A. RESIDENTIAL CONDOMINIUM CONVERSION PROCESS OVERVIEW

What is a Condominium Conversion?

A condominium is a form of subdivision¹ regulated by the California Subdivision Map Act, the San Francisco Subdivision Code, and the San Francisco Subdivision Regulations. The information that is of most concern to the property owner(s) is in Article 9 of the San Francisco Subdivision Code, which is available online at our website under “Links” or at San Francisco Public Libraries. Condominium Conversion Applications and additional forms are available at our website and at San Francisco Public Works, Bureau of Street Use and Mapping, 1155 Market Street, 3rd Floor, San Francisco, CA 94103.

Conversions of residential buildings to condominiums fall into the two general categories:

1. Lottery winners of two to six- (2-6) unit buildings: The owner(s) or subdivider(s) ¹ of these buildings must be selected through the annual lottery process and is subject to occupancy standards. The Subdivision Code limits the number of these conversions to 200 units per year. Only those chosen in the lottery can submit an application for conversion.
2. Lottery by-pass for two-unit buildings: Once the separate owners of each unit have occupied the building for one year they may by-pass the lottery and submit an application for condominium conversion.
3. The City and County of San Francisco for purposes of condominium conversions recognize married persons and domestic partnerships as a single entity, not two separate individuals.

Residential buildings with more than six units cannot convert their units to condominiums.

Tip: Considering the complicated laws and regulations associated with the condominium conversions in San Francisco, most applicants hire an attorney or professional practitioner to assist them with the application process.

Key Activities in the Residential Condominium Conversion Process

I. Pre-Application Activities (see Key Activities above)

The condominium conversion process involves several different steps and review periods. To avoid delays, a building owner or owners should take the following actions prior to applying with the San Francisco Public Works (SFPW).

A. Tenant Notification

For buildings with tenants (renters), the owner(s) must notify tenants in writing of plans to file an application with SFPW to convert the building to condominiums. Tenants must be informed of their rights, which are principally as follows:

1. A right of first refusal to purchase the units they occupy at fair market value or for a certain price listed in an executed Tenant Intent to Purchase Form (see Form 2).

¹ For purposes of this document, a subdivision shall mean a Parcel Map or a Final Map and a tentative map shall mean a tentative Parcel Map, or a tentative Final Map.

2. If tenants do not wish to buy, they have 180 days from the date of notice of recordation of the condominium map for two to four- (2-4) unit conversions or the date of the State Department of Real Estate final public report for five to six- (5-6) unit condominiums to seek substitute housing and relocate, and are entitled to a maximum of \$1,000 in moving expenses.
3. If neither (1) nor (2) is the tenant's choice, they may enter into an agreement to occupy their apartments for a period of one year following the date of recordation of the condominium map. Tenant's choosing this option are not entitled to moving expenses.
4. If any tenant is 62 years of age or older on the date the map is recorded, he or she shall be offered a lifetime lease.

Tip: *The owner(s) should seek full cooperation and understanding from tenants, dispel their fears, offer them legitimate incentives, not threats, consider their welfare, and above all, create trust and good will. Intent to purchase forms signed by the required number of tenants and owner(s) must be submitted with the application (See Form No. 2).*

- B. Retain a Licensed Land Surveyor or Civil Engineer licensed prior to 1982
State law requires a new map subdividing the property accompany the application. The law further requires that the subdivision map be prepared by a California licensed land surveyor or a civil engineer who was licensed before 1982.

Tip: *Hire a licensed land surveyor or a civil engineering firm knowledgeable about condominium conversions in San Francisco.*

- C. Request Building Inspection and Historical Information
Condominium conversion applicants must submit information about the physical condition and history of the building. This requires **(1)** a Residential Physical Inspection on your building for any code violations, and **(2)** a Report of Residential Record (3-R Report) that lists all the permits that have been issued in connection with your building. Contact the San Francisco Department of Building Inspection (DBI) to schedule an inspection and order a 3-R Report (see page 11 for details). The applicant must submit a copy of the receipt requesting a physical inspection with the application.

Tip: *SFPW recommends an early request for a physical inspection. Applicants should check with DBI regarding the length of time it takes to receive a Physical Inspection report. SFPW accepts an inspection request receipt in lieu of the Inspection Report as part of the initial application submittal.*

II. Application (see Key Activities page 4)

A. Prepare and Submit Application

Complete the application and all of the relevant forms provided. Be sure to follow the application instructions described in the Condominium Conversion Guidelines and use the Condominium Conversion Application Checklist to ensure the appropriate forms, number of copies, and submittal order is correct.

SFPW's fees for checking, reviewing and processing a subdivision map are set forth in the Subdivision Code. The current fee for a Condominium Conversion can be found on the SFPW website. SFPW may require additional fees to cover the actual cost of processing complex or unusual subdivision maps. **Fees are nonrefundable.**

Five to six- (5-6) unit buildings require public notice and a hearing before the City Planning Commission. As a result, these applicants must submit a list and a set of mailing labels of the names and addresses of property owners within a 300-foot radius of the property to be converted as part of the initial application submittal.

III. Tentative Map Decision (see Key Activities page 4)

A. Agency Review and Condition Setting

After SFPW receives the application and determines it is complete, it refers the application to the City Planning Department, and other agencies for review. The Planning Department ensures that the subdivision proposal complies with the California Environmental Quality Act (CEQA) and is consistent with the General Plan, Planning Code Section 101.1 (Proposition M), and other provisions of the Planning Code. In certain situations, other agencies will also review the application for compliance with other City Codes and regulations. The result of these reviews will likely be a set of comments, recommendations, and information requests associated with the map. The review may require that additional permits or conditions be met before the checkprint submittal (see Checkprint Reviews below).

B. California Environmental Quality Act (CEQA) Determination (Ca Public Resources Code Sect. 21000 et seq.)

The City is prohibited from issuing tentative map approval without a California Environmental Quality Act (CEQA) determination. If the applicant has obtained clearance for the subdivision under CEQA, the applicant should submit documentation of the City's CEQA determination. As part of the tentative map review process, the Planning Department will verify that the subdivision proposal complies with CEQA and is consistent with the General Plan, Planning Code Section 101.1—Proposition M, and other provisions of the Planning Code.

C. Approval, Conditional Approval or Disapproval of the Tentative Map

SFPW will notify the map preparer by letter of the approval, conditional approval, or disapproval of the map. Tentative map approvals are frequently accompanied by conditions from the City's reviewing departments.

D. Owner and Tenant Notification of Tentative Map Decision

The initial application submittal requires applicants to provide a list of the names and addresses and one set of stamped and addressed San Francisco Public Works envelopes of the building owners and tenants. SFPW will use these envelopes to notify the building owners and tenants of the tentative map decision. These building owners or any interested party may file an appeal to the decision with the San Francisco Board of Supervisors within 10 days of the date of the decision. If an appeal hearing is required, the owner(s) and his/her attorney should be prepared to make a presentation and answer questions in front of the Board of Supervisors.

E. For 5 – 6 unit buildings, 300' Radius neighborhood notification for City Planning Commission hearing, and SFPW notification of Tentative Map Decision is required. See page 13 for details.

Property owners or any interested party may file an appeal as noted above in item C.

Tip: While the City is reviewing your application, you should proceed to correct the outstanding Code violations identified in the physical inspection issued by Department of Building Inspection. The simplest and best way is to engage a licensed contractor to obtain the necessary permits and do the work. When the work is completed, it must be re-inspected by the Department of Building Inspection (DBI). When the work is done satisfactorily, DBI will issue a Certificate of Final Completion (CFC). An applicant must submit a copy of this document to SFPW before check prints can be submitted (see section IV A. next page).

IV. Map Review (see Key Activities page 4)

A. Check print Reviews

Once a tentative map decision, approving or conditionally approving a tentative map has been made, SFPW will request two copies of the proposed map or first check print to be reviewed by staff. A copy of the CFC must accompany the check print, or be submitted prior, or the check print will be returned. Each time SFPW requests an additional check print review, the applicant's surveyor will need to provide two copies of the revised map. Any substantive changes from the tentative map must be identified in writing. Certain changes may require re-referral to City agencies. Be aware that SFPW may charge additional processing fees if more than two check print submittals are necessary to complete the review. If any City Agency has conditionally approved the map the conditions must be satisfied, and the issuing agency must provide an approval letter to San Francisco Public Works.

B. Mylar Map Review

Once SFPW determines that the checkprint is correct, it will request the map in Mylar form. The Mylar Map must contain all the required signatures and incorporate all corrections, additions or omissions as specified during the checkprint reviews.

Prior to submitting the Mylar Map for review, applicants must provide written proof that all of the conditions of the tentative map decision have been satisfied and submit the following:

- 1. Updated Preliminary Title Report – Dated within 45 days of mylar submittal**
- 2. Current tax certificate from the Office of the San Francisco Treasurer and Tax Collector at City Hall, Room 140.**
To contact this office, e-mail to tax.certificate@sfgov.org.
Owner must pay all taxes due, even if no tax bill has been sent.
- 3. Proof of tenant notification (Form 9)**
Written verification that all tenants shall be given notice of their right to purchase their rental unit, at a price no greater than the price offered to the general public, at the time of the condominium conversion application and the tentative map decision. Renters occupying units during the condominium conversion process also should be notified of these rights.

NOTE: PROJECTS CONSISTING OF FIVE OR MORE PARCELS/UNITS ARE CONSIDERED A FINAL MAP AND WILL GO BEFORE THE BOARD OF SUPERVISOR'S PRIOR TO RECORDATION.

C. Record Map

When all the requirements are met and the City approves the Mylar Map, SFPW will call the owner's title insurance company to request the title guarantee as of the date of recordation. The names of the owners and trustees shown on the map must agree with the guarantee. SFPW will send it to the Office of the Assessor-Recorder for recordation.

The Assessor-Recorder charges a recording fee of \$10.00 for the first sheet of the map and \$2.00 for each additional sheet. This fee is payable to the "San Francisco County Recorder".

For additional information regarding the condominium conversion process, please visit the San Francisco Public Works, Bureau of Street Use and Mapping, 1155 Market Street, 3rd Floor or call 415-554-5827.

Tip: State law requires every condominium to have a Homeowners' Association. The management documents generally consist of Covenants, Conditions and Restriction (CC&Rs). Most property owner(s) hire an attorney to assist in processing the subdivision and in preparation of the management documents for the new condominiums.

B. GUIDELINES TO COMPLETE APPLICATION

One of the primary reasons for the lengthy conversion review process is that applicants fail to submit a complete application. These guidelines are designed to help applicants provide SFPW with all the necessary information to conduct a thorough and timely review.

Before Filling Out an Application

- Identify which type of condominium conversion you propose –this will help in identifying which items must be submitted with the application.
- Read the condominium conversion process overview.
- Find and retain an attorney (optional) and Licensed Land Surveyor or pre-1982 Registered Civil Engineer.

Detail Instructions for Filling Out the Application

A complete condominium conversion application consists of:

- (a) A cover letter
- (b) A one page application form
- (c) An application checklist
- (d) Inclusion of all necessary forms and attachments listed in the application checklist.

Complete page 19 [D. APPLICATION] of the condominium conversion application

Submit the required amount of copies. Indicate property address, assessor’s block and lot number, owner information, project contact person, firm or agent preparing the subdivision map, subdivider (if different from owner), and number of units being converted. If the number of proposed conversion units differs from the number of existing units, attach an explanation. Select the category of condominium conversion proposed (e.g., 2-unit building Lottery bypass – residential only; 2-4 units building (Lottery) mixed-use, etc.). For mixed-use conversion, indicate the number of residential and commercial units. Print the name of the subdivider and be sure to sign and date the application.

Required Items of Condominium Conversion Checklist (page 21 of application):

The Condominium Conversion Application Checklist identifies all the items necessary to complete the condominium conversion application. It specifies the requirements by:

- (1) Condominium conversion category (i.e., 2-unit building Lottery bypass, 2-4 units building Lottery and 5- 6 units building Lottery).
- (2) Total number of copies that must be submitted.
- (3) Departments that will review the items.
- (4) All forms that must be submitted with the application.

The order of items on the checklist should be used for collating and organizing all materials before submission. SFPW is responsible for referring the submitted application packets to other City departments. Note that not all listed items apply to all condominium conversion categories.

1. Three (3) copies of the proposed Tentative Parcel Map* (2 – 4 units)

A Licensed Land Surveyor or a pre-1982 Registered Civil Engineer shall prepare the tentative Parcel Map of the condominium including delineation of the boundaries of the building or buildings. Submit 3 copies of maps (a) 2 for SFPW; (b) 1 copy for the Planning Department.

2. Three (3) copies of the proposed Tentative Final Map* (5 – 6 units)

A Licensed Land Surveyor or a pre-1982 Registered Civil Engineer shall prepare the tentative Final Map of the condominium including delineation of the boundaries of the building or buildings. Submit 3 copies of maps, (a) 2 for SFPW; (b) 1 copy for the Planning Department.

*If the project falls within the jurisdiction of San Francisco Redevelopment Agency (SFRA), an additional copy of the tentative map will be required. To verify if an additional copy is required, check the Preliminary Title Report (See Item No. 4 below) for any reference to the San Francisco Redevelopment Agency (SFRA). If such a reference is made, an additional copy is needed. Include the copy of the map for SFRA with the copies for SFPW.

3. Subdivision Fee

Submit a check or money order payable to the San Francisco Public Works for the appropriate fee identified in the current Fee Schedule. Date the checks no more than 15 days from the day of application submittal.

4. Preliminary Title Report (PTR)

Submit two (2) copies of the preliminary title report dated within 3 months from the application submission date. Submit copies of the most current grant deeds (also known as vesting deeds) for both the subject site and adjoining. A grant deed is a recorded document on file with the San Francisco Office of Assessor-Recorder that shows the names of property owners. Like the PTR, SFPW uses a grant deed, for the subject site, to verify the name of owners of record and the percentage of each separate owner's interest in the property. (See table under Item No. 15.)

Tip: Use the checklist to gather all the items that apply to each condominium conversion category. Be sure to make the correct number of copies of required items, including forms and attachments, and to submit them in the proper order. Complete the checklist and submit with package (see page 14).

**Department of Building Inspection
Physical Inspection Information and Building Inspection Request**

Applicant shall submit an Application for Physical Inspection along with the correct fees to the Department of Building Inspection (DBI) at 1650 Mission Street, Suite 312C. To contact this office call (415) 558-6570.

1. While at Department of Building Inspection you will also need to apply for a current "Report of Residential Records" (3R Report) To apply for a 3R Report go to DBI at 1660 Mission St. first floor. To contact this office call (415) 558-6080.
2. You should expect to hear from an inspector by phone within 2 weeks of your application. It is important that the contact person's name and phone number(s) is/are legible on the application. The actual inspection is typically scheduled from 3 to 4 weeks after the application is submitted.
3. On the scheduled date of inspection building, electrical and plumbing inspectors will inspect your building. A thorough inspection can be completed in as little as 30 minutes for a well-maintained, completely accessible building of 2 units, but longer for additional units and/or larger buildings
4. After the inspection, the research and preparation of the "Report of Physical Inspection" will take 2 to 4 weeks. Your "Physical Inspection Report" will itemize the violations found and, unless no violations are indicated, you or your contractor(s) will need to obtain separate building, electrical and/or plumbing permits to clear the violations.
5. To apply for a building permit, bring a copy of your "Report of Physical Inspection" (and plans if required) to 1660 Mission St., 1st Floor, Station #2 – Residential Permit Counter. For electrical and plumbing permit information, please phone (415) 558-6030 and (415) 558-6054, respectively.
6. When all of the violations have been corrected and the electrical and plumbing inspectors have performed their inspections and signed the FINAL INSPECTION portion of your building permit JOB CARD, you can then contact your district building inspector for the "FINAL BUILDING INSPECTION". All items, including required energy and water conservation items, must be satisfactorily completed.
7. Upon satisfactory correction of all violations, your building inspector will sign your "JOB CARD" and issue you a Certificate of Final Completion (CFC). Thereafter, submit a copy of your CFC and a copy of your Report of Physical Inspection to the Bureau of Street-Use and Mapping (see section A, item IV.A. Checkprint Reviews in the Process Overview).

If you have any questions regarding the DBI procedures please call the Code Enforcement Division at (415) 558-6454.

- Affidavit for ownership / Occupancy (must be notarized) **Form No. 11**

When submitting application for Homeowners Property Tax Exemption to the Assessor’s Office, ask for a copy for your records. Provide this copy with your application for condominium conversion. The proof of occupancy requirement applies only to owners of record, not to tenants who intend to purchase their units. The proof of owner’s occupancy requirement must confirm the period of occupancy (see Period of Occupancy in table below) and the name of the owner of record as provided in the Preliminary Title Report (PTR) and the Grant Deed. If the names in these documents submitted differ from those included in the PTR and Grant Deed, attach a letter indicating the other names used by the owner of record. (If this letter is needed, attach it to the top of the proof of owner’s occupancy documents.)

All such Forms shall be come a matter of public record and the subdivider shall be required to comply with his or her representations as conditions of approval.
