Subject: Trash Can Steam Clean Workforce Development Grant – Community Youth Center - Award

Director's Recommendation: Award of the Trash Can Steam Clean Workforce Development Grant to Community Youth Center of San Francisco in an amount not to exceed \$1,679,528.00, for the operational period of July 1, 2025, through June 30, 2027, subject to review at the close of the 2025–2026 fiscal year.

Grant Background: The Trash Can Steam Cleaning Program provides job training, employment, and workforce development opportunities, while also supporting the City's efforts to provide safe, clean and inviting public spaces by utilizing steam cleaning and pressure washing to clean and divert litter and other waste from public spaces and rights-of-way throughout the City and County of San Francisco.

Solicitation Process: Public Works issued Sourcing ID 0000010212 - Citywide Refuse Receptacle Litter Reduction, Pressure Washing Cleaning and Workforce Development Program (Trash Can Steam Clean) request for proposals (RFP) on February 26, 2025, with an April 4, 2025 deadline to submit proposals. On April 4, 2025, Public Works received two (2) proposals for this Trash Can Steam Clean RFP, with the intent to award one or possibly more grant agreements. City staff reviewed both proposals and determined that each were responsive and responsible. The responsive and responsible proposals were then evaluated and scored by a panel comprised of subject matter experts from San Francisco Public Works and San Francisco Airport. Pursuant to the RFP, and to ensure equity and opportunity for the City's non-profit partners, the City intends to award two (2) grant agreements.
