MEMORANDUM

Date: April 14, 2026

To: Olivia Lee, Public Works

From: Winnie Chen, CMD

Subject: Contract #: 1000035257 - AN Environmental Planning Services (EPS 2024) - Modification 1

The Department of Public Works (PW) has requested to modify the above-referenced contract by increasing the contract amount by \$500,000.00 for a new total not-to-exceed agreement amount of \$1,500,000.00. Pursuant to communications with PW, the scope of work for Modification No. 1 is to continue to provide as-needed environmental planning services.

CMD reviews modification requests that cumulatively increase the total contract amount by more than 20% of its original or last CMD approved value.

The LBE subcontracting participation requirement established for this contract is 25%. At the time of proposal, the prime contractor, Panorama Environmental Inc (“Panorama”), committed 27% of the total contract value to be performed by LBE subcontractors. The LBE subcontracting participation requirement applies to the entire contract, including any modifications, change orders, and amendments.

As of April 8, 2026, Panorama’s Form 10 reports their amount invoiced for this contract is \$127,314.38. The following details Panorama’s LBE subcontracting commitment listed on their CMD Form 2A at the time of proposal and their Micro/Small-LBE subcontracting participation to date:

Panorama has not yet utilized any of their LBE subcontractors. Their explanation, confirmed by Public Works, is that their LBE's scopes of work have not been required for any of the CSOs issued to date.

Panorama foresees that it will meet its LBE subcontracting participation commitment as follows:

Going forward, PW staff and Panorama will continue to notify and obtain CMD approval for any proposed subcontractor additions and/or substitutions according to established procedures. Additionally, in order to ensure compliance with the LBE ordinance and requirements, PW and Panorama must notify CMD of any changes to the scope of work. Contingent upon the conditions set forth above, CMD approves this modification.
