

**PUBLIC WORKS COMMISSION
CITY AND COUNTY OF SAN FRANCISCO**

RESOLUTION NO. 2025 - 0006

WHEREAS, This contract is one of several contracts that contributes to the overall goal of the Public Works Street Resurfacing Program of maintaining or improving the overall average condition of San Francisco streets that are maintained by Public Works, which currently maintains approximately 13,000 street segments; and

WHEREAS, The contract scope includes pavement resurfacing, traffic control improvements, and other associated infrastructure work on specified streets in the City and County of San Francisco; and

RESOLVED, On July 28, 2010, the Planning Department prepared and published for public review the Draft Mitigated Negative Declaration for the San Francisco Better Streets Plan (Case No. 2007.1238E or “BSP”), which included adoption of a set of citywide streetscape and pedestrian goals, objectives, policies, and design guidelines, as well as future strategies to improve the San Francisco pedestrian realm including sidewalks, crosswalks, and portions of the roadway and the Draft Mitigated Negative Declaration for the BSP was available for public comment; and

WHEREAS, On September 17, 2010, the Planning Department adopted the Final Mitigated Negative Declaration (“FMND”) pursuant to the California Environmental Quality Act (California Public Resources Code Sections 21000 et seq.) (“CEQA”) and determined that, with the adoption of the mitigation measures contained in the Mitigation Monitoring and Reporting Program associated with the BSP (“MMRP”), there is no substantial evidence that the BSP would have a significant effect on the environment based on Sections 15064 (Determining Significant Effect), 15065 (Mandatory Findings of Significance), and 15070 (Decision to Prepare a Negative Declaration) of the CEQA Guidelines (14 California Code of Regulations Sections 1500 et seq.) and the reasons documented in the FMND; and

WHEREAS, On October 28, 2010, the Planning Commission, in Resolution No. 18211 (“Planning Commission Resolution”), adopted findings under CEQA, the CEQA Guidelines, and Chapter 31 of the Administrative Code (“CEQA Findings”), and adopted the MMRP; and

WHEREAS, On December 19, 2022, the Planning Department issued a determination (“CEQA Determination”) concluding that the pavement resurfacing, traffic control improvements, and other associated infrastructure work performed under this contract is within the scope of the FMND and would not require the preparation of a subsequent negative declaration under CEQA Guidelines Sections 15162 and 15168, provided that the applicable mitigation measures contained in the MMRP are implemented; and

WHEREAS, The Contract Monitoring Division (“CMD”) established a Local Business Enterprise (“LBE”) subcontracting requirement of 20% for this contract and the contractor committed to LBE participation of 20% in its bid submittal; and

WHEREAS, On November 12, 2024, Public Works advertised for bids for the PW As-Needed Citywide Pavement Preservation Contract 6 (GAN29); and

WHEREAS, On December 4, 2024, Public Works received one (1) bid; and

WHEREAS, Public Works staff and CMD staff reviewed the bid and application of bid preferences and determined that Pavement Coatings Company was not responsive; and

WHEREAS, the Public Works Director determined that rebidding the project would not likely result in additional bidders submitting bids; and

WHEREAS, the Commission approves the Public Works Director’s determination; and

WHEREAS, Public Works accepted Pavement Coatings Company’s original bid;

WHEREAS, The contract amount is \$6,787,200; and

WHEREAS, The contract duration is 1100 consecutive calendar days; and

WHEREAS, The Public Works Commission has reviewed the FMND, the Planning Commission Resolution, the CEQA Findings, the MMRP, and the CEQA Determination, and the preceding documents are on file with the Public Works Commission Affairs Manager, and are incorporated herein by reference; now, therefore, be it

RESOLVED, That this Commission finds that the work performed under this contract, with the adoption of the applicable mitigation measures contained in the MMRP, would not cause new significant impacts or a substantial increase in the severity of impacts identified and analyzed in the FMND, no changes have occurred in the BSP since the adoption of the FMND that would cause new significant impacts or a substantial increase in the severity of impacts identified and analyzed in the FMND, and no new information has emerged that would materially change the analysis or conclusions set forth in the FMND; and that the actions approved herein would not necessitate implementation of additional or considerably different mitigation measures than those identified in the FMND; and be it

FURTHER RESOLVED, That in compliance with Chapter 31 of the San Francisco Administrative Code, this Commission adopts as its own the CEQA Findings, the MMRP, and the Planning Department’s determination in the CEQA Determination that there is no substantial evidence that the pavement resurfacing, traffic control improvements, and other associated infrastructure work performed under this contract could have a significant effect on the environment; and be it

FURTHER RESOLVED, That this Commission hereby awards the As-Needed Citywide Pavement Preservation Contract 6 (GAN29) (Sourcing ID No. 0000009135) contract to Pavement Coatings Company in the amount of \$6,787,200.00 with \$678,720 for contingency, and with 1100 consecutive calendar days with 110 consecutive calendar days of contingency to perform pavement resurfacing, traffic control improvements, and other associated infrastructure work on specified streets in the City and County of San Francisco.

I hereby certify that the foregoing resolution was adopted by the Public Works Commission at its meeting of February 13, 2025.
