for purposes of verifying constructability, compatibility, and cost. The Consultant shall participate with the City to establish an interactive and integrated design, review, and approval process with the CM/GC. Incorporate into the Design documents the design and constructability refinements resulting from the interactive collaboration with the CM/GC.

(6) The Consultant will be responsible for the preliminary layout, design, and detailing of all furnishing, fixture or equipment that is permanently attached to the Project building by means of adhesives, mechanical fasteners and/or any other device that secures a fixture to the building paid out of public funds or defined areas.

(7) Develop selection and approval of systems to be included in the Project such as Class A fuel and LPG, Class B gas fired props, fire water training hydrant systems, Class A fire water filtration systems, Class B exhaust filtration systems, utilities, mechanical, electrical, communication, and security systems, and other relevant systems and equipment.

(8) Update and modify the format of the Opinion of Probable Construction Cost Estimate submitted for DD phase of Design documents as related to Consultant's disciplines.

(9) Review all Design documents with the City, CM/GC, and revise documents, estimates and schedules as necessary in order to incorporate all of the comments.

(10) Prepare Construction Cost estimates at 100% Design Development Documents and reconcile those estimates with the independent construction cost estimates prepared by the City or CM/GC.

5.4.2. **Design Management and Coordination**

(1) The Consultant to compile, prioritize, organize, and coordinate consultants' reviews.

(2) Actively participate in necessary design meetings and workshops with the City's Program Director, City's Project Manager, City's Architect and CM/GC to secure all approvals from all appropriate stakeholders and authorities.

(3) Actively participate in necessary pre-application meetings, initiated by the City and coordination with agencies such as DBI, Fire, PUC, PG&E, and other reviewing authorities.

(4) The Consultant shall expressly identify and obtain approval from the City prior to including deferred submittal design-build elements in the design, except for those disciplines already indicated in this Agreement as design-build scopes, including mechanical, electrical, and plumbing systems.

(5) Prepare materials to be used in the Project as reasonably necessary to perform Basic Services, to obtain required permits and approvals, and to make presentations to community groups and stakeholders.

(6) Prepare and maintain multi-dimensional (minimum of three dimensions) BIM models and reports necessary to collaborate and coordinate design and construction features with the CM/GC and its Subconsultant for purposes of verifying constructability and compatibility. The parties recognize that the BIM is an interactive tool to aid the Consultant and the CM/GC in their efforts to better coordinate the design and construction of the Project. The Consultant and its designated BIM Manager are responsible for managing the BIM until all necessary approvals have been achieved through bid/award. The CM/GC and its designated BIM manager will assume principal responsibility for managing the BIM thereafter. In all cases, however, it remains the Consultant's responsibility to prepare, (in whatever manner or form the Consultant, in its professional judgment, deems appropriate), all of the documents that are necessary to secure permits from all agencies that have jurisdiction over the Project. BOA and BOLA shall prepare and maintain a separate multi-dimensional BIM model for Scopes A and C program elements utilizing the same BIM Revit program as Consultant and ensure it is fully compatible for inclusion and modeling in the overall site BIM model prepared and managed by Consultant. CM/GC shall prepare all documents that are necessary to secure permits from all agencies that have jurisdiction and approval over early trade bid packages.

(7) Update systems checklist for selection and approval of Scope B systems to be included in the Project such as utilities, mechanical, electrical, communication, and security systems, and other relevant systems and equipment, including the coordination and management of required LEED certification documentation for Scope B elements of the project.

(8) Assist City with updating strategy and goals for achieving minimum of LEED Gold v 4.1. Assist the City with registering the Project with the U.S. Green Building Council (USGBC).

(9) Update narrative report with narrative description of all components and facilities in the Project relating to Scope B disciplines by the Consultant including, code requirements, including the general types of construction by architectural and engineering disciplines, furnishings, equipment, outline specifications and Title 24, energy, mechanical and electrical load calculations and operating. Include a list of recommended finish materials.

(10) The Consultant shall at defined completion milestone conduct its Scope B, QA/QC of the drawings and specification based on its QA/QC plan approved by the City evidenced to show that QA/QC has been implemented.

(11) The Consultant will conduct a review of the Scope B Construction Documents for completeness.

6 Design Changes

6.1 No substantive change shall be incorporated into the design documents unless it has been approved by the City in writing.

6.2 The Consultant shall maintain a Design Change Log of all recommended, pending, approved and incorporated changes for Scope B Work, and submit the Change Log to the City monthly during the design phase beginning with the NTP of Design Development Services.

6.3 The City approval of any change shall not entitle the Consultant to a change in Consultant's compensation, unless approved in writing by the City.

7. Construction Document Phase.

7.1. Upon approval of the Design Development Documents and budget and receipt of written NTP from the City to proceed with the Construction Document Phase, the Consultant shall:

7.1.1. Prepare, from approved Design Development Phase documents, Construction Documents setting forth in detail the requirements for construction of the Project. The Construction Documents shall include all site and building plans, sections, elevations, enlarged plans, and details reasonably necessary to construct the Project as related to Consultant's disciplines. Consultant will coordinate and incorporate the work of BOA and BOLA into the Construction Documents. Scopes A and C construction documents including LEED Gold compliance and specifications shall be separately prepared and coordinated by City. Specifications shall include technical specifications conforming to CSI/MASTERFORMAT standards (50 Divisions), describing technical criteria, standards, and requirements for elements of the Project. Drawings and Specifications shall establish in detail the quality levels of materials, systems and equipment required for the Project.

7.1.2. Manage, further develop, and maintain multi-dimensional building information models and reports necessary to collaborate and coordinate design and construction features with CM/GC for purposes of verifying constructability, compatibility, and cost. The Consultant shall consult with the CM/GC and provide the CM/GC an opportunity to review and comment upon all designs, drawings, and other materials developed by the Consultant during the Construction Document phase. Incorporate into the Construction Documents the design and constructability refinements resulting from the interactive collaboration with the CM/GC including accepted value engineering proposals and value engineering proposals from trade contractors during bidding (see 6.2 Value Engineering Integration Phase). The Consultant is not expected to prepare stand-alone Construction Documents and Specifications for each trade package. While the CM/GC is responsible for preparing the trade packages, the Consultant will

cooperate with the CM/GC and provide all design assistance and coordination that is required to timely prepare the trade packages and subcontracts for bid and/or negotiation and award.

7.1.3. Consultant cost estimate and coordination review services for the early trade bid packages shall be limited to review of quantities and unit costs only.

7.1.4. Participate and assist in the final selection and approval of the Scope B systems to be included in the Project such as utilities, mechanical, electrical, communication, and security systems, and other relevant systems and equipment, including the coordination and management of required LEED certification documentation. The LEED boundary shall be limited to occupied buildings only, unless expanding the boundary improves opportunities to achieve LEED Gold or higher. Continue to monitor and evaluate LEED certification targets including tracking probable LEED point achievements through forecasted LEED Certification Scorecard format.

7.1.5. Prepare Construction Documents, including specifications, in full compliance with all applicable building codes, ordinances, other regulatory requirements, and applicable the City departments and utility providers. Consultant shall assemble and submit final construction documents to all agencies with jurisdiction. As necessary, review construction documents with agencies and revise and re-submit them as required to secure all necessary permits. Coordinate with BOA and BOLA for any required revisions and resubmissions related to their scopes.

7.1.6. The Consultant shall prepare the Scope B Technical Specification Section of the Project Manual as related to the Consultant's Scope B disciplines. City shall provide and coordinate all front-end specifications including Division 01 for the Project Manual with the Consultant's specifications writer. BOA and BOLA shall separately prepare and coordinate technical specifications for Scopes B and C work.

7.1.7. Prepare Construction Cost estimates at 50% and 95% Construction Documents and reconcile those estimates with the independent construction cost estimates prepared by the City or CM/GC. Cooperate and coordinate with the Program Director, Project Manager, Project Architect, and the CM/GC to reconcile any differences with the City's and/or the CM/GC's or its Subconsultants' estimates of construction costs and the FCBL.

7.1.8. If the estimated construction cost at the Construction Documents Phase for any trade package exceeds the initial construction cost estimate for that trade package, the City may, at its discretion: (1) give written approval of an increase in the estimated cost for that trade package provided that the bid or negotiated price for that package is equal to or less than the estimated cost for that package, or (2) if the bid or negotiated price for that trade package exceeds the cost estimate, the City may accept the higher price after reasonable opinion from the Consultant, and in consultation with the CM/GC and Construction Management consultant, that the cost of subsequent trade packages along with the cost of already bid and/or awarded trade packages will not exceed the FCBL. The preparation of early trade bid packages includes the CM/GC's sole responsibility for the application and securing of all permits and approvals. The cost of any VE redesign services after approval of the 50% Construction Documents by the City associated with early trade bid packages shall be an Additional Service.

7.1.9. The Consultant shall participate with the City to establish an interactive and integrated design, review, and approval process with the CM/GC. The Consultant shall

furnish a Drawing and Report Set of all construction documents to the City, including Scope A and C documents separately prepared by BOA/BOLA for approval at 50% and 95% completion, and revise them if required and directed by the City. The Consultant shall not be responsible for the timely performance, accuracy and/or submission of BOA/BOLA Scope A or C, or CM/GC early Trade Bid package work or deliverables.

7.1.10. Unless directed otherwise in writing by the City, the Construction Document phase shall not be considered 100% complete until the Consultant has received all required agency and the City's approvals and/or permits.

7.1.11. The Consultant, all subconsultants, BOA, BOLA and CMGC shall represent, in writing, that to the best of their knowledge, information and belief, the final Construction Documents prepared by Consultant and CM/GC, except for deferred submittals, are complete, fully coordinated and ready for bid, that they have reviewed the drawings in total and that their own work has been coordinated into the Construction Documents. At any time during the Consultant's performance of design services, and upon completion of the final Construction Documents phase, the City may retain architectural/engineering consultants to conduct a peer review of the Construction Documents for constructability and completeness. This peer review, if performed, shall be performed for the benefit of the City and shall in no way decrease the obligation of the Consultant to produce a comprehensive, complete, and accurate set of construction documents including plans and specifications for the Project as required by this Agreement.

7.1.12. The Consultant shall at 50% and 95% completion milestone conduct its QA/QC of the drawings and specification prepared by Consultant based on its QA/QC plan approved by the City evidenced to show that QA/QC has been implemented.

7.1.13. The Consultant will conduct a peer review of the Construction Documents for constructability and completeness.

7.1.14. Assist the City and its CM/GC to coordinate with and secure all necessary approvals from all appropriate stakeholders and regulatory authorities including submitting Site Permit, Building Permit and Addenda, Site Preparation, Foundation and Excavation and Shoring, and Electrical Switchgear.

7.1.15. Upon written approval by the City of the Drawing Set, provide the City with a set of final Construction Documents ready for bidding. Said Construction Documents shall include any previously issued bid packages and documents prepared by BOA and BOLA. Final Construction Drawings and the certification page of the specifications submitted to the City for bidding purposes shall be signed and stamped by the Consultant or its consultants, as appropriate.

7.1.16. Together with its subconsultants and BOA the Consultant shall make presentations to the City and State agencies, stakeholders and community groups as directed by the Program Director or Project Manager.

7.1.17. Provide to the City Program Director, City Project Manager and City Project Architect for his or her review and approval, electronic copies, including PDF files, CAD files, and BIM models, of all compiled complete project drawings sets and complete specifications, draft Drawing Sets, as requested at approved drawing scale.

7.1.18. If requested by the City, assist in the prequalification of sub-contractors to the CM/GC during bidding phase.

8 Construction Phases.

8.1 BOA and BOLA shall be separately responsible for the provision of Construction Phase Services described below for Scopes A and C work as coordinated by Consultant.

8.1.1 The parties understand and agree that those services delineated below as Construction Phase Services are to be performed only upon the written direction of the City. While the City intends to authorize the Consultant to provide the Construction Phase Services, the City shall do so only when (a) sufficient funds for such services have been appropriated in accordance with the budget and fiscal provisions of the City; and (b) the City, in its sole discretion, without waiving any rights, has found that prior services of the Consultant to date have been adequately performed and completed. Upon authorization by the City, the Construction Phase Services become part of Basic Services.

8.1.2 There will be multiple trade packages for the Project, which consist of site preparation package, early sub trade MEP packages and the building package. The CM/GC is responsible for preparing all of the trade packages and securing trade package permit approvals required for LEED Gold approval by USGBC, and to construct the Project. Trade packages will likely be awarded by both negotiation and competitive bid. Some or all of the trade packages may be assembled and negotiated or bid concurrently and/or negotiated or bid separately from other portions. During the preparation, negotiation, or bidding of each trade package, the Consultant shall assist the City and the CM/GC as necessary with clarifying the scope and intent of the trade packages and with the preparation of all necessary addenda.

8.2 **Construction Services.** Construction Services shall consist of the following phases of work.

8.2.1 **Construction Bid / Negotiation Phase.** Upon commencement of the solicitation of bids/negotiations phase by the City, the Consultant shall:

(1) Participate in and assist the CM/GC and the City with pre-bid conferences, if any, for the construction trade packages.

(2) Prepare responses to bidders' questions, interpret Construction Documents, evaluate requests for substitutions and prepare addenda for clarifications, and assist the CM/GC and the City as required in responding to bidders' questions.

(3) Provide the City with electronic originals of all addenda to be issued and provide copies to the CM/GC.

(4) Assist the CM/GC and the City with reviewing and evaluating all bids submitted and making recommendations for awarding trade subcontracts.

(5) Following the approval of the Construction Documents, provide as an additional service redesign services as may be required to remain within FCBL. Such redesign services may include incorporating value-engineering proposals made by the CM/GC or any subconsultant and accepted by the City if those are required to bring the Project within FCBL.

(6) Upon award of the trade subcontracts, work with the City to provide a consolidated a Conformed Set of Construction Documents with all addenda, permit plans, accepted bid alternates and construction bulletins incorporated into appropriate specification sections or drawing sheets. Provide the CM/GC and the City with an electronic copy of conformance set "For Construction" Drawing Set and Project Manual including Specifications. BOA, BOLA, and CM/GC shall separately prepare their respective sections of the conformed set and provide BIM files to Consultant.

8.2.2. BIM Management for Design and Construction. The Consultant shall work with the City to develop, manage, and maintain the Design BIM(s) incorporating responses to RFI's, clarifications, ASI's, DDC's and Consultant-issued documents arising from Change Orders to maintain a current As-Planned BIM through a web-based BIM 360 construction management system. The CM/GC shall use the As-Planned BIM to keep current their own CM BIM(s) to verify constructability and costs, sequencing plans, and schedules. At the conclusion of construction, the CM/GC will prepare a BIM reflecting the "As-Built" conditions of the Project based on the Consultant's As-Planned BIM. The AIA E 202 will be used to specify the level of detail required in the model(s).

8.2.3. Value Engineering Services During Bid: The City intends to accept value engineering proposals submitted by trade subconsultant that will lower the cost of the Project. Upon submittal of value engineering proposals during Construction Bid/Negotiations phase and before award of trade package contracts, the Consultant shall:

(1) Assist the City and CM/GC with review and evaluation of the value engineering proposals submitted.

(2) Interpret and assess the proposals and make appropriate recommendations, with supporting documentation and data, to the City and CM/GC for consideration.

(3) Incorporate selected value engineering proposals into the plans and specifications as an additional service.

(4) Value engineering proposals submitted after 50% construction documents and accepted prior to award of trade packages shall be incorporated by the Consultant and compensated as an additional service. Fees to incorporate Value Engineering changes to the design proposed by CM/GC or trade sub-contractors after award of trade packages shall be paid as additional services.

(5) The amounts included for Value Engineering phase is a not-to-exceed allowance, not a lump sum quote. Any unused balance shall be deducted from the Contract Sum and revert to the City.

8.3. Construction Administration Phase

8.3.1. Consultant Responsibilities.

(1) Upon Written NTP from the City to the Consultant to proceed with Construction Administration Phase Services the Consultant shall provide services during the Construction Administration as set forth below.

(2) The Consultant and its subconsultants shall fulfill all duties and requirements pertaining to Consultant of Record and Engineer(s) of Record as required by code.

(3) BOA and BOLA shall be separately responsible for the provision of Construction Phase Services described below for Scopes A and C work. BOA/BOLA shall coordinate with Consultant for the provision of timely and responsive services for the integrated Scopes A, B & C Project during the Construction Phase. CM/GC shall be solely responsible for Construction Phase services for Trade Bid package work.

(4) Compile and update checklists of all testing, equipment startups, submittals, warranties, guarantees, maintenance and operation manuals, extra stock and all other close-out documents that are required of the CM/GC by the Contract. CM/GC shall independently maintain its own checklist and provide an updated list on a monthly basis to the City and Consultant. Consultant shall review the CM/GC's monthly list during the course of construction and provide a final status report of the CM/GC's performance for this requirement by the end of construction.

(5) Work with City to prepare, submit, and administer final LEED certification documentation as required by the U.S. Green Building Council (USGBC).

(6) The CM/GC shall be solely responsible for scheduling, purchase, and installation of long lead items necessary for the orderly progress of the work. Late acquisition of materials may impact the timely completion of the project. Any delays associated with the late ordering or acquisition of materials or services by the CM/GC shall be the sole responsibility of the CM/GC.

8.3.2. Submittals and RFIs.

(1) Unless otherwise agreed by the City, the Consultant shall review, approve or otherwise act upon RFIs and mock-ups within an average of ten (10) working days and no more than fifteen (15) working days, and submittals, shop drawings and substitution requests within an average of ten (10) working days and no more than fifteen (15) working days. If the Consultant expects that the review of any materials and/or communications will oblige longer than a fifteen 15-day consideration, the Consultant shall notify the City and CM/GC in writing within five (5) days of the receipt of the pertinent documents stating the reasons why a delay is expected, and what actions it intends to take to ensure the timeliest response practicable. The construction specifications will be prepared to require the CM/GC to prepare all necessary design documentation to support its substitutions or value engineering proposals.

(2) Should accelerated review of submittals or RFIs be necessary to allow for the early buy out of subcontracts or placement of material orders due to product scarcity, manufacturing or logistic delays, the CM/GC, the City and Consultant shall develop a prioritized "Hot" RFI or Submittal Review process. Hot RFIs will be reviewed first, pushing reviews of lower priority RFIs or submittals back into the schedule. Review of lower priority RFI's beyond the contractual review durations due to the implementation of the Hot RFI process shall not be deemed to be "late" or contribute to a claim of delay on the part of the CM/GC or City.

i. If more than 5 RFIs are submitted per day (more than 25 RFIs per week), the Contractor shall prioritize RFIs responses needed based on most to least critical. Due dates based on fifteen (15) day duration will be adjusted accordingly.

ii. The CM/GC shall be solely responsible for scheduling, purchase, and installation of long lead items necessary for the orderly progress of the work. Late

acquisition of materials may impact the timely completion of the project. Any delays associated with the late ordering or acquisition of materials or services by the CM/GC shall be the sole responsibility of the CM/GC.

8.3.3. Supplemental Drawings and Specifications. As directed by the City the Consultant shall assist the City to prepare and distribute electronically supplementary drawings and specifications for Scope B work in response to RFIs, or as otherwise required to clarify the design intent of the Construction Documents, or to document Change Orders and Construction Change Directives by the City as related to subconsultants. The Consultant shall respond to the CM/GC's requests for information; provided, however, that the Consultant is not required to provide information that is already reasonably available to the CM/GC from a careful study of the Contract Documents, field conditions, or prior Project correspondence or documentation. The City will prepare and effect any required contract modifications and change orders.

8.3.4. RFIs and Change Orders Review and Categorization. The CM/GC shall first review all RFI's and submittals for accuracy, completeness, and justification prior to submitting to Consultant. The CM/GC shall review, categorize all Requests for Information (RFIs) and Change Orders (COs) by cause, and so advise the Consultant. This will assist the City in tracking the amount and percentage of additional costs incurred attributable to, for example, City requests, Consultant errors, Consultant omissions, hidden obstructions, unforeseen conditions, Contractor errors, other Contractor generated conditions, and new regulatory mandates. The Consultant shall indicate in writing whether it concurs with or objects to how the CM/GC categorizes each RFI or CO and shall recommend for the City's consideration any change to the category assigned. No categorization by cause by the CM/GC shall be deemed the City's admission or assignment of legal responsibility or liability on the Consultant. For example, the CM/GC designating an RFI or CO as caused by "architect errors" or "architect omissions" is the opinion of the CM/GC and not an admission by the Consultant that the error or omission was caused by the negligence of the Consultant.

8.3.5. The Consultant shall prepare drawings incorporating responses to RFI's and other clarifications related to Consultant's Scope B disciplines.

8.3.6. At no cost to the City, the Consultant shall update the Construction documents, including BIM model, to reflect Consultant's Scope B responses to RFIs and other changes issued.

8.3.7. Site Visits and Reporting. The Consultant and its subconsultants shall make one visit to the Project site each week as appropriate to the stage of construction or as otherwise directed by the City to: (1) become generally familiar with and to keep the City informed about the progress and quality of the portion of the Work completed; (2) to identify defects and deficiencies in the Work; and, (3) to determine in general if the Work is being performed in a manner indicating that the Work when fully completed, will be in accordance with the Construction Documents. These visits are not to be construed to require supervision or inspection, and the Consultant shall not be required to make exhaustive or continuous on-site observations of the Work. The Consultant shall prepare a written report of each weekly site visit and shall advise and report to the City in writing of any deviations from the Contract Documents, non-conforming items or issues of concern observed during such visits. Review of the CM/GC job site safety measures will be NIC to all field reports.

8.3.8. **Construction Meetings and Coordination.** The Consultant shall attend one construction meeting per week and related other Project meetings throughout the construction phase as requested by the City, the Program Director, Project Manager, or the CM/GC. Attendance at construction meetings can be virtual or in person. The Consultant shall require that its subconsultants make such visits and attend Project meetings when appropriate to observe the progress of work designed or specified by them. The City shall provide a full-time, onsite Inspector of Record (IOR) for this project. It is understood that the City will be responsible for providing day-to-day field inspection services and shall cooperate and coordinate with the Consultant in matters pertaining to the Consultant's work. The Consultant and its subconsultants shall coordinate and cooperate with the City to time its visits jointly to observe and discuss the CM/GC's field work and installation to reduce duplication of work by both the CM/GC and the Consultant.

8.3.9. **On-Site Additional Services.** The Consultant shall provide, as part of additional services, as-needed support in an on-site office provided by the CM/GC. Other subconsultants, as defined in Attachment 2 for Scope B Consultants representing specialty services are required to perform similar as-needed on-site additional services for periods agreed-to between the Consultant and the City, and it is the Consultant's responsibility to coordinate the availability of other consultants and schedule such on-site services as necessary for the timely progress of the Work.

8.3.10. The Consultant shall interpret the Contract Documents and advise the City of all decisions rendered. The Consultant shall provide its interpretation electronically in written or graphic form. Interpretations by the Consultant shall be consistent with the intent of and reasonably inferable from the Contract Documents.

8.3.11. The Consultant acknowledges that the City is using the Construction Manager/General Contractor mode of contracting to construct the Project. There is no certainty that the trade subcontractor(s) who is (are) awarded subcontracts will cooperate willingly with the contract documents. The Consultant acknowledges that as a result, it may encounter varying amounts of administrative difficulties during the construction phase of the Project. The Consultant is eligible for additional compensation for these administrative difficulties if the City in its reasonable discretion determines that the amount of time spent in responding is appropriate to the level of effort necessary to resolve the issue.

8.3.12. Review and advise the City when requested on claims, disputes, and other matters in question between the CM/GC and the City relating to the interpretation of the Contract Documents or proposed changes to them.

8.3.13. The Project delivery method that is incorporated into this Agreement and the City's Agreement with the CM/GC, contemplates collaboration and open communication between the Consultant, BOA/BOLA, and the CM/GC during all phases of the Project. The Consultant will not, however, offer any directive or communication, nor make any agreement with the CM/GC that affects the design, construction, or cost of the Project without first obtaining approval from the City's Program Director, Project Manager and Project Architect. Communications by and with the Consultant's consultants shall be through the Consultant.

8.3.14. The Consultant shall assist the City with evaluating progress payment requests from the CM/GC by reviewing the baseline Schedule of Values prepared by the CM/GC for sufficient detail, such as by specification section, floor, and space segmentation.

8.3.15. The Consultant shall review the CM/GC's payment applications for relative degree of completeness of Scope B work, BOA/BOLA shall review for Scope A and C work, and they shall recommend to the City whether it should certify as complete any of the work that is the subject of the application. The Consultant's recommendation to pay any of the amounts requested shall constitute the Consultant's representation that (1) it has observed and evaluated the work at the site as provided in Article 8.3.7 above, (2) it has reviewed the data in the CM/GC's application for payment, and (3) the work has progressed to the point indicated on the request for payment and that to the best of the Consultant's knowledge, information and belief, the quality of the work is in accordance with the Contract Documents. The foregoing representations are subject to an evaluation of the work reasonably observable for conformance with the Contract Documents relative Substantial Completion, to results of subsequent test and inspections, to minor deviations from the Contract Documents correctable prior to completion and to specific qualifications expressed by the Consultant. The Consultant's representation to issue a certificate for payment shall constitute a further representation that the CM/GC is entitled to payment in the amount certified. However, the recommendation to issue a certificate of payment is not a representation that the Consultant has (1) made exhaustive or continuous on-site inspections to check the quality or quantity of the work; (2) reviewed construction means, methods, techniques, sequences or procedures; (3) reviewed copies of requisitions received from subconsultant and material suppliers and other data requested by the City to substantiate the CM/GC's right to payment; or (4) ascertained how or for what purpose the CM/GC has used money previously paid.

8.3.16. The Consultant shall advise the City to reject work that the Consultant believes in good faith does not conform to the Contract Documents. Whenever the Consultant considers it necessary or advisable to implement the intent of the Contract Documents, the Consultant will advise the City to require additional inspection or testing of the work in accordance with the provisions of the Contract Documents, whether such work is fabricated, installed, or completed. The City shall make the final determination whether to reject work, require additional testing, or require other corrective actions by the CM/GC.

8.3.17. The Consultant shall review results of testing and special inspection procedures that are required by the construction Contract Documents and report its comments to the City. The Consultant shall advise the City on special testing and/or inspection that may arise due to field conditions or as requested by appropriate authorities. It is understood that separate contracts for testing and special inspection consultants, laboratories or agencies will be arranged by the City. Attend inspections with appropriate consultants when requested to do so by the City.

8.3.18. The Consultant shall review and advise the City as to the approval of substitutions proposed by the CM/GC, including advice as to whether accepting the proposed substitutions would deviate from the approved design intent or, expose the City to added operations cost for the finished Project or require substantial revision to the Contract Documents. If, in the City's judgment, the Consultant is required to substantially revise documents in order to accommodate substitutions or equals, the City will compensate the Consultant as Additional Services, provided that the need to revise the documents was not caused by the Consultant's negligent errors or omissions.

8.3.19. The Consultant shall Review Scope B shop drawings, samples, wiring, and control diagrams, schedules and lists of materials and equipment, and other descriptive data

pertaining to specified materials, equipment and storage thereof that the CM/GC is required to submit for the City's approval, and recommend whether to approve.

8.3.20. The Consultant shall Review Scope B documents and materials that the CM/GC is required to submit for conformance with the design intent of the Work and with the information given in or inferable from the Contract Documents. Such review shall be made by the Consultant upon receipt from the CM/GC of submittals that have been dated, signed, and approved by the CM/GC, except where otherwise directed by the City. The Consultant may note the exceptions taken or not taken, the corrections necessary, and the re-submittals required, and will return the documents or materials with such notations to the CM/GC as directed by the City. Review and action on an item that is a component of an assembly or system shall not necessarily apply to the entire assembly or system. In its agreement with the CM/GC, the City will include a provision (such as clause 4.2.7 for AIA Document A201, 1987 edition) specifying that the Consultant's review of the CM/GC's submittals does not alter the CM/GC's responsibility for errors and omissions in such submittals.

8.3.21. The provision of more than two reviews by the Consultant of incomplete or inaccurate editions of "Revise and Resubmit" submittals or RFIs prepared by the CM/GC, or its subcontractors shall be an Additional Service.

8.3.22. The consultant will be required to provide only two punchlist walks, preliminary and final. Provision of additional punchlist reviews shall be an additional service. After compilation of the final punch list by the CM/GC, the Consultant, in conjunction with the CM/GC, will verify the final punch list, recommend changes, participate in site visits to determine and track the status of the acceptability of all punch list items, participate in the final review of the Project and advise the City as to the approval of work performed by the CM/GC.

8.3.23. The Consultant shall assist the City, CM/GC and/or Commissioning Agent in arranging for building commissioning, start-up, and testing, adjusting and balancing and the coordination of operational testing and proper functioning of all installed Scope B equipment, and any building commissioning that may be required related to applications by the City for LEED certification.

8.3.24. The Consultant shall at all times have access to the work and the Project site.

8.3.25. The Consultant shall not have control or charge of and shall not be responsible for construction means, methods, techniques, scheduling, sequences or procedures, for safety precautions and programs in connection with construction of the Project, for the acts or omissions of the CM/GC, its subconsultant or any other persons performing any of the work on the Project (unless directly employed or retained by the Consultant), or for the failure of any of them to carry out the work on the Project in accordance with the Construction Documents.

8.3.26. The Consultant shall not have the authority to stop the work unless specific authorization has been granted in writing by the City.

8.3.27. All Scope B design-build systems, except for those indicated in this Agreement as CM/GC Trade Bid packages submitted by the CM/GC shall be reviewed by the Consultant in a timely manner for conformance with the intent of the design drawings and specifications. The CM/GC shall remain responsible for compliance with the design-build requirements of its Trade Bid subcontractors.

9. Warranty Phase

9.1. Consultant shall be responsible for the revision of Warranty Phase Services for Scope B only. CM/GC shall be separately responsible for the provision of warranty work for Trade Bid Packages.

9.2. The Consultant shall assist the City and City’s maintenance and operation personnel in conducting warranty inspections for Scope B work during the warranty period following Final Completion as set forth below:

(1) The Consultant shall observe and review the condition of completed Scope B work and provide assistance to the City to develop a list of corrective warranty work and a schedule for completion for systems, components, equipment, and finishes that have failed to meet the specified performance criteria or the terms of specific product warranties during the warranty period following Final Completion.

(2) The final warranty inspection shall take place no earlier than the eleventh month following Final Completion and no later than the twelfth month following Final Completion.

(3) If Scope B systems, components, equipment, and finishes fail to meet the specified performance criteria or the terms of specific product warranties at any time prior to the final warranty inspection, the Consultant shall observe and review the condition of completed work and provide assistance to the City to develop a list of corrective warranty work and a schedule for its completion.

10. Additional Services

10.1. **Definition.** As defined in Article 1 Definitions, Additional Services are services in addition to the Basic Services of this Agreement. The Consultant shall not proceed with any Additional Services without the prior written authorization of the City. The written authorization to perform Additional Services must include a statement describing the services as Additional Services. In the event the City believes certain services to be part of Basic Services which the Consultant contends are Additional Services, the Consultant shall not perform such services until (a) the Consultant provides the City with written notice of the contention with factual support, and (b) the City then instructs the Consultant in writing to proceed, in which case the Consultant shall perform the services required and pursue any monies or other compensation which it believes it is owed, by filing a claim with the City and/or pursuing any other available remedies, and

10.2. Additional Services include but are not limited to the following:

- (1) Preparation of more than three separate bid packages
- (2) Financial feasibility studies.
- (3) Preparation of Record Drawings
- (4) Value engineering services after approval of 50% construction documents
- (5) Multiple reviews of the CM/GC’s Revise and Resubmit RFI’s or Submittals

- (6) Office systems furniture design, specifications, or procurement.
- (7) Preparation of Fire Department movable equipment, specifications, or procurement
- (8) Revisions to design drawings associated with undiscovered subsurface of soils conditions.
- (9) Punchlist Reviews in excess of preliminary and final punch list, job walks, and documentation.

10.3. Services for future systems and equipment that are not intended to be constructed or provided for during the Construction Administration Phase. However, provisions for advances in computer technology (e.g., software upgrades) are to be made as part of Basic Services.

10.4. Detailed quantity surveys or inventories of material, equipment, furnishings, and labor.

10.5. Services required in connection with construction performed by others that is not part of the Project work, except as indicated in the Agreement.

10.6. Providing consultation concerning replacement of any work damaged by fire, weather, vandalism, theft, or other cause during construction and furnishing services as may be required in connection with the replacement of such work.

10.7. Providing services made necessary by the default of the CM/GC, or by major defects or deficiencies in the work of the CM/GC, or otherwise caused by the CM/GC or others during construction, excluding the Consultant's consultants or employees.

10.8. Preparing design and construction documents for procurement or manufacture or creation of artwork that is to be incorporated in the Project as an integral building or site element, beyond those services necessary to coordinate the design and structure of the building or site to accommodate the installation of such artwork.

10.9. Providing services after Warranty Phase completion unless such services are required as a result of the Consultant's negligent error or omissions.

10.10. Providing services, consultants, or scope of work not stipulated as included in this Agreement, and not customarily provided as part of the Consultant's Basic Services, which includes but is not limited to:

- (1) Preparation of our support services for Amendments to the approved CEQA documents.
- (2) Shadow study, wind studies, noise analysis, AB-32 carbon footprint analysis, traffic/parking, vehicle miles travelled, cultural resources, biological resources and environmental or CEQA consultants.
- (3) Structural analysis beyond code requirements.
- (4) Archeological, Biological and Historic consultants.
- (5) Hazardous materials consultants; and,

(6) Additional Services made necessary by reversals of authorizations, approvals or instructions previously given by the City but only such services as are substantial and in excess of what would have been required if there had not been such reversals.

(7) Additional Services to incorporate substantial structural changes to integrate the artwork administered by the Art Commission after the completion and acceptance of the Design Drawings.

(8) Attendance or presentation at community/neighborhood outreach meetings.

(9) Litigation, mediation, or deposition support of City responses to claims by CM/GC.

(10) Review of waterproofing failures after acceptance of the work by the City.

(11) Coordination of installation of specialty regional transportation training elements by the SFFD including provision or installation of railroad train cars, BART or Muni train cars or truck tanker trailers.

10.11. Services in connection with substantial changes in the scope or schedule of the Project directed by the City, but not including changes proposed and recommended by the Consultant.

(1) Coordination of tenant moves and relocations and move management.

(2) On-site representation beyond those services defined as Basic Services.

(3) Development of fire training curriculum by Consultant with or for the San Francisco Fire Department.

(4) Live fire prop or simulation training structure staff training sessions.

11. **Services Provided by Attorneys.** Any services to be provided by a law firm or attorney must be reviewed and approved in writing in advance by the City Attorney. No invoices for services provided by law firms or attorneys, including, without limitation, as subconsultants of Consultant, will be paid unless the provider received advance written approval from the City Attorney.

12. **Reports.** Consultant shall submit written reports as specified in the Agreement. Format for the content of such reports shall be determined by the San Francisco Public Works. The timely submission of all reports is a necessary and material term and condition of this Agreement. The reports, including any copies, shall be submitted on recycled paper, and printed on double-sided pages to the maximum extent possible.

13. **Department Liaison.** In performing the Services provided for in this Agreement, Contractor's liaison with the San Francisco Public Works will be Scott Moran. The

Department's liaison with the *Consultant* will be Michael B. Ross, AIA, or an approved designated alternate.

Appendix B Calculation of Charges

1. No charge shall be incurred under this Agreement, nor shall any payments become due to the Consultant until final reports, documents, or services as required under this Agreement have been completed and are received from the Consultant and approved by the City as being in accordance with this Agreement, or until the City agrees that services covered under the payment request have been satisfactorily performed. Notwithstanding, the Consultant shall invoice the City monthly, and the City shall pay the Consultant monthly on a percentage of completion basis for the work deemed acceptable by the City for each phase.

2. **Hourly Billing Rates.** All billable staff rates including that of the subcontractor shall be fully burdened to include labor, benefits, taxes, overhead, profit, health care benefit surcharge, minimum compensation accountability surcharge, call out surcharges, other surcharges, personnel protective equipment (PPE) for level D Protection, costs for obtaining insurance and bonds, employee fringe benefits, employee paid time off, employee training, support and administrative services, and ancillary charges. Administrative and clerical support services are considered part of overhead.

3. **Annual Escalation.** The listed rates in Attachment 2, Fee Schedule, will be valid for at least one year after contract award and reflect the 2023 billing rates. The Consultant may request for annual escalation of billing rates for the second through fifth year of the contract, but only once per year every twelve months, starting from the first anniversary date of the Notice to Proceed (NTP). The increase will be based on the percentage change of the Consumer Price Index (CPI) for the San Francisco Bay Area for Urban Wage Earners and Clerical Workers. To request a rate change, the Consultant must submit a billing rate increase request letter for approval by Public Works. Requests for billing rate increases must be made in writing and submitted to the Contract Manager no earlier than thirty (30) days prior to and no later than thirty (30) days after the anniversary date of the NTP. Requests made outside of this timeframe will not be considered, and retroactive requests will not be granted for past contract years or years where the Consultant failed to request a billing rate increase. The adjusted billing rates will be memorialized via a Contract Modification and rates will be effective on the date of the Notice of Modification. The billing rate for each job classification listed cannot exceed the lowest rate charged to any other government entity. The City reserves the right to audit material such as project billing records, accounting records, and time sheets to verify the accuracy of invoices. Refer to "Attachment 2, Fee Schedule," for the negotiated hourly rates.

4. **BASIC SERVICES.** The City shall compensate the Consultant as follows:

4.1. The Contract Sum, which shall be a Lump Sum Fixed Fee, includes all subconsultant fees and normal costs to the Project including all phone calls, faxes, in-house and subconsultant coordination, presentations, printing, and reproductions as required by this Agreement, excluding only those costs for Additional Services and amounts for Reimbursable Expenses. For all of the Consultant's Basic Services, including all services performed under the Agreement, the Consultant shall be paid a Contract Sum amount as set forth in Section 3.3, Compensation of Agreement and the Fee Schedule attached.

4.2. The Certified Contract Sum is the amount certified by the Controller at any point in time. Certified Contract Sum initially shall not exceed the Contract sum specified in Section 3.3.1, Compensation of the Agreement. The City will adjust the value of the Certified Contract Sum during the Project. Upon certification of funds, the Consultant will develop and monitor the Project according to the schedule. The City, in its sole discretion, reserves the right to cancel any subsequent phase if it determines it is in the City's best interest.

4.3. The Fee Schedule represents the Consultant's estimate of the level of effort required of it over the life of this Agreement to earn the fees identified as "Architectural."

4.4. The City fully expects that the Lump Sum Fixed Fee for Basic Services, as represented by the Consultant, adequately covers the cost to successfully complete the work across all phases according to the agreed upon schedule and with a professional level of quality. As such, only significant modification to the design directed by the City shall be considered an Additional Service. In the event that the building program or requirement reduces or increases in complexity from that as represented in the RFQ document (e.g., a substantive reduction or increases in area for a Scope B structure), the design fee shall be correspondingly reduced or increased to reflect the adjusted level of effort.

5. ADDITIONAL SERVICES

5.1. As defined in Article 1.1 Definitions, Additional Services are services not specified or required in the Agreement as Basic Services. The City shall not compensate the Consultant for Additional Services unless such services are authorized in writing prior to performance by the Consultant. Payment for Additional Services shall be made in accordance with the Hourly Rate Schedule set forth in Attachment 2.

6. FURNISHINGS, FIXTURES AND EQUIPMENT NOT AFFIXED

6.1. At the request of the City, the Consultant shall provide services to plan and prepare documents for procurement and installation of furnishings, fixtures, and equipment (FFE) not affixed to the building. The Consultant shall provide these services as Additional Services. Inventory of fire training, fire apparatus, or shop and furnishing shall be completed by others retained by the City. The Consultant will, however, space plan and coordinate the size and location of furniture and equipment requirements of the City based on information provided to the Consultant by the City.

7. REIMBURSABLE EXPENSES

7.1. The following rates shall apply for all other services, and remain in effect throughout the term of the contract for both the Contractor and all levels of sub Contractors.

Expenses	Rates/Schedule
Subconsultant/Vendor Work	Cost plus 5% <i>(for a maximum of two tiers of subconsultants)</i>
Meal Expenses	Not reimbursable.
Incidental Expenses	Not reimbursable.
Lodging	Not reimbursable without prior approval.

<p>Air/Taxi/Shuttle/rail fares</p>	<p>Not reimbursable without prior approval. Air travel fares must be based on economy class ticket prices unless pre-approved by the Contract Manager or Project Manager. Any airfare beyond the economy class ticket price is not reimbursable without prior agreement and pre-approval by the Contract Manager or Project Manager. The Consultant must provide a written justification for the use of higher-class travel at the time of the pre-approval request. The Project Manager will review the justification and determine if higher class travel is reasonable and necessary for the project. If approved, the Consultant must submit a copy of the pre-approval for higher class travel with their invoice for reimbursement. Any airfare beyond the pre-approved amount will not be reimbursed. The City reserves the right to audit air travel expenses to verify compliance with this provision.</p>
---	---

7.2. The City has established an allowance of \$525,360 (Five hundred twenty-five thousand, three hundred sixty dollars) for Reimbursable Expenses, inclusive of Trip Allowance. Reimbursable Expenses shall be invoiced by the Consultant's accounting categories and shall be subject to the audit provisions of this Agreement.

7.2.1. Only the actual costs incurred by the Consultant shall be allowed and invoiced as Reimbursable Expenses. The Consultant shall not exceed the Reimbursable Expense allowance without prior written authorization from the City. There shall be no mark-ups of any kind allowed on Reimbursable Expenses.

7.2.2. All documents shall be transmitted electronically to the City.

7.2.3. All activities and work product resulting from implementation of BIM are considered Basic Services. Renderings, computer animated presentations and presentation models that are not otherwise part of the BIM work product, are considered reimbursable expenses when requested and approved by the City in advance and in writing. Such documents prepared by the Consultant without the City's written advance approval shall be considered part of the Consultant's Basic Services.

7.2.4. The following items are considered normal Project costs and a part of the Basic Services Fee, not Reimbursable Expenses: (a) phone calls, faxes, mail, express mail, courier delivery or overnight delivery service charges, or other communications charges between members of the Consultant's team and/or the CM/GC and its team, regardless of location; (b) regional phone calls and faxes for all area codes having any geographical land area within 100 miles of San Francisco even though its outlying boundary exceeds the 100 mile limitation; (c) Internet gateways, FTP sites or data file transfer or research services; City(d) in-house coordination materials among the Consultant and its team, including photocopy and drawing materials and messenger services; (e) all CAD and other computer-related time and expenses in support of those items specifically listed in articles 4, 5 and 6 of this Agreement; and (f) food and

beverage charges of any kind unless approved in writing in advance by the City. Reproduction costs of Phase deliverables, check sets, Permit documents, Bidding documents, Contract documents, Conform sets, and Record documents shall be an allowable reimbursable expense.

7.2.5. Travel Within the Nine Bay Area Counties: Travel within the nine Bay Area counties (Alameda, Contra Costa, Marin, Napa, San Francisco, San Mateo, Santa Clara, Solano, and Sonoma) between the Consultant's or subconsultant's office and Project Site shall be considered part of the Consultant's or subconsultant's overhead and will not be reimbursed by the City, regardless of the location of the Consultant's or subconsultant's regular work sites. All tolls and parking fees within the nine Bay Area counties will not be reimbursed.

7.2.6. Required Travel Outside of the Nine Bay Area Counties: Travel within 100-mile radius of San Francisco is considered a part of the Basic Services fee, not Reimbursable Expenses. If the needs of the project require the Consultant or its subconsultants to travel outside of the nine Bay Area counties, and if agreed to in writing prior to initiation of work, the City will reimburse the Consultant for the actual travel expenses incurred to and from their regular work site(s) to the Project Site. If the Consultant or subconsultant maintain their regular work site(s) outside of the nine Bay Area counties, reimbursement will be limited to the lesser of (1) the actual expenses incurred to and from the regular work site, or (2) the equivalent travel expenses to and from San Francisco.

(1) All travel must be approved in advance by the Contract Manager or Project Manager. Advanced travel approvals must include estimated amounts for the approval(s) being given.

(2) The associated Travel Time will be similarly reimbursed for the lesser of (i) the actual travel time incurred to and from the regular work site, or (ii) the equivalent travel time to and from San Francisco.

(3) Mileage shall be subject to the Internal Revenue Service (IRS) standard mileage rate for business use of an automobile, with no markup. This rate is subject to change, yearly.

(4) For all travel within the continental United States, travel expenses will be reimbursed according to the federal maximum lodging by locality rates. Any exceptions to the Federal rates must be approved in advance by the Project Manager. Federal rates for lodging, can be found at: <http://www.gsa.gov/> > Per Diem Rates.

(5) Advanced travel approvals and receipts must be included in reimbursements requests. Minor discrepancies between the estimate and actual amounts may be approved by the Contract Manager or Project Manager at the time of payment request.

(6) Air travel fares shall be based on lowest Economy Class ticket prices and will be reimbursed based on actual expenditures.

(7) Taxi, shuttle, rail, and rental car fares will be reimbursed based on actual expenditures. Rail expenses shall be based on lowest Economy Class ticket prices (or equivalent.) Rental car expenses shall be based on the rate for either the Economy or Compact class of car or its equivalent. No upgrades on these forms of transportation will be reimbursed.

(8) Tolls and parking fees associated with approved travel will be reimbursed based on the actual cost.

(9) If public transportation is used, submit receipt/proof-of-purchase for approved travel.

7.2.7. An allowance of trips by the Consultant has been incorporated into the Fee Schedule. Additional travel must be approved in advance by the Project Manager. Each

additional trip is subject to the Project Manager’s approval in writing two weeks in advance. All travel expenses are subject to final approval by the Project Manager at the time of invoice submittal.

8. PAYMENT SCHEDULE AND INVOICES

8.1. PAYMENT SCHEDULE AND INVOICES

8.1.1. The Fee Schedule:

(1) The design services are divided into phases: Program Validation Phase, Concept Design Phase, Schematic Design and Design Development Phase. Each phase is assigned a value representing the total fee (Consultant and subconsultants) for that phase. The total of all of the values assigned to each phase equals the total fee (Consultant and subconsultants).

(2) Each phase is considered complete when that phase has achieved the benchmark set forth in the following table or mutually agreed to benchmarks:

(3) The Consultant will submit invoices for work in progress no more than once each month for Basic Services. All fees, including those of the Consultant's subconsultants, are to be charged on a lump sum percent complete basis within the course of each phase. Lump sum fees will be invoiced based on the Consultant's calculation of the percentage of design services that have been satisfactorily completed and approved by the City, relative to the percentage of the total lump sum fee approved for completion of the, all as set forth in the table below.

(4) With respect to each completed phase, the City will pay no more than the total amount budgeted for that phase. The Consultant is responsible for any fees more than the amount budgeted for that phase.

(5) All invoices that the Consultant submits for payment for services performed under this Agreement must conform to the City's Form of Invoice, as it may be modified during the Project. The invoices must identify each phase for which payment is being sought, the percentage of completion of each phase so identified, and the total amount being requested for each phase so identified.

(6) Payment to the Consultant during the Construction Administration Phase will be made monthly on a time and material basis, not to exceed the amounts identified in the Appendix B, Calculation of Charges by the CM/GC. Along with its invoice, the Consultant shall furnish copies of invoices submitted by subconsultants to substantiate reimbursement. The Consultant's invoices must identify the cost of the work completed by all subconsultants, on the Compensation of Services (Attachment 6).

(7) The City will retain **10%** of the amount of each invoice submitted by the Consultant for Basic Services, including costs of subconsultants, pending satisfactory completion by the Consultant of all work in the phase, and approval by the City; Retention shall be released following the City's acceptance of the work for that phase. Payment of approved retention amounts shall be within 30 days of receipt of invoice by City. There shall be no retention on Reimbursable Expenses or Additional Services.

(8) The Consultant shall receive compensation only for those Additional Services authorized in writing by the City in advance of the Consultant's performance of the work, and in accordance with the rate schedule found in Attachment 2 of this Agreement, which includes the subconsultants' fee schedules.

(9) The hourly rates shall be the standard rates given to any client of the Consultant under similar circumstances.

(10) With respect to any hourly work (e.g., Additional Services), reimbursable fees paid will be based on the actual hours charged, subject to any specified maximums. For hourly work, the Consultant shall submit copies of certified timesheet records for all persons performing the work and shall indicate the number of hours worked by period, and the approved billing rate.

(11) Alternatively, a lump sum or guaranteed maximum fee for Additional Services may be authorized by the City prior to commencement of work on these services, in which case these services shall be invoiced according to the terms of Section 5.1.1.3 above.

(12) There shall be no mark-ups by the Consultant for the cost of professional consultants retained by the Consultant in the performance of its Basic Services. Allowable mark-ups for professional consultants retained for approved Additional Services shall be **1.05x** the subconsultant's bill to the Consultant. No markups of any kind shall be allowed for any reimbursable expenses, whether invoiced by or to the Consultant.

(13) If during the course of construction, the City determines at its sole and reasonable discretion that modifications to Contract Documents are required due to negligent errors or omissions on the part of the Consultant or its subconsultants, the Consultant shall not be compensated for the cost of developing, preparing or reproducing the necessary revised drawings and specifications to correct those negligent errors or omissions nor shall the Consultant be compensated in its fee for the cost of any related extra design work. The Consultant's rights for such payment shall be reserved until Project completion.

(14) No deductions shall be made from the Consultant's compensation on account of penalty, liquidated damages or other sums withheld from payments to the CM/GC or on account of the cost of changes in the work other than those for which the Consultant is responsible based on its negligent errors or omissions.

(15) Payments of Reimbursable Expenses shall be made monthly upon presentation by the Consultant of an itemized statement of actual expenses incurred with a detailed cost breakout and supporting invoices and copies of original receipts.

(16) The Reimbursable Expense allowances set forth above provide only for costs which are defined as part of Basic or Additional Services Fees and are not subject to the LBE participation requirements of the City.

ASSET PURCHASE AGREEMENT

This Asset Purchase Agreement is dated as of January 9, 2024 (“Agreement”) and is made by and between RossDrulisCusenbery Architecture, Inc., a California corporation (“Seller”), and DLR Group Inc., a California corporation (“Buyer”) to be effective as of February 1, 2024.

RECITALS

A. Seller is a professional practice providing architectural services in the justice, public safety and community market sectors (“Business”) primarily in the state of California.

B. Michael Ross and Mallory Scott Cusenbery (collectively, “Seller’s Shareholders”) own 100% of the stock of Seller. Seller’s Shareholders are not a party to this Agreement but are making the representations and warranties stated herein to induce the Buyer to enter into this transaction.

C. Buyer is a professional practice providing architecture, engineering, interior design and planning services in the culture+performing arts, K-12, energy, healthcare, higher education, hospitality, retail/mixed-use, workplace, justice+civic, and sports market sectors.

D. Buyer is a wholly-owned subsidiary of DLR Holding Company, a Delaware corporation. Through DLR Holding Company, Buyer has affiliates (“Affiliates”) under common control providing architecture and engineering services throughout the United States and in several international locations. DLR Holding Company is not a party to this Agreement but is executing a guarantee with respect to the financial obligations of Buyer.

E. Buyer wishes to purchase and Seller wishes to sell substantially all of the assets of Seller associated with its Business, as provided herein, and Buyer is willing to assume certain of liabilities of Seller associated with the Business, as provided herein.

Now, therefore, in consideration of the terms and conditions hereof, the parties agree as follows:

TERMS & CONDITIONS

1. **Purchased Assets.** Effective at Closing, Seller will sell and Buyer will purchase the following assets (collectively, “Acquired Assets”):

A. **Client Contracts.** The client contracts are those listed in Schedule 1.A (“Client Contracts”). Seller shall assign the rights and Buyer shall assume the obligations of the Client Contracts, subject to the following conditions:

i. **Assignment of Rights:** Seller shall retain the rights arising from or relating to the performance of Client Contracts prior to Closing and shall assign to Buyer the rights arising from or relating to the performance the Client Contracts on or subsequent to Closing.

1. **Net Service Revenue:** The right to receive the portion of compensation constituting “Net Service Revenue” associated with each Client Contract (the remainder after subtracting the expense of related Consultant Contracts and Reimbursable Expense Revenue from the gross revenue), shall be allocated between Seller and Buyer in proportion to the Percentage of Work (defined below) completed and to be completed as of Closing, exclusive of the work of any related Consultant Contracts and Reimbursable Expenses. Seller shall retain the right to the portion of the Net Service Revenue that is proportional to the Percentage of Work completed up to the Closing and Buyer shall be assigned the right to the

proportional to the Percentage of Work remaining to be completed on or after Closing.

2. Non-Reimbursable Expense Consultant Revenue. The right to receive the portion of the gross revenue attributable to Consultant Contracts (in which the Consultant fees are not treated as a reimbursable expense under the prime agreement) shall be allocated between Seller and Buyer in proportion to the work completed and work remaining to be completed of each Consultant Contract as of Closing, based on Consultant invoices. Seller shall retain the right to the portion of the Non-Reimbursable Expense Consultant revenue that is equal to the value of Consultant invoices for the completed portion of the Consultant's Contract as of Closing, and Buyer shall be assigned the right to the portion that is equal to the value of consultant invoices for the portion of the Consultant's Contract remaining to be completed on or after Closing.
3. Reimbursable Expense Revenue. The right to receive the portion of the revenue constituting Reimbursable Expenses payable by the client shall be allocated between Seller and Buyer based on which party incurred or will incur the Reimbursable Expense. Seller shall retain the right to the portion of the gross revenue that relates to the Reimbursable Expenses incurred by Seller, and Buyer shall be assigned the right to the portion of Reimbursable Expense revenue that relates to the Reimbursable Expenses incurred or to be incurred by Buyer.

- ii. Assumption of Obligations. Seller shall retain the obligations, including professional liabilities and consultant liabilities, that arise from or relate to Seller's operation of the Business, including the performance of, or failure to perform, the Client Contracts during the period up to the Closing. Buyer shall assume the obligations including professional liabilities and consultant liabilities, that arise from or relate to Buyer's operation of the Business, including performance of, or failure to perform, the Client Contracts during the period on or subsequent to Closing.

- iii. Percentage of Work. Work refers to the value of the time expended and expected to be expended in the performance of the Client Contracts, excluding the performance of services pursuant to the related Consultant Contracts. The work excludes the value of the time of business development personnel, administrative personnel or management personnel, except to the extent of time spent actually performing the design or other professional services required by the Client Contracts. The "Percentage of Work" completed and remaining to be completed shall be determined as follows: First, by allocating the Net Service Revenue in proportion to the percentage of Net Service Revenue payable for each phase under the Client Contract, unless Seller and Buyer mutually agree to utilize an alternative allocation. Second, by assigning the Net Service Revenue allocated to the completed phases to Seller. Third, by allocating the Net Service Revenue payable for the phase then current at the time of Closing between Seller and Buyer in proportion to the value of the time expended in the phase prior to Closing, and expected to be expended in the phase subsequent to Closing. Fourth, by allocating the Net Service Revenue payable for future phases to Buyer.

Sample Calculation: Gross Fee is \$1,000,000, less gross Consultant Contract expense of \$300,000, leaves Net Service Revenue of \$700,000. Client Contract states that compensation payable by phase is SD 15%, DD 20%, CD 35%, Bidding 5%, CA 25%, and Seller and Buyer do not mutually agree to any alternative allocation. Current phase is DD, and Seller and Buyer mutually agree that the value of the time expended prior to Closing in the DD phase is 50% of the total value of the time expended and to be expended in the DD phase. The \$700,000 Net Service Revenue is thus allocated 25% (\$175,000) to Seller and 75% (\$525,000) to Buyer.

iv. Client Consent. Where client consent to assignment of a Client Contract is required, Buyer and Seller shall endeavor to obtain consent to the assignment and assumption of liabilities of each Client Contract in a manner consistent with the terms and conditions of this Agreement. The terms and conditions of this Agreement shall govern the obligations of Seller and Buyer, without regard to any inconsistent terms and conditions that may appear in a document used to obtain client consent, unless said document expressly states that Seller and Buyer intend to vary the terms of this Agreement. In the event that Seller and Buyer are unable to obtain client consent, and during any period of time between Closing and the effective date of such consent, Buyer shall perform the services remaining to be performed subsequent to Closing pursuant to the terms of the Shared Services Agreement in the form attached hereto as Exhibit A to be executed by the parties at Closing.

B. Consultant Contracts. Consultant contracts are those relating to the Client Contracts listed in Schedule 1.A ("Consultant Contracts"). Seller shall assign the rights, and Buyer shall assume the obligations, of Consultant Contracts, subject to the following conditions:

- i. Assignment of Rights. With respect to each Consultant Contract, the right to performance of the consultant's obligations shall be allocated between Seller and Buyer in proportion to the percentage of completion of the work of each Consultant Contract at the time of Closing, as stated in Consultant's invoices. Seller shall retain the rights relating to the performance of the completed percentage of the Consultant's Contract, and Buyer shall be assigned the rights relating to the portion that is proportional to the percentage of the work remaining to be completed.
- ii. Assumption of Obligations. With respect to each Consultant Contract, the obligations, including the obligation to pay compensation, shall be allocated between Seller and Buyer in proportion to the percentage of completion of the work of the Consultant Contract at the time of Closing based on approved consultant invoices. Seller shall retain the obligations proportional to the completed percentage of the Consultant's Contract, and Buyer shall assume the obligations that relates to the percentage of the work remaining to be completed. For clarity, the obligation to pay compensation to consultants is intended to be consistent with the right to receive compensation relating to consultant expenses.
- iii. Consultant Consent. Where consultant consent to assignment of a Consultant Contract is required, Buyer and Seller shall endeavor to obtain consent to the assignment and assumption of liabilities of each Consultant Contract in a manner consistent with the terms and conditions of this Agreement. The terms and conditions of this Agreement shall govern the obligations of Seller and Buyer, without regard to any inconsistent terms and conditions that may appear in a document used to obtain consultant consent, unless said document expressly states that Seller and Buyer intend to vary the terms of this Agreement. In the event that Seller and Buyer are unable to obtain consultant consent, or for any period of time between Closing and the effective date of such consent, Seller shall

cause consultant to continue to perform under any unassigned Consultant Contract. Where Buyer is receiving payment relating to consultant services on an assigned Client Contract, Buyer shall remit such payment to Seller for the services of unassigned Consultant Contracts, and Seller, in turn, shall remit such payment to the consultant, without offset or set-off of any kind without the consent of Buyer, within ten (10) business days of Seller's receipt of such payment from Buyer. Where Seller is receiving payment relating to consultant services on an unassigned Client Contract, Seller shall remit such payment to consultants for the services of related unassigned Consultant Contracts, without offset or set-off of any kind without the consent of Buyer, within ten (10) business days of Seller's receipt of such payment from the client.

- C. Other Contracts. Non-project contracts, including leases, life insurance policies, computer software, subscriptions, maintenance contracts and other agreements relating to the Business to be assigned to Buyer are identified on Schedule 1.B (collectively, "Other Contracts"). Seller shall assign the rights, and Buyer shall assume the obligations, of Other Contracts, as follows: Seller shall retain the rights and obligations that arise from or relate to the performance, or failure to perform, Other Contracts prior to Closing. Buyer shall be assigned the rights and assume the obligations which arise from or relate to the performance, or failure to perform, Other Contracts on or subsequent to Closing.
- i. Life Insurance: With respect to life insurance policies, if Buyer elects to drop such insurance [REDACTED], Buyer shall first offer to assign such policy to the insured person. On and after the third anniversary date of the Closing, at such time as the insured is no longer being employed by the Buyer (whichever is earlier), the insured shall have the option of having the ownership of such life insurance policy transferred to the insured, upon the insured's written request, and reimbursement to Buyer of the pro rata portion of the annual insurance premium for the remaining annual policy term. The terms and conditions of this Agreement shall govern the obligations of Seller and Buyer, without regard to any inconsistent terms and conditions that may appear in a document used to obtain counterparty consent, unless said document expressly states that Seller and Buyer intend to vary the terms of this Agreement.
 - ii. Sonoma Lease: Prior to Closing, Buyer shall enter into a lease with the landlord of the Sonoma office, which is owned by an LLC in which one of Seller's shareholders has an ownership interest, for a period extending to at least three (3) years after Closing. Buyer and Seller will work together in good faith to negotiate mutually acceptable lease terms; the rent in the first year shall be consistent with rent expense used in the computation of the 3-year average EBITDA for the purchase price calculation and include annual increases of [three percent (3%) per year]. The current lease between Seller and the Landlord will be terminated effective as of the Closing Date.
 - iii. Berkeley Lease. Effective as of Closing, Buyer shall execute an Assignment, Assumption and Consent of the Seller's lease for the Berkeley premises. The Berkeley lease will be deemed one of the "Other Contracts." Buyer shall assume the obligations arising from the use and occupancy of the leased premises on or subsequent to the Closing.
- D. Files, Papers and Records. The files, papers and records relating to the Client Contracts, Consultant Contracts and Other Contracts, subject to any consents required.
- E. Goodwill and Intangible Assets. Seller's goodwill (including Seller's contacts, name, and reputation in connection with the Business) and Seller's right, title and interest in other intangible assets used in Seller's Business, including trade secrets and other proprietary

information, electronic files, copyrights, licenses or other rights to use drawings and specifications, photography and images relating to past projects intellectual property, the trade name and corporate name, Seller's websites, email addresses and telephone numbers, any customer/client lists, and any and all media in Seller's possession that contains information pertaining to Seller's past, present and/or prospective clients, consultants, suppliers and/or other business contacts. Subject to any rights of others, Seller grants Buyer permission and transfers all rights to utilize media and related information regarding past projects, in connection with its portfolio, promotional and business development activities, with appropriate attribution.

F. Tangible Assets. All furniture, equipment, computer hardware, software, firmware, books, documents (whether in written or electronic form), other tangible personal property and leasehold improvements used in Seller's Business that are owned by Seller, except for the excluded items listed on Schedule 1.F. Buyer specifically acknowledges and agrees that Seller is selling and Buyer is purchasing such assets on an "as is, where is" basis, free and clear of any liabilities excepting those listed as an Other Contract on Schedule 1.B. Any rights or warranties from third party providers related to such assets shall, subject to any third party consent required, transfer and/or be assigned to Buyer with such assets. Seller shall identify any tangible personal property that is used in the Seller's Business that are owned personally by Seller's Shareholders.

G. Prepays and Deposits. All prepaid expenses and deposits (subject to Section 5).

2. **Excluded Assets and Rights.** For clarity, the parties acknowledge that Seller is not selling or assigning any rights or assets not specified in Section 1 above. Without limiting the foregoing, Seller shall retain all cash, cash equivalents, automobiles, any tax refunds, research and development and energy tax credits, any other tax credits, insurance policies and amounts payable thereunder, work in process (to the extent described in Schedule 1.F. attached hereto and Section 5 hereof) and accounts receivable and work in process to the extent arising from services rendered prior to Closing, all rights of Seller with respect to any employee benefit plans maintained by Seller, and all personnel records and other records that Seller is required by law to retain in its possession. Seller is also retaining Seller's organizational documents and tax returns, tax and financial and accounting records (other than project specific billing and collection records), all attorney-client privileged communications and work product, all of Seller's rights under this Agreement and the ancillary documents referenced in this Agreement, and all documents primarily related to any excluded assets or rights. To the extent any work in process arising from services rendered prior to Closing is invoiced by Buyer after Closing, Buyer will promptly remit payment to Seller of all amounts collected thereon.

3. **Excluded Obligations.** For clarity, the parties acknowledge that Buyer is not purchasing or assuming any of the following obligations or liabilities:

A. Seller's obligations, including professional liabilities, arising from or relating to any client contract that is not listed in Schedule 1.A, [REDACTED]

B. Seller's obligations, including professional liabilities, arising from or relating to the performance, or failure to perform the Client Contracts or Consultant Contracts during the period prior to Closing, [REDACTED]

C. Seller's obligations of any kind to directors, officers, employees and independent contractors, including, but not limited to, obligations to pay compensation such as salary, benefits, deferred compensation, pension and accrued vacation, sick or personal time arising from or accruing during the period prior to Closing. At Seller's option and with each employee's consent, the value of unused accrued vacation time as of the day immediately

prior to the Closing Date that is due to Seller's employees will either be paid out by Seller to its employees, or paid by transfer to Buyer for allocation to Buyer's employee personal time off accounts; however, no sick time will be transferred to Buyer.

- D. Seller's obligations under any contracts, including but not limited to leases, promissory notes, security agreements, guarantees, equipment leases, subscriptions, automobile leases, equipment leases, software agreements, service contracts or other instruments or agreements of any kind that are not identified as Other Contracts in Schedule 1.B.
 - E. All sales taxes, unemployment insurance, social security taxes and all other taxes due to the federal, or a state or local government by Seller on account of operations prior to Closing Date shall be paid by Seller prior to Closing or when due, whichever is later. Buyer shall bear any sales taxes resulting from the sale and transfer of the Acquired Assets. License fees, personal property taxes, assessments, insurance premiums, utilities and rents shall be prorated between Seller and Buyer as of the Closing Date, if applicable. Any personal property taxes imposed upon the Business with respect to tangible personal property included in the Acquired Assets shall be paid by Seller with respect to the period prior to the Closing, and shall be paid by Buyer with respect to the period following the Closing.
4. **Post-Closing Services.** Following the Closing, Buyer shall provide professional and administrative services to Seller as follows:
- A. With respect to Client Contracts listed in Schedule 1.A, but for which any counterparty has not provided the required consent to assignment, including any applicable limitation of Buyer's liability, Buyer shall provide professional services to Seller as a consultant pursuant to the related Shared Services Agreement.
 - B. With respect to client contracts that Buyer will not assume and do not constitute a Client Contract relating to a project listed in Schedule 1.A, Buyer shall provide professional services to Seller as a consultant pursuant to the related Shared Services Agreement. For clarity, Seller acknowledges that unless the contract has been assigned to Buyer, it is necessary for Seller to engage Buyer under the Shared Services Agreement for all post-Closing services in order to trigger various insurance coverages for services that are rendered subsequent to the Closing.
 - C. Subsequent to the Closing Date, some current employees of Seller that will be hired by Buyer will spend part of their time, and incur certain costs and expenses associated with, wrapping up the activities of Seller not constituting professional services at Seller's discretion. Seller expects that such wrap up work will be completed by Seller's Shareholders on their own time without impacting their services as employees of Buyer. To the extent Seller's other employees are engaged in such wrap up work or Seller's Shareholders are engaged in such activities during normal business hours, in order to account for such time, costs and expenses, Buyer shall establish an accounting methodology agreed to by Seller to track the labor associated with wrapping up the activities of Seller, and Seller shall reimburse Buyer on hourly or lump sum terms to be negotiated based on actual labor and reasonable overhead costs. In addition, Seller will reimburse Buyer for any expenses incurred (such as reproduction) in connection with such wrap up work. Buyer shall invoice Seller on a monthly basis following the Closing Date for such amount, and Seller shall reimburse Buyer for such amount within fifteen (15) days of receipt of said invoice.
5. **True Up Reconciliations.** True-Up reconciliation shall be made in cash with respect to Client Contracts to ensure that Seller and its consultants have received or will receive compensation due pursuant to this Agreement prior to the Closing, and that Buyer and its consultants have received or will receive compensation due pursuant to this Agreement on or subsequent to the Closing. No

party shall be required to remit to the other any sums withheld by an owner or other third party as retainage, any disputed amount or other failure to pay until such time as payment is actually received. Similarly, True-Up reconciliations shall be made with respect to Other Contracts to ensure that Seller pays for benefits received prior to the Closing, and Buyer pays for benefits received on or after the Closing. True-Up adjustments shall be calculated within ninety (90) days after Closing and be payable from one party to the other, as applicable, fifteen (15) days after each such statement. Any claim relating to the True Up reconciliation of a Client Contract or Consultant Contract with respect to obligations existing as of the Closing Date shall be deemed to have arisen on the Closing Date for purposes of the statute of limitations applicable to an alleged breach of this Agreement. The True-Up reconciliation shall also address prepaid expenses, and deposits (including, without limitation, the security deposit related to the leased premises), and work in process.

6. **Purchase Price.** Subject to the True-Up Reconciliations, the consideration (“Purchase Price”) to be paid by Buyer to Seller shall be [REDACTED], payable as follows:

A. The sum of [REDACTED] shall be paid by Buyer to Seller by wire transfer at Closing, subject to the True Up reconciliations described above.

B. The sum of [REDACTED] shall be paid by Buyer to Seller pursuant to a promissory note (the “Promissory Note”), which shall accrue interest that compounds annually at the five (5) year treasury interest rate in effect at Closing, plus [REDACTED] annual installments of principal and interest commencing sixty (60) days after Closing and continuing on each one year anniversary following Closing. Seller’s portion of the stay bonuses described in Section 6.D below may be deducted from the final installment of the Promissory Note. Seller may, at its discretion and following notice to Buyer, assign its rights under the Promissory Note to the Seller’s Shareholders.

C. The sum of [REDACTED] shall be paid by Buyer to Seller pursuant to a second promissory note subject to earnout adjustments (the “Promissory Note Subject to Earnout Adjustment”) payable in three (3) equal annual principal payments of [REDACTED], but subject to adjustments as described below, plus interest on the adjusted balance at a rate equal to the five (5) year treasury rate in effect at Closing, [REDACTED] compounded annually, payable sixty (60) days after [REDACTED] periods following Closing (“Earnout Periods”). The adjustments shall be determined as follows:

i. Each annual payment on the Promissory Note Subject to Earnout Adjustment will be adjusted based on variance of (a) the “**Earnout EBITDA on Earnout Projects**” (defined below) generated during each respective preceding Earnout Period, (b) from the “**Earnout EBITDA Target**” of [REDACTED]

ii. The term “**Earnout Projects**” means (a) existing contracts for professional services included in the Acquired Assets, (b) new contracts for professional services with any person or entity to whom Seller provided professional services [REDACTED] based on the list provided by Seller prior to Closing, and (c) new contracts for which “**Seller’s Staff**” (defined below) are assigned by Buyer to serve as the Client Leader and/or Business Development Leader. The parties acknowledge and agree that Seller’s Shareholders will be eligible to serve as the Client Leader and/or Business Development Leader for purposes of the Earnout Projects notwithstanding the fact that their job titles as set

forth in their respective Employment Agreements do not include “Client Leader” or “Business Development Leader.”

For clarity, Earnout Projects do not include new contracts with former clients of Buyer [REDACTED] unless Seller’s Staff are assigned by Buyer to serve as Client Leader or Business Development Leader. Earnout Projects do not include new contracts for projects that were in Buyer’s business development pipeline where material time had been expended and material contact with the potential client had been made unless Seller’s Staff are assigned by Buyer to serve as Client Leader or Business Development Leader. The term “**Seller’s Staff**” means former employees of Seller, as well as new employees of DLR Group or affiliate who report to, or who are directly or indirectly managed by Seller’s former employees.

- iii. **“Earnout EBITDA on Earnout Projects”** means [REDACTED] of **“Net Service Revenues on Earnout Projects”** (defined below) during each Earnout Period. This reference to EBITDA does not have the same meaning as EBITDA has under DLR Group’s usual financial reporting for other purposes, including the determination of employee bonuses.
- iv. **“Net Service Revenue on Earnout Projects”** means the sum of (a) amounts that are actually billed for services rendered during the Earnout Period on Earnout Projects for architectural services rendered by any DLR Group employee, and (b) the portion of accounts that are actually billed for services rendered during the Earnout Period on any other contracts for the architectural services personally rendered by Seller’s Staff, and (c) markups on consultant fees on existing contracts for professional services included in the Acquired Assets. Actually billed amounts refers to the amount after reconciliation for the outcome of any client dispute related to a billing.
- v. Net Service Revenue on Earnout Projects does not include billings for engineering services or other non-architectural specialties, the services of consultants or reimbursable expenses, [REDACTED] amounts actually billed for such services that are personally rendered by DLR Group (or any Affiliate) personnel on Earnout Projects during each Earnout Period.
- vi. Where Net Service Revenues are subject to retainage, such retainage shall not be considered actually billed until it is released, however, Seller shall be entitled to the Earnout adjustment even if release occurs after [REDACTED] final Earnout Period has expired.
- vii. If the Earnout EBITDA for any of the Earnout Periods is greater than or less than the EBITDA Earnout Target, the Promissory Note Subject to Earnout Adjustment principal amount [REDACTED]
[REDACTED]
 1. For example, if the Earnout NSR during the first year following Closing is \$200,000 higher than the NSR that would be needed to achieve the [REDACTED] Earnout EBITDA Target, the Note would be increased by [REDACTED]. If the NSR during the second year following Closing is \$200,000 higher than the NSR that would be needed to achieve the [REDACTED] Earnout EBITDA Target, the Note would be increased by [REDACTED]. If the NSR during the third year following Closing is \$200,000 higher than the NSR that would be

needed to achieve the [REDACTED] Earnout EBITDA Target, the Note would be increased by [REDACTED]. If the NSR during any year following Closing is \$50,000 less than the NSR that would be needed to achieve the [REDACTED] Earnout EBITDA Target, the Note would be [REDACTED]. A further illustration of Earnout calculation and increases or decreases to the Promissory Note Subject to Earnout Adjustment is attached hereto and incorporated herein by reference as Exhibit B.

- viii. At the end of the [REDACTED] Earnout Period, the earnout adjustments shall be recalculated on a cumulative basis. Instead of determining the adjustment by evaluating Earnout EBITDA against Target EBITDA each year of the Earnout Period, the adjustment will be recalculated for each year using the average Earnout EBITDA against Target EBITDA, with the applicable upward adjustment being [REDACTED] shortfall; provided, however, that the shortfall adjustment shall in no event exceed [REDACTED]. The effect of adjustments for this recalculation shall be reflected in the payment due at the end of the [REDACTED] Earnout Period.
 - ix. Buyer shall maintain records relating to the calculation of adjustments to the Promissory Note Subject to Earnout Adjustment based on Net Service Revenue on Earnout Projects and the Earnout EBITDA, and the basis for such calculations. Seller and Seller's Shareholders shall have the right to examine and copy such records at any time following reasonable notice.
 - x. Seller may, at its discretion and following notice to Buyer, assign its rights under the Promissory Note Subject to Earnout Adjustment to the Seller's Shareholders.
- D. Buyer and Seller shall jointly fund a stay bonus payable to certain employees as designated in Schedule 6.D that will vest, based on continuous full-time employment with Buyer, on the third anniversary of the Closing of the transaction. The Seller's portion of the jointly funded stay bonus shall be funded by the Seller at the time the stay bonuses are earned and paid. Seller's portion of the stay bonuses may be deducted from the final installment of the Promissory Note. The parties agree that the maximum stay bonuses to be accrued for this purpose will not exceed [REDACTED] in the aggregate. [REDACTED] As referenced above, Seller's portion may be deducted from the Promissory Note.
- E. Seller shall purchase, at its expense, a [REDACTED] professional liability tail policy, at a cost of [REDACTED].
7. **Bill of Sale and Tax Allocation.** Seller and Buyer shall prepare (i) a Bill of Sale in the form attached as Exhibit C, and (ii) the Tax Allocation of the Purchase Price in accordance with the tax allocations set forth in Exhibit D.
8. **Closing.** The purchase and sale of the Acquired Assets shall take place at 10:00 a.m. on February 1, 2024 (the "Closing Date"), in the offices of Seller, or at such other time, date and place as the parties mutually agree ("Closing").
9. **Seller's Representations, Warranties and Covenants.** Except as set forth on Seller's Disclosure Schedule attached hereto as Schedule 9, Seller represents, warrants and covenants with Buyer as follows:

- A. Seller is an entity in good standing in California with all necessary power and authority to carry on the Business and enter into this Agreement.
- B. To Seller's knowledge, the information provided to Buyer regarding Client Contracts, Consultant Contracts and Other Contracts is complete and accurate. Except as disclosed in writing prior to the execution of this Agreement, Seller does not have knowledge of any circumstances from which the suspension or termination of services of any such Client Contracts or Consultant Contracts or Other Contracts might reasonably be expected to occur.
- C. Seller has delivered to Buyer internally prepared balance sheets of Seller as of December 31 in each of the calendar years 2022, 2021 and 2020, and the related internally prepared statements of income, changes in equity and cash flows for each of the calendar years then ended, including in each case the notes thereto (if any), together with the report thereon (if any) of independent certified public accountants. Seller has also delivered to Buyer internally prepared balance sheets of Seller as of December 31, 2023 (the "Financial Statements Date") and the related statements of income, changes in equity and cash flows for the calendar month then ended. Such financial statements fairly present the financial condition, and results of operations, changes in equity, and cash flows of Seller as at the respective dates of and for the periods referred to in such financial statements.
- D. Seller has delivered to Buyer copies of Seller's filed 2022, 2021 and 2020 U.S. and California income tax returns, which are complete and accurate.
- E. The written information regarding future project opportunities not yet under contract but currently being pursued by Seller, provided by Seller to Buyer in Section 9.E of its Disclosure Schedule, is materially complete and accurate.
- F. Subject to any consents required under the Client Contracts, Consultant Contracts and the Other Contracts, Seller has the right to transfer the Acquired Assets at Closing, free and clear of all liens and encumbrances, except as otherwise disclosed by Seller to Buyer in writing prior to the execution of this Agreement. Seller and Buyer shall use commercially reasonable efforts to obtain any consents required.
- G. Seller has no knowledge of any undisclosed pending or threatened claims (including professional liability, employment or otherwise) or circumstances from which a claim is reasonably expected to arise.
- H. Seller has no knowledge of any undisclosed fee reductions or write-offs requested and/or granted within the preceding three (3) years in connection with allegations of negligence in connection with the Client Contracts, Consultant Contracts or Other Contracts to be assigned to Buyer.
- I. Seller has no knowledge of any undisclosed material changes (from the information disclosed as part of due diligence) that are reasonably likely to materially diminish the value of the Acquired Assets, including but not limited to unsigned prospects, signed backlog, current projects, and accounts receivable.
- J. Seller has no knowledge of any undisclosed circumstances (other than due to the transactions contemplated by this Agreement) that are reasonably likely to impact anticipated staff retention.
- K. Seller has no knowledge of any undisclosed circumstances reasonably likely to materially adversely impact the reputation of Seller or Seller's Principals.

- L. Seller has no knowledge of any undisclosed changes occurring since the Financial Statements Date that are reasonably likely to have material adverse effect on the Acquired Assets.

10. Buyer's Representations and Warranties. Buyer represents, warrants and covenants with Seller and Seller's Shareholders as follows:

- A. Buyer is an entity in good standing in the state of California with all necessary power and authority to carry on its business and enter into this Agreement.
- B. The execution and delivery of this Agreement by Buyer and the consummation of the transactions contemplated in this Agreement are within the corporate authority of Buyer and all requisite corporate action of Buyer and DLR Holding Company has been taken and approvals obtained to make the Agreement and Buyer's performance of the obligations hereunder valid and binding.
- C. Buyer has the financial and other resources necessary to carry out all of its obligations hereunder, including performance of Seller's responsibilities under the Client Contracts, Consultant Contracts and the Other Contracts and to perform the transactions contemplated by this Agreement.

11. No Other Representations or Warranties. The parties make no express or implied representations or warranties to each other, including without limitation the implied warranties of merchantability or fitness for a particular purpose, except for the express representations and warranties contained in Sections 9 and 10. Seller makes no guarantees or representations or warranties as to the future revenue, profitability, or success of the Business after Closing.

12. Survival Period of Representations and Warranties. The representations and warranties of the parties contained in this Agreement shall survive [REDACTED] following the Closing Date, provided, however, such survival period shall not apply to claims of actual fraud or intentional misrepresentation.

13. Offer of Employment. Each of Seller's Shareholders shall enter into an employment agreement in the form attached hereto as Exhibit E. In addition, certain other selected employees of Seller ("Seller Employees") will be offered employment contracts and/or at-will employment at the salary, bonuses and benefits paid in the aggregate to each of those employees by Seller as of the Financial Statements Date.

- A. Seller shall continue all Seller operations and employment of its employees until Closing. Buyer shall not be responsible for any costs directly applicable to Seller's operations or employment prior to Closing, or the winding down of Seller's business post-Closing.
- B. Persons who accept appointment as an Associate, Senior Associate or Principal are required to execute the then current Appointment Agreement, which may vary from state to state. Principals are required, over a five (5)-year period to purchase [REDACTED]. Senior Associates are required to purchase [REDACTED], and Associates are required to purchase [REDACTED] of DLR Group Holding Company stock and, in conjunction therewith, execute the then current Appointment Agreement.
- C. As soon as reasonably practical after Closing, Buyer shall cause the DLR Group Holding Company 401(k) Plan and ESOP Trust to accept rollovers of funds from Seller's 401(k) Plan to the DLR Group Holding Company 401(k) Plan to facilitate the desire of participants to purchase DLR Group Holding Company common stock and/or to make other investments in Buyer.

D. For ease of transition, Seller shall maintain health and insurance benefit plans for those employees going to work for Buyer for an agreed upon time period prior to conversion to Buyer's health and insurance benefit plans. The parties anticipate this will occur no later than March 1, 2024.

14. **Use of Trade Name Following Closing.** After the Closing Date, Buyer shall own and control the corporate and trade names used by Seller and/or any variations thereof. The parties agree that, for strategic marketing purposes and unless otherwise mutually agreed upon, Buyer shall utilize the trade name: "DLR Group | RDC" or "DLR Group | RossDrulisCusenbery" any variation thereof in connection with the operation of the Business. After the end of the last Earnout Period, Buyer may continue use of such name in its discretion. Buyer shall permit the corporate name to continue to be used by Seller for a reasonable period to be mutually agreed upon by the parties in order to: (i) facilitate the completion of client contracts that existed prior to the Closing; (ii) comply with its qualified benefit plans; and (iii) allow Seller to wrap-up its business.

15. **Access to Records After Closing.** After the Closing Date, Buyer will give Seller reasonable access, during normal business hours, to any of Seller's books and records ("Records") which Buyer retains or is required to retain as a matter of law, and Buyer shall furnish to Seller, at Buyer's sole cost and expense, copies of any Records which Buyer retains or is required to retain as a matter of law, for purposes of preparation of, or response to audits of, Seller's tax returns, in connection with the investigation and defense of claims for which indemnification may be sought under Sections 19 and 20 hereof, or for any other purpose which is reasonably related to the conduct of the Business by the Seller. Buyer agrees that it will not destroy any of the Records not so retained by Seller prior to the sixth anniversary of the Closing Date without first giving thirty (30) days' written notice to Seller of its intention to do so, and according Seller a reasonable opportunity to take possession of those Records.

16. **Professional Liability and Insurance.** With regard to professional liability insurance, Buyer and Seller agree:

A. Buyer and its affiliates shall maintain a practice policy of professional liability insurance in the minimum amount of \$5 million per claim/ \$5 million annual aggregate covering Buyer's professional liabilities arising from services rendered on or subsequent to the Closing pursuant to the assumed Client Contracts listed in Schedule 1.A, and the professional liabilities arising from services rendered by Buyer and its Affiliates on or subsequent to Closing, including without limitation, services provided pursuant to the related Shared Services Agreement. Buyer shall cause its insurers to waive any rights of subrogation against Seller and Seller's Shareholders.

B. Seller shall maintain tail coverage for professional liability insurance, in amounts and coverages equal to those carried as of the Closing, [REDACTED] from the Closing, covering services rendered by Seller prior to Closing pursuant to any professional services agreement, including but not limited to all Client Contracts listed in Schedule 1.A. As previously noted, the tail policy will be procured at Seller's expense, but [REDACTED]

C. [REDACTED]

17. **Seller's Deliveries at Closing.** Seller shall deliver each of the following to Buyer on or before the Closing Date:

A. Authorizing resolutions of Seller's Shareholders authorizing the execution, delivery, and

performance of this Agreement, any ancillary documents and agreements, and the transactions contemplated hereby and thereby;

- B. The Bill of Sale duly executed by Seller in the form attached as Exhibit C;
- C. The Assignment, Assumption and Consent of Lease duly executed by Seller;
- D. The Guarantee and Non-Competition Agreement of Seller's Shareholders ;
- E. An Employment Agreement for each of Seller's Shareholders ;
- F. The Shared Services Agreement duly executed by Seller; and
- G. Such other documents as may be necessary to consummate this transaction.

18. Buyer's Deliveries at Closing. Buyer shall deliver each of the following to Seller on or before the Closing Date:

- A. Corporate Secretary's certifications of corporate actions of the directors of Buyer and of DLR Holding Company authorizing the execution, delivery, and performance of this Agreement, any ancillary documents and agreements, and the transactions contemplated hereby and thereby;
- B. Wire transfer(s) in the amount of the cash portion of the Purchase Price, as adjusted for True-Up reconciliations known as of the Closing;
- C. The Promissory Note and the Promissory Note Subject to Earnout Adjustment duly executed by Buyer;
- D. The Guarantee duly executed by DLR Holding Company;
- E. The Assignment, Assumption and Consent of Lease for the Berkeley premises and new Sonoma Lease duly executed by Buyer;
- F. An Employment Agreement for each of Seller's Shareholders duly executed by Buyer;
- G. The Shared Services Agreement duly executed by Buyer; and
- H. Such other documents as may be necessary to consummate this transaction.

19. Seller's Indemnification of Buyer. Seller agrees to indemnify, but not defend, and hold harmless Buyer against and in respect of:

- A. Loss, damage, or deficiency resulting from any misrepresentation or breach of a representation or warranty by Seller contained in this Agreement;
- B. Claims, liabilities and obligations asserted against Buyer by former employees of Seller arising out of or related to their employment by Seller prior to the Closing Date; and
- C. Claims, liabilities, debts and obligations of every kind and description, known or unknown, suspected or unsuspected, contingent or otherwise, arising out of or related to the operation of Seller's Business prior to the Closing Date, except for claims, liabilities and obligations expressly assumed by Seller under this Agreement.

20. Buyer's Indemnification of Seller. Buyer agrees to indemnify, but not defend, and hold harmless Seller and Seller's Shareholders against and in respect of:

- A. Loss, damage, or deficiency resulting from any misrepresentation or breach of a representation or warranty by Buyer contained in this Agreement; and
- B. Claims, liabilities, debts and obligations of every kind and description, known or unknown, suspected or unsuspected, contingent or otherwise, arising out of or related to Buyer's operation of the Business on or after the Closing Date, including without limitation for claims, liabilities and obligations related to Client Contracts, Consultant Contracts and Other Contracts.

21. Limitations on Indemnification

- A. Time Limits on Certain Claims. No claim for indemnification under Section 19.A or 20.A may be made by either party unless a Claim Notice (as defined below) is delivered to the other party [REDACTED] after the Closing Date. Notwithstanding the foregoing, if, prior to 5:00 p.m. Pacific time on the last day a claim for indemnification may be asserted under Section 12, a party has been properly notified of a claim for indemnification hereunder and such claim shall not have been finally resolved or disposed of at such date, such claim shall continue to survive and shall remain a basis for indemnity under this Agreement until such claim is finally resolved or disposed of in accordance with the terms of this Agreement. For the avoidance of doubt, the time limitations described in this Subsection A do not apply to claims for indemnification pursuant to Sections 19.B, 19.C or 20.B, above.
- B. Other Limitations on Claims. Indemnification shall not be available to either party to the extent of tax savings realized, insurance proceeds received or any other recovery from a third party by the Indemnified Party, or with respect to consequential, incidental, special, indirect or punitive damages, diminution in value or damages based on any multiple (except to the extent paid to a third party).
- C. Prior Knowledge of Facts Constituting a Breach. Any party that acquires information prior to Closing with respect to any fact, event or circumstance that may constitute a breach by the other party of any representation, warranty or covenant under this Agreement shall promptly provide such information to the other party and give the other party a reasonable opportunity to cure any such breach prior to the Closing. No party shall be required to indemnify the other party to the extent such other party, during the course of due diligence and negotiations with respect to this Agreement or otherwise, acquires information with respect to any fact, event or circumstance that may constitute a breach by the other party of any representation or warranty under this Agreement.
- D. Tipping Basket. Seller shall have no liability for indemnification pursuant to Section 19.A and 19.B for any claims for which indemnification is provided thereunder unless the amount of all such claims exceeds [REDACTED] in the aggregate ("Tipping Basket Amount"); provided, however, that once the amount of all claims exceeds the Tipping Basket Amount, Seller shall be liable for all such claims. The Tipping Basket Amount shall not apply to or limit in any way Seller's liability to Buyer for any actual fraud or intentional misrepresentation of Seller under this Agreement.
- E. Caps on Seller's Indemnification. Notwithstanding anything to the contrary contained in this Agreement, the liability of Seller for indemnification of Buyer under Sections 19.A or 19.B shall not exceed [REDACTED]

provided, however, that the Seller's Caps shall not apply to or limit in any way Seller's liability to Buyer for (a) any actual fraud or intentional misrepresentation of Seller under this Agreement, (b) attorney's fees and costs of litigation incurred to enforce this Agreement, (c) any claims arising from or relating to professional services rendered prior to Closing except to the extent such claims are included in the Assumed Liabilities as described in above. The Seller's Caps are not intended to limit the liability of Seller's insurers when Seller is required to indemnify Buyer.

- F. Indemnification Procedures. If any third party claim is asserted for which a party to this Agreement may be entitled to indemnification, the party seeking indemnity (the "Indemnified Party") shall promptly notify ("Claim Notice") the party from whom indemnity is being sought (the "Indemnifying Party") in writing of such asserted claim or the institution of such action or proceeding; provided, however, that the Indemnified Party's failure to so notify the Indemnifying Party will not relieve the Indemnifying Party from any liability it might otherwise have on account of this indemnity, except to the extent that the Indemnifying Party has been materially prejudiced by such failure to notify.

The Indemnifying Party may contest or settle any such claim on such terms as the Indemnifying Party may choose, provided that the Indemnifying Party will not have the right, without the Indemnified Party's written consent (which consent shall not be unreasonably withheld), to settle any such claim if such settlement (i) arises from or is part of any criminal action, suit, or proceeding, (ii) contains a stipulation to, confession of judgment with respect to, or admission or acknowledgment of, any liability or wrongdoing on the part of the Indemnified Party, (iii) relates to any tax matters, (iv) provides for injunctive relief, or other relief or finding other than money damages, which is binding on the Indemnified Party, or (v) in the case of an individual, requires reporting to the California Architects Board or similar regulatory agency.

- G. Duty to Cooperate and Mitigate Damages. The Indemnifying Party and the Indemnified Party shall cooperate in determining the validity of any claim brought by a third party for any cost, expense, damage, or loss for which a claim of indemnification may be made hereunder. Each party shall also use all reasonable efforts to mitigate all damages, losses, costs and expenses.
- H. Exclusive Remedy. The parties acknowledge and agree that from and after the Closing their sole and exclusive remedy with respect to any and all claims (other than claims arising from fraud on the part of a party hereto in connection with the transactions contemplated by this Agreement) for any breach of any representation, warranty, covenant, agreement or obligation set forth herein or otherwise relating to the subject matter of this Agreement shall be pursuant to the indemnification provisions set forth in this Section 21. Nothing in this Section 21.H shall limit any party's right to seek and obtain any equitable relief to which such party shall be entitled or to seek any remedy on account of any fraud by any party hereto.
- I. Tax Treatment of Indemnity Payments. Any indemnity payments made pursuant to this Agreement shall be treated for tax purposes as adjustments to the Purchase Price.

22. Miscellaneous.

- A. Relationship of Parties. Nothing in this Agreement shall be construed to create a merger, partnership or joint venture between Seller and Buyer.
- B. Expenses. Buyer and Seller shall pay their own legal and accounting expenses in connection with the transactions contemplated by this Agreement.

- C. Entire Agreement. This Agreement together with any Exhibits, Schedules and ancillary agreements referenced herein together contains the entire agreement and understanding of the parties with respect to the subject matter hereof, and supersedes all prior oral or written understandings, agreements, promises, or other undertakings between the parties hereto.
- D. Severability. It is the desire and intent of the parties hereto that the provisions of this Agreement be enforced to the fullest extent permissible under applicable laws and public policies. Accordingly, if any provision of this Agreement shall be adjudicated by a court of competent jurisdiction to be invalid, prohibited or unenforceable for any reason, such provision, as to such jurisdiction, shall be ineffective, without invalidating the remaining provisions of this Agreement or affecting the validity or enforceability of this Agreement or affecting the validity or enforceability of such provision in any other jurisdiction. Notwithstanding the foregoing, if such provision could be more narrowly drawn so as not to be invalid, prohibited or unenforceable in such jurisdiction, it shall, as to such jurisdiction, be so narrowly drawn, without invalidating the remaining provisions of this Agreement or affecting the validity or enforceability of such provision in any other jurisdiction.
- E. Amendment and Assignment. This Agreement may not be modified, amended, supplemented, canceled or discharged, except by written instrument executed by all parties hereto. The rights and obligations of this Agreement shall bind and inure to the benefit of Buyer and Seller and their respective successors and assigns. The rights and obligations of this Agreement may not be assigned by Buyer or Seller without the prior written consent of the other party.
- F. Counterparts. This Agreement may be executed in any number of counterparts, each of which shall be an original but all of which together shall constitute one and the same instrument. The delivery by facsimile or by email of a pdf file of an executed counterpart shall be deemed delivery of an original.
- G. Dispute Resolution. The parties shall attempt to resolve any claims, disputes or other matters arising under this Agreement as follows:
 - i. Direct Negotiation: Prior to mediation or litigation, Buyer and Seller shall engage in direct negotiation, that is, a face to face meeting between the authorized representatives of Buyer and Seller at the request of either party within fifteen (15) days of such party's request.
 - ii. Mediation: If direct negotiation fails to produce a resolution within thirty (30) days after the initial request therefor, Buyer or Seller may initiate mediation in accordance with the Mediation Rules of the American Arbitration Association or such other procedures as the parties may agree. The request for mediation may be made by either party within thirty (30) days of the direct negotiation . Each party shall pay one-half the cost of the mediation.
 - iii. Litigation: If direct negotiation and mediation fails, Buyer or Seller may initiate litigation in a state or federal court with jurisdiction in the venue specified below.
- H. Governing Law. This Agreement shall be governed by and construed in accordance with the laws of the State of California, without giving effect to any choice or conflict of law provision or rule that would cause the application of the laws of any other jurisdiction.
- I. Venue. Buyer and Seller agree that the exclusive venue for any direct negotiation, mediation or litigation arising out of or relating to this Agreement shall be San Francisco, California.

- J. Interpretation. In the negotiation and drafting of this Agreement, each party has received advice from its own attorney. The language used in this Agreement is the language chosen by the parties to express their mutual intent, and no provision of this Agreement will be interpreted for or against any party because that party or its attorney drafted the provision.
- K. Press Releases. Seller shall have an opportunity to review and comment upon the initial press releases regarding this transaction.

23. **Notice.** Any notices or communications required or permitted hereunder shall be deemed sufficiently given if such notice or communication is in writing and either (i) delivered personally, (ii) sent by overnight mail by a recognized overnight mail delivery service, (iii) sent by U.S. mail, certified and return receipt requested, postage prepaid, or (iv) sent by electronic mail, provided that the recipient has acknowledged receipt in writing or the electronic mailing is followed by one of the other delivery methods set forth in (i), (ii) or (iii) above, as follows:

EXHIBIT A SHARED SERVICES AGREEMENT

This Shared Services Agreement (“Agreement”) is made and effective upon Closing by and between RossDrulisCusenbery Architecture, Inc. (“Seller”), a California corporation, and DLR Group, Inc. (“Buyer”), a California corporation. Capitalized terms used but not defined herein shall have the respective meanings ascribed to such terms in the Asset Purchase Agreement.

RECITALS

WHEREAS, Seller and Buyer are parties to that certain Asset Purchase Agreement (“APA”) pursuant to which Buyer is purchasing certain Client Contracts and Consultant Contracts from Seller; and

WHEREAS, Seller and Buyer acknowledge that the assignment of some Client Contracts may not occur promptly, or at all, due to delay or to client refusal to consent on terms acceptable to Seller or Buyer, that assignment of some Client Contracts may be impossible due certain requirements associated with the Client Contract, and that assignments may be delayed or precluded due to security clearance or other compliance issues (collectively “Unassigned Contracts”), and

WHEREAS, Seller may have executed Consultant Contracts that must be assigned in connection with the Unassigned Contracts (hereinafter, the term “Unassigned Contracts” will include the corresponding Consultant Contracts), and

WHEREAS, pursuant to the APA, the parties agreed that Buyer shall provide professional services to Seller as a consultant pursuant to a Shared Services Agreement, and

NOW, THEREFORE, in consideration of the foregoing and the mutual agreements contained herein, the parties hereby agree as follows:

ARTICLE 1 PROVISION OF SERVICES AND COVENANT OF BUYER

Section 1.1 Shared Services. Pending receipt of client and corresponding consultant consent or in the absence of any such consent, Seller will continue to perform its obligations pursuant to the Unassigned Contracts. Buyer will provide to Seller, as a consultant, all the post-closing services and obligations required under each unassigned Client Contract, exclusive of the services that are the subject of a related Consultant Contract, that Seller is to provide to each respective client and (collectively, the “**Services**”) Notwithstanding anything to the contrary set forth herein, in no event will any Service include any services that would be unlawful for Buyer to provide.

Section 1.2 Personnel and Resources Required by Seller. Buyer will make available to Seller such personnel employed by Buyer and such resources as may be reasonably necessary for Seller to provide the Services. Buyer will be solely responsible for maintaining workers’ compensation insurance coverage as required by applicable law for Buyer’s personnel assigned to provide any Services.

(a) Buyer shall maintain professional liability and other applicable insurance for Services performed by Buyer pursuant to this Agreement. Such insurance must, at a minimum, meet the requirements set forth in the Unassigned Client Contracts.

(b) To the extent required by any security clearance protocol, Buyer shall at its cost and expense maintain all equipment such as dedicated file servers, a compliant file storage room and otherwise comply with required security protocols.

Section 1.3 Services.

(a) Buyer warrants to Seller that the Services will be provided in accordance with the professional standard of care and in accordance with the terms of the Unassigned Contract.

(b) Buyer and Seller agree that the Services to be provided under any Unassigned Contract will be provided for a sum equal to the post-closing Net Service Revenue.

(c) Seller acknowledges and agrees that the provisions contained in this Agreement do not create a fiduciary relationship, partnership, joint venture or relationships of trust or agency between the parties and that all Services are provided by Buyer as an independent contractor.

(d) Buyer will endeavor to communicate with the client and consultants only through Seller. Buyer will keep Seller reasonably informed of any direct communications between Buyer and the client or between Buyer and any consultant.

Section 1.4 Compliance with Laws. Each party will comply with all applicable laws governing the provision of Services to be provided under this Agreement. No party will take any action in violation of any applicable law that could result in liability being imposed on the other party or any of its affiliates.

**ARTICLE 2
TERM AND TERMINATION**

Section 2.1 Term. The term of this Agreement will commence on the date of the Closing of the transactions contemplated in the APA and will continue with respect to each Unassigned Contract until the earlier to occur of (a) the termination of all of Seller's remaining obligations under such Unassigned Contract or (b) the effective date of consent to assignment by the relevant client and the consultants.

Section 2.2 Survival of Obligations. Any termination hereunder shall not release either party hereto from any of its obligations which by their nature survive termination or which were incurred prior to the date of termination.

**ARTICLE 3
PAYMENTS**

Section 3.1 Pass-Through of Payments. Seller shall pay to Buyer any compensation received by Seller from the clients for Buyer's performance of the Services with respect to the Unassigned Contracts, excluding the portion thereof constituting compensation pertaining to any related Consultant Contract, within ten (10) calendar days of receipt of such compensation. Buyer will review with Seller (i) all client invoices issued in Seller's name for the Services before sending them to the client, and (ii) all consultant invoices before issuing payment therefor. Payments to Buyer due hereinunder shall be made without set-off or offset for related or unrelated claims or obligations any kind.

Section 3.2 Expenses. To extent reimbursable expenses are billable to the client pursuant to the Unassigned Contracts, Buyer shall invoice Seller for all reasonable out-of-pocket expenses incurred by Buyer in the performance of the Services (the "Expenses"). Seller shall reimburse Buyer for such Expenses within ten (10) calendar days of receipt of the client's payment of such Expenses.

Section 3.3 Non-Payment. Buyer acknowledges that Seller has agreed to continue holding the Unassigned Contracts for the benefit of Buyer. Accordingly, Buyer shall bear the sole risk of a client's non-payment of any Services or Expenses provided by Buyer to Seller on or after the Closing in connection with the Unassigned Contracts. Seller shall assign to Buyer any claims against a client for unpaid fees and expenses due in connection with any Services provided on or after Closing pursuant to any Unassigned Contracts.

ARTICLE 4 INDEMNIFICATION

Buyer and any guarantor of Buyer's obligations to Seller as set forth in any Guarantee delivered to Seller will jointly and severally indemnify and hold harmless Seller, and its officers, directors, officers, and employees (each, an "Indemnified Party") from and against any and all claims, demands, liabilities, losses, costs and expenses, including all attorneys' fees, incurred or suffered by the Indemnified Party arising out of or relating to the Services rendered by Buyer on or subsequent to Closing.

ARTICLE 5 GENERAL PROVISIONS

Section 5.1 Severability. It is the desire and intent of the parties hereto that the provisions of this Agreement be enforced to the fullest extent permissible under applicable laws and public policies. Accordingly, if any provision of this Agreement shall be adjudicated by a court of competent jurisdiction to be invalid, prohibited or unenforceable for any reason, such provision, as to such jurisdiction, shall be ineffective, without invalidating the remaining provisions of this Agreement or affecting the validity or enforceability of this Agreement or affecting the validity or enforceability of such provision in any other jurisdiction. Notwithstanding the foregoing, if such provision could be more narrowly drawn so as not to be invalid, prohibited or unenforceable in such jurisdiction, it shall, as to such jurisdiction, be so narrowly drawn, without invalidating the remaining provisions of this Agreement or affecting the validity or enforceability of such provision in any other jurisdiction.

Section 5.2 Governing Law. This Agreement shall be governed by and construed in accordance with the laws of California without giving effect to any choice or conflict of law provision or rule.

Section 5.3 Venue. Buyer and Seller agree that the exclusive venue for any direct negotiation, mediation or litigation arising out of or relating to this Agreement shall be San Francisco, California.

Section 5.4 Dispute Resolution. The Parties shall attempt to resolve any claims, disputes or other matters arising under this Agreement as follows:

- i. **Direct Negotiation:** Prior to mediation or litigation, Buyer and Seller shall engage in direct negotiation, that is, a face to face meeting.
- ii. **Mediation:** If Direct Negotiation fails, Buyer or Seller may initiate mediation in accordance with the Construction Industry Mediation Rules of the American Arbitration Association or such other procedures as the parties may agree. Each party shall pay one half the cost of mediation. The Parties hereby stipulate that any mediation arising under this Agreement that is commenced without direct negotiation shall be subject to stay by the mediator pending completion of direct negotiation.
- iii. **Litigation:** If direct negotiation and mediation fails, Buyer or Seller may initiate litigation in the Superior Court of the state of California, in the county of San Francisco or federal court in the Northern District of California. The Parties hereby stipulate that any litigation arising under this Agreement that is commenced without mediation shall be subject to stay by the court pending completion of mediation.

Section 5.4 Counterparts; Effective Date. This Agreement may be executed in any number of counterparts, each of which shall be an original but all of which together shall constitute one and the same instrument. The delivery by facsimile or by email of a pdf file of an executed counterpart shall be deemed delivery of an original. This Agreement will become effective upon the Closing of the transactions contemplated in the Asset Purchase Agreement.

Section 5.5 Amendment. This Agreement may not be amended, supplemented or otherwise modified except in a written document signed by each party to be bound by the amendment and that identifies itself as an amendment to this Agreement.

Section 5.6 Assignment. No party hereto may assign any rights under this Agreement, whether by operation of law or otherwise, or delegate any performance of its obligations under this Agreement, without the prior written consent of the other party, and any attempted assignment without such required consent shall be null and void.

The parties have executed and delivered this Agreement as of the date below.

EXHIBIT F
GUARANTEE OF DLR HOLDING COMPANY

FOR VALUE RECEIVED, the undersigned, DLR Holding Company, a Delaware corporation (“Guarantor”), unconditionally guarantees and promises to pay to RossDrulisCusinbery Architecture, Inc., a California corporation and its successors and permitted assigns (the “Company”), or order, on demand, in lawful money of the United States, all indebtedness of any kind of DLR Group, Inc., a California corporation (the “Debtor”), to the Company, including without limitation: (1) all obligations and liabilities of the Debtor to the Company pursuant to that certain Asset Purchase Agreement dated as February 1, 2024, (as amended from time to time, the “Asset Purchase Agreement”) between the Company and the Debtor, including without limitation the obligations (a) to pay the Purchase Price (as defined in the Asset Purchase) to the Company, and (b) to pay damages on account of any breach of the Debtor’s representations, warranties and covenants, and/or Debtor’s indemnification of Seller and Seller’s Shareholders, under the Asset Purchase Agreement; (2) all obligations and liabilities of the Debtor to the Company under that certain Promissory Note (as defined in the Asset Purchase Agreement); (3) all obligations and liabilities of the Debtor to the Company under that certain Promissory Note Subject to Earnout (as defined in the Asset Purchase Agreement); and (4) all extensions, renewals and modifications thereof (collectively, the “Obligations”). In the event that either the Company or Guarantor commences any action or proceeding against the other party by reason of any breach or claimed breach in the performance of this Guarantee of DLR Holding Company (this “Guarantee”), or to seek a judicial declaration of rights hereunder, the prevailing party in such action shall be entitled to recover reasonable attorneys’ fees and costs, regardless of whether any legal action is commenced against Debtor. All capitalized terms not defined herein shall have the meanings ascribed to such terms in the Asset Purchase Agreement.

Guarantor agrees that:

1. Guarantor acknowledges that the giving of this Guarantee is a material condition precedent to the Company’s entering into the Asset Purchase Agreement with the Debtor, and that Guarantor has derived or expects to derive material financial or other benefits commensurate in value to the obligations being undertaken by Guarantor under this Guarantee.
2. This is a continuing guaranty relating to any Obligations of the Debtor to the Company, including those arising under successive transactions which shall either continue the Obligations or from time to time renew them after they have been satisfied.
3. Guarantor’s obligations under this Guarantee include all amounts paid to the holder by the Debtor that are later recovered from any holder in a bankruptcy proceeding of the Debtor. This Guaranty shall remain in full force notwithstanding the appointment of a receiver to take possession of all or substantially all of the assets of Debtor, or an assignment by Debtor for the benefit of creditors, or any action taken or suffered by Debtor under any insolvency, bankruptcy, reorganization, moratorium, or other debtor relief act or statute, whether now existing or later amended or enacted, or the disaffirmance of either the Promissory Note or Promissory Notes Subject to Earnout in any action or otherwise.
4. Without notice to Guarantor and without obtaining Guarantor’s consent, the holder of the Obligations, in its sole discretion and irrespective of any change in the financial condition of the Debtor or any guarantor from the date of this Guarantee, may: (a) make renewals and extensions of time of any of the Obligations at, before or after maturity; (b) compromise, increase or decrease the rate of interest, change the time for payment of, or otherwise change the terms of the Obligations; (c) release or substitute any one or more Debtors or guarantors; and (d) otherwise deal with the Debtor or with any endorser or guarantor as the holder elects without in any way affecting the liability of any of them with whom the holder does not deal.
5. Guarantor waives notice of acceptance of this Guarantee as well as all demands, presentments, notices of protest and notices of every kind or nature, including those of any action or nonaction on the part of the Debtor, the holder or anyone else.

6. Guarantor assumes the responsibility for being and keeping itself informed of the financial condition of the Debtor and of all circumstances bearing upon the risk of nonpayment or nonperformance of the Obligations. Guarantor agrees that the holder shall have no duty to inform Guarantor of information now or later known to the holder regarding the Debtor.

7. Guarantor waives any right to require the holder to: (a) proceed against the Debtor; (b) proceed against or exhaust any security received from the Debtor or any guarantor; or (c) pursue any other remedy in the holder's power whatsoever. The holder may, at its election, exercise any right or remedy it may have against the Debtor or any security held by the holder, including without limitation the right to foreclose upon any such security by judicial or nonjudicial sale, without affecting or impairing in any way Guarantor's liability under this Guarantee, and Guarantor waives any defense arising out of the absence, impairment or loss of any right of reimbursement or subrogation or other right or remedy Guarantor may have against the Debtor or any such security, whether resulting from the holder's election to foreclose nonjudicially, or otherwise. Guarantor waives any defense arising by reason of any disability or other defense of Debtor or by reason of the cessation from any cause of the liability of Debtor.

8. When there is more than one Debtor, the term "Debtor" shall mean all and any one or more of them. The term "Debtor" also includes any estate created by the commencement of a case under Title 11 of the United States Code or any successor statute thereto (the "Bankruptcy Code") or any other insolvency, bankruptcy, liquidator, sequestrator or receiver of the Debtor or the Debtor's property or similar person duly appointed pursuant to any law generally governing any insolvency, bankruptcy, reorganization, liquidation, receivership or like proceeding. When this Guarantee is executed by more than one Guarantor, or when another party has guaranteed the Obligations, the term "Guarantor" shall mean all and any one or more of the undersigned and any other Guarantor of the Obligations, and their obligations hereunder shall be joint and several. The term "holder" shall mean both the Company and any assignee or transferee of all or part of the Obligations, with or without endorsement. If the Debtor is or is represented to be an entity, it is not necessary for the holder to inquire into the powers of the Debtor or the officers, directors, managers, partners or agents acting or purporting to act on its behalf, or the validity or existence of the Debtor as a legal entity, and this Guarantee shall be effective for all Obligations as if each of them were fully authorized and valid. The undersigned signer on behalf of Guarantor hereby represents and warrants that such person is authorized to execute, deliver and perform this Guarantee on behalf of Guarantor.

9. This Guarantee shall inure to the benefit of the Company and its successors and assigns, and shall bind Guarantor and the successors and assigns of Guarantor. Guarantor may not assign its obligations hereunder absent the prior written consent of the holder.

10. This Guarantee shall be performed and all payments required under this Guarantee shall be made at San Francisco, California. This Guarantee and all rights and obligations under it shall be governed by the laws of the State of California, without regard to conflicts of laws principles.

11. The parties shall attempt to resolve any claims, disputes or other matters arising under this Guarantee as follows:

(A) Direct Negotiation: Prior to mediation or litigation, either Guarantor or the Company shall engage in direct negotiation, that is, a face to face meeting between the authorized representatives of Guarantor and the Company at the request of either party within fifteen (15) days of such party's request.

(B) Mediation: If direct negotiation fails, either Guarantor or the Company may initiate mediation in accordance with the Mediation Rules of the American Arbitration Association or such other procedures as the parties may agree within thirty (30) days of the direct negotiation at either party's request. Each party shall pay one-half (1/2) the cost of the mediation.

(C) Litigation: If direct negotiation and mediation fails, Guarantor or the Company may initiate litigation in state or federal court in San Francisco County, California.

12. Any waiver, consent or approval of any kind by the Company must be expressly stated in writing. No failure or delay on the part of the Company in exercising any power, right or privilege under this Guarantee shall operate as a waiver thereof, and no single or partial exercise of any such power, right or privilege shall preclude any further exercise thereof, or the exercise of any other power, right or privilege.

13. This Guarantee is intended by Guarantor and the Company as the final expression of Guarantor's obligations to the Company as described in this Guarantee and supersedes all prior understandings or agreements concerning the subject matter of this Guarantee. This Guarantee may be amended only by a writing signed by Guarantor and the Company.

14. If a final judgment of a court or tribunal of competent jurisdiction determines that any term or provision contained in this Guarantee is invalid or unenforceable, then the parties agree that the court or tribunal will have the power to reduce the scope, duration, or geographic area of the term or provision, to delete specific words or phrases, or to replace any invalid or unenforceable term or provision with a term or provision that is valid and enforceable and that comes closest to expressing the intention of the invalid or unenforceable term or provision.

IN WITNESS WHEREOF, Guarantor has executed this Guarantee effective as of the date set forth below.

EXHIBIT G
GUARANTEE AND NON-COMPETITION AGREEMENT
OF SELLER'S SHAREHOLDERS

We, the undersigned, are the shareholders of RossDrulisCusenbery, a California corporation ("Seller"). In order to induce DLR Group, Inc., a California corporation ("Buyer") to enter into the Asset Purchase Agreement ("APA") effective February 1, 2024, with Seller, we agree as follows.

For purposes of the noncompetition, nonsolicitation and nondisparagement obligations of Seller's shareholders, Buyer shall include Buyer's parent company, DLR Holding Company, and the subsidiaries and affiliates of Buyer's parent company doing business as DLR Group.

GUARANTEE

We do hereby personally guarantee Seller's obligation to pay damages on account of any breach of the obligations arising from Seller's Representations, Warranties and Covenants of Seller and/or Seller's Indemnification of Buyer pursuant to the APA. The obligations of Seller's shareholders shall be subject to the limitations specified in the APA, including, without limitation, the time limits, Tipping Basket and Seller's Caps.

NONCOMPETITION, NONSOLICITATION AND NONDISPARAGEMENT

1. **Noncompetition.** For a period of five (5) years after the Closing Date, each of Seller's shareholders shall not, anywhere in the California, directly or indirectly invest in, own, manage, operate, finance, control, advise, render services to, or guarantee the obligations of, any Person engaged in or planning to become engaged in the justice, civic, public safety and community market sectors of architecture business ("Competing Business"); provided, however, that Seller may purchase or otherwise acquire up to (but not more than) five percent of any class of the securities of any Person (but may not otherwise participate in the activities of such Person) if such securities are listed on any national or regional securities exchange or have been registered under Section 12(g) of the Exchange Act.
2. **Nonsolicitation.** For a period of five (5) years after the Closing Date, each of Seller's shareholders shall not, directly or indirectly: (i) solicit the business of any Person who is a customer of Buyer; (ii) cause, induce or attempt to cause or induce any customer, supplier, licensee, licensor, franchisee, employee, consultant or other business relation of Buyer to cease doing business with Buyer, to deal with any competitor of Buyer, or in any way interfere with its relationship with Buyer; (iii) cause, induce or attempt to cause or induce any customer, supplier, licensee, licensor, franchisee, employee, consultant or other business relation of Seller on the Closing Date or within the year preceding the Closing Date to cease doing business with Buyer, to deal with any competitor of Buyer, or in any way interfere with its relationship with Buyer; or (iv) in any way interfere with the relationship between any Buyer and any of its employees or independent contractors.
3. **Early Termination.** In the fourth and fifth year following the Closing Date, Seller's shareholders will be at-will employees of DLR Group. If within five years of the Closing Date, DLR Group terminates the employment of either of Seller's stockholders without Cause, as such is defined in the Employment Agreement executed effective February 1, 2024, or the Seller's shareholder terminates his employment for Good Reason, as defined in said Employment Agreement, the foregoing non-competition and non-solicitation covenants shall terminate.

For purposes of this Agreement, in the fourth and fifth year after the Closing Date, the following events also constitute a Good Reason for a Seller's shareholder to resign: (1) Buyer's material breach of the Asset Purchase Agreement, the respective Employment Agreement, the Promissory Note, the Promissory Notes Subject to Earnout Adjustment, or any other written agreement between Buyer and Seller or Seller's shareholders, (2) a reassignment or transfer to another role

or other material adverse change in the nature or scope of the role and duties of either of Seller's shareholders without his written consent, (3) either of Seller's shareholders is not permitted by Buyer to take an unpaid leave of absence related to the serious illness of a member of his immediate family, or other personal emergency as provided by Family Medical Leave Act or pursuant to any other applicable state or federal law, (4) Buyer unilaterally relocates a Seller's shareholder's primary office to a location other than within twenty-five (25) miles of Seller's Sonoma office (in case of Michael Ross) or San Francisco office (in case of Mallory Cusenbery), such person objects to such relocation, and Buyer does not allow for such person to perform his base job responsibilities remotely, or (5) Buyer reduces the Base Salary or benefits of a Seller's shareholder and such reduction has not been applied on a Company-wide basis to other Principals of Buyer and its affiliates.

4. **Nondisparagement.** For a period of ten (10) years after the Closing Date, each of Seller's shareholders will not disparage Buyer or any of Buyer's shareholders, directors, officers, employees or agents.
5. **Modification of Covenant.** If a final judgment of a court or tribunal of competent jurisdiction determines that any term or provision contained in this agreement is invalid or unenforceable, then the parties agree that the court or tribunal will have the power to reduce the scope, duration, or geographic area of the term or provision, to delete specific words or phrases, or to replace any invalid or unenforceable term or provision with a term or provision that is valid and enforceable and that comes closest to expressing the intention of the invalid or unenforceable term or provision. This agreement is reasonable and necessary to protect and preserve Buyer's legitimate business interests and the value of the Assets and to prevent any unfair advantage being conferred on Seller.
6. **No Joint Liability Regarding Competitive Restrictions.** Each of Seller's shareholders shall be liable only for his own breach of the noncompetition, nonsolicitation and nondisparagement obligations.
7. **Entire Agreement.** This Agreement contains the entire agreement and understanding of the parties with respect to the subject matter hereof, and supersedes all prior understandings between the parties. The Agreement may only be modified in writing signed by each of the parties hereto.
8. **Condition Subsequent.** Notwithstanding the parties' execution of this agreement prior to its Effective Date, the parties acknowledge and agree this agreement will take effect only upon the execution of an Asset Purchase Agreement by and between the Company and RossDrulisCusenbery Architecture, Inc. and the closing of the transactions contemplated in such Asset Purchase Agreement. In the event such conditions have not been satisfied on or before the Effective Date, this Agreement will have no force and effect.

RE: Contracts for the San Francisco Fire Department Division of Training: Architecture & Engineering Services

Subject: Merger Announcement of RossDrulisCusenberry Architecture, Inc. (RDC) with the DLR Group and Request for Contract (s) Assignment

Dear Scott,

I hope this letter finds you well. I am writing to inform you of an important development at **RossDrulisCusenberry Architecture Inc.** (RDC). After careful consideration and with great enthusiasm, we are pleased to announce our merger with DLR Group. Our new firm name is **DLR Group | RossDrulisCusenberry** (DLR|RDC). Joining DLR Group offers RDC the opportunity to explore other diverse building types and sectors, work in new geographic markets, and provide expanded career paths and leadership roles for our staff. DLR Group is an integrated design firm with 30 offices nationwide including San Francisco and Sacramento, CA. RDC's current offices located in Sonoma and Berkeley CA will remain unchanged. There will be no change in RDC's leadership or staffing for our City and County of San Francisco projects.

Joining DLR Group will enable RDC to provide the City and County of San Francisco with integrated architectural design and in-house structural, mechanical, electrical, and plumbing engineering services. DLR Group also has a depth of experience in interior design, science and technology planning and design, and other specialty consultant services.

We believe merging with DLR Group will enhance our ability to continue to deliver responsive architectural services for your projects and meet your needs in the years to come. Considering this merger, we kindly request the assignment of our current contracts with the City and County of San Francisco to DLR Group. The contracts we request assignment include the following.

RECITALS

- A. On or about the date set for the below, RossDrulisCusenbery Architecture, Inc. ("RDC"), a California corporation, entered the contract(s) identified below with the undersigned Client, to provide architectural [and engineering] services.

Client: **City and County of San Francisco**

Project or Contract Name:

San Francisco Fire Department Division of Training

Contract ID 1000026403/ PW Order 206,986

Contract Date: **October 5, 2023**

- B. On February 1, 2024 ("Effective Date"), RDC sold substantially all of its assets to DLR Group, Inc., a California corporation ("DLR Group"). Concurrently therewith, substantially all RDC employees became employees of DLR Group.
- C. Michael B. Ross, AIA, acting in his new capacity as DLR Group Principal, will be DLR Group's representative to Client in connection with the services remaining to be performed under the Contract(s).
- D. The parties desire that RDC's former employees continue their work on the projects listed above in their capacities as DLR Group employees and that the full breadth of DLR Group's capabilities may be available for the benefit of Client and each project.

AGREEMENT

1. RDC hereby assigns to DLR Group all rights arising under the contract(s) from services rendered on or subsequent to the Effective Date. RDC retains all rights and liabilities arising under the contracts from services rendered prior to the Effective Date.
2. RDC assigns to DLR Group and DLR Group hereby assumes all rights and liabilities arising under the contracts(s) arising from services rendered on or subsequent to the Effective Date.
3. Client hereby consents to the foregoing assignment of rights and assumption of liabilities. Client agrees to look solely to and accept performance of the assigned obligations of each contract from DLR Group.
4. RDC and DLR Group shall endeavor to procure the assignment of any agreements that RDC made with consultants in connection with services to be rendered under the contract(s).

All payments due under each contract accruing on or after the Effective Date, shall be made payable to DLR Group: 18294 Sonoma Highway, Sonoma, CA 95476.

All payments due under each Contract accruing prior the Effective Date, shall continue to be made payable to RossDrulisCusenbery Architecture: 18294 Sonoma Highway, Sonoma, CA 95476.

5. Any dispute concerning or arising from this Assignment shall be resolved in the manner specified in each respective contract.

AUTHENTICATION OF DOCUMENTS

I, J. Mark Dunbar, declare:

1. I am a licensed attorney, California Bar No. 149121. I serve as General Counsel for DLR Holding Company, a Delaware corporation, its subsidiaries and affiliates, including its wholly owned subsidiary DLR Group Inc. a California corporation (“DLR Group”). I represented DLR Holding Company and DLR Group in connection with the Asset Purchase Agreement with RossDrulisCusenbery Architecture, Inc., a California corporation (“RDC”).
2. Attached hereto is a true and correct copy of the Asset Purchase Agreement executed by DLR Group and RDC, with certain confidential financial terms and conditions redacted.
3. Attached hereto are true and correct copies of the approval of the board of directors of DLR Group, and the approval of its sole shareholder, DLR Holding Company, with respect to the Asset Purchase Agreement with RDC.
4. Attached is a true and correct copy of the approval of the board of directors and shareholders of RDC, which I received in the ordinary course of this transaction from Jennifer Suzuki, the California attorney representing RDC, with respect to the Asset Purchase Agreement with DLR Group.
5. Attached are true and correct copies of California Secretary of State records obtained at my prior request of DLR Group’s original articles of incorporation filed 11/20/1997 as DLR Group, Architects, Professional Corporation, an amendment dated 5/10/1999 changing the name to DLR Group Inc. of California, and an amendment dated 6/1/2015 changing the name to DLR Group, Inc.
6. I represent and warrant that, in my professional opinion, the Asset Purchase Agreement between DLR Group and RDC was properly effected under California law and that the transaction closed in the manner contemplated by the documents identified above.

I declare under penalty of perjury under the laws of the State of California that the foregoing is true and correct.

Dated: 7/29/2024
