This message is from outside the City email system. Do not open links or attachments from untrusted sources.

To the Department of Public Works,

I am writing to you as a long-term property manager in Russian Hill to formally express my appreciation for the exceptional work being done by Tee Tang regarding our neighborhood street cleanliness.

As you are aware, this area is one of San Francisco's premier global tourist destinations. Every day, we welcome visitors from all over the world specifically to the Lombard "Crooked Street" corridor and the physical state of our streets is a direct reflection of our city's standards. Tee has performed his duties in Job Class 9916 with a level of care and precision that is frankly rare. He doesn't just "clean"; he takes genuine pride in the aesthetics and hygiene of our neighborhood, ensuring the environment remains world-class

I understand his current 9916 contract is set to expire in eight weeks. On behalf of the local stakeholders and residents who value the integrity of our streets, I strongly urge DPW to extend his contract. Losing his expertise and dedicated work ethic would be a significant detriment to the upkeep of this high-visibility district.

Cleanliness is the foundation of a positive visitor experience and resident safety. We have the right person for the job currently in place, and we would like to see that continuity maintained.

I am copying Supervisor Danny Sauter on this correspondence to ensure the District 3 office is aware of our community's strong support for maintaining this essential service and ensuring continuity for this position.

Thank you for your time and for your commitment to keeping San Francisco beautiful.

Best regards,

**CHRISTOPHER KUHLMAN, CCRM**  
Satellite Building Manager
