PROJECT MANAGEMENT
PROJECT CONTROLS AND SERVICES

BUILDING DESIGN AND CONSTRUCTION

Provides comprehensive planning, project management, architecture, building construction management, contract support and compliance monitoring, hazardous materials investigation and abatement, materials testing, quality assurance and control services for the development of new buildings and the modernization of existing buildings, facilities and public urban landscapes, including parks and plazas.

ARCHITECTURE

Provides programming, architectural design, site and master planning, conceptual design and construction support services. The bureau's architects work closely with sponsor City departments and community groups to create architecture within the urban context that reflects the uniqueness of San Francisco neighborhoods.

CONSTRUCTION MANAGEMENT

Implements project plans overseen by the Project Management, Architecture and Landscape Architecture bureaus. This group of technical staff safeguards the construction and delivery of capital projects and ensures compliance with the project design. Construction Management staff review the materials used in construction, oversee environmental services and enforce all construction and building codes.

LANDSCAPE ARCHITECTURE

Provides design services and oversees the designs into construction, including renovation and new construction. Landscape architecture projects include streetscapes, plazas, green infrastructure and stormwater management, parks and recreation projects and the design of any outdoor spaces associated with public building projects throughout San Francisco.

PROJECT MANAGEMENT

Delivers major building capital projects from planning, design and regulatory approval through construction.

The bureau delivers a variety of major building projects on behalf of City agencies and oversees major standalone capital building projects, as well as overarching programs related to emergency services and public safety. Project Management oversees many of the City's capital bond programs, including the Earthquake Safety and Emergency Response (ESER) Bond.

PROJECT CONTROLS AND SERVICES

Provides specialized services, such as materials testing, contract preparation, site remediation and contract management, with a focus on buildings, infrastructure, institutional and transportation projects.

MEASUREMENTS

- **Volume of active capital projects by phase, service type and size**
- **Capital projects by client department**
- **Estimated project budget of capital project portfolio**
- **Project schedule**
- **Volume and timeliness of projects completing design and construction (substantial completion)**
- **Projects in construction closeout**
- **Time of projects to complete construction closeout**
- **Change orders by change type, dollar amount and time**

ACCOMPLISHMENTS

- **Japantown Peace Plaza Project design, permitting and bidding completed**
- **Mission Library renovation started construction and well underway**
- **Ushered through “emergency declaration” and started construction on must-do, emergency declaration-driven projects at Laguna Honda Hospital to meet accreditation requirements**
- **Achieved project closeout on multiple projects, including Animal Care & Control renovation project that yielded \$7.9 million in savings – representing more than 10% of the \$76.4 million budget**
- **Southeast Community Center won four design and construction industry awards**
- **Advanced the tiny cabins project in the Mission District**

CHALLENGES

- **Filling multiple vacancies while still providing the highest levels of service to our sponsor agencies and the public**
- **Meeting staffing needs with recent and upcoming retirements during increase of project demands**
- **Advancing projects while sponsor agency representation is impacted by their own staffing deficiencies**
- **Maintaining project momentum while securing necessary funding for project demands, especially for all emergency declaration-related Laguna Honda Hospital projects for coordinated construction**
- **Finalizing negotiations with multiple sponsoring agencies on MOUs, jurisdictional responsibilities and authorities**

POLICY AND COMMUNICATIONS

EMERGENCY MANAGEMENT

HOUSING DELIVERY

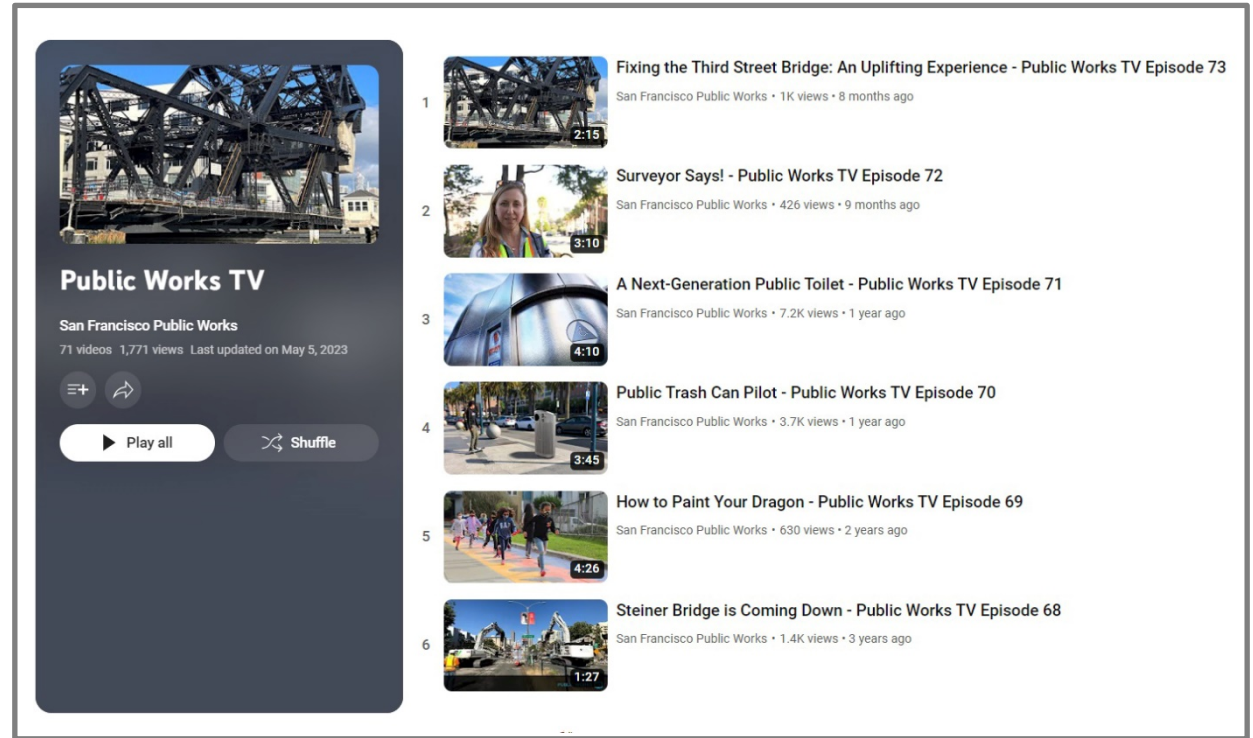

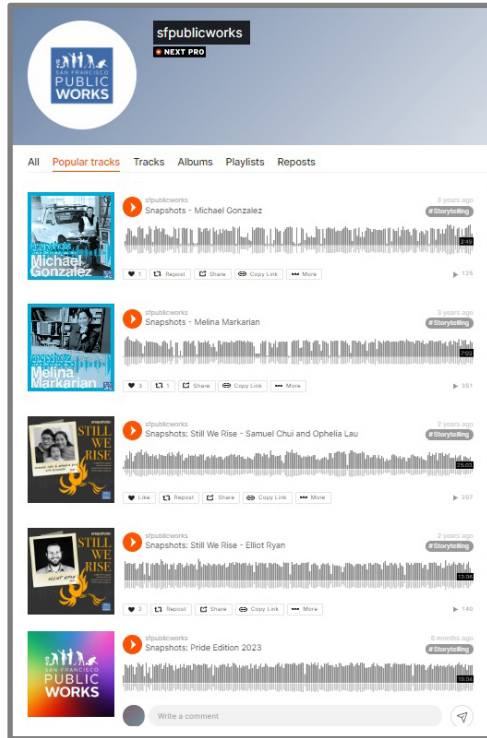

PUBLIC RECORDS

DIRECTOR'S OFFICE

Serves as the hub for policy, communications, government affairs, commission relations, emergency management, strategic initiatives, administrative hearings, housing delivery coordination, public records, the racial equity initiative and staff engagement.

COMMUNICATIONS AND PUBLIC AFFAIRS

Keeps the public and staff informed of the department's services, projects and programs through mass media, social media, websites, press events, community meetings and other outreach activities. The team oversees media relations, internal communications, government affairs, the racial equity initiative, constituent concerns resolution and construction outreach. The team produces digital newsletters, podcasts, videos and an array of design materials.

EMERGENCY MANAGEMENT PROGRAM

Leads the department's response to natural disasters, other emergencies and large planned and unplanned events; coordinates with other government agencies and non-governmental organizations; develops emergency response plans; trains staff; and executes disaster preparedness exercises.

HOUSING DELIVERY

Leads all aspects of housing development for the department, focused on improving and expediting the permitting process, coordinating with citywide housing-delivery efforts, serving as external stakeholder point of contact and developing department policy and procedures to advance the Mayor's Housing for All directive.

INFRASTRUCTURE DESIGN AND CONSTRUCTION

Delivers engineering planning, project development, design, construction management and consulting services for a range of capital improvement projects and maintains the City's right-of-way infrastructure, including streets, structures, sidewalks, curb ramps and streetscapes. Most of the division's work often is referred to as the department's "horizontal construction."

ENGINEERING

Provides technical services in the following engineering disciplines: hydraulic, civil, electrical, mechanical and structural. Each of these groups plans and designs technical work for infrastructure and building projects for Public Works and other City departments.

PROJECT MANAGEMENT

Delivers major infrastructure capital projects from planning, design and regulatory approval through construction. The bureau delivers a variety of major public right-of-way infrastructure projects on behalf of Public Works and other City agencies.

CONSTRUCTION MANAGEMENT

Implements the project plans designed by Project Management and Engineering and other City agencies' technical staff and safeguards the construction and delivery of capital projects by providing professional construction management and inspection services and enforcing all applicable codes.

STREET-USE AND MAPPING

Ensures that City sidewalks and streets are safe and accessible by permitting, inspecting and enforcing the use of the public right of way. The team helps develop and execute new legislative initiatives, such as street vendor permits and Shared Spaces. The bureau also provides surveying services and maintains the official map of the City and County of San Francisco.

MEASUREMENTS

- **Pavement Conditions Index and number of blocks paved**
- **Capital projects: volume, phase, service type, size, sponsor department, budget, schedule**
- **Change orders: volume, type, dollar amount, time**
- **Curb ramps: requests, built, location, condition**
- **Roadway structures: built, condition, repair costs, inspections**
- **Right-of-way permits issued**
- **Right-of-way inspections completed**
- **Time to issue permits and response time based on service level agreement**
- **Time to complete inspections and response time based on service level agreement**
- **Backlog by service (inspections, permits, mapping unit work)**

ACCOMPLISHMENTS

- **Increased the Pavement Conditions Index score to 75**
- **Completed 19th Avenue Combined Streets Project**
- **Approved and issued five major developer Street Improvement Permits**
- **Completed improvements to three roadway structures (stairway, retaining wall and safety wall); inspected 53 roadway structures; and inspected and developed action plan for storm-damaged Third Street Bridge**
- **Implemented and enforced citywide street vending permit program**

CHALLENGES

- **Securing necessary street resurfacing funding to keep Pavement Condition Index score from slipping backwards**
- **Securing necessary funding to meet curb ramp construction goals**
- **Securing necessary funding to repair, improve street structures**
- **Providing sufficient staffing for expanded street vending enforcement**
- **Ensuring adequate staffing across the division to meet our program obligations, with concerns over funding, hiring and retention**

OPERATIONS

**BUILDING AND STREET REPAIR
CENTRAL OPERATIONS
STREET ENVIRONMENTAL SERVICES
URBAN FORESTRY**

OPERATIONS

As the most public-facing branch of the department with a citywide reach, Operations delivers key services around the clock to ensure the City is kept clean, safe and resilient through street cleaning, tree care, landscaping services, road repair and the maintenance of City buildings and structures. The community engagement team runs greening and cleaning volunteer programs to enhance the public right of way and boost civic pride. The workforce development team runs apprenticeship programs and also oversees grant programs, including block sweeping and the Pit Stop public toilet program.

BUILDING AND STREET REPAIR

Provides professional construction, repair and remodeling to City-owned facilities; provides emergency-repair services 24 hours a day to ensure that police, fire and other public safety operations are fully functional; and oversees paving and street repair work, including patch paving and filling potholes, as well as sewer repair, which includes brickwork.

STREET ENVIRONMENTAL SERVICES

Cleans streets and curbs using mechanical street sweepers; removes graffiti; adds, removes and replaces litter receptacles; and oversees manual cleaning work crews. Although sidewalk maintenance remains the responsibility of property owners, the bureau sweeps and cleans sidewalks in heavily used commercial corridors and steam cleans human and dog waste and other biohazards. The team provides both proactive services, including specialized encampment cleanups, multi-agency open-air drug market removals and illegal dumping runs, and responds to 311 service orders.

URBAN FORESTRY

Provides median maintenance and landscaping services, oversees the care of all street trees and plants trees, as well as handles emergency tree services, under StreetTreeSF. The Cement Shop repairs sidewalks and medians and builds curb ramps.

MEASUREMENTS

- **Volume of service orders completed by service category**
- **Response time (% of service orders completed within service level agreement by service, shift, location)**
- **Tons of waste collected**
- **Miles swept of mechanical street sweeping**
- **Trees pruned, maintained, removed, planted**
- **Volume of landscape work and pest management projects**
- **Square feet of sidewalk and linear feet of curb repaired**
- **Volume and labor cost of cement projects completed**
- **Volume of potholes and street defects repaired, block paving, patch paving, speed bumps completed**
- **Building repair: client requests, labor hours and costs, time to approve estimates, estimates converting to projects**
- **Outreach and Enforcement Team: engagements, warnings, citations by zone**
- **Workforce development programs – participants, labor hours and program outcomes**
- **Volunteer events: participants, locations, outcomes**

ACCOMPLISHMENTS

- **Cleaned and beautified the City for APEC and other high-profile events**
- **Responded efficiently and effectively to unprecedented winter storms**
- **Collaborated with other City agencies to reduce open-air drug markets**
- **Opened Street Tree Nursery**
- **Improved bag-and-tag operation with new tracking system**
- **Restarted Outreach & Enforcement Team for full city coverage**
- **Activated proactive graffiti abatement crew**
- **By the numbers (FY 2023):**
 - **Filled 12,203 potholes**
 - **Pruned 12,933 trees; removed 1,400 dead or dangerous trees**
 - **Removed approximately 28,000 tons of debris from the right of way**

CHALLENGES

- **Securing funding to expand street cleaning operations**
- **Ensuring law enforcement availability for encampment cleanups**
- **Identifying funding to pay for Great Highway sand removal and dune reduction operations**
- **Recovering costs for BSR's detailed cost estimates and revisions requested by client departments**
- **Filling vacancies in the trades**
- **Training staff to meet industry standards and City requirements**

OPPORTUNITIES

- **Identify and reduce redundancies through a citywide lens**
- **Potential internal reorganization**
- **Streamline business processes**
- **Identify and be laser focused on core operations and services**
- **Bolster and leverage external partnerships**
- **Work to eliminate costs for non-essential, discretionary or duplicative service areas**
