Director’s Recommendation: Award Professional Services Contract, As-Needed Acoustical Engineering Services No. 3 in the amount of \$800,000 each for 1,825 calendar days to the following 4 contractors (each a “Consultant”): CSDA Design Group, Arup US, Inc., Smith, Fause & McDonald, Inc., and Wilson, Ihrig & Associates, Inc. for acoustical engineering services.

Contract Background: The work to be done under this contract consists of acoustical engineering services. The selected consultant performs highly specialized acoustical engineering services, such as measuring noise and vibration levels, calculating and designing engineering noise controls, engineering architectural acoustics to achieve good speech intelligibility and or precise and accurate sound, preparing environmental noise report, and other related services to support Public Works design staff on an as-needed basis. Projects may include various building facilities, such as library buildings, fire stations, police stations, health service centers, hospital buildings, recreation centers, and other City-owned facilities. Consultants have provided this type of services for the City in the past.

Solicitation Process: On October 3, 2024, San Francisco Public Works advertised the Request for Qualifications (RFQ) for As-Needed Acoustical Engineering Services No. 3. Public Works sought to award 4 contracts with an anticipated not-to-exceed contract amount of \$800,000 each with a contract duration of 1,825 calendar days. The Contract Monitoring Division (CMD) waived the Local Business Enterprise (LBE) subcontracting requirement for this contract.

On November 6, 2024, Public Works received seven proposals. City staff reviewed all proposals and determined that all seven proposals were responsive and responsible.

The responsive and responsible proposals were then evaluated and scored by a panel comprised of individuals knowledgeable on the subject matter.

Optional oral interviews were not conducted.

The top 4 RFQ proposers for this contract were: CSDA Design Group, Arup US, Inc., Smith, Fause & McDonald, Inc., and Wilson, Ihrig & Associates, Inc.
